<p>2. Overall Visitor Experience</p>	<p>2a. It is important that visitors are properly welcomed, oriented and informed on arrival. Signage and way-finding tools including digital signage or projections are needed to help visitors navigate, interact with and get the most out of their visit.</p>	<p>Accepted in principle</p>	<p>In progress. Timing for completion to be advised. A new map for visitors setting out key areas to visit has been available from mid-October 2015. DPS appointed Emery Studio to undertake a review of all the existing signage in the precinct. The review examined the requirements for visitors, occupants and events. Included in the review is a strategy for digital signage and new processes. The Wayfinding and Signage Strategic Overview was completed on 1 April 2016 as Stage 1 of the project. Stage 2 of the project which would address priority recommendations including design elements and an update of the Graphic Style Manual has not yet commenced. Upgrades to signage will be subject to consideration in line with Design Integrity principles and would be included at the same time of implementation of upcoming capital works projects at Parliament House. New foreign language maps were made available in August 2016. Visitor Experience conducted an informal audit of APH signage from a visitor perspective in June 2016. These findings were presented to the Secretary in August 2016 and will be incorporated into the next stage of the Wayfinding and Signage audit being conducted. A broader APH signage project is being run by the Capital Works Branch and the Design Integrity & Archives Unit as part of the ongoing building works at APH. Additionally a new process for welcoming and streamlining business and event guests commenced in August and is being well received.</p>
<p>3. Guided Tour Experience</p>	<p>3b. Tour Technology: There is significant existing digital content at Parliament House, and more being produced, which should be leveraged to enhance the tour using appropriate technology.</p>	<p>Accepted</p>	<p>Partially complete. New digital content has been placed on the Visit Parliament website and the pages are being re-designed to significantly improve the online experience. A self-guide mobile application was under development. However, technology is progressing rapidly and we are assessing the best tool to provide visitors with a self-guide experience. New digital products that interpret works on display and lead visitors through the public spaces and to the chambers will be progressed in tandem with the redevelopment of the Visit Parliament House website. Work on content for an e-based tour application will be progressed through</p>

4. Self-guided Experience	4a. Interpretation: A solution is needed to provide the majority of visitors to Parliament House a way to manage their own journey but still be informed, engaged and entertained, in a way which is entirely consistent with the design and architectural sensitivities of the building.	Accepted	<p>the Public Display Working Group (a joint parliamentary department group). DPS is implementing a Digital Asset Management System (DAMS) which will digitise and store all image and video assets. Phase 1 of the DAMS project is expected to be in by end of 2017. DPS will consider options for tour technology and apps that link to the assets stored within the DAMS.</p> <p>DPS Art Collection & Exhibitions are working with ICT to trial technology to provide more information for artworks on display in general circulation areas with links to an online exhibition on the new mobile responsive Visit Parliament website. If successful, this would be adapted to the public areas.</p> <p>Partially complete.</p> <p>A new hard copy map and guide has been available since mid-October 2015.</p> <p>An interactive multimedia kiosk featuring information on parliamentarians who have served in the military during conflict was installed in the public area on 11 November 2015 for the duration of the Centenary of ANZAC. The kiosk was updated with information on parliamentarians who served during World War Two and will be updated to include post-1945 conflict and peacekeeping operations.</p> <p>The redeveloped Visit Parliament web pages were released on 16 November 2016 and updated with useful and topical information on services, tools and things to do and see at Parliament House.</p> <p>All static displays are currently being reviewed for the potential to create interactive exhibits that will allow visitors to find more information about their parliamentarians and the work of Parliament. The Public Displays Working Group has been reactivated and discussions with parliamentary departments on a coordinated approach are underway. A revised strategy will be presented with proposals for the development, refurbishment and build of new displays and tour applications over the next three years.</p> <p>Once phase 1 of the DAMS project is in place (expected end of 2017), DPS will consider options for tour technology and apps.</p>

