A Party may, in accordance with its laws and regulations, provide the other Parties with a list of ports available for exit of containers.

Article 8

- (d) the positive consideration of proposals for technical assistance for the purpose of implementing Subparagraph (a).

Article 9 Modification of Concessions

In exceptional circumstances, where a Party faces unforeseen difficulties in implementing its tariff commitments, that Party may, with the agreement of all other interested Parties, modify or withdraw a concession contained in its Schedule in Annex 1 (Schedules of Tariff Commitments). In order to seek to reach such agreement, the relevant Party shall engage in negotiations with any interested Parties. In such negotiations, the Party proposing to modify or withdraw its concessions shall maintain a level of reciprocal and mutually advantageous concessions no less favourable to the trade of all other interested Parties than that provided for in this Agreement prior to such negotiations, which may include compensatory adjustments with respect to other goods. The mutually agreed outcome of the negotiations, including any compensatory adjustments, shall apply to all the Parties and shall be incorporated into this Agreement in accordance with Article 6 (Amendments) of Chapter 21 (Final Provisions).

Article 4
Goods Not Wholly Produced or Obtained

1. For the purposes of Article 2.1(b) (Originating Goods), a good shall qualify as an originating good of a Party if it satisfies all applicable requirements of Annex 3B (Product-Specific Rules).

2. Where Annex 3B (Product-Specific Rules) provides a choice of rule between a regional value content based rule of origin, a change in tariff classification based rule of origin, a specific process of production, or a combination of any of these, a Party shall permit the producer or exporter of the good to decide which rule to use in determining if the good is an originating good.

Article 5
Calculation of Regional Value Content

1. For the purposes of Article 4 (Goods Not Wholly Produced or Obtained), the formula for calculating the regional value content will be either:

(a) Direct Formula

$$\frac{\text{AANZFTA Material Cost} + \text{Labour Cost} + \text{Overhead Cost} + \text{Profit} + \text{Other Costs}}{\text{FOB}} \times 100\%$$

or

(b) Indirect/Build-Down Formula

$$\frac{\text{FOB} - \text{Value of Non-Originating Materials}}{\text{FOB}} \times 100\%$$

where:

- (i) **AANZFTA Material Cost** is the value of originating materials, parts or produce that are acquired or self-produced by the producer in the production of the good;
- (ii) **Labour Cost** includes wages, remuneration and other employee benefits;
- (iii) **Overhead Cost** is the total overhead expense;

- (v) **FOB** is the free-on-board value of the goods as defined in Article 1 (Definitions); and
- (vi) **Value of Non-Originating Materials** is the CIF value at the time of importation or the earliest ascertained price paid for all non-originating materials, parts or produce that are acquired by the producer in the production of the good. Non-originating materials include materials of undetermined origin but do not include a material that is self-produced.

2. The value of goods under this Chapter shall be determined in accordance with Article VII of GATT 1994 and the Agreement on Customs Valuation.

Article 6 Cumulative Rules of Origin

1. Unless otherwise provided in this Agreement, goods and materials which comply with the origin requirements provided

in Article 2 (Originating Goods), and which are used in another Party as materials in the production of another good or material, shall be considered as originating in the Party where working or processing of the finished good or material has taken place.

2. In addition to Paragraph 1, the Participating Parties shall extend the application of cumulation referred to in Paragraph 1 to all production undertaken on, and value-added to, non-originating materials in any Participating Party, which are used in another Participating Party as materials in the production of another good or material. Such production undertaken on, or value added to, a non-originating material in the territory of one or more of the Participating Parties shall contribute towards the originating content of a good or material for the purpose of determining the origin of a good or material finished in the territory of a Participating Party, regardless of whether that production or value added was sufficient to confer originating status to the material itself.

3. The Participating Parties shall implement Paragraph 2 180 days after the date of entry into force of the Second Protocol.

4. For the purposes of this Article, "Participating Party" means:

- (a) a Party that does not make a notification under Paragraph 5; or
- (b) a Party that has withdrawn its notification in accordance with Paragraph 6.

⁴ For greater certainty, a Party for whom the Second Protocol has not entered into force may also make a notification under this Paragraph.

Article) within 120 days after the date of entry into force of the Second Protocol.

6. A Party that has made a notification under Paragraph 5 may at any time notify the other Parties in writing through the FTA Joint Committee of its withdrawal of the notification. 180 days after the date of a Party's notification of withdrawal, Paragraph 2 shall apply with respect to that Party.

7. For greater certainty, for the purposes of Paragraph 2:

- (a) production undertaken or value added that does not confer originating status to a non-originating material in the territory of a non-Participating Party shall not contribute towards the originating content of a good or material for the purpose of determining the origin of a good or material finished in the territory of a Participating Party;
- (b) production undertaken or value added that does not confer originating status to a non-originating material in the territory of a Participating Party shall not contribute towards the originating content of a good or material for the purpose of determining the origin of a good or material finished in the territory of a non-Participating Party; and
- (c) production undertaken or value added that does not confer originating status to a non-originating material in the territory of a non-Participating Party shall not contribute towards the originating content of a good or material for the purpose of determining the origin of a good or material finished in the territory of another non-Participating Party.

Article 7
Minimal Operations and Processes

Where a claim for origin is based solely on regional value content, the operations or processes listed below, undertaken by themselves or in combination with each other, are considered to be minimal and shall not be taken into account in determining whether or not a good is originating:

- (a) ensuring preservation of goods in good condition for the purposes of transport or storage;
- (b) facilitating shipment or transportation;
- (c) packaging⁵ or presenting goods for transportation or sale;
- (d) simple processes, consisting of sifting, classifying, washing, cutting, slitting, bending, coiling and uncoiling and other similar operations;
- (e) affixing of marks, labels or other like distinguishing signs on products or their packaging; and
- (f) mere dilution with water or another substance that does not materially alter the characteristics of the goods.

Article 8
De Minimis

1. A good that does not satisfy a change in tariff classification requirement pursuant to Annex 3B (Product-Specific Rules) will nonetheless be an originating good if:

- (a) (i) for a good, other than that provided for in Chapters 50 to 63 of the HS Code, the value

⁵ This excludes encapsulation which is termed “packaging” by the electronics industry.

of all non-originating materials used in the production of the good that did not undergo the required change in tariff classification does not exceed 10 per cent of the FOB value of the good;

- (ii) for a good provided for in Chapters 50 to 63 of the HS Code, the weight of all non-originating materials used in its production that did not undergo the required change in tariff classification does not exceed 10 per cent of the total weight of the good, or the value of all non-originating materials used in the production of the good that did not undergo the required change in tariff classification does not exceed 10 per cent of the FOB value of the good; and

- (b) the good meets all other applicable criteria of this Chapter.

2. The value of such materials shall, however, be included in the value of non-originating materials for any applicable regional value content requirement.

Article 9

Accessories, Spare Parts, Tools and Instructional or Other Information Materials

1. For the purposes of determining the origin of a good, accessories, spare parts, tools and instructional or other information materials presented with the good shall be considered part of that good and shall be disregarded in determining whether all the non-originating materials used in the production of the originating good have undergone the applicable change in tariff classification, provided that:

- (a) the accessories, spare parts, tools and instructional or other information materials

presented with the good are not invoiced separately from the originating good; and

- (b) the quantities and value of the accessories, spare parts, tools and instructional or other information materials presented with the good are customary for that good.

2. Notwithstanding Paragraph 1, if the good is subject to a regional value content requirement, the value of the accessories, spare parts, tools and instructional or other information materials presented with the good shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.

3. Paragraphs 1 and 2 do not apply where accessories, spare parts, tools and instructional or other information materials presented with the good have been added solely for the purpose of artificially raising the regional value content of that good, provided it is proven subsequently by the importing Party that they are not sold therewith.

Article 10

Identical and Interchangeable Materials

The determination of whether identical and interchangeable materials are originating materials shall be made either by physical segregation of each of the materials or by the use of Generally Accepted Accounting Principles of stock control applicable, or inventory management practice, in the exporting Party.

Article 11

Treatment of Packing Materials and Containers

1. Packing materials and containers for transportation and shipment of a good shall not be taken into account in determining the origin of any good.

2. Packing materials and containers in which a good is packaged for retail sale, when classified together with that good, shall not be taken into account in determining whether all of the non-originating materials used in the production of the good have met the applicable change in tariff classification requirements for the good.

3. If a good is subject to a regional value content requirement, the value of the packing materials and containers in which the good is packaged for retail sale shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.

Article 12 Indirect Materials

An indirect material shall be treated as an originating material without regard to where it is produced and its value shall be the cost registered in the accounting records of the producer of the good.

Article 13 Recording of Costs

For the purposes of this Chapter, all costs shall be recorded and maintained in accordance with the Generally Accepted Accounting Principles applicable in the Party in which the goods are produced.

Article 14 Direct Consignment, Transit and Transshipment

An originating good shall retain its originating status as determined under Article 2 (Originating Goods) if the following conditions have been met:

- (a) the good has been transported to the importing Party without passing through any non-Party; or

- (b) the good has transited through one or more non-Parties, provided that:
 - (i) the good has not undergone subsequent production or any other operation outside the territories of the Parties other than unloading, reloading, storing, or any other operations necessary to preserve them in good condition or to transport them to the importing Party; and
 - (ii) the good has not entered into commerce or free circulation in the non-Party.

Article 15 Proof of Origin

A claim that goods are eligible for preferential tariff treatment shall be supported by a Proof of Origin in accordance with Annex 3A (Annex on Operational Certification Procedures).

Article 16 Denial of Preferential Tariff Treatment

The Customs Authority of the importing Party may deny a claim for preferential tariff treatment when:

- (a) the good does not qualify as an originating good;
or
- (b) the importer, exporter or producer fails to comply with any of the relevant requirements of this Chapter.

Article 17
Review and Appeal

The importing Party shall grant the right of appeal in matters relating to the eligibility for preferential tariff treatment to producers, exporters or importers of goods traded or to be traded between the Parties, in accordance with its laws, regulations and administrative practices.

Article 18
Sub-Committee on Rules of Origin

- (d) consultations on issues relating to rules of origin and administrative co-operation.

2. The ROO Sub-Committee shall consist of representatives of the Parties. It shall meet from time to time as mutually determined by the Parties.

4. The FTA Joint Committee, upon recommendation of the Committee on Trade in Goods and the ROO Sub-Committee, shall adopt the transposition of Annex 3B (Product-Specific Rules) that is in the nomenclature of the revised HS Code following periodic amendments to the HS Code. Such transposition shall be carried out without impairing the existing commitments and shall be completed in a timely manner. The Parties shall promptly publish the transposition of Annex 3B (Product-Specific Rules) in the nomenclature of the revised HS Code.

5. This Chapter may be reviewed and modified in accordance with Article 6 (Amendments) of Chapter 21 (Final Provisions) as and when necessary, upon request of a Party, and subject to the agreement of the Parties, and may be open to such reviews and modifications as may be agreed upon by the FTA Joint Committee.

- (c) the Customs Authority of the importing Party may accept such Proof of Origin, provided that the goods have been imported before the expiration of the time limit of that Proof of Origin.

POST-IMPORTATION CLAIMS FOR PREFERENTIAL TARIFF TREATMENT

The application shall include the original Certificate of Origin relating to the goods.

1. Each Party shall require that the Issuing Authority/Body, manufacturer, producer, exporter, importer and their authorised representatives maintain for a period of not less than three years after the date of exportation or importation, as the case may be, all records relating to that exportation or importation which are necessary to demonstrate that the good for which a claim for preferential tariff treatment was made qualifies for preferential tariff treatment. Such records may be in electronic form.

2. Information relating to the validity of the Proof of Origin shall be furnished upon request of the importing Party by an official or person authorised to sign the Proof of Origin and certified by the appropriate Issuing Authority/Body, exporter or producer.

		<p>Chapter Note: Any good of this Chapter that is the product of a chemical reaction shall be considered to be an originating good if the chemical reaction occurred in a Party. The “chemical reaction” rule may be applied to any good classified in this Chapter if the product fails to satisfy the regional value content and change in tariff classification criteria provided for in the Product Specific Rule. Note: For the purposes of this Chapter a “chemical reaction” is a process (including a biochemical process) which results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of the molecule. The following are not considered to be chemical reactions for the purposes of determining whether a product is an originating good: (a) dissolving in water or other solvents; (b) the elimination of solvents including solvent water; or (c) the addition or elimination of water of crystallization.</p>

Article 3 Definitions

For the purposes of this Chapter:

- (a) **customs authority** means any authority that is responsible under the law of each Party for the administration and enforcement of its customs laws and regulations;
- (b) **customs procedures** means the measures applied by the customs authority of a Party to goods and to the means of transport that are subject to customs laws and regulations;
- (c) **customs laws and regulations** means the statutory and regulatory provisions relating to the importation, exportation, movement, or storage of goods, the administration and enforcement of which are specifically charged to a customs authority, and any regulations made by a customs authority, under its statutory powers;
- (d) **Customs Valuation Agreement** means the *Agreement on Implementation of Article VII of the General Agreement on Tariffs and Trade 1994*, contained in Annex 1A to the WTO Agreement;

Article 4 Customs Procedures

1. Each Party shall ensure that its customs procedures and practices are predictable, consistent, transparent, and facilitate trade, including through the expeditious clearance of goods.
2. The customs procedures of each Party shall, where possible and to the extent permitted by its customs laws and regulations, conform with the standards and recommended practices of the World Customs Organization and the World Trade Organization.
3. The customs authority of each Party shall review its customs procedures with a view to simplifying such procedures to facilitate trade.

