NAB23QW: How many instances of false witnessing have been reported over the past 5 years at NAB?

Answer

In the time provided, NAB has not been able to identify any further reports to ASIC of false witnessing in the same circumstances as those related to the beneficiary nomination forms.

NAB, from time to time, identifies individual issues which may involve fraud or misconduct and where required these are notified to ASIC. In the time provided, NAB was not able to review all reports made in the five year period, to determine whether false witnessing was a component of any of those reports.
