Manager categories explained

Source: Workplace Gender Equality Agency website: <https://www.wgea.gov.au/node/100034>

| Category | Role |
|---------------------------------------|---|
| CEO | <p>Your CEO is the highest-ranked officer within your organisation or corporate structure. This includes an acting CEO. You may know them by a different title, such as:</p> <ul style="list-style-type: none"> • Managing Director • Vice-Chancellor • General Manager • Managing Partner • Principal. <p>You should only have one CEO position in your entire organisation or corporate structure. For corporate structures, the CEO should be reported in the submission group containing the ultimate parent.</p> <p>You do not need to provide remuneration data for your CEO. However, this is strongly encouraged to ensure a more accurate calculation of gender pay gaps.</p> |
| Key Management Personnel (KMP) | <p>In line with Australian Accounting Standards Board AASB124, KMPs have the authority and responsibility for planning, directing and controlling the activities of an entity, directly or indirectly. This includes any director (executive or otherwise) of that entity.</p> <p>A defining feature of KMPs is their influence is at the entity level. KMPs are likely to direct the strategic function of their section and are often functional heads, such as head of operations or head of finance. They represent at least one of the major function of an organisation and participate in organisation-wide decisions.</p> <p>For corporate groups, KMPs will have authority and responsibility across the entire structure.</p> <p>You will be required to provide remuneration data for your KMPs.</p> |
| Head of Business (HOB) | <p>Head of Business is a new category. It refers to:</p> <ul style="list-style-type: none"> • the CEO or equivalent of a subsidiary organisation within your corporate group • an employee who has strategic control and direction over a substantial part of the business, but whose responsibilities do not extend across an entire corporate group, such as the head of a brand within a group. <p>You do not need to provide remuneration data for Heads of Business, if they are also a CEO or equivalent of a subsidiary organisation. However, this is strongly encouraged to ensure a more accurate calculation of your gender pay gaps.</p> |
| KMP/HOB | <p>This is a new category designed for employees who meet the definition of both KMP and HOB.</p> <p>This category might be used for employees who are:</p> <ul style="list-style-type: none"> • the head of a business line within a corporate structure, with responsibilities that extend across the entire structure, such as the Head of Retail Operations |

| Category | Role |
|--|---|
| | <ul style="list-style-type: none"> • a KMP with strategic control and direction over a substantial part of the business, such as Head of Operations or Head of Logistics <p>This category would not be used for roles such as Head of Finance or Legal. These roles would likely fall into the KMP category.</p> <p>You do not need to provide remuneration data for KMP/HOBs if they are also a CEO or equivalent of a subsidiary organisation. However, this is strongly encouraged to ensure a more accurate calculation of your gender pay gaps.</p> |
| Other executives and general managers | <p>Other executives and general managers are responsible for a department or business unit within an entity. In large organisations, they may not take part in organisation-wide decisions with the CEO. Alternatively, they may take part in those decisions to share expertise or develop projects, but not have the entity-level or corporate group authority that would make them a KMP.</p> <p>You will be required to provide remuneration data.</p> |
| Senior managers | <p>Senior managers are responsible for one or more functions, departments or outcomes for an entity. They are more likely to take part in both the strategic and operational sides of management, including resourcing, budget and assets (capital expenditure). Some of their decisions need approval from a higher-level manager.</p> <p>You will be required to provide remuneration data.</p> |
| Other managers | <p>Other managers are responsible for operational functions. They oversee day-to-day work, following and enforcing their entity's defined parameters. They may be responsible for strategies, policies and plans to meet business needs for their areas of work. They often manage time, financial and other resources, and assets such as facilities or IT infrastructure. They may also coordinate different functions or people. Line managers belong to this category, but supervisors do not.</p> <p>You will be required to provide remuneration data.</p> |
