Indigenous Health Division	Indigenous Preventive Health Plan	Announced that this work would be developed in collaboration with NACCHO	November 2019	Nil	This work has been subsumed into the refresh of the National Aboriginal and Torres Strait Islander Health Plan.	N/A	<p>The Minister for Health announced a new Indigenous Preventive Health Plan at his press club address in August 2019 and at the National Aboriginal Community Controlled Health Sector Annual General Members' Conference in November 2019.</p> <p>The Minister agreed that this work be subsumed by the development of</p>	N/A

							a refreshed National Aboriginal and Torres Strait Islander Health Plan, which will include a strong focus prevention.	
Indigenous Health Division	Refresh of The National Aboriginal and Torres Strait Islander Health Plan	Development of a refreshed 10-year National Aboriginal and Torres Strait Islander Health Plan in partnership with Aboriginal and Torres Strait Islander Health experts, through the Implementation Plan Advisory Group.  The refreshed Health Plan will have a strong preventive focus and will deliver on the Australian Government's commitment to embed the cultural determinants and social determinants approaches. The Health Plan will also drive progress against the Health Portfolio's Closing the Gap commitments.	2020	\$250,000	Under development.	TBA once plan is finalised	Nil	Under development
Indigenous Health Division	National Aboriginal and Torres Strait Islander Health Workforce Strategic Framework and Implementation Plan 2021-2031 (National Workforce Plan)	The National Workforce Plan is a project being developed through a Project Reference Group (PRG) comprised of members of the National Health Leadership Forum (NHLF), State and Territory jurisdictional representatives and the Commonwealth. The Commonwealth Department Health is providing resources for the development of the Workforce Plan and working closely with the PRG in the drafting process.	13 June 2019	\$349,385 (GST inclusive)	Under development – the National Workforce Plan is expected to be provided to Government for endorsement in May 2021.	TBA once Plan is finalised.	In August 2018, the COAG Health Council committed to the development of the Workforce Plan. This was subsequently reflected in the COAG Health Council Communique (dated 1 August 2018).	There are a large number of draft implementation activities under the six Strategic Directions of the National Workforce Plan – these will be finalised in consultation with the PRG.
COVID Primary Care Response	Management and Operational Plan for Aboriginal and Torres Strait Islander Populations - Australian Health Sector Emergency response Plan for Novel Coronavirus	Department of Health <a href="https://www.health.gov.au/resources/publications/management-plan-for-aboriginal-and-torres-strait-islander-populations">https://www.health.gov.au/resources/publications/management-plan-for-aboriginal-and-torres-strait-islander-populations</a>	March 2020	Nil	Launched	Approximately \$127 million, and this increases to approximately \$165 million inclusive of investment from NIAA.	AHPPC endorsed on 27 March 2020 and came into effect on 31 March 2020.	Key activities include: - Remote Community Preparedness and Retrievals package Point of Care Testing program across 86 sites in remote and rural communities - 23 Aboriginal and Torres Strait Islander Community-Controlled Health Services operating as GP-led Respiratory Clinics, including \$8.3 million allocated for NACCHO, its sector support organisations and members to facilitate culturally safe access to COVID-19 testing - Telehealth expansion - Aged Care measures - Mental health funding - Targeted health messaging