Promotion: As a new visitor experience is developed and launched, and as Parliament House becomes more engaged with the community and driver	Accepted.	<p>Completed.</p> <p>A fully coordinated marketing strategy for the Spring Tours was completed. This approach, which involves approval by the Presiding Officers of an annual program, ensures that market and product development continue to occur in a timely way.</p> <p>Following on from the approval of the 2017 program, a more expansive three year forward program is being developed providing greater certainty for planning and marketing activities.</p> <p>Integration of exhibitions, events, visitor services and the shop is underway and a detailed Marketing Strategy for activities at APH is now produced for each upcoming event (for example the 2017 Spring programs).</p>

Previously completed and non-accepted recommendations

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
<p>1. Visitor Numbers and Profile</p>	<p>1a. Visitor Counting: Contradictions in the available visitor data make the task of developing strategies to grow visitation more difficult, particularly in terms of setting sales and marketing strategies and measuring outcomes. Visitor counting needs to be supplemented with additional data collection to allow better segmentation of data and understanding of motivators, needs and wants.</p>	<p>Accepted</p>	<p>Complete. DPS has developed a more accurate method of counting visitors through the main entrance due to adjustments with magnetometers and a process of removing pass swipes from the visitor count. In August 2015, new visitor cards were implemented to obtain more accurate and timely visitor satisfaction results, particularly across the three areas of general visitors, school tours and DPS events/tours.</p>
<p>1. Visitor Numbers and Profile</p>	<p>1b. Origin Markets: An accurate understanding of the market of origin of visitors is needed to allow strategic decisions to be made on sales, marketing and promotional activity and spend. Ongoing and accurate data collection needs to be incorporated across the available visitor touch points.</p>	<p>Accepted</p>	<p>Complete. Postcodes are currently collected from visitors through the visitor cards and customers of The Parliament Shop. The new Shop point-of-sale (POS) system will include a basic customer research program which will record customer postcodes. The operator can ask the customer questions such as their Australian postcode or country of residence for foreign visitors when they are purchasing items. Customers can choose to not to provide this information. The POS system is due to be in place by mid-2016. The POS system was implemented in June 2016. Collection of postcode data has commenced.</p>
<p>2. Overall Visitor Experience</p>	<p>2b. Providing a diverse array of potential experiences, allowing individuals to choose the story or narrative of Parliament House that they are most interested in, assisting the visitor journey with maps and signs and interpreting what they are seeing so that they better understand it, will create a more compelling and memorable experience.</p>	<p>Accepted</p>	<p>Complete. A new suite of tours that provide choice of stories and themes throughout the year have been offered since the beginning of 2014 and are linked directly to the event and exhibition program. Currently five free and three paid tours are offered each day. Additional tours are offered to meet demand related to public holidays, peak visitation periods or special anniversaries such as ANZAC Day. The tours will continue to be linked to the events, collections and exhibition program.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
2. Overall Visitor Experience	2c. Children's Content: Developing child friendly content is essential for engaging families. The existing resources of the PEO, as well as the current schools tour content, should be used to develop authentic and meaningful content for a child friendly experience.	Accepted	<p>Complete.</p> <p>The Magna Carta family role play tour was trialled successfully in early 2015, and the new tour has run since June 2015 to coincide with Magna Carta 800th anniversary celebrations.</p> <p>A new family self-guide activity trail map based on Magna Carta has been available since mid-October 2015. The PEO has provided advice on the development of the Magna Carta role play tour and the trail map.</p> <p>DPS is collaborating with the PEO on a learning research project being undertaken by the National Capital Educational Tourism Project and the University of Queensland, with data collection to be completed by the end of 2015. Analysis of data was completed in April 2016 with a final report presented in May 2016. DPS will continue to develop and monitor the tours it offers to school groups.</p>
2. Overall Visitor Experience	2d. Queens Terrace Café: Quality of the offering, service and ambiance of The Queen's Terrace Café should be improved, and the Terrace area leveraged better for day-time visitors and night-time events to unlock significant value from this venue, as part of the visitor experience and as a generator of revenue.	Accepted in principle	<p>Complete.</p> <p>The APH Catering Team has run the Café from January 2017. DPS is working to position the Café as a destination of choice in the ACT. The Café now offers an improved range of food and beverages showcasing products of the local region; the coffee is from Lonsdale Street Roasters, a local Canberra provider. Staff are focused on providing courteous and customer-focused service.</p> <p>Opportunities for future events at Parliament House will be considered by the new team on an ongoing basis.</p>
