(a) Data excludes students where permanent home address is overseas. Data is based on equivalent full-time student load (EFTSL).
(b) Low SES postcode measure is based on the students' postcode of permanent home residence, with the SEIFA value derived from the SEIFA Education and Occupation Index for postal areas, where postal areas in the bottom 20% of the population aged 15-64 being classified as Low SES. This is the normal method that has been used by the Department of Education over many years.
(c) Low SES census measure is based on a geocoded SA1 (Statistical Area Level 1), with the SEIFA value derived from the SEIFA Education and Occupation Index for CD, where CDs in the bottom 20% of the population aged 15-64 are classified as Low SES.
(d) Low SES SA1 measure is based on a geocoded SA1 (Statistical Area Level 1), with the SEIFA value derived from the SEIFA Education and Occupation Index for SA1, where SA1s in the bottom 20% of the population aged 15-64 are classified as Low SES.
(e) Regional and Remote categories are derived from the MCEETYA (Ministerial Council on Employment, Education, Training and Youth Affairs) classification of regions.
(f) Regional and Remote categories are derived from the ABS's 2011 Australian Statistical Geography Standard (ASGS) classification of regions.
