

27 June 2024

Senator Karen Grogan
Chair
Environment and Communications Legislation Committee
Parliament House
CANBERRA ACT 2600

Dear Senator

I refer to my appearance as the eSafety Commissioner before the Environment and Communications Legislation Committee at the 2024-25 Senate Estimates hearing on Thursday 30 May 2024.

During the hearing, following an enquiry from Senator Cadell, I referred to an online compilation video containing images from the Bondi stabbing, the Wakeley stabbing, and the death of two Victorian police officers. On further review of the record, I am writing to advise you that footage of the Wakeley stabbing was not included in this video and I wish to correct the evidence as such.

The exchange can be found on page 69 of the Hansard for the forementioned Committee hearing. I would be grateful if you could please correct this for the information of the Committee.

Yours sincerely,

Julie Inman Grant
eSafety Commissioner
