

**HOUSE OF REPRESENTATIVES STANDING COMMITTEE ON ECONOMICS  
REVIEW OF THE FOUR MAJOR BANKS AND OTHER FINANCIAL INSTITUTIONS**

**CBA106QW**

On what geographic basis (i.e. suburb, local government area, other geographic area) do you report data to APRA, and what data sets?

**Answer:**

Commonwealth Bank provides LGA information for both residential mortgage lending and business lending in the 'Loan Data Cube' (Form 1a) submitted monthly to APRA. This data collection was introduced by APRA during the pandemic, in mid-2020.

APRA is also currently in consultation with the industry on a new data collection on 'credit quality', proposing to collect data at a postcode level with a tentative go-live date in Q2 2022.
