

Higher Education

The amount of performance funding allocated to each Australian university.

For 2020, the performance-based funding (PBF) arrangements require each university's maximum basic grant amounts for non-designated places to be increased in line with population growth in the 18–64 year old age bracket, contingent on the university meeting the performance requirements.

This amount has been included in the regularly scheduled payments to universities from the first payment of 2020 and is shown in the table below:
