

**Devonport Football Club**

45 mins · ↻

Justine Keay, sitting Member for Braddon has announced a significant funding promise for Redevelopment of the Devonport Football Club change room and social club facilities. \$510,000 if Labor are elected to government will enable substantial improvements in facilities for the players of our eight teams, members, sponsors and club supporters. This will provide updated amenities and will be a boost for the community of the City of Devonport.

This support for Devonport Football Club is in recognition of the program we offer and the importance of the role we play in the lives of young women and men of our area.

If you value your local club Devonport we recommend you consider Justine Keay as number 1 when you vote on Saturday as she supports us.