Article 6 Consistency

1. Each Party shall ensure consistent implementation and application of its customs laws and regulations throughout its customs territory. For greater certainty, this does not prevent the exercise of discretion granted to the customs authority of a Party where such discretion is granted by that Party's customs laws and regulations, provided that the discretion is exercised consistently throughout that Party's customs territory and in accordance with its customs laws and regulations.

2. In fulfilling the obligation in Paragraph 1, each Party shall endeavour to adopt or maintain administrative measures to ensure consistent implementation and application of its customs laws and regulations throughout its customs territory, preferably by establishing an administrative mechanism which ensures consistent application of the customs laws and regulations of that Party among its regional customs offices.

3. If a Party fails to comply with Paragraphs 1 and 2, another Party may consult with that Party on the matter relating thereto in accordance with Article 24 (Consultation).

4. Each Party is encouraged to share with the other Parties its practices and experiences relating to the administrative mechanism referred to in Paragraph 2 with a view to improving the operations thereof.

Article 7 Transparency

1. Each Party shall promptly publish, on the internet to the extent possible, the following information in a non-discriminatory and easily accessible manner in order to enable governments, traders and other interested persons to become acquainted with them:

2. The publication or provision of the information referred to in Paragraph 1 shall, to the extent possible, be in English.

3. To the extent possible, when developing new, or amending existing, customs laws and regulations, each Party shall publish, or otherwise make readily available, such proposed new or amended customs laws and regulations and provide a reasonable opportunity for interested persons to comment on the proposed new or amended customs laws and regulations, unless such advance notice is precluded.

4. Each Party shall, to the extent practicable and in a manner consistent with its laws and regulations, ensure that new or amended laws and regulations of general application related to the movement, release and clearance of goods, including goods in transit, are published or information on them made otherwise publicly available, as early as possible before their entry into force, in order to enable traders and other interested persons to become acquainted with them.

Article 8 Enquiry Points

Each Party shall designate one or more enquiry points to answer reasonable enquiries of interested persons

concerning customs matters and to facilitate access to forms and documents required for importation, exportation and transit.

in writing, setting forth the relevant facts, circumstances and the basis for its decision to decline to issue the advance ruling; and

- (d) shall provide that when issuing an advance ruling, it shall be valid from the date it is issued, or another date specified in the advance ruling, provided that the laws, regulations and administrative rules, and facts and circumstances, on which the advance ruling is based remain unchanged.

Article 11

Preshipment Inspection

1. No Party shall require the use of preshipment inspections in relation to tariff classification and customs valuation.

2. Without prejudice to the rights of any Party to use other types of preshipment inspection not referred to in Paragraph

1, each Party is encouraged not to introduce or apply new requirements regarding their use.

3. Paragraph 2 refers to preshipment inspections covered by the *Agreement on Preshipment Inspection*, and does not preclude preshipment inspections for sanitary and phytosanitary purposes.

Article 12 Pre-arrival Processing

1. Each Party shall adopt or maintain procedures allowing for the submission of documents and other information required for the importation of goods, in order to begin processing prior to the arrival of the goods with a view to expediting the release of the goods upon arrival.

2. Each Party shall provide, as appropriate, for advance lodging of documents and other information referred to in Paragraph 1 in electronic format for pre-arrival processing of such documents.

Article 13 Single Window

1. Each Party shall, to the extent possible, establish or maintain a single window, enabling traders to submit clear and readable electronic copies of documentation and/or data requirements for importation, exportation or transit of goods through a single-entry point to the participating authorities or agencies. After the examination by participating authorities or agencies of the documentation or data, the results shall be notified to the applicants through the single window in a timely manner.

urgent circumstances or in accordance with other limited exceptions which are made public.

Article 15 Trade Facilitation Measures for Authorised Operators

1. Each Party shall provide additional trade facilitation measures related to import, export or transit formalities and procedures, pursuant to Paragraph 3, to operators who meet specified criteria (the “authorised operators”). Alternatively, a Party may offer such trade facilitation measures through customs procedures generally available to all operators and is not required to establish a separate scheme.

2. The specified criteria to qualify as an authorised

operator shall be related to compliance, or the risk of non-compliance, with requirements specified in a Party's laws, regulations or procedures.

- (a) Such criteria, which shall be published, may include:
 - (i) an appropriate record of compliance with customs and other related laws and regulations;
 - (ii) a system of managing records to allow for necessary internal controls;
 - (iii) financial solvency, including, where appropriate, provision of a sufficient security or guarantee; and
 - (iv) supply chain security.
- (b) Such criteria shall not:
 - (i) be designed or applied so as to afford or create arbitrary or unjustifiable discrimination between operators where the same conditions prevail; and
 - (ii) to the extent possible, restrict the participation of MSMEs.

3. The trade facilitation measures provided pursuant to Paragraph 1 shall include at least three of the following measures:¹

- (a) low documentary and data requirements, as appropriate;

- (g) clearance of goods at the premises of the authorised operator or another place authorised by a customs authority.

4. Each Party is encouraged to develop an authorised operator scheme on the basis of international standards, where such standards exist, except when such standards would be an inappropriate or ineffective means for the fulfilment of the legitimate objectives pursued.

5. In order to enhance the trade facilitation measures provided to authorised operators, each Party shall afford to the other Parties the possibility of negotiating mutual recognition of authorised operator schemes.

6. The Parties are encouraged to co-operate, where appropriate, in developing their respective authorised operator schemes using the contact points in Article 24 (Consultation) and the relevant AANZFTA body through the following:

- (a) exchanging information on such schemes and on initiatives to introduce new schemes;

- (b) sharing perspectives on business views and experiences, and best practices in business outreach;
- (c) sharing information on approaches to mutual recognition of such schemes; and

Article 16

Release of Goods

1. Each Party shall adopt or maintain procedures that:
 - (a) provide for the release of goods within a period of time no greater than that required to ensure compliance with its laws and regulations;
 - (b) provide, to the extent possible, for goods to be released within 48 hours of arrival and lodgment of all necessary information for customs clearance; and
 - (c) allow the release of imported goods prior to the final determination by its customs authority of the applicable customs duties, other duties and taxes, provided that the good is otherwise eligible for release from customs and that all other regulatory requirements have been met.

 - (a) a guarantee; or

- (b) payment of customs duties, taxes, fees and charges determined prior to or upon arrival of goods and a guarantee for any amount not yet determined in the form of a surety, a deposit or another appropriate instrument.
- 3. If a Party allows for the release of goods conditioned on a guarantee, according to its laws and regulations, it shall adopt or maintain procedures that:
 - (a) ensure that the amount of any guarantee is no greater than that required to ensure that obligations arising from the importation of the goods will be fulfilled; and
 - (b) ensure that any guarantee shall be discharged as soon as possible after its customs authority is satisfied that the obligations arising from the importation of the goods have been fulfilled.
- 4. Nothing in this Article shall affect the right of a Party to examine, detain, seize, confiscate or deal with goods in any manner consistent with its laws and regulations.

Article 17

Express Consignments

- 1. Each Party shall adopt or maintain customs procedures to expedite the clearance of express consignments for at least those goods entered through air cargo facilities while maintaining appropriate customs control and selection,² by:
 - (a) providing for pre-arrival processing of information related to express consignments;

² In cases where a Party has an existing procedure that provides the treatment in this Article, this provision would not require that Party to introduce separate expedited release procedures.

- (b) permitting, to the extent possible, the single submission of information covering all goods contained in an express consignment, through electronic means;
- (c) minimising the documentation required for the release of express consignments;
- (d) providing for express consignment to be released under normal circumstances as rapidly as possible, and within six hours when possible, after the arrival of the goods and submission of the information required for release;
- (e) endeavouring to apply the treatment in Subparagraphs (a) to (d) to shipments of any weight or value recognising that a Party is permitted to require additional entry procedures, including declarations and supporting documentation and payment of duties and taxes, and to limit such treatment based on the type of good, provided that the treatment is not limited to low value goods such as documents; and
- (f) providing, to the extent possible, for a *de minimis* shipment value or dutiable amount for which customs duties and taxes will not be collected, aside from certain prescribed goods. Internal taxes, such as value added taxes and excise taxes, applied to imports consistently with Article III of GATT 1994, shall not be subject to this provision.

2. Nothing in Paragraph 1 shall affect the right of a Party to examine, detain, seize, confiscate or refuse the entry of goods, or to carry out post-clearance audits, including in connection with the use of risk management systems. Further, nothing in Paragraph 1 shall prevent a Party from requiring, as a

condition for release, the submission of additional information and the fulfilment of non-automatic licensing requirements.

Article 18

Perishable Goods

1. With a view to preventing avoidable loss or deterioration of perishable goods, and provided all regulatory requirements have been met, each Party shall:

2. Each Party shall give appropriate priority to perishable goods when scheduling any examinations that may be required.

3. Each Party shall either arrange or allow an importer to arrange for the proper storage of perishable goods pending their release.³ Each Party may require that any storage facilities arranged by the importer have been approved or designated by its relevant authorities. The movement of the goods to those storage facilities, including authorisations for the operator moving the goods, may be subject to the approval, where required, of the relevant authorities.

4. Each Party shall, where practicable and consistent with its laws and regulations, on request of the importer, provide for the release to take place at those storage facilities.

³ This requirement can be relaxed for a Party until it has met its obligations under the *Agreement on Trade Facilitation*.

Article 19
**Facilitation of Essential Goods During Humanitarian
Crises, Epidemics or Pandemics**

1. Each Party shall, to the extent permitted by its laws and regulations, expedite and facilitate the movement, release and clearance, including transit through its exit or entry points, of all essential goods.

2. Each Party shall, to the extent permitted by its laws and regulations, expedite the release of essential goods upon arrival, including by adopting or maintaining procedures allowing for the submission of import documentation and other required information, including manifests, prior to the arrival of the essential goods, in order to allow the processing of such documentation and information to begin prior to the arrival of the essential goods.

3. Each Party shall, to the extent permitted by its laws and regulations, clear essential goods using documents received through electronic means during a humanitarian crisis, epidemic or pandemic.

Article 20
Risk Management

1. Each Party shall adopt or maintain a risk management system for assessment and targeting that enables its customs authority to focus its inspection activities on high-risk consignments and expedite the release of low-risk consignments. Each Party may also select, on a random basis, consignments for such inspection activities as part of its risk management.

2. Each Party shall design and apply risk management in a manner so as to avoid arbitrary or unjustifiable discrimination, or a disguised restriction on international trade.

3. Each Party shall base risk management on an assessment of risk through appropriate selectivity criteria. Such selectivity criteria may include the HS Code, nature and description of the goods, country of origin, country from which the goods were shipped, value of the goods, compliance record of traders and means of transport.

Article 21 Post-Clearance Audit

1. With a view to expediting the release of goods, each Party shall adopt or maintain post-clearance audit to ensure compliance with its customs and other related laws and regulations.

2. Each Party shall select a person or a consignment for post-clearance audit in a risk-based manner, which may include appropriate selectivity criteria. Each Party shall conduct post-clearance audits in a transparent manner. Where the person is involved in the audit process and conclusive results have been achieved, the Party shall, without delay, notify the person whose record was audited of the results, the person's rights and obligations and the reasons for the results.

3. The Parties acknowledge that the information obtained in post-clearance audit may be used in further administrative or judicial proceedings.

4. Each Party shall, wherever practicable, use the result of post-clearance audit in applying risk management.

Article 22 Time Release Studies

1. Each Party is encouraged to measure the time required for the release of goods by its customs authority periodically and in a consistent manner, and to publish the findings thereof, using tools such as the *Guide to Measure the Time Required*

for the Release of Goods issued by World Customs Organization with a view to assessing its trade facilitation measures and considering opportunities for further improvement of the time required for the release of goods.

2. Each Party is encouraged to share with the other Parties its experiences in the time release studies referred to in Paragraph 1, including methodologies used and bottlenecks identified.

Article 23 Review and Appeal

1. Each Party shall provide that any person to whom its customs authority issues an administrative decision⁴ has the right, within its territory, to:

- (a) an administrative appeal to or review by an administrative authority higher than or independent of the official or office that issued the decision; and
- (b) a judicial appeal or review of the decision.⁵

2. The legislation of a Party may require that an administrative appeal or review be initiated prior to a judicial appeal or review.

3. Each Party shall ensure that its procedures for appeal or review are carried out in a non-discriminatory manner.

⁴ For the purposes of this Article, “administrative decision” means a decision with a legal effect that affects the rights and obligations of a specific person in an individual case. It shall be understood that an administrative decision for the purposes of this Article covers an administrative action within the meaning of Article X of the GATT 1994 or failure to take an administrative action or decision as provided for in a Party’s laws and regulations. For addressing such failure, each Party may maintain an alternative administrative mechanism or judicial recourse to direct the customs authority to promptly issue an administrative decision in place of the right to appeal or review under Subparagraph 1(a).

⁵ Brunei Darussalam may comply with this paragraph by establishing or maintaining an independent body to provide impartial review of the determination.

4. Each Party shall ensure that, in a case where the decision on appeal or review under Subparagraph 1(a) is not given either:

(a) within set periods as specified in its laws or regulations; or

(b) without undue delay,

the petitioner has the right to either further appeal to, or further review by, the administrative authority or the judicial authority or any other recourse to the judicial authority.⁶

5. Each Party shall ensure that the person referred to in Paragraph 1 is provided with the reasons for the administrative decision to enable that person to have recourse to procedures for appeal or review, where necessary.