								- Online training modules targeted at Aboriginal and Torres Strait Islander health workers and health workers in remote areas.
COVID Primary Care Response	COVID-19 Vaccination Program Implementation Plan: Aboriginal and Torres Strait Islander Peoples	Department of Health <a href="https://www.health.gov.au/resources/publications/covid-19-vaccination-program-aboriginal-and-torres-strait-islander-peoples-implementation-plan">https://www.health.gov.au/resources/publications/covid-19-vaccination-program-aboriginal-and-torres-strait-islander-peoples-implementation-plan</a>	January 2021	Nil	Launched 8 March 2021	\$14.8 million will be provided to support the Aboriginal Community Controlled Health Sector be vaccine ready. Funding will be flexible to allow for national consistency and to address local needs. This also includes funding to the National Aboriginal Community Controlled Health Organisation (NACCHO) to support coordination of the COVID-19 vaccine program for Aboriginal and Torres Strait Islander people across the country.	Press release by Minister for Health <a href="https://www.health.gov.au/minister/the-hon-greg-hunt/mp/media/vaccine-rollout-to-support-aboriginal-and-torres-strait-islander-peoples">https://www.health.gov.au/minister/the-hon-greg-hunt/mp/media/vaccine-rollout-to-support-aboriginal-and-torres-strait-islander-peoples</a>	Funding agreement with NACCHO being finalised
Health Products Regulation Group	Action Plan for Medical Devices	Department of Health Products Regulation <a href="https://www.tga.gov.au/action-plan-medical-devices">https://www.tga.gov.au/action-plan-medical-devices</a>	Ministerial Submission MS19-000264 21 February 2019	Nil	Launched 4 April 2019	Nil	Implementation action since October 2020: Changes to software-based medical devices and custom-made devices (including 3D printed devices) commenced on 25 February 2021. Guidance has been published on the TGA website and engagement and communication of changes is ongoing. Analysis of feedback is being developed for consideration by Government. Public Consultation on proposed changes to adverse event reporting and the benefits for a UDI system was undertaken in late 2020. The Government announced \$7.7 million (over four years) in the Federal Budget 2020, for the TGA to implement the Australian UDI database (AusUDID). Four items of legislative changes have been put forward: <ul style="list-style-type: none"> <li>• <i>Therapeutic Goods (Medical Devices – Approval of Application Form for Inclusion) Instrument 2020</i> (Class 1 validation)</li> <li>• <i>Therapeutic Goods (Excluded Goods) Amendment (Software-based Products) Determination</i></li> </ul>	Nil

							<p>2021 to exclude certain types of software-based medical devices from regulation)</p> <ul style="list-style-type: none"> <li>• <i>Therapeutic Goods (Medical Devices) Regulations 2002</i> (software Regulation changes)</li> <li>• <i>Therapeutic Goods Amendment (2020 Measures No.2) Bill 2020</i> to enable the establishment of a Unique Device Identification (UDI) System).</li> </ul>	
Primary Care Division	Woman Centered Care Strategic Directions for Australian Maternity Services	Australian Government Department of Health representing COAG <a href="https://www.health.gov.au/sites/default/files/documents/2019/11/woman-centred-care-strategic-directions-for-australian-maternity-services.pdf">https://www.health.gov.au/sites/default/files/documents/2019/11/woman-centred-care-strategic-directions-for-australian-maternity-services.pdf</a>	Department of Health assumed responsibility for development in September 2017 as agreed by AHMAC	Nil	Completed – published 5 November 2019	<p>There is no funding specifically allocated to implementing the strategy, however, a number of measures such as perinatal mental health support, align with actions under the strategy.</p> <p>The majority of the enablers fall under the responsibility of state and territory governments.</p>		<p>Australian Government achievements <i>Woman-centred care</i> to date have focused on:</p> <ul style="list-style-type: none"> <li>• developing and implementing strategies to reduce stillbirth;</li> <li>• updating the Pregnancy Care Guidelines;</li> <li>• maintaining national maternal and perinatal data collections; and</li> <li>• improving access to mental health support</li> </ul>

Cancer, Hearing and Program Support Division	National Pancreatic Cancer Roadmap	Cancer Australia and the Department of Health	23 March 2020	\$0.680	Under development	Nil	Minister Hunt announced the Roadmap on 12 February at the Pancreatic Cancer Awareness Event at Parliament House. News article on Avner Pancreatic Cancer Foundation website:  <a href="https://www.avnersfoundation.org.au/who-we-are/news/pancreatic-cancer-awareness-event-canberra/">https://www.avnersfoundation.org.au/who-we-are/news/pancreatic-cancer-awareness-event-canberra/</a>  On 23 March 2020, Minister Hunt invited Cancer Australia to work with the Department of Health to develop the Roadmap.  A Memorandum of Understanding was executed on 9 June 2020 between the Department and Cancer Australia for the delivery of the Roadmap by 1 December 2021.  The Roadmap will identify priority areas for action over the next five years to improve outcomes for people with pancreatic cancer.	Nil
Primary Care Division	National Stillbirth Action and Implementation Plan	Department of Health  <a href="https://www1.health.gov.au/internet/main/publishing.nsf/Content/1EA9D237C5483F12CA257BF0001FA12B/\$File/National%20Stillbirth%20Plan.pdf">https://www1.health.gov.au/internet/main/publishing.nsf/Content/1EA9D237C5483F12CA257BF0001FA12B/\$File/National%20Stillbirth%20Plan.pdf</a>	5 December 2018	\$0.14	Plan publicly released on 10 December 2020 – refer to media release at <a href="https://www.health.gov.au/ministers/the-hon-greg-hunt-mp/media/11-million-to-reduce-rates-of-heartbreaking-stillbirths#:~:text=The%20Hon%20Greg%20Hunt%20MP&amp;text=The%20Morrison%20Government%20will%20">https://www.health.gov.au/ministers/the-hon-greg-hunt-mp/media/11-million-to-reduce-rates-of-heartbreaking-stillbirths#:~:text=The%20Hon%20Greg%20Hunt%20MP&amp;text=The%20Morrison%20Government%20will%20</a>	Funding of \$11 million announced on 10 December 2020 to support implementation	Various measures underway to reduce stillbirth. Further details can be accessed from <a href="http://www.health.gov.au/maternity">www.health.gov.au/maternity</a> .	Numerous actions in the Plan have been funded. This includes a stillbirth education and awareness program, data development activities, research into stillbirth prevention, development of clinical care standards, updates to stillbirth related guidelines and national rollout of the Safer Baby Bundle. Refer to <a href="http://www.health.gov.au/maternity">www.health.gov.au/maternity</a> for further details.

