Dear Ms Beverly

I am writing to correct evidence given during the Department of Foreign Affairs and Trade Senate Estimates hearing on Thursday 25 March 2021.

I would like to correct my response to Senator Rice question that relates to Australia's Level of Climate Finance (refer to Hansard page 63). I would like to correct my statement by confirming we had a \$1 billion commitment over the last five years, and we've exceeded that to almost 1.4 billion.

Yours sincerely