6. Each Party is encouraged to make the provisions of this Article applicable to an administrative decision issued by a relevant border agency other than its customs authority.

Article 24 Consultation

1. A Party may, at any time, request consultations with any other Party regarding any significant customs matter arising from the operation or implementation of this Chapter, providing relevant details related to the matter. Such consultations shall be conducted through the Parties' designated contact points and shall commence within 30 days following the date of the receipt of the request, unless the Parties mutually determine otherwise.

⁶ Nothing in this Paragraph shall prevent a Party from recognising administrative silence on appeal or review as a decision in favour of the petitioner in accordance with its laws and regulations.

2. In the event that such consultations fail to resolve the matter, the requesting Party may refer the matter to the Committee on Trade in Goods.

3. Each Party shall designate one or more contact points for the purposes of this Chapter. Information on the contact points shall be provided to the other Parties and any change to that information shall be notified promptly.

6. Replace Chapter 6 (Standards, Technical Regulations and Conformity Assessment Procedures) with:

CHAPTER 6

Imposition of a Safeguard Measure

If, as a result of the reduction or elimination of a customs duty under this Agreement, an originating good of another Party or Parties is being imported into the territory of a Party during the transitional safeguard period for that good in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to cause or threaten to cause serious injury to a domestic industry that produces like or directly competitive goods, that Party may:

2. Each Party shall ensure that its competent authorities complete any such investigation expeditiously and, in any event, within one year following the date of its initiation.

Article 5 Notification

1. A Party shall immediately notify the other Parties, in writing, on:
 - (a) initiating an investigation under Article 4 (Investigation);

Such notification shall include:

- (a) a precise description of the originating good subject to the proposed safeguard measure including its heading or subheading under the HS Code, on which the schedules of tariff commitments in Annex 1 (Schedules of Tariff Commitments) are based;

6. The provisions on notification in this Chapter shall not require a Party to disclose confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest or would prejudice the legitimate commercial interests of particular enterprises, public or private.

Article 6

Scope and Duration of Transitional Safeguard Measures

1. A Party may not maintain a safeguard measure:
 - (a) except to the extent, and for such time, as may be necessary to prevent or remedy serious injury and to facilitate adjustment;
 - (b) for a period exceeding two years, except that the period may be extended by up to one year if the competent authorities of that Party determine, in conformity with the procedures referred to in

Article 4 (Investigation), that the safeguard measure continues to be necessary to prevent or remedy serious injury and to facilitate adjustment and that there is evidence that the industry is adjusting; or

- (c) for a period exceeding three years, including any extension.

2. A safeguard measure shall not be applied against an originating good of a Party which is an ASEAN Member State, as long as its share of imports of the good concerned in the importing Party does not exceed three per cent of the total imports from the other Parties, provided that those Parties with less than three per cent import share collectively account for not more than nine per cent of total imports of the good concerned from the other Parties.

3. Where the expected duration of the safeguard measure is over one year, the importing Party shall ensure that the safeguard measure is progressively liberalised at regular intervals during the period of application.

4. When a Party terminates a safeguard measure on a good, the rate of customs duty for that good shall be no higher than the rate that, according to the Party's schedule of tariff commitments in Annex 1 (Schedules of Tariff Commitments), would have been in effect as if the safeguard measure had never been applied.

5. Regardless of its duration or whether it has been subject to extension, a safeguard measure on a good shall terminate following the end of the transitional safeguard period for such good.

6. No safeguard measure shall be applied again to the import of a particular originating good which has been subject to such a safeguard measure, for a period of time equal to the

duration of the previous safeguard measure, or two years, whichever is longer.

7. A Party shall not apply a safeguard measure to an originating good imported up to the limit of quota quantities granted under tariff rate quotas applied in accordance with its schedule of tariff commitments in Annex 1 (Schedules of Tariff Commitments).

Article 7 Provisional Safeguard Measures

1. In critical circumstances, where delay would cause damage which would be difficult to repair, a Party may take a provisional measure, pursuant to a preliminary determination that there is clear evidence that increased imports of an originating good from another Party or Parties have caused or are threatening to cause serious injury to a domestic industry.

2. The duration of such a provisional measure shall not exceed 200 days, during which time the relevant requirements of Article 2 (Definitions), Article 3 (Imposition of a Safeguard Measure), Article 4 (Investigation), Article 5 (Notification) and Article 6 (Scope and Duration of Transitional Safeguard Measures) shall be met. The duration of any provisional measure shall be counted as part of the initial period and any extension as referred to in Article 6 (Scope and Duration of Transitional Safeguard Measures).

3. The customs duty imposed as a result of the provisional measure shall be refunded if the subsequent investigation referred to in Article 4 (Investigation) does not determine that increased imports of the originating good have caused or threatened to cause serious injury to a domestic industry.

Article 8 Compensation

1. The Party proposing to apply a safeguard measure shall, in consultation with the exporting Party or Parties who would be affected by such a measure, provide to that Party or Parties mutually agreed adequate means of trade compensation in the form of substantially equivalent level of concessions or other obligations to that existing under this Agreement between the Party applying the safeguard measure and the exporting Party or Parties who would be affected by such a measure.

2. In seeking compensation under Paragraph 1 for a safeguard measure, if the Parties mutually agree, they may hold consultations in the Committee on Trade in Goods established pursuant to Article 19 (Committee on Trade in Goods) of Chapter 2 (Trade in Goods) to determine the substantially equivalent level of concessions to that existing under this Agreement between the Party taking the safeguard measure and the exporting Party or Parties who would be affected by such a measure prior to any suspension of equivalent concessions. Any proceedings arising from such consultations shall be completed within 30 days from the date on which the safeguard measure was applied.

3. If no agreement on the compensation is reached within the time frame specified in Paragraph 2, the Party or Parties against whose originating good the measure is applied may suspend the application of substantially equivalent concessions to the trade of the Party applying the safeguard measure. The Party or Parties may suspend the concessions only for the minimum period necessary to achieve the substantially equivalent effects and only while the safeguard measure is maintained. The right of suspension provided for in this Paragraph shall not be exercised for the first two years that a safeguard measure is in effect, provided that the safeguard measure has been applied as a result of an

absolute increase in imports and that such a safeguard measure conforms to this Chapter.

4. A Party shall notify the other Parties in writing at least 30 days before suspending concessions under Paragraph 3.

5. The obligation to provide compensation under Paragraph 1 and the right to suspend substantially equivalent concessions under Paragraph 3 shall terminate on the termination of the safeguard measure.

Article 9 **Relationship to the WTO Agreement**

1. Each Party retains its rights and obligations under Article XIX of GATT 1994, the Safeguards Agreement and Article 5 of the Agreement on Agriculture. This Agreement does not confer any additional rights or obligations on the Parties with regard to global safeguard measures.

2. A Party shall not apply a safeguard measure or provisional measure, as provided in Article 6 (Scope and Duration of Transitional Safeguard Measures) or Article 7 (Provisional Safeguard Measures) on a good that is subject to a measure that the Party has applied pursuant to Article XIX of GATT 1994 and the Safeguards Agreement, the Agreement on Agriculture or any other relevant provisions in the WTO Agreement, nor shall a Party continue to maintain a safeguard measure or provisional measure on a good that becomes subject to a measure that the Party applies pursuant to Article XIX of GATT 1994 and the Safeguards Agreement, the Agreement on Agriculture or any other relevant provisions in the WTO Agreement.

3. A Party considering the imposition of a global safeguard measure on an originating good of another Party or Parties shall initiate consultations with that Party or Parties as far in advance of taking such measure as practicable.

5. The provisions of this Chapter shall not be construed as to prevent any Party from conferring or according advantages to adjacent countries in order to facilitate exchanges limited to contiguous frontier zones of services that are both locally produced and consumed.

6. Notwithstanding Paragraphs 1 and 2, Least Developed Country Parties are not obliged to make commitments under this Article. These Parties may, however, do so on a voluntary basis.

Article 10 **Local Presence**

A Party making commitments in accordance with Article 12 (Schedules of Non-Conforming Measures) shall not require a service supplier of another Party to establish or maintain a representative office, a branch, or any form of juridical person, or to be resident, in its territory as a condition for the supply of a service as described in Article 1(t)(i), (iii) or (iv) (Definitions), subject to its non-conforming measures as provided in Article 12 (Schedules of Non-Conforming Measures).

3. Each Party making commitments in accordance with this Article shall identify in its Schedule in Annex 2 (Schedules of Specific Commitments for Services) sectors or subsectors for future liberalisation with "FL". In these sectors and subsectors, any applicable terms, limitations, conditions and qualifications,

5. Least Developed Country Parties are not required to identify sectors or subsectors for future liberalisation under Paragraph 4. These Parties, however, may do so on a voluntary basis.

2. Article 4 (National Treatment), Article 5 (Market Access), Article 9 (Most-Favoured-Nation Treatment) and Article 10 (Local Presence) shall not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors or activities set out in List B of its Schedule in Annex 3 (Schedules of Reservations and Non-Conforming Measures for Investment and Services).

Article 18

Monopolies and Exclusive Service Suppliers

1. Each Party shall ensure that any monopoly supplier of a service in its territory does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with that Party's obligations under Article 4 (National Treatment) and Article 5 (Market Access).

2. Where a Party's monopoly supplier competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's specific commitments, the Party shall ensure that such a supplier does not abuse its monopoly position to act in its territory in a manner inconsistent with such commitments.

3. If a Party has a reason to believe that a monopoly supplier of a service of any other Party is acting in a manner

inconsistent with Paragraph 1 or 2, it may request the Party establishing, maintaining or authorising such supplier to provide specific information concerning the relevant operations.

4. This Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect:

The requested Party shall accord full and sympathetic consideration to such a request and shall cooperate through the supply of publicly available non-confidential information available to the requesting Party. 2. A Party that is a party to an agreement or arrangement of the type referred to in Paragraph 1, whether existing or future, shall afford adequate opportunity for the other Parties, upon request, to negotiate their accession to such an agreement or arrangement, or to negotiate comparable ones with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for any other Party to demonstrate that education, experience, licences, or certifications obtained or requirements met in that other Party's territory should be recognised.

3. Nothing in Article 9 (Most-Favoured-Nation Treatment) shall be construed to require any Party to accord such recognition to the education or experience obtained, requirements met, or licences or certifications granted in another Party.

4. A Party shall not accord recognition in a manner which would constitute a means of discrimination between other Parties in the application of its standards or criteria for the authorisation, licensing or certification of service suppliers, or a disguised restriction on trade in services.

5. Where appropriate, recognition should be based on multilaterally agreed criteria. In appropriate cases, Parties shall work in co-operation with relevant inter-governmental and non-governmental organisations towards the establishment and adoption of common international standards and criteria for recognition and common international standards for the practice of relevant services trades and professions.

6. As set out in Annex 8C (Professional Services), each Party shall endeavour to facilitate trade in professional services, including through encouraging relevant bodies in its territory to enter into negotiations for agreements or arrangements on recognition.

3. No Party shall have recourse to dispute settlement under Chapter 20 (Consultations and Dispute Settlement) for any request made or consultations held under this Article, or any other dispute arising under this Article.

Article 23 **Safeguard Measures**

1. The Parties note the multilateral negotiations pursuant to Article X of GATS on the question of emergency safeguard measures based on the principle of non-discrimination. Upon the conclusion of such multilateral negotiations, the Parties shall conduct a review for the purpose of discussing appropriate amendments to this Agreement so as to incorporate the results of such multilateral negotiations.

2. In the event that the implementation of the commitments made in this Agreement causes a substantial adverse impact to a service sector of a Party before the conclusion of the multilateral negotiations referred to in Paragraph 1, the affected Party may request consultations with the other Party or Parties. The requested Party or Parties shall enter into consultations with the requesting Party on the commitments that the requested Party or Parties consider may have caused the substantial adverse impact and on the possibility of the requesting Party adopting any measure to alleviate such impact. A Party may recognise prudential measures of any international standard-setting body, another Party or a non-Party in determining how the Party's measures relating to financial services shall be applied.³ Such recognition, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement with the international standard-setting body, another Party or a non-Party concerned, or may be accorded autonomously.

2. A Party that is a party to an agreement or arrangement referred to in Paragraph 1, whether future or existing, shall afford adequate opportunity for other interested Parties to negotiate their accession to such agreements or arrangements, or to negotiate comparable ones with it, under circumstances in which there would be equivalent regulation, oversight, implementation of such regulation, and, if appropriate, procedures concerning the sharing of information between the parties to the agreement or arrangement.

3. Where a Party accords recognition autonomously, it shall afford adequate opportunity for any other Party to demonstrate that the circumstances referred to in Paragraph 2 exist.

Article 6 Transparency

1. The Parties recognise that transparent measures governing the activities of financial service suppliers are important in facilitating their ability to gain access to and operate in each other's markets. Each Party commits to

2. Each Party shall ensure that all measures of general application to which this Annex applies are administered in a reasonable, objective and impartial manner.

3. Each Party shall ensure that measures of general application adopted or maintained by a Party are promptly published or otherwise made publicly available.⁴

4. To the extent practicable, each Party shall:

(a) publish or make available to interested persons⁵ in advance any regulation of general application relating to this Annex that it proposes to adopt, and the purpose of such regulation; and

(b) provide interested persons and other Parties with a reasonable opportunity to comment on such proposed regulation.

