Dear Senator,

Re: Supplementary Budget Estimates 2021-22

Thank you for your request, via the Finance and Public Administration Committee Secretariat on 25 October 2021, for information about Community Development Program (CDP).

We have undertaken to check and assure the quality of the data to the best of our abilities within the timeframe available. The data relies on up to date inputs from CDP service providers into the employment service system and the data may change if there are delays in data entry. If we identify any changes in the data or any quality issues, we will advise the Committee accordingly.

Please find attached the information prepared by the National Indigenous Australians Agency (NIAA) regarding details of CDP provider payments, employment outcomes and caseload.

Yours sincerely

**BLAIR EXELL**  
Acting Chief Executive Officer

3. Total Amount of wage subsidies paid to employers in CDP regions broken down by whether Indigenous organisation or other

Note:

- The 1,000 Jobs Package increases employment opportunities for CDP participants across remote Australia.
- Jobs must be new and ongoing, full-time (38 hours per week) or part-time (15-37 hours per week) and located in or adjacent to CDP regions for the employment of CDP participants.
- Employers have up to six months from signing the funding agreement, to find and commence a suitable job seeker.
- The subsidy is paid in arrears on receipt of completed claim paperwork including payslips.

Indigenous Status	Total Approved Funding	Proportion of Approved Funding
Indigenous Organisations	\$20,913,096.97	56%
Non-Indigenous Organisations	\$16,555,138.84	44%
<b>Total</b>	<b>\$37,468,235.81</b>	

4. Total cost of NIAA administration of CDP scheme excluding provider payments, with any payments to other agencies

The administration component of CDP, like all Indigenous Advancement Strategy programs, is part of the NIAA's annual operating costs. As this is absorbed within the departmental funding source, and because a number of staff work on CDP as well as other programs, it is not possible to quantify the amount that relates only to CDP.

5. Total number of employment outcomes by region, broken down by Indigeneity

*Table 1 – 13 Week Employment Outcomes by Region and Indigeneity*

The below table identifies the number of CDP 13 Week Employment Outcomes from 1 July 2020 to 30 June 2021 by CDP region.

This can occur when subtracting numbers from totals in this report or other publicly available reports. It is best practice to not publish numbers where this can occur. We have replaced these numbers with 'np' in these instances.

To protect individuals' privacy, cells less than 20 have been replaced with '<20'. There are times when numbers less than 20 can be obtained. This can occur when subtracting numbers from totals in this report or other publicly available reports. It is best practice to not publish numbers where this can occur. We have replaced these numbers with 'np' in these instances.
