INVESTING YOUR MONEY

When you invest your superannuation in a product within the Fund your money is invested in one or more different investment funds. The investment funds you have selected are outlined on your Annual Statement. This Annual Report details how the Fund and your investment in the Fund is managed and how all investment funds have performed in the last year by listing the investment returns.

When selecting investment funds, you need to consider how long you wish to invest your money and the level of risk you are prepared to accept. In general, investments with the potential to earn higher returns (e.g. shares) carry the highest risk. Not only will the rate of return go up and down, but the value of your investment (the capital value) can also rise and fall. For the investments that generally earn lower returns (e.g. cash), the capital value is less likely to fluctuate.

You may switch all or part of your existing account balance between investment funds within the Fund.

Please note that transaction cost factors and a fee may apply upon switching.

TRUSTEE'S INVESTMENT OBJECTIVES AND STRATEGY

The Fund's investment objectives are to:

- invest all contributions through a master life insurance policy issued by OnePath Life

- offer you a range of individual investment strategies, depending on the product (see 'Individual investment fund objectives and strategies' on the next page), that invest in different types of assets, so that you may be able to achieve returns consistent with your risk tolerance
- invest in investment strategies as directed by members across a risk profile spectrum through life insurance policies and registered managed investment schemes managed by external fund managers.

The investment strategy of the Trustee is to implement its investment objectives by investing all contributions in a master life insurance policy issued by OnePath Life, which then invests in members' selected investment funds (which either you or the Trustee have nominated) or through registered managed investment schemes managed by external fund managers.

In order to meet the Fund's investment objectives, the Trustee offers a variety of categories of investments, including;

- defensive strategy
- conservative strategy
- moderate strategy
- growth strategy
- high growth strategy.

Members with a Defined Benefit component should note that investment choice is not available in respect of their Defined Benefit component and accordingly, members are unable to nominate their own personal investment strategy or switch in respect of their Defined Benefit component.

The Trustee takes into account its objectives and the requirements of superannuation law and relevant regulatory guidelines for any new investments proposed for the Fund.

Some key considerations undertaken by the Trustee in assessing investments prior to making them available to investors include:

- **Risk and return** – key risks addressed in assessing and monitoring investments include product complexity risk, investment asset and manager risk, market risk, derivatives and gearing risk, liquidity risk and credit risk.
- **Diversification** – the Trustee considers the level and adequacy of diversification in each investment strategy as relevant to the needs of members. To minimise risks from lack of diversification, the Trustee makes available a broad range of managed fund investments across sectors (traditional and alternative), investment managers and styles.
- **Liquidity** – the Trustee considers the liquidity of the underlying assets when assessing investments as part of its selection criteria and reviews liquidity stress testing of the options as performed by the managers. This recognises the Trustee’s requirements to pay expenses, tax and benefits when they become due and accounting for circumstances beyond its control.
- **Valuation** – the Trustee takes into consideration the reliability and frequency of valuation information to ensure members receive accurate and timely unit pricing and returns on their investments.
- **Product complexity** – the Trustee considers the complexity of products and their suitability to members when assessing investments as part of its selection criteria.
- **Use of derivatives** – the Trustee considers the potential risk exposures associated with derivatives when assessing investment options and reviews manager Derivative Risk Statements to ensure appropriate use of derivatives.

- **Cost and taxes** – the Trustee reviews the investment costs that may be charged by the investment manager on an absolute and relative to peers basis and alignment of the interests of investment managers with investors. Due consideration has also been given by the Trustee to the impact of costs and taxes on the performance of the investment options.

The Trustee takes into consideration existing and prospective investment liabilities when assessing investment options and its ability to discharge any liabilities and any potential large redemptions.

INDIVIDUAL INVESTMENT FUND OBJECTIVES AND STRATEGIES

Over time, fund managers can make changes to the investment funds they manage. New investment funds can be offered and other investment funds can be closed to new investors.