5. To the extent practicable, each Party should allow a reasonable period of time between the date of publication of any final regulation of general application and the date when it enters into effect.

6. Each Party shall take such reasonable measures as may be available to it to ensure that the rules of general application adopted or maintained by a self-regulatory organisation⁶ of the Party are promptly published or otherwise

⁴ For greater certainty, each Party may publish such information in its chosen language.

⁵ For the purposes of this Article, the Parties confirm their shared understanding that “interested persons” are persons whose direct financial interest could potentially be affected by the adoption of the regulations of general application.

⁶ This Paragraph only applies to a Party when that Party has established a self-regulatory organisation.

7. Each Party shall maintain or establish appropriate mechanisms for responding to enquiries from interested persons of another Party regarding measures of general application covered by this Annex.

8. If a Party requires authorisation for the supply of a financial service, it shall endeavour to ensure, in accordance with its relevant laws and regulations, that its regulatory authorities:

- (a) make publicly available the information necessary for financial service suppliers to comply with the requirements and procedures for obtaining, maintaining, amending and renewing such authorisation. Where it exists, that information shall include:
 - (i) fees;
 - (ii) contact information of the regulatory authorities;
 - (iii) indicative timeframes for the processing of an application;

- (c) taking into account their competing priorities and resource constraints, endeavour to accept applications in electronic format;
- (d) accept copies of documents that are authenticated in accordance with the Party's laws and regulations, in place of original documents, unless the regulatory authorities require original documents to protect the integrity of the authorisation process; and
- (e) on request of an applicant in writing, inform the applicant of the status of its application. If the regulatory authority requires additional information from the applicant, it shall notify the applicant without undue delay.

9. Each Party shall endeavour to ensure, in accordance with its relevant laws and regulations, that the authorisation fees⁹ charged by its regulatory authorities are reasonable, transparent and do not in themselves restrict the supply of the relevant service.

10. A Party's regulatory authority shall make an administrative decision on a complete application of a financial service supplier of another Party relating to the supply of a financial service within 180 days, and shall notify the applicant of the decision without undue delay. An application shall not be considered complete until all relevant proceedings are conducted and all necessary information is received. Where it is not practicable for such a decision to be made within 180 days, the regulatory authority shall notify the applicant without undue delay and shall endeavour to make the decision within a reasonable period of time thereafter.

⁹ Authorisation fees do not include fees for the use of natural resources, payments for auction, tendering or other non-discriminatory means of awarding concessions, or mandated contributions to universal service provision.

11. Each Party shall endeavour to ensure, in accordance with its relevant laws and regulations, that once an authorisation is granted, that authorisation shall have effect without undue delay, subject to the applicable terms and conditions.

Article 7

Financial Services Exceptions

1. For greater certainty, nothing in this Annex shall be construed to prevent a Party from adopting or enforcing measures necessary to secure compliance with laws or regulations that are not inconsistent with this Annex, including those relating to the prevention of deceptive and fraudulent practices or to deal with the effects of a default on financial services contracts, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between Parties or between Parties and non-Parties where like conditions prevail, or a disguised restriction on investment in financial institutions or trade in financial services.

2. For greater certainty, in accordance with Article 1.2(a) (Scope) of this Annex, Chapter 8 (Trade in Services) and Chapter 11 (Investment) shall not apply to activities conducted by a central bank or monetary authority or by any other public entity in pursuit of monetary or exchange rate policies within the territory of each Party.

3. Nothing in Chapter 8 (Trade in Services) and Chapter 11 (Investment) shall apply to non-discriminatory measures of general application taken by any public entity in pursuit of related credit policies. This paragraph shall not affect a Party's obligations under Article 6 (Prohibition of Performance Requirements) of Chapter 11 (Investment) with respect to measures covered by Chapter 11 (Investment), under Article 9 (Transfers) of Chapter 11 (Investment) or Article 21 (Payments and Transfers) of Chapter 8 (Trade in Services).

4. Notwithstanding Article 9 (Transfers) of Chapter 11 (Investment) and Article 21 (Payments and Transfers) of Chapter 8 (Trade in Services), a Party may prevent or limit transfers by a financial institution or financial service supplier to, or for the benefit of, an affiliate of or person related to such institution or supplier, through the equitable, non-discriminatory and good faith application of measures relating to maintenance of the safety, soundness, integrity, or financial responsibility of financial institutions or financial service suppliers. This Paragraph does not prejudice any other provision of this Agreement that permits a Party to restrict transfers.

Article 8

Transfers of Information and Processing of Information

1. A Party shall not take measures that prevent:
 - (a) transfers of information, including transfers of data by electronic means, necessary for the conduct of the ordinary business of a financial service supplier;
 - (b) the processing of information necessary for the conduct of the ordinary business of a financial service supplier; or
 - (c) transfers of equipment necessary for the conduct of the ordinary business of a financial service supplier, subject to importation rules consistent with international agreements.

2. Nothing in Paragraph 1:
 - (a) restricts the right of a Party to protect personal data, personal privacy and the confidentiality of individual records and accounts including in accordance with its laws and regulations so long as such right shall not be used as a means of

avoiding the Party's commitments or obligations under this Agreement;

- (b) prevents a regulatory authority of a Party for regulatory or prudential reasons from requiring a financial service supplier in its territory to comply with domestic regulation in relation to data management and storage and system maintenance, as well as to retain within its territory copies of records; or
- (c) shall be construed to require a Party to allow the cross-border supply or the consumption abroad of services in relation to which it has not made commitments, including to allow non-resident suppliers of financial services to supply, as a principal, through an intermediary or as an intermediary, the provision and transfer of financial information and financial data processing referred to in Article 2(b)(xv) (Definitions).

Article 9 Dispute Settlement

1. Chapter 20 (Consultations and Dispute Settlement) shall apply as modified by this Article to the settlement of disputes arising under this Chapter.
2. Arbitrators who are members of arbitral tribunals established pursuant to Chapter 20 (Consultations and Dispute Settlement) for disputes on prudential issues and other financial matters shall have the necessary expertise relevant to the specific financial service under dispute.
3. If a Party claims that a dispute arises under this Chapter, Article 11 (Establishment and Re-convening of Arbitral Tribunals) of Chapter 20 (Consultations and Dispute Settlement) shall apply, except that:

- (a) if the Parties to the dispute agree, each arbitrator shall meet the qualifications in Paragraph 4; and
- (b) in any other case:
 - (i) each Party to the dispute shall select arbitrators that meet the qualifications set out in either Paragraph 4 or Article 11(9) (Establishment and Re-convening of Arbitral Tribunals) of Chapter 20 (Consultations and Dispute Settlement); and
 - (ii) if the responding Party invokes Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions), the chair of the arbitral tribunal shall meet the qualifications set out in Paragraph 4, unless the Parties to the dispute otherwise agree.

4. In addition to the requirements set out in Article 11.9(b) to (e) (Establishment and Re-convening of Arbitral Tribunals) of Chapter 20 (Consultations and Dispute Settlement), arbitrators in disputes arising under this Chapter shall have expertise or experience in financial services law or practice, which may include the regulation of financial institutions.

5. A Party may request the establishment of an arbitral tribunal pursuant to Article 12.2(c) (Investment Disputes in Financial Services) to consider whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to a claim without having to request consultations under Article 6 (Consultations) of Chapter 20 (Consultations and Dispute Settlement). The arbitral tribunal shall endeavour to present its interim report pursuant to the timeframe in Article 13 (Arbitral Tribunal Procedures) of Chapter 20 (Consultations and Dispute Settlement).

6. If a Party seeks to suspend benefits in the financial

services sector, an arbitral tribunal that reconvenes to make a determination on the proposed suspension of benefits, in accordance with Paragraph 7 and Article 17 (Compensation and Suspension of Concessions or other Obligations) of Chapter 20 (Consultations and Dispute Settlement), shall seek the views of financial services experts, as necessary.

7. In considering what concessions or other obligations to suspend in accordance with Article 17.6 (Compensation and Suspension of Concessions or other Obligations) of Chapter 20 (Consultations and Dispute Settlement):

- (a) (i) if the measure affects the financial services sector and any other sector or sectors, the Complaining Party may suspend its concessions or other obligations in the financial services sector that have an effect equivalent to the effect of the measure in the financial services sector; and
- (ii) if the measure only affects a sector or sectors other than the financial services sector, the Complaining Party shall not suspend concessions or other obligations in the financial services sector; and¹⁰
- (b) the Complaining Party shall apply the following principles and procedures:
 - (i) the Complaining Party should first seek to suspend concessions or other obligations in the same sector or sectors where the arbitral tribunal has determined nullification or impairment to exist;

¹⁰ Subparagraph (a) shall apply to all Parties except Viet Nam and New Zealand. Subparagraph (b) shall only apply in the event Viet Nam or New Zealand is a Complaining Party or Responding Party, in which case it shall apply to all Parties involved.

- (ii) If the Complaining Party considers that it is not practicable or effective to suspend concessions or other obligations in the same sector or sectors, and that the circumstances are serious enough, it may suspend concessions or other obligations in a different sector or sectors, including the financial services sector. In the notification referred to in Article 17.3 of Chapter 20 (Consultations and Dispute Settlement), the Complaining Party shall also indicate the reasons on which its decision to suspend concessions or other obligations in a different sector or sectors is based; and
- (iii) in applying the principles set out in Subparagraph (b)(i) and (ii), the Complaining Party shall take into account:
 - (A) the trade in the good, the supply of the service or other subject matter in which the arbitral tribunal has found the nullification or impairment, and the importance of that trade to the Complaining Party;
 - (B) that goods, financial services covered under this Annex and services other than such financial services covered under Chapter 8 (Trade in Services), are each distinct subject matters; and
 - (C) the broader economic elements related to the nullification or impairment and the broader economic consequences of the suspension of concessions or other obligations.

Article 10

Self-Regulatory Organisations

If a Party requires a financial institution of another Party to be a member of, participate in, or have access to a self-regulatory organisation to provide a financial service in its territory, that Party shall ensure that the self-regulatory organisation observes that Party's obligations under Article 4 (National Treatment) of Chapter 8 (Trade in Services).

Article 11

Payment and Clearing Systems

Under terms and conditions that accord national treatment, each Party shall grant financial institutions of another Party established in its territory access to payment and clearing systems operated by public entities, and to official funding and refinancing facilities available in the normal course of ordinary business. This Article is not intended to confer access to the Party's lender of last resort facilities.¹¹

Article 12

Investment Disputes in Financial Services¹²

1. If an investor of a Party submits a claim to arbitration under Section B of Chapter 11 (Investment) challenging a measure relating to the regulation or supervision of financial institutions, markets or instruments, the expertise or experience of any particular candidate with respect to financial services law or practice shall be taken into account in the appointment of arbitrators to the tribunal.

¹¹ For greater certainty, a Party need not grant access under this Article to a financial institution of another Party established in its territory if such access or treatment is not granted to its own like financial institutions.

¹² This Article shall only apply to measures affecting the supply of financial services through commercial presence in the territory of any one of other Parties in relation to an alleged breach of the obligations referred to in Article 26.2 (Treatment and Protection of Commercial Presence) of Chapter 8 (Trade in Services).

2. If an investor of a Party submits a claim to arbitration under Section B of Chapter 11 (Investment), and the disputing Party invokes Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) as a defence, the following shall apply.

- (a) The disputing Party shall, no later than the date the arbitral tribunal constituted under Chapter 11 (Investment) (“ISDS Tribunal”) fixes for the disputing Party to submit its counter-memorial, or in the case of an amendment to the notice of arbitration, the date the ISDS Tribunal fixes for the disputing Party to submit its response to the amendment, submit in writing to the authorities responsible for financial services of the non-disputing Party, as set out in Article 16 (Contact Points), a request for a joint determination by the authorities of the disputing Party and the non-disputing Party on the issue of whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to the claim. The disputing Party shall promptly provide the ISDS Tribunal, if constituted, and the Parties that are not a party to the investment dispute, a copy of the request. The arbitration may proceed with respect to the claim only as provided in Paragraph 4.¹³
- (b) If, within 14 days of the date of the receipt of a copy of the request for a joint determination, another Party provides a written notice to the disputing Party and the non-disputing Party indicating its substantial interest in the matter subject to the request, that other Party’s authorities responsible for financial services may

¹³ For the purposes of this Article, “joint determination” means a determination by the authorities responsible for financial services of the disputing Party and the non-disputing Party set out in Article 16 (Contact Points). The joint determination shall be made by the authorities responsible for financial services of the disputing Party and the non-disputing Party.

participate in discussions regarding the matter. The joint determination shall be made by the authorities responsible for financial services of the disputing Party and the non-disputing Party.

- (c) The authorities of the disputing Party and the non-disputing Party shall attempt in good faith to make the joint determination specified in Subparagraph (a). Any such determination shall be transmitted promptly to the disputing parties, the Services Committee and, if constituted, to the ISDS Tribunal. The determination shall be binding on the ISDS Tribunal and any decision or award issued by the ISDS Tribunal must be consistent with that determination.

- (d) If the authorities referred to in Subparagraphs (a) and (c) have not made a determination within 150 days of the date of receipt of the disputing Party's written request for a determination under Subparagraph (a), the disputing Party or the non-disputing Party may request the establishment of an arbitral tribunal under Chapter 20 (Consultations and Dispute Settlement) ("Chapter 20 Tribunal") to consider whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to the claim. The Chapter 20 Tribunal shall be constituted in accordance with Article 11 (Establishment and Re-convening of Arbitral Tribunals) of Chapter 20 (Consultations and Dispute Settlement).¹⁴ Further to Article 13.15 and Article 13.16 (Arbitral Tribunal Procedures) of Chapter 20 (Consultations and Dispute Settlement), the Chapter 20 Tribunal shall transmit its final report to the disputing parties.

