

Ms Apolline Kohen
Committee Secretary
Community Affairs Legislation Committee
Parliament House
CANBERRA ACT 2600

9 April 2021

Dear Ms Kohen

I would like to clarify a response I provided to the Committee during the Additional Estimates hearing on Wednesday 24 March 2021.

During the hearing, Senator Patrick asked “was the person involved in this allegation part of the high performance program?”

My response to the Senator’s question was regarding the alleged perpetrator, who was briefly involved in the equestrian high performance program some time ago. It has been brought to my attention that Senator Patrick was asking about the alleged victim. I can confirm the alleged victim has never been a part of the equestrian high performance program.

Yours sincerely