Personal Retirement Plan and Traditional Policies (Superannuation) members

Members of these products are all invested into the OnePath Capital Guaranteed fund. All contributions are invested in a master life insurance policy issued by OnePath Life, which is provided from the OnePath Life Limited Statutory Fund No. 3. The objective and strategy for the OnePath Capital Guaranteed fund are detailed below.

Investment objective

This investment fund's investment objective is to exceed the return on cash (after fees, charges and taxes) and the rate of change in inflation over periods of three years or more.

Investment strategy

This investment fund invests in a diversified portfolio of assets, including fixed interest, cash, shares and property.

INVESTMENT VALUE – ALLOCATION OF NET EARNINGS

OneAnswer, Corporate Super and Integra Super members

All investment funds (except OnePath Capital Guaranteed) issue units, with each unit representing a share of the underlying assets. The value of a unit will vary depending on the value of the assets of the relevant investment fund. Your investment balance is the number of units you hold in the investment fund multiplied by the unit price. The net investment earnings (after deduction of management fees and taxes) are reflected by changes in the unit price. The value of your units may rise or fall.

In relation to investments in OnePath Guaranteed Cash (OneAnswer members) the unit price is subject to a guarantee that the unit price will never fall. In relation to investments in OnePath Capital Stable, the unit price payable on withdrawal may be subject to a limited guarantee.

For OnePath Capital Guaranteed, an interest rate is declared each year. This rate is capitalised and added to the value of your investment. This declared rate is based on a weighted average of the earnings rate of the fund over the previous three years, less management fees and taxes. If a full withdrawal is made, an interim interest rate applies from the last declaration date. The declared rate cannot be negative.

Integra Allocated Pension and OptiMix members

All investment funds issue units, with each unit representing a share of the underlying assets. The value of a unit will vary depending on the value of the assets of the relevant investment fund. Your investment balance is the number of units you hold in the investment fund multiplied by the unit price. The net investment earnings (after deduction of management fees and taxes) are reflected by changes in the unit price. The value of your units may rise or fall.

Personal Retirement Plan members

The Directors of OnePath Life declare an interest rate each year based on the advice of the Appointed Actuary. The interest rate is capitalised and added to the value of your investment balance. An interim interest rate applies from the last declaration date where a full withdrawal is made. The declared rate may be zero but cannot be negative.

Traditional Policies (Superannuation)

The Directors of OnePath Life declare a bonus rate each year based on the advice of the Appointed Actuary.

The bonus rate is applied to the sum insured and existing bonus and allocated to your policy. The declared bonus rate may be zero but cannot be negative.

INVESTMENT PERFORMANCE

The investment returns tables on pages 8 to 55 show the historical yearly returns for the last five years or for the years since a fund's inception (where the investment fund has not existed for the full five-year period) and the five-year and ten-year returns (after management fees and taxes) for each investment fund.

Please note that past performance is not indicative of future performance.

To see how your investment is performing, you can register for Account Access by calling Customer Services or simply visit onepath.com.au at any time.

DERIVATIVES

Some investment funds offered through the Fund may invest in derivatives, such as futures and options, in order to gain exposure to investment markets and to manage the risks associated with market price, interest rate and currency fluctuations. Except where specifically approved by the 'Investment Mandate' for that particular investment fund, derivatives will not be used to gear an investment fund's assets or for speculative purposes.

RESERVES

Currently, the Fund maintains a reserve that includes permanent tax differences which have not been allocated to members.

Monies held by the Fund as a reserve are invested by the Trustee in an interest bearing bank account.

The reserve balance as at 30 June is as follows:

	2017 \$'000	2016 \$'000	2015 \$'000
Amount at the start of the year	10,917	13,290	12,884
Transfers to reserves and interest earned*	752	(2,373)	406
Amount at the end of the year	11,669	10,917	13,290

* net of transfers-in, interest and transfers-out.

Under APRA Prudential Standard SPS 114:

Operational Risk Financial Requirement an Operational Risk Financial Requirement (ORFR) target amount is required to be held.

