

To whom it may concern,

Regarding Inquiry into Customs Legislation Amendment (Commercial Greyhound Export and Import Prohibition) Bill 2021

I wish to convey my apposition to this proposed bill.

I believe it's something that seems to be proposed by activists and I do not believe it deserves the time or effort or parliament.

The current regulations already imposed on importing and exporting and international travel, including passports required to move greyhound internationally I believe are sufficient

Sincerely
Kim Johnstone
