

AS15QON

Has AustralianSuper ever made contributions towards either the ACTU superannuation partnership program or the ACTU Member Connect program?

Answer:

The Member Connect arm of the ACTU is the trustee company acting for the Trust (ACTU). It is a separate legal entity with its own constitution and board; and has a commercial focus.

AustralianSuper has a commercial contract in place with ACTU Member Connect through a Marketing and Education Agreement. The payments made to ACTU (including ACTU Member Connect) are disclosed in AustralianSuper's financial statements which are on the Fund's website.

All services provided to AustralianSuper in consideration of the amount we pay are outlined in the Marketing and Education Agreement, and these services are tracked and assessed to confirm the services have been delivered, and to the required standard.