The financial resources held to meet the ORFR target amount can be held either as:

- an operational risk reserve within the Fund;
- operational risk trustee capital held by the Trustee; or
- a combination of both.

There is no Operational Risk Financial Requirement held by the Fund itself as at 30 June 2017.

FEES AND CHARGES

Fees and charges are debited from your individual account or are deducted from the assets of the investment funds. Please refer to your disclosure documents or your Annual Statement for details of the fees and charges applicable to your membership and how they are charged. If you pay a superannuation contribution by direct debit, a fee may also be charged by your financial institution and debited from your bank/ financial institution account.

POLICY COMMITTEE

Corporate Super and Integra Super members

The Trustee is required to make reasonable attempts to establish a policy committee in one of the following circumstances:

- Where an employer pays contributions into the plan on behalf of more than 49 of its employees.
- Where an employer pays contributions into the plan on behalf of less than 49 of its employees, and five or more of those members write to the Trustee requesting that a policy committee be established.

Your employer plan's policy committee should:

- meet at least once a year to consider issues about your superannuation plan
- provide the Trustee with feedback and make recommendations about the operation of the plan.

The committee must include an equal number of employer and employee representative members.

Your Annual Statement will include details of your policy committee (if any) and the names of the policy committee representatives.

Recovery of policy committee costs from you will only be sought in certain circumstances, if applicable.

For more information on policy committees and how members are appointed, please visit onepath.com.au/public/pdfs/M0256A_gb_membguidpolicomm.pdf or call Customer Services.

UNIT PRICING POLICY

There are many factors used to calculate a unit price, including asset valuations, liabilities, debtors, the number of units on issue and transaction costs.

Whilst the Trustee has procedures in place to check the accuracy of unit prices, errors do sometimes occur. Errors occur for a number of reasons, including incorrect valuations, estimates or delays from third parties.

The threshold varies depending on the asset class and is currently set at between 0.05% for cash and 0.30% for equities. This threshold may be subject to change.

If a unit pricing error is greater than or equal to these variances, we will:

- compensate your account balance if you have transacted on the incorrect unit price or make other adjustments as we may consider appropriate
- where your account is closed, send you a payment if the amount of the adjustment is more than \$20, or
- if we are not able to contact you, the Trustee, acting in members' interests, will deal with unallocated amounts as permitted under the Fund's Trust Deed and any relevant superannuation law.

These tolerance levels are consistent with regulatory practice guidelines and industry standards.

OTHER INFORMATION

SUPERANNUATION SURCHARGE

The Federal Government abolished the superannuation surcharge payable on an individual's surchargeable contributions and relevant termination payments made from 1 July 2005.

The following reflects how the surcharge applies to contributions received prior to 1 July 2005.

Superannuation and accumulation members

Where the Australian Taxation Office (ATO) has advised a superannuation surcharge is payable in respect of your benefit, the amount payable will be withdrawn from your account and paid to the ATO.

The ATO will send you a copy of the surcharge assessment so that you can check that the figures they have used in calculating the surcharge are correct.

Pension and Term Allocated Pension members

Should a superannuation surcharge assessment be issued after the commencement of your account, the liability for payment of the superannuation surcharge rests with you and not the Fund, OnePath Life or the Trustee.

Please consult your financial adviser for further information.

Defined Benefit members

Where the ATO advises a superannuation surcharge is payable in respect of your benefit, the amount payable will be withdrawn from the Defined Benefit Plan and paid to the ATO.

A Surcharge Account will be created on your behalf, that will be debited with any surcharge amounts advised by the ATO. This account will accrue with interest based on the fund's earning rate. When you withdraw from the Defined Benefit Plan, the amount in your Surcharge Account will be deducted from your final benefit payment.

The ATO will send you a copy of the surcharge assessment so that you can check that the figures they have used in calculating the surcharge are correct.

