

NOT all of them will.
I am not being left anywhere.
Take your blinkers off.

Remember that an extremely large percentage of Australians of all ages will keep their views internal in fear of being labelled.

See, belittling people who disagree with your view does nothing to prove your argument. In fact it does the opposite. Like it or not, there are many educated, rational, intelligent people under 30 in Australia, both indigenous and not that have no problem with the date as it is.