					provide,stillbirths%20each%20day%20in%20Australia..			As part of this, \$3 million over three years from 2018-2019 to 2020-2021 was being provided through the Medical Research Future Fund – Emerging Priorities and Consumer Driven Research Initiative, to the University of Queensland for the “Safer Baby Bundle” project which aims to reduce the rate of stillbirth and to make available the best care to all women when stillbirth occurs.
Primary Care Division	National Palliative Care Strategy 2018	Department of Health <a href="https://www.health.gov.au/sites/default/files/national-palliative-care-strategy-2018.pdf">https://www.health.gov.au/sites/default/files/national-palliative-care-strategy-2018.pdf</a>	8 March 2017	\$253,000 (GST excl)	Endorsed by all Health Ministers (CHC) in December 2018 Publicly released in February 2019	\$96,905 (GST excl) for the development of the Implementation Plan for the National Palliative Care Strategy. Funded from the Public Health and Chronic Disease Program (PRIO25).	CHC Communique outlined endorsement of all Health Ministers.	The National Palliative Care Strategy is intended to be used by all Australian governments, as well as organisations and individuals, in guiding the improvement of palliative care across Australia. The National Palliative Care Strategy provides an overarching vision for Palliative care in Australia: that people affected by life limiting illnesses get the care they need to live well. The Strategy outlines six guiding principles as fundamental to ensure that all people experience the palliative care they need. An Implementation Plan was approved by Health Council out of session on 12 August 2020.
Primary Care Division	National Roadmap for Improving Health Services for People with Intellectual Disability (the Roadmap)	Department of Health <a href="https://www1.health.gov.au/internet/main/publishing.nsf/Content/national-roadmap-for-improving-the-health-of-Australians-with-intellectual-disability">https://www1.health.gov.au/internet/main/publishing.nsf/Content/national-roadmap-for-improving-the-health-of-Australians-with-intellectual-disability</a>  Latest Ministerial announcement (26 August 2020): <a href="https://www.health.gov.au/ministers/the-hon-greg-hunt/mp/media/improving-health-care-for-people-with-intellectual-disability">https://www.health.gov.au/ministers/the-hon-greg-hunt/mp/media/improving-health-care-for-people-with-intellectual-disability</a>	As requested by Minister Hunt, following his discussions with the Council for Intellectual Disability (CID) in March 2019, a roundtable on the health of people with intellectual disability was convened on 2 August 2019. The outcomes of the roundtable were used to develop an Outline of the Roadmap.	Approximately \$14,000 (GST inclusive) was expended to host the August 2019 roundtable with stakeholders. Note that the costs of the 2020 roundtable and smaller group meetings are yet to be finalised.	Under development. The Outline of the Roadmap was approved by the Minister on 16 September 2019, and published on the Department of Health website on 4 October 2019. A further, face-to-face Roundtable was due to be held on 7 April 2020 to further develop the Roadmap. However, due to the COVID-19 pandemic, this had to be cancelled. The Department instead convened a series of plenary roundtables and targeted smaller	On 27 February 2019, Minister Hunt announced a \$6.5 million (GST excl.) investment over four financial years (2020-21 to 2023-23) for the development and implementation of a Primary Care Enhancement Program (PCEP). The PCEP is a short-term priority under the Roadmap. The Australian Government is providing: • a total of \$5.75 million (GST exclusive) to four lead Primary Health Networks (PHNs) to develop the PCEP over four years from 2020-21, with a view to a national rollout across all PHN regions; and	Minister Hunt endorsed the Summary and Recommendations of the Roundtable, including the Outline of the Roadmap, on 16 September 2019. Minister Hunt announced funding for the PCEP on 27 February 2020. • On 26 August 2020, Minister Hunt announced the four PHNs selected to lead development of the PCEP): ○ Central and Eastern Sydney PHN; ○ Western Victoria PHN; ○ Central Queensland, Wide Bay, Sunshine Coast PHN; and ○ Tasmania PHN.	The Roadmap has not yet been finalised. On 27 February 2020, Minister Hunt announced to the expenditure of funds for development of a PCEP, which is a short term priority under the Roadmap.