Bringing your super together and SuperMatch

Having all your super accounts together in the one place makes sense. Not only could you save on fees and having to manage multiple sets of paperwork, you also reduce the chance of having 'lost' super.

The ATO provides a facility, known as SuperMatch, that will allow us, using your Tax File Number (TFN), to search for other super accounts you may have. Unless you tell us otherwise we will use your TFN to conduct a SuperMatch search.

Conducting this search will allow us to present you with a list of your super accounts, both with us and with other super funds, and you can decide if you wish to consolidate them.

Important

Before redirecting your super or moving money from your other super fund, you will need to consider whether you will incur any withdrawal fees or other costs of moving from your other fund. You will also need to consider whether moving your money from your current fund will affect any insurance cover or other benefits you have in your other funds. If you intend to lodge a notification that you intend to claim a tax deduction for the superannuation product from which you are withdrawing, you will need to do so before leaving that product.

If you do not want us to use your TFN to undertake a SuperMatch search, please let us know by contacting us by one of the following means:

1. Calling Customer Services.
2. Sending us an email.
3. Writing to us.

If you have any questions or wish to review ANZ's Privacy Policy, please refer to anz.com or call Customer Services.

OTHER INFORMATION FOR DEFINED BENEFIT PLANS

Employer contributions

The Trustee will contact you separately if your employer is not contributing to your plan at the rate recommended by the plan's actuary and the difference is material.

Reserves

If your employer has a reserve account, it will be invested in accordance with the investment strategy nominated by the employer.

Solvency

The Trustee adopts a rigorous process for the monitoring and oversight of all Defined Benefit plans. This includes the relevant solvency measures, actuarial certificates and notifiable events. Where a Defined Benefit plan is found to be in an unsatisfactory financial position, the actuary and Trustee agree to implement a funding program with the relevant employer(s) to return the plan to a satisfactory financial position within a determined period.

The Trustee will advise you should there be any material items arising from its review of the solvency of your plan.

CONFIRMING TRANSACTIONS

You can request confirmation of your transactions or any other information about your investment by contacting your financial adviser, or in the following ways:

- Online through Account Access on the OnePath website – please visit onepath.com.au to register.
- Contact Customer Services to have your query answered over the phone, or ask for written confirmation of your recent transactions to be sent to you.
- Email us.

Please refer to page 67 of this document for the relevant contact information for your product.

If you have made a request and do not receive confirmation within a reasonable timeframe, you should contact Customer Services to confirm we have received your request.

ELIGIBLE ROLLOVER FUND (ERF)

This section is not applicable to pension product members and Traditional policy members.

Integra Super, OneAnswer Personal Super, Corporate Super, OptiMix Superannuation and Personal Retirement Plan members

An ERF is a low risk, low return investment fund which does not offer insurance cover. Your superannuation benefits may be transferred to an ERF if your account balance is less than \$1,000 (\$1,500 for Corporate Super) and:

- we have not received a contribution from you (or received on your behalf) for two consecutive years; and
- where one item of correspondence is returned to us as unclaimed mail from your last known address.

Before transferring your superannuation benefits to an ERF, the Trustee will attempt to communicate this to you and provide you with an option to nominate another fund.

All superannuation members

If your benefits are transferred to the ERF, you may contact the ERF to claim your benefits or nominate another fund.

The ERF chosen for the Fund is:

**Australian Eligible Rollover Fund (AERF)
C/-Jacques Martin Administration &
Consulting Pty Limited**

Locked Bag 5429
Parramatta NSW 2124
Phone 1800 677 424

The Trustee of the AERF is Perpetual Superannuation Limited (ABN 84 008 416 831).

For detailed information about the AERF, please contact the AERF directly.

If your benefits are transferred to the AERF, you will cease to be a member of the Fund and become a member of the AERF.