2. Overall Visitor Experience	2e. Parliamentary Shop: The Shop should be a place where officially licensed and authentic gifts and meaningful mementos can be purchased (onsite and online) to properly integrate it into the visitor experience and unlock commercial value.	Accepted	<p>Complete.</p> <p>Since 2013 the Shop product mix has been reviewed with new products being offered that have a much stronger link to the APH experience. A range of stock is directly linked to the Australian Parliament House collections and exhibition program – whether that be postcards featuring the art collection, exhibition catalogues, tea towels or jigsaw puzzles featuring the building or collection objects. The Parliamentary Library provides expert advice to select most of the publications for the Shop.</p> <p>The Parliament Shop has become a signatory to the Indigenous Art Code to ensure that all products featuring indigenous content are sourced ethically.</p> <p>DPS will continue to review the products for the Shop and to link these with the APH experience.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
3. Guided Tour Experience	3a. Management and Staffing: Based on the final recommendations of the completed review there will need to be an assessment of the appropriateness of the current structure, resourcing levels and capabilities to ensure that the new direction can be delivered to required standards.	Accepted	<p>DPS has enhanced the structure of The Parliament Shop by upgrading and recruiting for the position of Shop Manager, and establishing a new non-ongoing position of Merchandise Manager to improve the product offering.</p> <p>Complete.</p> <p>DPS is currently implementing a new staffing model for the VSOs which has increased staffing from 14.1 to 16.7 FTE. This model includes a mix of full-time and part-time VSOs supported by casual staff. The model aims to ensure there are sufficient resources to manage all visitors to APH and to offer a varied program of high quality experiences, especially more guided tours. Recruitment for the 8 new full time positions is completed. New VSOs commenced in December 2015 and January 2016.</p> <p>The Visitor Experience section has commenced the assessment of the new structure. The assessment is expected to be complete by 30 June 2016.</p>
3. Guided Tour Experience	3c. Tour Quality: Scripting of content and standardised key messages should be supported by training VSOs to ensure that they are able to deliver approved content while retraining and utilising their individual flair and personality. This should be reinforced through ongoing staff assessments as part of the formal performance review process.	Accepted, but noting that tours are not fully scripted.	<p>Complete.</p> <p>Up-skilling staff through specialised training in customer service and interpretation has been implemented; agreed content and routes for tours are in place; and training for VSOs to deliver new tours and programs is ongoing. There is an assessment mechanism in the VSO performance framework as well as mentoring and peer assessment from the VSO cohort. Evaluation of new tours is ongoing.</p> <p>Tours are not fully scripted but all tours have approved content and routes. There is some scope to vary the script depending on the interest of the tour group, access due to parliamentary sittings and the knowledge strengths of the VSO.</p>
3. Guided Tour Experience	3d. Meeting Demand: A future model for guided tours will need to find a better balance of meeting customer demand, controlling costs through efficiency, and delivering a quality visitor experience.	Accepted	<p>Complete.</p> <p>Tour averages vary throughout the year due to fluctuations in visitation influenced by the sitting calendar, school tour demand and school holiday periods. During high visitation periods during the middle of the year the VSO staff can undertake eight public tours, four private tours and 20 tours for school groups on a typical day. Three of the public tours are paid themed tours which are linked with events, collections, significant anniversaries and the exhibition program. Visitor satisfaction with APH and tours is currently very high.</p> <p>The number and nature of tours will continue to be assessed on an ongoing basis.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
3. Guided Tour Experience	3e. Meeting Visitor Needs: There needs to be a closer match between visitor needs and expectations and the tours being delivered. Different languages, interest and desire for engagement should be drivers of new experience development.	Accepted.	<p>Complete.</p> <p>DPS constantly monitors the overall visitor experience and regularly exceeds targets for visitor satisfaction for visitors, tours and events and school groups. Parliament House was rated ninth in the 2016 TripAdvisor top 10 Australian landmarks. A redeveloped Visit APH website was released on 16 November 2016 which features more detailed information for visitors, including a section on the Parliament House Art Collection and upcoming exhibitions and events.</p> <p>New foreign language maps were made available in August 2016 in nine foreign language brochures: Arabic, Chinese, French, German, Hindi, Japanese, Korean, Italian and Spanish. While tours in foreign languages are not part of the regular offering, when possible, special interest tours are matched with VSOs who have language skills, increasing the positive feedback and engagement with the visitors. In January 2017, DPS partnered with the Canberra Convention Bureau to provide in-language tours for over 1200 Chinese visitors. Feedback from the operation of these tours will be incorporated into future delivery of visitor services both at Parliament House and online.</p>
