Objectives of the Department of the House of Representatives

The Department is one of four parliamentary Departments supporting the Australian Parliament. It is a not-for-profit entity. The Department provides services to support the efficient conduct of the House of Representatives, its committees and certain joint committees as well as a range of services for Members in Parliament House.

The Department is structured to meet one outcome:

Advisory and administrative services support the House of Representatives to fulfil its representative and legislative role.

The continued existence of the Department in its present form is dependent on continuing appropriations by Parliament for the Department's administration and programs.

The Department's activities contributing to this outcome are classified as either Departmental or Administered. Departmental activities involve the use of assets, liabilities, revenues and expenses controlled or incurred by the Department in its own right. Administered activities involve the management or oversight by the Department, on behalf of the Parliament, of items controlled or incurred by the Government.