¹⁴ For greater certainty, the Chapter 20 Tribunal referred to may only determine whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to the claim.

3. The final report of a Chapter 20 Tribunal referred to in Paragraph 2(d) shall be binding on the ISDS Tribunal, and any decision or award issued by the ISDS Tribunal must be consistent with the final report of the Chapter 20 Tribunal.

4. If no request for the establishment of a Chapter 20 Tribunal pursuant to Paragraph 2(d) has been made within 10 days of the expiration of the 150-day period referred to in Paragraph 2(d), the ISDS Tribunal may proceed with respect to the claim.

(a) The ISDS Tribunal shall draw no inference regarding the application of Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) from the fact that the authorities have not made a determination as described in Paragraph 2(a), (c) and (d).

(b) The non-disputing Party may make oral and written submissions to the ISDS Tribunal regarding the issue of whether and to what extent Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) is a valid defence to the claim. Unless it makes such a submission, the non-disputing Party shall be presumed, for the purposes of the arbitration, to take a position on Article 3 (Prudential Measures) or Article 7 (Financial Services Exceptions) that is not inconsistent with that of the disputing Party.

5. For the purposes of this Article, the definitions of the following terms set out in Article 19 (Scope and Definitions) of Chapter 11 (Investment) are incorporated, *mutatis mutandis*: “disputing investor”, “disputing parties”, “disputing Party” and “non-disputing Party”.

- (f) to facilitate innovation and competition, and recognise the importance of enabling the introduction of new financial and electronic payment products and services in a timely manner, such as through adopting regulatory and industry sandboxes.

3. In view of Paragraph 1, the Parties recognise the importance of upholding safety, efficiency, trust and security

in electronic payment systems through regulations, and that to the extent practicable the adoption and enforcement of regulations and policies should be proportionate to the risks undertaken by the payment service providers.

approaches differ market by market, and that each Party may determine how to implement its obligations under this Annex.

2. In this respect, the Parties recognise that a Party may:

4. Notwithstanding Paragraph 3, a Party may take measures that are necessary to ensure the security and confidentiality of messages and to protect the personal information of end users of public telecommunications networks or services, provided that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination or a disguised restriction on trade in services.

² For Viet Nam, networks authorised to establish for the purpose of carrying out, on a non-commercial basis, voice and data telecommunications between members of a closed user group can only directly interconnect with each other where approved in writing by the telecommunications regulatory body. Viet Nam shall ensure that, upon request, an applicant receives the reasons for the denial of an authorisation. Viet Nam shall review this requirement to obtain written approval within two years of the date of entry into force of the Second Protocol.

5. Each Party shall ensure that no condition is imposed on access to and use of public telecommunications networks and services, other than as necessary to:

Treatment by Major Supplier

Each Party shall ensure that a major supplier in its territory accords to suppliers of public telecommunications networks or services of another Party treatment no less favourable than that such major supplier accords in like circumstances to its subsidiaries and affiliates, or non-affiliated service suppliers, regarding:

- (a) the availability, provisioning, rates or quality of like public telecommunications services; and
- (b) the availability of technical interfaces necessary for interconnection.

Article 8
Resale

1. No Party shall prohibit the resale of any public telecommunications service.

2. For greater certainty, Paragraph 1 does not limit the right of a Party to otherwise regulate resale, including the right to license the provision of resale.

3. Each Party may determine, in accordance with its laws and regulations, which public telecommunications services must be offered for resale by a major supplier based on the need to promote competition or to benefit the long-term interests of end users. Where a Party has determined that a service must be offered for resale by a major supplier, that Party shall ensure that any major supplier in its territory does not impose unreasonable or discriminatory conditions or limitations on the resale of that service.

Article 9 Interconnection⁴

Obligations relating to suppliers of public telecommunications networks or services

1. Each Party shall ensure that a supplier of public telecommunications networks or services in its territory provides interconnection with the suppliers of public telecommunications networks or services of another Party.

2. Each Party shall ensure that a supplier of public telecommunications networks or services in its territory does not use or provide commercially sensitive or confidential information of, or relating to, users acquired as a result of interconnection arrangements other than for the purpose of providing these services.

Obligations relating to major suppliers

3. Each Party shall ensure that a major supplier in its territory provides interconnection for the facilities and equipment of suppliers of public telecommunications networks and services of another Party at any technically feasible point in the major supplier's network. Such interconnection shall be provided:

- (a) under non-discriminatory terms, conditions (including technical standards and specifications) and rates;⁵
- (b) of a quality no less favourable than that provided by the major supplier for its own like services, for like services of non-affiliated service suppliers, or for its subsidiaries or other affiliates;

⁴ For greater certainty, the term "interconnection", as used in this Annex, does not include access to unbundled network elements.

⁵ For greater certainty, interconnection rates may be commercially negotiated between suppliers of public telecommunications networks or services.

- (c) on a timely basis, and on terms and conditions (including technical standards and specifications) and at cost-oriented rates that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the supplier of public telecommunications networks or services of another Party need not pay for network components or facilities that it does not require for the services to be provided; and
- (d) upon request, at points in addition to the network termination points offered to the majority of suppliers of public telecommunications networks and services, subject to charges that reflect the cost of construction of necessary additional facilities.

4. Each Party shall ensure that a major supplier in its territory provides suppliers of public telecommunications services of another Party with the opportunity to interconnect their facilities and equipment with those of the major supplier through at least one of the following options:

- (a) a reference interconnection offer approved by the Party's telecommunications regulatory body or any other interconnection offer containing the rates, terms and conditions that the major supplier offers generally to suppliers of public telecommunications services;
- (b) the terms and conditions of an interconnection agreement that is in effect; or
- (c) a new interconnection agreement through commercial negotiation.

5. Each Party shall ensure that the procedures applicable for interconnection to a major supplier are made publicly available.

6. Each Party shall ensure that a major supplier in its territory makes publicly available either its interconnection agreements or reference interconnection offer or any other interconnection offer.

Article 10

Provisioning and Pricing of Leased Circuit Services

Each Party shall ensure that a major supplier in its territory provides suppliers of public telecommunications networks or services of another Party with leased circuit services that are public telecommunications services, on a timely basis, and on terms and conditions and at rates that are reasonable, non-discriminatory and transparent.

Article 11

Co-location

1. Each Party shall ensure that a major supplier which has control over essential facilities in its territory allows suppliers of public telecommunications networks or services of another Party physical co-location of their equipment necessary for interconnection on a timely basis, and on terms and conditions (including technical feasibility and space availability where applicable) and at rates that are reasonable, non-discriminatory and transparent.

2. Where physical co-location is not practical for technical reasons or because of space limitations, each Party shall endeavour to ensure that a major supplier in its territory provides an alternative solution, on a timely basis, and on terms and conditions and at rates that are reasonable, non-discriminatory and transparent.

3. A Party may determine, in accordance with its laws and regulations, which premises owned or controlled by major suppliers in its territory are subject to Paragraphs 1 and 2, having regard to factors such as the state of competition in the market where co-location is required, and whether such

premises can feasibly be economically or technically substituted in order to provide a competing service.

Article 12

Independent Telecommunications Regulatory Body

1. Each Party shall ensure that its telecommunications regulatory body is separate from, and not accountable to, any supplier of public telecommunications services.

2. Each Party shall ensure that the regulatory decisions of, and the procedures used by, its telecommunications regulatory body are impartial with respect to all market participants.

Article 13

Universal Service

Each Party has the right to define the kind of universal service obligations it wishes to maintain. Such obligations shall not be regarded as anti-competitive *per se*, provided that they are administered in a transparent, non-discriminatory and competitively neutral manner, and are not more burdensome than necessary for the kind of universal service defined by the Party.

Article 14

Licensing

1. Where a licence is required for the supply of public telecommunications networks or services, the Party shall ensure the public availability of:
 - (a) all the licensing criteria and procedures that it applies;⁶

⁶ For greater certainty, this Subparagraph includes any fee for applying for or obtaining a licence.

- (b) the period of time that it normally requires to reach a decision concerning an application for a licence; and
 - (c) the general terms and conditions of a licence.
2. The Party shall notify an applicant of the outcome of its application without undue delay after a decision has been taken.
3. The Party shall ensure that, upon request, an applicant or a licensee is provided with the reasons for the:
- (a) denial of a licence;
 - (b) imposition of supplier-specific conditions on a licence;
 - (c) refusal to renew a licence; or
 - (d) revocation of a licence.

Article 15

Allocation and Use of Scarce Resources

1. Each Party shall administer its procedures for the allocation and use of scarce resources related to telecommunications, including frequencies and numbers, in an objective, timely, transparent and non-discriminatory manner.

Spectrum

2. Each Party shall make publicly available the current state of allocated frequency bands, but shall not be required to provide detailed identification of frequencies allocated for specific government uses.

3. For greater certainty, a Party's measures allocating and assigning spectrum and managing frequency are not measures that are *per se* inconsistent with Article 5 (Market Access) of Chapter 8 (Trade in Services). Accordingly, each Party retains the right to establish and apply spectrum and frequency management policies that may have the effect of limiting the number of suppliers of public telecommunications networks or services, provided that the Party does so in a manner consistent with other provisions of Chapter 8 (Trade in Services). Such right includes the ability to allocate frequency bands, taking into account current and future needs and spectrum availability.

4. When making a spectrum allocation for commercial telecommunications services, each Party shall endeavour to rely on an open and transparent process that considers the public interest, including the promotion of competition. Each Party shall endeavour to rely generally on market-based approaches in assigning spectrum for terrestrial commercial telecommunications services, if appropriate. In this regard, each Party may use mechanisms such as auctions, administrative incentive pricing or unlicensed use, if appropriate, to assign spectrum for commercial use.

Numbers

5. Each Party shall ensure that a supplier of public telecommunications networks or services of another Party established in the territory of the former Party is afforded access to telephone numbers in a non-discriminatory manner.

Article 16 Transparency

1. Each Party shall endeavour to ensure that when its telecommunications regulatory body seeks input on a proposal for a law or regulation, that body provides relevant suppliers of public telecommunications networks or services

of another Party operating in its territory an opportunity to comment.

2. Each Party shall ensure that relevant information on conditions affecting access to and use of public telecommunications networks or services is publicly available, including:

- (a) tariffs and other terms and conditions of service;
- (b) specifications of technical interfaces with such networks and services;
- (c) information on bodies responsible for the preparation and adoption of standards affecting such access and use;
- (d) conditions for attaching terminal or other equipment; and
- (e) requirements for notification or licensing, if any.

Article 17 **Relation to International Organisations**

The Parties recognise the importance of international standards for global compatibility and inter-operability of telecommunications networks and services and undertake to promote such standards through the work of relevant international bodies, including the International Telecommunication Union and the International Organization for Standardization.

Article 18 **International Submarine Cable Systems**

1. Where a Party has authorised a supplier of public telecommunications networks or services in its territory to operate an international submarine cable system as a public

telecommunications network or service, that Party shall ensure that such supplier accords the suppliers of public telecommunications networks or services of another Party reasonable and non-discriminatory treatment for access to the international submarine cable system.^{7, 8, 9}

2. The Parties shall endeavour to share information and co-operate on initiatives and partnerships relating to the protection, resilience, enhancement and effectiveness of international submarine cable systems, in accordance with each Party's laws and regulations.

Article 19

Unbundling of Network Elements

1. Each Party shall endeavour to ensure that a major supplier in its territory offers access to network elements on an unbundled basis on terms and conditions that are reasonable, non-discriminatory and transparent for the supply

⁷ For greater certainty, a Party may determine the point at which access to the international submarine cable system is to be provided.

⁸ For greater certainty, this Article does not prohibit a Party from requiring a supplier of public telecommunications networks or services to comply with relevant measures including licensing requirements, provided that such measures are not used as a means of avoiding the Party's obligations under this Article.

⁹ For Viet Nam:

- (a) this Article shall only apply to the international submarine cable landing stations in its territory;
- (b) this Article shall only apply to a major supplier that owns, controls or operates the international submarine cable system including landing stations in its territory;
- (c) co-location for international submarine cable landing stations owned, controlled or operated by the major supplier in its territory shall exclude physical co-location; and
- (d) this Article does not prohibit Viet Nam from requiring a supplier of public telecommunications networks or services to comply with relevant measures, including licensing requirements, provided that such measures are not used as a means of preventing access to the international submarine cable system.

of public telecommunications services. A Party may determine the network elements required to be made available in its territory, and the suppliers that may obtain those elements, in accordance with its laws and regulations.¹⁰

2. When determining the unbundled network elements required to be made available in its territory, a Party may take into account factors such as the competitive effect of lack of access and whether the facilities or network elements can be substituted in an economically or technically feasible manner in order to provide a competing service.

Article 20

Access to Poles, Ducts, and Conduits

1. Each Party shall endeavour to ensure that a major supplier in its territory provides access to poles, ducts, conduits or any other structures as determined by the Party, owned or controlled by the major supplier, to suppliers of public telecommunications services of another Party in the Party's territory, on a timely basis, and on terms and conditions and at rates that are reasonable, non-discriminatory and transparent, subject to technical feasibility.

