

## Government contracts

### Question 1

*For each of the last ten years, what is the total value of Australian Government contracts, or any other fee-for-service arrangement, that Deloitte received?*

In accordance with the Commonwealth procurement rules, our Australian government contracts are recorded by those agencies on AusTender and documented within their respective annual reports. We value the transparency that Austender provides for Government contracting and expect that all of our contracts with the Australian Government are recorded there. The following table has been drawn from the Austender website.
