Dear Ms Beverly,

I am writing to correct evidence given during the Department of Foreign Affairs and Trade Senate Estimates hearing on Thursday, 29 October 2020.

I would like to correct my response to Senator Faruqi's question that relates to the Development Program performance framework (refer to Hansard page 40). I would like to correct my statement that the third tier of the performance framework has four indicators. This error was repeated by the Minister for Foreign Affairs, and the Minister for Women, Senator the Hon Marise Payne. The third tier of the performance framework has five indicators. I ask that this evidence please be corrected on the Hansard.

Yours sincerely

Beth Delaney
First Assistant Secretary