2. A Party may determine, in accordance with its laws and regulations, the poles, ducts, conduits or any other structures to which it requires major suppliers in its territory to provide access in accordance with Paragraph 1. When the Party makes this determination, it shall take into account factors such as the competitive effect of lack of such access, whether such structures can be substituted in an economically or technically feasible manner in order to provide a competing service, or other specified public interest factors.

¹⁰ For greater certainty, consistent with Article 3 (Approaches to Regulation), a Party may determine the manner in which it implements its obligations under this Article.

Article 21
Flexibility in the Choice of Technology

1. No Party shall prevent suppliers of public telecommunications networks or services from having the flexibility to choose the technologies that they use to supply their services.
2. Notwithstanding Paragraph 1, a Party may apply a measure that limits the technologies that a supplier of public telecommunications networks or services may use to supply its services, provided that the measure is designed to achieve a legitimate public policy objective and is not prepared, adopted or applied in a manner that creates unnecessary obstacles to trade.

Article 22
International Mobile Roaming

1. The Parties shall endeavour to co-operate on promoting transparent and reasonable rates for international mobile roaming services that can help promote the growth of trade among the Parties and enhance consumer welfare.
2. A Party may take steps to enhance transparency and competition with respect to international mobile roaming services, such as:
 - (a) ensuring that information regarding retail rates is easily accessible to consumers; and
 - (b) minimising impediments to roaming, whereby consumers when visiting the territory of a Party from the territory of another Party can access telecommunications services using the device of their choice.
3. The Parties recognise that a Party, where it has the authority to do so, may choose to promote competition with

respect to international mobile roaming rates including through commercial arrangements, or to adopt or maintain measures affecting rates for wholesale or retail international roaming services with a view to ensuring that the rates are reasonable. If a Party considers it appropriate, it may co-operate on and implement mechanisms with other Parties to facilitate the implementation of those measures, including by entering into arrangements with those Parties.

4. If a Party (the “first Party”) chooses to regulate rates or conditions for wholesale or retail international mobile roaming services, it shall ensure that a supplier of public telecommunications services of another Party (the “second Party”) has access to the regulated rates or conditions for wholesale or retail international mobile roaming services for its customers roaming in the territory of the first Party if the second Party has entered into an arrangement with the first Party to reciprocally regulate rates or conditions for wholesale or retail international mobile roaming services for suppliers of the two Parties.¹¹ The first Party may require suppliers of the second Party to fully utilise commercial negotiations to reach agreement on the terms for accessing such rates or conditions.

¹¹ For greater certainty:

- (a) no Party shall, solely on the basis of any obligations owed to it by the first Party under a most-favoured-nation provision, or under a telecommunications-specific non-discrimination provision, in any international trade agreement, seek or obtain for its suppliers the access to regulated rates or conditions for wholesale or retail international mobile roaming services that is provided under this Article; and
- (b) access to the rates or conditions regulated by the first Party shall be available to a supplier of the second Party only if the regulated rates or conditions are reasonably comparable to those reciprocally regulated under the arrangement. The telecommunications regulatory body of the first Party shall, in the case of a disagreement, determine whether the rates or conditions are reasonably comparable. For the purposes of this footnote, “rates or conditions that are reasonably comparable” means rates or conditions agreed to be such by the relevant suppliers or, in the case of a disagreement, determined to be such by the telecommunications regulatory body of the first Party.

5. A Party that ensures access to regulated rates or conditions for wholesale or retail international mobile roaming services in accordance with Paragraph 4 shall be deemed to be in compliance with Article 9 (Most-Favoured-Nation Treatment) of Chapter 8 (Trade in Services), Article 4 (Access and Use), and Article 7 (Treatment by Major Suppliers), with respect to international mobile roaming services.

6. Nothing in this Article shall require a Party to regulate rates or conditions for international mobile roaming services.

Article 23

Resolution of Telecommunications Disputes

1. Each Party shall ensure that a supplier of public telecommunications networks or services of another Party may have timely recourse to its telecommunications regulatory body or dispute resolution body to resolve disputes arising under this Annex in accordance with its laws and regulations.

2. Each Party shall ensure that any supplier of public telecommunications networks or services aggrieved by a final determination or decision of its relevant telecommunications regulatory body may obtain a review of such determination or decision in accordance with its laws and regulations.

3. No Party shall permit the making of an application for review to constitute grounds for non-compliance with the determination or decision of its telecommunications regulatory body, unless its relevant body determines otherwise.

4. Each Party shall ensure that relevant information or relevant laws and regulations relating to the

telecommunications dispute resolution process, as set out in Paragraphs 1 and 2, is made publicly available.¹²

¹² For Viet Nam, the relevant information or relevant laws and regulations relating to the telecommunications dispute resolution process are set out in the Law on Telecommunications and related regulations. Viet Nam shall endeavour to ensure that information or laws and regulations relating to the resolution of other telecommunications disputes is made publicly available, where possible.

ANNEX 8C

PROFESSIONAL SERVICES

Objectives

1. The objectives of this Annex are to:
 - (a) encourage the development of systems for the recognition of professional qualifications, licensing or registration of professionals;
 - (b) encourage collaboration between accreditation, regulatory and professional bodies of two or more Parties to share knowledge and expertise in advancing the development of best practice in the accreditation and regulation of professions; and
 - (c) encourage professions to engage in advancing the liberalisation of international trade in professional services.

Principles for the Regulation of Professional Services

2. The Parties recognise that professional services play an essential role in facilitating trade and investment across both goods and services sectors and in promoting economic growth and business confidence.

3. Subject to each Party's services-related commitments in Annex 2 (Schedules of Specific Commitments for Services) or Annex 3 (Schedules of Reservations and Non-Conforming Measures for Investment and Services) and where there is mutual interest to do so, each Party shall encourage its relevant bodies to consider exploring the possibility of providing a framework that may include one or more of the following elements, subject to its laws and regulations:

- (a) permits professionals of another Party visiting the host Party on a temporary basis for business purposes to provide professional services on the basis of their right to provide those services in their home territory;
- (b) provides for, where relevant, the application of local ethical, conduct and disciplinary standards to professionals of another Party in a manner that is no more burdensome for professionals of another Party than the requirements imposed on professionals of the host Party in that professional services sub-sector;
- (c) has sufficient flexibility, where professional indemnity insurance available to local professionals cannot be accessed by professionals of other Parties in the host Party, to provide a right for professionals of other Parties to either use their home-country professional indemnity insurance or disclose to clients their status as a professional of another Party and the extent of their professional indemnity insurance or that they lack such insurance;
- (d) allows for all modes of providing professional services to be accommodated, including:
 - (i) on a temporary fly-in, fly-out basis;
 - (ii) on a cross-border basis through the use of telecommunications technology;
 - (iii) by establishing a commercial presence; and
 - (iv) through a combination of fly-in, fly-out and one or both of the other modes listed in Sub-subparagraphs (ii) and (iii);

- (e) permits professionals of another Party or Parties and of the host Party to work together in the delivery of professional services; and
- (f) permits professional services firms of another Party or other Parties, subject to the host Party's laws and regulations on the use of firm names, to use a firm name of their choice.

4. Each Party may consider, if feasible, implementing without the need for further written examination, procedures for the temporary, limited or project-specific licensing of professional service suppliers of another Party or other Parties. Such a regime should not operate to prevent a professional of another Party from gaining a local licence once that professional satisfies the applicable local licensing requirements.

Recognition of Professional Qualifications, Licensing and Registration

5. If access to or pursuit of a profession that is regulated by a relevant body of a host Party is contingent on possession of specific professional qualifications or experience, that host Party shall encourage its relevant bodies to administer relevant systems in a manner that is as transparent and streamlined as possible, and that is not disproportionately complex or burdensome on professional service suppliers of other Parties seeking access to or pursuit of that profession in its jurisdiction.

6. Each Party shall encourage its relevant bodies to negotiate with the relevant bodies of another Party or other Parties on any form of arrangements for the mutual recognition of professional qualifications, licensing or registration in professional services sectors of mutual interest.

7. Each Party shall consult with its relevant bodies to identify professional services where two or more Parties are

mutually interested in establishing dialogue on issues that relate to the recognition of professional qualifications, licensing or registration.

8. Each Party shall encourage its relevant bodies to take into account existing international agreements that relate to professional services in the development of mutual recognition or similar arrangements on the recognition of professional qualifications, licensing or registration.

9. Nothing in this Annex shall prevent a Party from requiring that natural persons seeking to supply a professional service possess the necessary qualifications or professional experience specified in the jurisdiction of the Party where the service is supplied.

Professional Services Working Group

10. The Parties hereby establish a Professional Services Working Group (the “Working Group”) composed of representatives of each Party to advance the objectives of this Annex.

11. The Working Group shall, as appropriate, support the Parties’ relevant professional and regulatory bodies in pursuing the objectives of this Annex. This support may include providing points of contact, facilitating meetings and providing information regarding regulation of professional services in each Party’s territory.

12. The Working Group may consider, particularly with a view to facilitating the adoption of mutual recognition agreements by relevant bodies with limited resources, the development of guidelines for mutual recognition agreements.

13. The Working Group shall endeavour to meet within 12 months of the date of entry into force of the Second Protocol, and thereafter as agreed by the Working Group. For a meeting to be held, at least two Parties must participate. It is not

necessary for representatives of all Parties to participate in order to hold a meeting.

14. The Working Group shall report to the FTA Joint Committee on its progress and on the future direction of its work.

15. Decisions of the Working Group shall have effect only in relation to those Parties that participated in the meeting at which the decision was taken, except if:

- (a) otherwise agreed by all Parties; or
- (b) a Party that did not participate in the meeting requests to be covered by the decision and all Parties originally covered by the decision agree.

ANNEX 8D

EDUCATION SERVICES CO-OPERATION

1. The Parties recognise that education services play an important role in facilitating trade and investment, enhancing growth and prosperity, and deepening mutual understanding and institutional and people-to-people links among the Parties.

2. The Parties shall encourage co-operation on education services in areas of mutual interest, as appropriate and in accordance with each Party's laws and regulations, including in the following areas:

- (a) the development of qualification systems and quality assurance processes;
- (b) the recognition of qualifications;
- (c) digital education, blended learning and other diverse forms of education delivery;
- (d) greater and more accessible student mobility by establishing mechanisms and procedures supporting the recognition and transfer of academic credits; or
- (e) any other area of co-operation in education that may be mutually determined by the Parties.

3. Subject to mutual agreement and in accordance with each Party's laws and regulations, the Parties shall encourage, as appropriate, co-operation between their respective government agencies, educational institutions, organisations and other entities, and the conclusion of arrangements between such bodies to co-operate in the areas referred to in Paragraph 2. This co-operation may be achieved through:

- (a) the development of collaborative training, research and development initiatives, technology transfer and joint ventures between appropriate entities;
- (b) the creation of adult education and lifelong learning opportunities to meet the emerging learning needs of adult learners that can be jointly delivered by educational institutions;
- (c) the implementation of capacity-building programmes, networking and linkages initiatives, and policy-development activities that will facilitate the establishment of transnational higher education (“TNHE”) and TNHE quality assurance to deliver quality programmes by institutions;
- (d) the exchange of teaching staff, administrators, researchers and students by educational institutions;
- (e) academic credit transfer and the recognition of academic and vocational education and training qualifications between educational and training institutions;
- (f) strengthening networks and co-operation for internships in companies or workplaces in a Party that are accessible to the students of other Parties;
- (g) building an ecosystem for the use of open online courses, online and distance learning resources and micro-credentials;
- (h) the development of information sharing mechanisms between national information centres and government entities, including through multilateral and regional fora, as appropriate, to facilitate qualifications recognition; or

- (i) the promotion of exchanges of information on:
 - (i) scholarships, awards, fellowships and other study opportunities in each Party;
 - (ii) education systems and standards, including quality assurance arrangements;
 - (iii) the recognition of qualifications by multilateral and regional fora; or
 - (iv) any other form of exchanges of information that may be mutually determined by the relevant Parties.

4. Co-operation carried out pursuant to this Annex shall be subject to the availability of funds and resources of the relevant Parties and shall be funded as mutually determined by them.

9. Replace Chapter 9 (Movement of Natural Persons) with:

Article 2 Scope

1. This Chapter shall apply, as set out in each Party's schedule of specific commitments in Annex 4 (Schedules of Specific Commitments on the Movement of Natural Persons), to measures affecting the temporary entry of natural persons of a Party into the territory of another Party. Such persons may include:

- (a) business visitors;
- (b) installers and servicers;

- (c) executives of a business headquartered in a Party establishing a branch or subsidiary, or other commercial presence of that business in another Party;
- (d) intra-corporate transferees; or

2. This Chapter shall not apply to measures affecting natural persons seeking access to the employment market of another Party, nor shall it apply to measures regarding citizenship, residence or employment on a permanent basis.

3. Nothing in this Agreement shall prevent a Party from applying measures to regulate the entry of natural persons of another Party into, or their temporary stay in, its territory, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders, provided that those measures are not applied in a manner as to nullify or impair the benefits accruing to any Party under this Chapter.

4. The sole fact that a Party requires natural persons of another Party to obtain an immigration formality shall not be regarded as nullifying or impairing the benefits accruing to any Party under this Chapter.

Article 3 Definitions

For the purposes of this Chapter:

- (a) **granting Party** means a Party who receives an application for temporary entry from a natural person of another Party who is covered by Article 2.1 (Scope);

- (a) follow prescribed application procedures for the immigration formality sought; and
- (b) meet all relevant eligibility requirements for temporary entry into, or extension of temporary stay in, the granting Party.