					group discussions with stakeholders to further develop the Roadmap, between 2 November 2020 and 31 March 2021. The Roadmap will then be submitted to the Minister for consideration in April 2021.	<ul style="list-style-type: none"> <li>funding of \$810,762 (GST excl) to the Council for Intellectual Disability (CID) to lead the development of national resources for the PCEP over two years from 2020-21.</li> </ul>

Technology Assessment and Access Division	The draft National Strategy for Organ Donation, Retrieval and Transplantation (the Strategy).	Department of Health <a href="https://www.health.gov.au/resources/publications/review-of-the-organ-donation-retrieval-and-transplantation-system-final-report">https://www.health.gov.au/resources/publications/review-of-the-organ-donation-retrieval-and-transplantation-system-final-report</a>	On 13 April 2018, COAG Health Council members agreed to a two-phased Review of the Australian organ donation, retrieval and transplantation system (Organ Review).	To be determined  The cost of the Phase 1 of Review was \$0.4M	Under development  The department engaged Ernst and Young to undertake Phase 1 which sought to examine pre and post transplantation services and identify barriers to equity of access to transplant waiting lists and transplantation	TBC when Strategy is finalised	On 21 February 2020, the Phase 1 <i>Review of the Australian organ donation, retrieval and transplantation system Final Report</i> (Review Report) and an All Governments' Statement were published on the department's website. In the statement, Commonwealth and state and territory governments acknowledged the issues identified and agreed to consider the 57 recommendations.	A committee comprising senior government officials from all jurisdictions and the Organ and Tissue Authority (OTA) is developing the National Strategy for Organ Donation, Retrieval and Transplantation (the Strategy). Finalisation of the Strategy has been delayed by COVID-19.  Due to this delay an Early Action Plan has been developed. It aims to inform the Strategy by

					services for all Australians. The Early Action Plan should be finalized in the first half of 2021.			consolidating and progressing actions forecast to require policy decisions or could benefit from background work to underpin future actions and require no additional funding.
Technology Assessment and Access Division	draft National Framework for the Australian Eye and Tissue Sector (the Framework)	In January 2017, all governments accepted the recommendations of the Eye and Tissue Report and agreed to its public release. <a href="https://www.health.gov.au/resources/publications/governments-statement-on-the-analysis-of-the-australian-eye-and-tissue-sector">https://www.health.gov.au/resources/publications/governments-statement-on-the-analysis-of-the-australian-eye-and-tissue-sector</a> <a href="https://donatelifelife.gov.au/news-events/news/analysis-australian-tissue-sector">https://donatelifelife.gov.au/news-events/news/analysis-australian-tissue-sector</a>	In June 2015, PwC was commissioned by the Organ and Tissue Authority to undertake an analysis of the Australian eye and tissue sector.	To be determined	Under development In response to a 2016 PricewaterhouseCoopers (PwC) review of the Australian eye and tissue sector, a Commonwealth-led Jurisdictional Eye and Tissue Steering Committee is developing the Framework. Finalisation of the Framework has been delayed due to COVID-19. Ministerial in-principle agreement to the Framework will be sought via an exchange of letters, expected to be in the first half of 2021.	TBA when Framework finalised	The all governments' statement shows all Australian governments are strongly committed to eye and tissue donation and transplantation being fair, efficient and supplied within a sustainable and cost-effective framework.	The Eye and Tissue Report presents an overview of the eye and tissue sector, as informed by stakeholders in eye and tissue banking, government and clinical sectors and makes recommendations to ensure the future sustainability of the tissue sector.
Technology Assessment and Access Division	draft National HPC Framework (HPC Framework)	The HPC Review was provided to stakeholders on a confidential basis in June 2018.	All governments funded a review of the HPC sector in 2016-17.	To be determined	Under development.
