

HOUSE OF REPRESENTATIVES STANDING COMMITTEE ON ECONOMICS

REVIEW OF THE FOUR MAJOR BANKS AND OTHER FINANCIAL INSTITUTIONS SUPERANNUATION SECTOR

HOSTPLUS

HP15QON: Of that \$3.1 billion inflow that initially started because you were the default fund—and I appreciate you may not have these figures; in fact I'd be surprised if you did—do you know how many of those people are union members or members of a union? Just because you're on award doesn't mean you're a member of a union.

Answer: Following the hearing, Hostplus reviewed its records to determine if it had the necessary data to answer Mr Falinski's question. Based on these enquiries, we confirm that Hostplus does not record which of its default members are members of a union, and therefore it is unable to provide the information requested by Mr Falinski.