4. Self-guided Experience	4b. Changeable Content: A new visitor experience needs to find the balance between the activity of sitting days and the need for additional interaction at other times. Creating the optimal visitor experience for both periods is key.	Accepted	<p>Complete.</p> <p>Eight public tours are scheduled each day. Three of the public tours are paid themed tours which are linked to the collections, events, significant anniversaries and the building's heritage. During non-sitting periods these paid tours include behind-the-scenes content which provides an opportunity for visitors to have a different valuable experience. Tour content is also varied to reflect special events—for example, courtyard tours during Floriade and Unconformity tours during Enlighten.</p>
5. School Tours	5a. School Tours: The confusion which some schools are experiencing as a result of the lack of coordination strongly suggests that one body should control and coordinate the entire schools programme and that the coordinating body should be the PEO. The PEO should be moved into the Parliamentary Experience Branch of DPS to take control of all aspects of school	Accept in part	<p>Complete.</p> <p>DPS' response to this recommendation was deferred pending consideration of any recommendations arising from the inquiry by the Joint Standing Committee on Electoral Matters into electoral education. However this Inquiry lapsed at the end of the 44th Parliament. While the Committee has been appointed by the 45th Parliament; to date (Feb 2017) the Committee has only one inquiry and it does not cover electoral education.</p> <p>DPS agrees that there should be a stronger coordination for schools' visits to APH. DPS now works closely with the PEO in the Department of the Senate and the Serjeant-at-Arms (SAA) to improve coordination of school tours through the new booking system implemented by the</p>

This includes demonstrations of sessions by operational staff with a view to ensuring tour groups receive a consistent experience. DPS and the PEO met to discuss directions and shared objectives for visiting school groups on 31 January 2017 and are working closely together on shared communications to schools.
6. Exhibitions and Community Engagement	6a. Exhibitions: Exhibitions and public displays should be integrated into the broader visitor experience and critical to this is the consolidated control of content curation and experience delivery.	Accepted	Complete. This has been implemented with the formation of an integrated program of exhibitions, events and programs since early 2014 which includes specific exhibitions and displays for NAIDOC and Reconciliation Weeks. DPS Art Services has been rebranded as DPS Art Collection & Exhibitions and this section has assumed responsibility for the development, curation and delivery of exhibitions and displays within the public areas. DPS Products & Programs staff are responsible for curation of an accompanying suite of events and public programs and content for the Parliament Shop.
6. Exhibitions and Community Engagement	6b. Public Programming: The feasibility of developing a programme of public events should be explored as a vehicle of greater community engagement.	Accepted	Complete. This has been implemented with the formation of an integrated program of exhibitions, displays, events and programs, including for Floriade, Enlighten, the Magna Carta 800 th anniversary, the Centenary of ANZAC, NAIDOC and Reconciliation Weeks and the Heritage Festival.
6. Exhibitions and Community Engagement	6c. Volunteers: The feasibility of utilising volunteers as a means for community engagement and outreach should be explored.	Not accepted	DPS proposes to have the VSOs continue to deliver tours.
7. Marketing and Promotion	7b. On-line & Social: To provide an online welcome, and to stage a dialogue with visitors via social media, the marketing and communications plan should incorporate the development and management of a Visit Parliament House micro-site and social media strategy.	Accepted in part. The creation of a Visit Parliament House micro-site is not accepted.	Complete. The new Visit Parliament website was launched on 16 November 2016. The Visit Parliament website, as an addition to the APH website, has included updates with useful and topical information on services, tools and things to do and see at Parliament House. More development of social media is being explored and linked to the Visit Parliament House. 8. Food and Beverage and Retail	<p>8a. Retail Range Development and Integration: Business development plans and 360° integration of retail on and off site are needed to enhance the visitor experience and optimise commercial returns.