CHANGE OF PERSONAL DETAILS

It is important that we always have your current details on record so that we can keep you informed about your superannuation investment and pay any benefits directly to you. Please refer to your Annual Statement and let us know if anything has changed or has not been reported accurately e.g. address details – both postal and residential, beneficiaries, salary (where reported), insurance benefits, Tax File Number, etc.

To update your details, please visit onepath.com.au or contact us.

UNCLAIMED MONEY

Superannuation members

The Trustee is required to transfer your benefits to the ATO as unclaimed money if all of these circumstances apply:

- you are aged 65 or over
- the Trustee has not received a contribution or rollover for you for two years
- after making reasonable efforts, the Trustee is unable to contact you again, after five years since last contacting you.

REGULATORY CHANGE LEVY

This information is not applicable for the Personal Retirement Plan and Traditional Policies (Superannuation).

To cover some of the costs incurred to comply with the Government's superannuation regulatory changes and consistent with the approach taken by many superannuation funds across the industry, the Trustee has imposed an asset-based levy of 0.02% against the investments of the OnePath MasterFund in the 2016/17 financial year.

The Trustee has also given approval for the levy to be charged in the 2017/18 financial year. The levy will again be a percentage based charge on unitised investment options and applied as a one time adjustment to the daily unit price. We will confirm the actual charge deducted through our ongoing member communications.

LOST MEMBER REPORTING AND PAYMENTS

It is important that you stay in touch with us and keep your account active, so you do not become 'lost'.

You may be classified as a 'lost member' if:

- we have made one or more attempts to send written communications to you at your last known address; and
- we believe on reasonable grounds that you can no longer be contacted at any address known to the Fund; and
- you have not contacted us (by written communication or otherwise) within the last 12 months of your membership of the Fund; and
- you have not accessed details about your account online within the last 12 months of your membership of the Fund; and
- we have not received a contribution or rollover from you, or on your behalf, in the last 12 months of your membership of the Fund.

We are required to report 'lost members' to the Australian Taxation Office (ATO).

Additionally, we are required to transfer a lost member's account to the ATO if:

- the account balance is less than \$6,000; and
- we have insufficient records to pay an amount to the member.

If your account does become 'lost' and paid to the ATO you will lose any insurance associated with the account, and will need to contact the ATO about payment options.

TEMPORARY RESIDENTS (HOLDING A TEMPORARY VISA UNDER THE *MIGRATION ACT 1958* OTHER THAN A RETIREMENT VISA SUBCLASS 405 OR 410)

If you are a temporary resident, as defined above, you are only able to access preserved benefits on meeting one of the following conditions of release:

- eligibility for a Departing Australia Superannuation Payment (DASP)
- permanent incapacity[†]
- terminal medical condition[§]
- death.

If you are a temporary resident and you permanently depart Australia and no longer hold a visa, we are obliged to transfer your unclaimed super to the ATO after six months of your departure or cessation of your visa (as notified by the ATO).

Irrespective of whether you later return to Australia or remain overseas, you can apply to the ATO for release of your super.

Transferred super benefits can be claimed via the ATO's website at ato.gov.au

On transfer of your super benefit to the ATO, you will cease to be a member of the Fund. In this case, the Trustee relies on ASIC Relief to the effect that it is not obliged to give you an Exit Statement or any other exit disclosure. If you become an Australian or New Zealand

citizen or permanent resident, the obligation to transfer your super benefit to the ATO does not apply and you can continue to be a member of the Fund.

- # 'Permanent incapacity' means the Trustee must be reasonably satisfied that you are unlikely, because of ill health (whether physical or mental) to engage in gainful employment for which you are reasonably qualified by education, training or experience.
- § 'Terminal medical condition' means that the following circumstances exist:
 - a. two registered medical practitioners have certified, jointly or separately, that the person suffers from an illness, or has incurred an injury, that is likely to result in the death of the person within a certification period that ends not more than 24 months after the date of the certification
 - b. at least one of the registered medical practitioners is a specialist practicing in an area related to the illness or injury suffered by the person
 - c. for each of the certificates, the certification period has not ended.