2. Any fees imposed in respect of the processing of an immigration formality shall be reasonable and in accordance with each Party's laws and regulations.

3. A Party may deny temporary entry or extension of temporary stay to natural persons of another Party who do not comply with Paragraph 1(a) or (b).

4. The sole fact that a Party grants temporary entry to a natural person of another Party pursuant to this Chapter shall not be construed to exempt that natural person from meeting any applicable licensing or other requirements, including any mandatory codes of conduct, to practise a profession or otherwise engage in business activities.

Article 5

Schedules of Specific Commitments on the Movement of Natural Persons

Each Party shall set out in its Schedule in Annex 4 (Schedules of Specific Commitments on the Movement of Natural Persons) its commitments for the temporary entry and temporary stay in its territory of natural persons of another Party covered by Article 2.1 (Scope). These Schedules shall specify the conditions and limitations governing those commitments, including the length of stay, for each category of natural persons included therein.

Article 6

Article 7 Transparency

1. Each Party shall:
- (a) publish or otherwise make publicly available explanatory material on all relevant immigration formalities which pertain to or affect the operation of this Chapter;
 - (b) no later than six months after the date of entry into force of this Agreement publish, such as on its immigration website, or otherwise make publicly available in its territory and to persons in the territory of the other Parties, the requirements for temporary entry under this Chapter, including explanatory material and relevant forms and documents that will enable natural persons of other Parties to become acquainted with those requirements;
 - (c) upon modifying or amending any immigration measure that affects the temporary entry of natural persons of another Party, ensure that the information published or otherwise made publicly available pursuant to Subparagraph (b) is updated

as soon as possible within 90 days of the modification or amendment; and

- (b) the natural persons affected have exhausted all available domestic remedies regarding the particular matter.

Article 9

Relation to Other Chapters

1. Nothing in this Agreement shall be construed to impose any obligation on a Party regarding its immigration measures, except for this Chapter, Chapter 1 (Establishment of a Free Trade Area, Objectives and General Definitions), Chapter 19

(Institutional Provisions), Chapter 20 (Consultations and Dispute Settlement) and Chapter 21 (Final Provisions).

2. Nothing in this Chapter shall be construed to impose obligations or commitments with respect to other Chapters of this Agreement.

10. Replace Chapter 10 (Electronic Commerce) with:

5. Subject to Paragraph 6 and the applicable review procedure for an interim award, a disputing party shall abide by and comply with an award without delay.²⁶

²⁶ The Parties understand that there may be domestic legal and administrative processes that need to be observed before an award can be complied with.

6. A disputing party may not seek enforcement of a final award until:

ANNEX 11A

CUSTOMARY INTERNATIONAL LAW

The Parties confirm their shared understanding that “customary international law” generally and as specifically referenced in Article 7 (Treatment of Investment) of Chapter 11 (Investment), including in relation to the customary international law minimum standard of treatment of aliens, results from a general and consistent practice of States that they follow from a sense of legal obligation.

ANNEX 11B

EXPROPRIATION AND COMPENSATION

The Parties confirm their shared understanding that:

1. An action or a series of related actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest¹ in a covered investment.
2. Article 10 (Expropriation and Compensation) of Chapter 11 (Investment) addresses two situations:
 - (a) the first situation is direct expropriation, where a covered investment is nationalised or otherwise directly expropriated through formal transfer of title or outright seizure; and
 - (b) the second situation is where an action or series of related actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.
3. The determination of whether an action or series of related actions by a Party, in a specific fact situation, constitutes an expropriation of the type referred to in Paragraph 2(b) requires a case-by-case, fact-based inquiry that considers among other factors:
 - (a) the economic impact of the government action, although the fact that an action or series of related actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that such an expropriation has occurred;

¹ For the purposes of this Annex, “property interest” refers to such property interest as may be recognised under the laws and regulations of that Party.

- (b) whether the government action breaches the government's prior binding written commitment to the investor, whether by contract, licence or other legal document; and
- (c) the character of the government action, including, its objective and whether the action is disproportionate to the public purpose.²

4. Non-discriminatory regulatory actions by a Party that are designed and applied to achieve legitimate public welfare objectives, such as the protection of public health, safety and the environment do not constitute expropriation of the type referred to in Paragraph 2(b).

² "Public purpose" shall be read with reference to Article 10.1(a) and 10.6 (Expropriation and Compensation) of Chapter 11 (Investment).

6. The Parties to the dispute shall make every effort to reach a mutually satisfactory solution through consultations. To this end, the Parties to the dispute shall:

1. The Complaining Party may request the establishment of an arbitral tribunal to consider the matter if:
 - (a) the Responding Party does not enter into consultations in accordance with Article 6.4 (Consultations); or

2. A request made pursuant to Paragraph 1 shall identify the specific measures at issue and provide details of the factual and legal basis of the complaint (including the provisions of this Agreement to be addressed by the arbitral tribunal) sufficient to present the problem clearly.

3. A copy of all such requests shall be simultaneously provided to all Parties. The Responding Party shall immediately acknowledge receipt of the request by way of notification to all Parties, indicating the date on which the request was received.

4. Where a request is made pursuant to Paragraph 1, an arbitral tribunal shall be established in accordance with Article 11 (Establishment and Re-convening of Arbitral Tribunals).

Article 9 Procedures for Multiple Complainants

1. Where more than one Party requests the establishment of an arbitral tribunal related to the same matter, a single arbitral tribunal may be established to examine these complaints if all of the Parties to the disputes agree. The Parties to the disputes should seek to establish a single arbitral tribunal whenever feasible.

2. The single arbitral tribunal shall organise its examination and present its findings in such a manner that the rights which the Parties to the dispute would have enjoyed had separate arbitral tribunals examined the complaints are in no way impaired.

3. If more than one arbitral tribunal is established to examine the complaints related to the same matter, the Parties to the disputes shall endeavour to ensure that the same persons serve as arbitrators for each arbitral tribunal. The arbitral tribunals shall consult to ensure, to the greatest extent possible, that the timetables for the arbitral tribunal processes are harmonised.

Article 10 Third Parties

1. Any Party having a substantial interest in a matter before an arbitral tribunal may notify the Parties to the dispute of this interest no later than 10 days after the date of receipt by the Responding Party of the request for the establishment of the arbitral tribunal or the date of a request for a Compliance Review Tribunal pursuant to Article 16 (Compliance Review). Such notification shall be simultaneously provided to all Parties. Any Party notifying its substantial interest shall have the rights and obligations of a Third Party.

2. A Third Party shall receive the submissions of the Parties to the dispute to the first substantive meeting of the arbitral tribunal with the Parties to the dispute.

3. A Third Party shall have an opportunity to make at least one written submission to the arbitral tribunal and shall have an opportunity to be heard by the arbitral tribunal at its first substantive meeting with the Parties to the dispute. Any submissions or other documents submitted by Third Parties shall be simultaneously provided to the Parties to the dispute and other Third Parties.

4. The Parties to the dispute may agree to provide additional or supplemental rights to Third Parties regarding participation in arbitral tribunal proceedings. In providing additional or supplemental rights, the Parties to the dispute may impose conditions. Unless otherwise agreed by the Parties to the dispute, the arbitral tribunal shall not grant any

additional or supplemental rights to any Third Parties regarding participation in arbitral tribunal proceedings.

5. If a Third Party considers that a measure already the subject of an arbitral tribunal proceeding nullifies or impairs benefits accruing to it under this Agreement, such Party may have recourse to dispute settlement procedures under this Chapter.

Article 11

Establishment and Re-convening of Arbitral Tribunals

1. An arbitral tribunal requested pursuant to Article 8 (Request for Establishment of Arbitral Tribunals) shall be established in accordance with this Article.

2. Unless the Parties to the dispute otherwise agree, the arbitral tribunal shall consist of three arbitrators. All appointments and nominations of arbitrators under this Article shall conform fully with the requirements in Paragraphs 9 and 10.

3. Within five days of the date of the receipt of a request under Article 8 (Request for Establishment of Arbitral Tribunals), the Parties to the dispute shall enter into consultations with a view to reaching agreement on the procedures for composing the arbitral tribunal, taking into account the factual, technical and legal circumstances of the dispute. The Parties to the dispute may agree to use any of the optional procedures specified in Annex 20B (Optional Procedures for Composing Arbitral Tribunals). Any procedures for composing the arbitral tribunal which are agreed under this Paragraph shall be used for the composition of the arbitral tribunal and shall also be used for the purposes of Paragraphs 12 and 13.

4. If the Parties to the dispute are unable to reach agreement on the procedures for composing the arbitral tribunal within 15 days of the date of the receipt of the request

referred to in Paragraph 3, any Party to the dispute may at any time thereafter notify the other Parties to the dispute that it wishes to use the procedures set forth in Paragraphs 5 to 7. Where such a notification is made, the arbitral tribunal shall be composed in accordance with Paragraphs 5 to 7.

5. The Complaining Party or Parties shall appoint one arbitrator within 10 days of the date of the receipt of the notification referred to in Paragraph 4. The Responding Party shall appoint one arbitrator within 20 days of the date of the receipt of the notification referred to in Paragraph 4.

6. Following the appointment of the arbitrators in accordance with Paragraph 5, the Parties to the dispute shall agree on the appointment of the third arbitrator who shall serve as the chair of the arbitral tribunal. To assist in reaching this agreement, each of the Parties to the dispute may provide to the other Parties to the dispute a list of up to three nominees for appointment as the chair of the arbitral tribunal. If the Parties to the dispute have not agreed on the chair of the arbitral tribunal within 15 days of the appointment of the second arbitrator, the two appointed arbitrators shall designate by common agreement the third arbitrator who shall chair the arbitral tribunal.

7. If all three arbitrators have not been appointed within 45 days of the date of the receipt of the notification referred to in Paragraph 4, any Party to the dispute may request the Director-General of the WTO to make the remaining appointments within a further period of 15 days. Any lists of nominees which were provided under Paragraph 6 shall also be provided to the Director-General of the WTO and may be used in making the required appointments.

8. The date of establishment of the arbitral tribunal shall be the date on which the last arbitrator is appointed.

9. All arbitrators shall:
- (a) have expertise or experience in law, international trade, other matters covered by this Agreement, or the resolution of disputes arising under international trade agreements;
 - (b) be chosen strictly on the basis of objectivity, reliability, and sound judgement;
 - (c) be independent of, and not be affiliated with or take instructions from, any Party to the dispute;
 - (d) not have dealt with the matter in any capacity; and
 - (e) disclose, to the Parties to the dispute, information which may give rise to justifiable doubts as to their independence or impartiality.

10. Unless the Parties to the dispute otherwise agree, arbitrators shall not be nationals of a Party to the dispute. In addition, the chair of arbitral tribunal shall not have his or her usual place of residence in the territory of a Party to the dispute.

11. Arbitrators shall serve in their individual capacities and not as government representatives, nor as representatives of any organisation. Parties shall not give them instructions nor seek to influence them as individuals with regard to matters before an arbitral tribunal.

12. If an arbitrator appointed under this Article resigns or becomes unable to act, a successor arbitrator shall be appointed in the same manner as prescribed for the appointment of the original arbitrator and shall have all the powers and duties of the original arbitrator. The work of the arbitral tribunal shall be suspended during the appointment of the successor arbitrator.

13. Where an arbitral tribunal is re-convened under Article 16 (Compliance Review) or Article 17 (Compensation and Suspension of Concessions or other Obligations) the re-convened arbitral tribunal shall, where possible, have the same arbitrators as the original arbitral tribunal. Where this is not possible, the replacement arbitrator(s) shall be appointed in the same manner as prescribed for the appointment of the original arbitrator(s), and shall have all the powers and duties of the original arbitrator(s).

Article 12

Functions of Arbitral Tribunals

1. An arbitral tribunal shall make an objective assessment of the matter before it, including an objective assessment of:

2. An arbitral tribunal shall have the following terms of reference unless the Parties to the dispute agree otherwise within 20 days from the date of the establishment of an arbitral tribunal:

“To examine, in the light of the relevant provisions of this Agreement, the matter referred to in the request for establishment of an arbitral tribunal made pursuant to Article 8 (Request for Establishment of Arbitral Tribunals), and to make such findings and if applicable, suggestions provided for in this Agreement.”

The arbitral tribunal shall make its findings in accordance with this Agreement.

3. The arbitral tribunal shall set out in its report:
 - (a) a descriptive section summarising the arguments of the Parties to the dispute and Third Parties;
 - (b) its findings on the facts of the case and on the applicability of the provisions of this Agreement;
 - (c) its findings on whether the Responding Party has failed to carry out its obligations under this Agreement; and
 - (d) its reasons for its findings in Subparagraphs (b) and (c).

4. In addition to Paragraph 3, an arbitral tribunal may include in its report any other findings jointly requested by the Parties to the dispute. The arbitral tribunal may suggest ways in which the Responding Party could implement the findings.

5. Unless the Parties to the dispute otherwise agree, an arbitral tribunal shall base its report solely on the relevant provisions of this Agreement and the submissions and arguments of the Parties to the dispute. An arbitral tribunal shall only make the findings and suggestions provided for in this Agreement.

6. The interests of Third Parties and those of other Parties shall be fully taken into account during the arbitral tribunal proceedings. Third Parties' submissions shall be reflected in the report of the arbitral tribunal.

7. The findings and suggestions of the arbitral tribunal cannot add to or diminish the rights and obligations provided in this Agreement or any other international agreement.

