

March 7 2024

Mr Sean Turner
Committee Secretary
Parliamentary Joint Committee on Corporations and Financial Services

During our appearance on March 5, we quoted that we had recruited 433 individuals to Accenture from the Australian Public Service or Armed Forces over the past 5 years, which was 5% of our recruitment. **However, the number should be 333 since January 2019, which is a total of 4% of our recruitment.**

We will also capture this in our questions on notice but wanted you to be aware in the interim as a correction to the evidence.