8. The arbitral tribunal shall consult regularly the Parties to the dispute and provide adequate opportunities for the development of a mutually satisfactory solution to the dispute.

9. An arbitral tribunal re-convened under this Chapter shall also carry out functions with regard to compliance review under Article 16 (Compliance Review) and review of level of suspension of concessions or other obligations under Article 17 (Compensation and Suspension of Concessions or other Obligations). Paragraphs 1 to 3 shall not apply to an arbitral tribunal re-convened under Article 16 (Compliance Review) and Article 17 (Compensation and Suspension of Concessions or other Obligations).

10. An arbitral tribunal shall make its findings by consensus provided that where an arbitral tribunal is unable to reach consensus it may make its findings by majority vote.

Article 13 **Arbitral Tribunal Procedures**

1. An arbitral tribunal established pursuant to Article 11 (Establishment and Re-convening of Arbitral Tribunals) shall adhere to this Chapter. The arbitral tribunal shall apply the rules of procedure set out in Annex 20A (Rules of Procedure for Arbitral Tribunal Proceedings) (the “Rules of Procedure Annex”) unless the Parties to the dispute agree otherwise. On the request of a Party to the dispute, or on its own initiative, the arbitral tribunal may, after consulting the Parties to the dispute, adopt additional rules of procedure which do not conflict with the provisions of this Chapter or with the Rules of Procedure Annex.

2. An arbitral tribunal re-convened under Article 16 (Compliance Review) or Article 17 (Compensation and Suspension of Concessions or other Obligations) may establish its own procedures which do not conflict with this Chapter or the Rules of Procedure Annex, in consultation with

the Parties to the dispute, drawing as it deems appropriate from this Chapter or the Rules of Procedure Annex.

Timetable

3. After consulting the Parties to the dispute, an arbitral tribunal shall, as soon as practicable and whenever possible within 15 days after the establishment of the arbitral tribunal, fix the timetable for the arbitral tribunal process. The arbitral tribunal process, from the date of establishment until the date of the final report shall, as a general rule, not exceed the period of nine months, unless the Parties to the dispute agree otherwise.

4. Similarly, a Compliance Review Tribunal re-convened pursuant to Article 16 (Compliance Review) shall, as soon as practicable and whenever possible within 15 days after re-convening, fix the timetable for the compliance review process taking into account the time periods specified in Article 16 (Compliance Review).

Arbitral Tribunal Proceedings

5. Arbitral tribunal proceedings should provide sufficient flexibility so as to ensure high-quality reports, while not unduly delaying the arbitral tribunal process.

6. Arbitral tribunal deliberations shall be confidential. The Parties to the dispute and Third Parties shall be present only when invited by the arbitral tribunal to appear before it. An arbitral tribunal shall hold its hearings in closed session unless the Parties to the dispute agree otherwise. All presentations and statements made at hearings shall be made in the presence of the Parties to the dispute. There shall be no *ex parte* communications with the arbitral tribunal concerning matters under consideration by it.

Submissions

7. Each Party to the dispute shall have an opportunity to set out in writing the facts of its case, its arguments and counter arguments. The timetable fixed by the arbitral tribunal shall include precise deadlines for submissions by the Parties to the dispute and Third Parties.

Hearings

8. The timetable fixed by the arbitral tribunal shall provide for at least one hearing for the Parties to the dispute to present their case to the arbitral tribunal. As a general rule, the timetable shall not provide more than two hearings unless special circumstances exist.

9. The venue for hearings shall be decided by mutual agreement between the Parties to the dispute. If there is no agreement, the venue shall alternate between the capitals of the Parties to the dispute with the first hearing to be held in the capital of the Responding Party.

Confidentiality

10. Written submissions to the arbitral tribunal shall be treated as confidential, but shall be made available to the Parties to the dispute. No Party to the dispute shall be precluded from disclosing statements of its own positions to the public provided that there is no disclosure of information which has been designated as confidential by a Party to the dispute or Third Party. The Parties to the dispute, Third Parties and the arbitral tribunal shall treat as confidential information submitted by a Party to the dispute to the arbitral tribunal which that Party has designated as confidential. A Party to the dispute shall upon request of a Party, provide a non-confidential summary of the information contained in its written submissions that could be disclosed to the public.

Additional Information and Technical Advice

11. The Parties to the dispute and Third Parties shall respond promptly and fully to any request by an arbitral tribunal for such information as the arbitral tribunal considers necessary and appropriate.

12. An arbitral tribunal may seek information and technical advice from any individual or body which it deems appropriate. However, before doing so the arbitral tribunal shall seek the views of the Parties to the dispute. Where the Parties to the dispute agree that the arbitral tribunal should not seek the additional information or technical advice, the arbitral tribunal shall not proceed. The arbitral tribunal shall provide the Parties to the dispute with any information or technical advice it receives and an opportunity to provide comments.

Report

13. The arbitral tribunal shall provide to the Parties to the dispute an interim report, meeting the requirements specified in Article 12.3 (Functions of Arbitral Tribunals).

14. The interim report shall be provided at least four weeks before the deadline for completion of the final report. The arbitral tribunal shall accord adequate opportunity to the Parties to the dispute to review the entirety of its interim report prior to its finalisation and shall include a discussion of any comments made by the Parties to the dispute in its final report.

15. The interim and final report of the arbitral tribunal shall be drafted without the presence of the Parties to the dispute. Opinions expressed in the report of the arbitral tribunal by its individual members shall be anonymous.

16. The arbitral tribunal shall provide its final report to all other Parties seven days after the report is presented to the Parties to the dispute, and at any time thereafter a Party to the dispute may make the report publicly available subject to the

protection of any confidential information contained in the report.

Article 14
Suspension and Termination of Proceedings

1. The Parties to the dispute may agree that the arbitral tribunal suspend its work at any time for a period not exceeding 12 months from the date of such agreement. Within this period, the suspended arbitral proceeding shall be resumed upon the request of any Party to the dispute. If the work of the arbitral tribunal has been continuously suspended for more than 12 months, the authority for establishment of the arbitral tribunal shall lapse unless the Parties to the dispute agree otherwise.

2. The Parties to the dispute may agree to terminate the proceedings of an arbitral tribunal in the event that a mutually satisfactory solution to the dispute has been found.

3. Before the arbitral tribunal presents its final report, it may at any stage of the proceedings propose to the Parties to the dispute that the dispute be settled amicably.

4. The Parties to the dispute shall notify the other Parties that the arbitral tribunal has been suspended, terminated or its authority has lapsed pursuant to Paragraph 1.

SECTION D

Implementation Provisions

Article 15
Implementation

1. Where an arbitral tribunal finds that the Responding Party has failed to carry out its obligations under this Agreement, the Responding Party shall comply with its obligations under this Agreement.

2. Within 30 days of the date of the presentation of the arbitral tribunal's final report to the Parties to the dispute, the Responding Party shall notify the Complaining Party:

- (a) of its intentions with respect to implementation, including an indication of possible actions it may take to comply with the obligation in Paragraph 1;
- (b) whether such implementation can take place immediately; and
- (c) if such implementation cannot take place immediately, the reasonable period of time the Responding Party would need to implement.

3. If it is impracticable to comply immediately with the obligation in Paragraph 1, the Responding Party shall have a reasonable period of time to do so.

4. If a reasonable period of time is required, it shall, whenever possible, be mutually agreed by the Parties to the dispute. Where the Parties to the dispute are unable to agree on the reasonable period of time within 45 days of the date of the presentation of the arbitral tribunal's final report to the Parties to the dispute, any Party to the dispute may request that the chair of the arbitral tribunal determine the reasonable period of time. Unless the Parties to the dispute otherwise agree, such requests shall be made no later than 120 days from the date of the presentation of the arbitral tribunal's final report to the Parties to the dispute.

5. Where a request is made pursuant to Paragraph 4, the chair of the arbitral tribunal shall present the Parties to the dispute with a report containing a determination of the reasonable period of time and the reasons for such determination within 45 days of the date of the request.

6. As a guideline, the reasonable period of time determined by the chair of the arbitral tribunal should not exceed 15

months from the date of the presentation of the arbitral tribunal's final report to the Parties to the dispute. However, such reasonable period of time may be shorter or longer, depending upon the particular circumstances.

Article 16 Compliance Review

1. Where the Parties to the dispute disagree on the existence or consistency with this Agreement of measures taken to comply with the obligation in Article 15.1 (Implementation), such dispute shall be decided through recourse to an arbitral tribunal re-convened for this purpose (Compliance Review Tribunal).³ Unless otherwise specified in this Chapter, a Compliance Review Tribunal may be convened at the request of any Party to the dispute.

2. Such request may only be made after the earlier of:

- (a) the expiry of the reasonable period of time; or
- (b) a notification to the Complaining Party by the Responding Party that it has complied with the obligation in Article 15.1 (Implementation).

3. A Compliance Review Tribunal shall make an objective assessment of the matter before it, including an objective assessment of:

- (a) the factual aspects of any implementation action taken by the Responding Party; and
- (b) whether the Responding Party has complied with the obligation in Article 15.1 (Implementation).

4. The Compliance Review Tribunal shall set out in its report:

³ Consultations under Article 6 (Consultations) are not required for these procedures.

- (a) a descriptive section summarising the arguments of the Parties to the dispute and Third Parties;
- (b) its findings on the factual aspects of the case; and
- (c) its findings on whether the Responding Party has complied with the obligation in Article 15.1 (Implementation).

5. The Compliance Review Tribunal shall, where possible, provide its interim report to the Parties to the dispute within 75 days of the date it re-convenes, and its final report 15 days thereafter. When the Compliance Review Tribunal considers that it cannot provide either report within the relevant timeframe, it shall inform the Parties to the dispute in writing of the reasons for the delay together with an estimate of the period within which it will submit the report.

6. Where an arbitral tribunal is requested to re-convene pursuant to Paragraph 1, it shall re-convene within 15 days of the date of the request. The period from the date of the request for the arbitral tribunal to re-convene to the submission of its final report shall not exceed 120 days, unless Article 11.12 (Establishment and Re-convening of Arbitral Tribunals) applies or the Parties to the dispute otherwise agree.

Article 17

Compensation and Suspension of Concessions or other Obligations

1. Compensation and the suspension of concessions or other obligations are temporary measures available in the event that the Responding Party does not comply with its obligation under Article 15.1 (Implementation). However, neither compensation nor the suspension of concessions or other obligations is preferred to compliance with the obligation under Article 15.1 (Implementation). Compensation is voluntary and, if granted, shall be consistent with this Agreement.

2. Where either of the following circumstances exists:
 - (a) the Responding Party has notified the Complaining Party that it does not intend to comply with the obligation in Article 15.1 (Implementation); or
 - (b) a failure to comply with the obligation in Article 15.1 (Implementation) has been established in accordance with Article 16 (Compliance Review),

the Responding Party shall, if so requested by the Complaining Party, enter into negotiations with a view to developing mutually acceptable compensation.

3. If no satisfactory compensation has been agreed within 30 days of the date of a request made under Paragraph 2, the Complaining Party may at any time thereafter notify the Responding Party and the other Parties that it intends to suspend the application to the Responding Party of concessions or other obligations equivalent to the level of nullification and impairment, and shall have the right to begin suspending concessions or other obligations 30 days after the date of receipt of the notification.

4. The right to suspend concessions or other obligations arising under Paragraph 3 shall not be exercised where:

- (a) a review is being undertaken pursuant to Paragraph 8; or
- (b) a mutually agreed solution has been reached.

5. A notification made under Paragraph 3 shall specify the level of concessions or other obligations that the Complaining Party proposes to suspend, and the relevant Chapter and sector(s) which the concessions or other obligations are related to.

6. In considering what concessions or other obligations to suspend, the Complaining Party shall apply the following principles:

- (a) the Complaining Party should first seek to suspend concessions or other obligations in the same sector or sectors as that affected by the measure; and
- (b) the Complaining Party may suspend concessions or other obligations in other sectors if it considers that it is not practicable or effective to suspend concessions or other obligations in the same sector.

7. The level of suspending concessions or other obligations shall be equivalent to the level of nullification and impairment.

8. Within 30 days from the date of receipt of a notification made under Paragraph 3, if the Responding Party objects to the level of suspension proposed or considers that the principles set forth in Paragraph 6 have not been followed, the Responding Party may request the arbitral tribunal to re-convene to make findings on the matter. The arbitral tribunal shall provide its assessment to the Parties to the dispute within 30 days of the date it re-convenes. Where an arbitral tribunal is requested to re-convene pursuant to this Paragraph, it shall re-convene within 15 days of the date of the request, unless Article 11.12 (Establishment and Re-convening of Arbitral Tribunals) applies.

9. The suspension of concessions or other obligations shall be temporary and shall only be applied until such time as the obligation in Article 15.1 (Implementation) has been complied with or a mutually satisfactory solution is reached.

10. Where the right to suspend concessions or other obligations has been exercised under this Article, if the Responding Party considers that:

- (a) the level of concessions or other obligations suspended by the Complaining Party is not equivalent to the level of the nullification and impairment; or
- (b) it has complied with the obligation in Article 15.1 (Implementation),

it may request the arbitral tribunal to re-convene to examine the matter.⁴

11. Where the arbitral tribunal re-convenes pursuant to Paragraph 10(a), Paragraph 8 shall apply. Where the arbitral tribunal re-convenes pursuant to Paragraph 10(b), Article 16.3 to 16.5 (Compliance Review) shall apply.
