Recommendation 10: The Committee recommends that prior to each estimates hearing, DPS provide the Committee with the following information:

1. the total number of editors employed by Hansard and a breakdown of those numbers into trainees and trained editors
2. the breakdown of the number of editors who are employed full-time, part-time and casual;
3. the total number of chamber and committee turns transcribed by Hansard since the previous estimates update and the number of those turns which were sub-edited
4. where there has been a decision not to sub-edit turns, the reasons for that decision, and
5. an update on the work of the Hansard forum.

Department's update prior to 2018-19 Additional Estimates:

- 1. The total number of editors employed by Hansard and a breakdown of those numbers into trainees and trained editors:**

As at January 2019, Hansard has 44 ongoing editing staff.

Ongoing Editing Staff	44
Trained editors	40
Trainee editors	4

Of the trainee editors, all are participating in Hansard's editor training program with:

- three having completed five of the eight training units, and
- one having completed four of the eight training units.

Hansard also has 9 casual editing staff to assist during times of increased workload.

Casual/non- ongoing Editing Staff	9
Trained editors (former Hansard editors)	1
Transcribers	8

- 2. The breakdown of the number of editors who are employed full-time, part-time and casual:**

Ongoing Editing Staff	Total	Trained	Trainee
Full time	28	27	1
Part time	8	8	0
Sessional part-time (working 39 weeks per year)	6	4	2
Sessional part-time (working 25 weeks per year)	2	1	1

3. The total number of chamber and committee turns transcribed by Hansard since the previous estimates update and the number of those turns which were subedited:

Number of chamber turns transcribed between 18 September and 31 December 2018	Approximate number of chamber turns subedited*	Approximate percentage of chamber turns subedited
4,967	4,967	100%

* This data includes turns sub-edited and turns opened to make pinks and greens corrections

Number of committee turns transcribed between 18 September and 31 December 2018	Number of committee turns subedited	Percentage of committee turns subedited
8,835	2,381	27%

4. Where there has been a decision not to subedit turns, the reasons for that decision:

Chamber subediting – The majority of the chamber turns transcribed in the period (85%) were subedited on the day. Subediting of the chamber turns transcribed during the October 2018 estimates week (15%) was delayed and undertaken in the following non-sitting weeks.

Committee subediting – Hansard ceased subediting of committee turns transcribed by trained editors in approximately September 2007; however, all committee turns transcribed by trainee editors continue to be subedited.

During this reporting period, as workload levels allowed, some of the committee turns transcribed by qualified editors were subedited. This additional subediting will help Hansard to identify areas for improvement in relation to committee transcript quality.

5. An update on the work of the Hansard forum:

The Hansard forum met on 11 October 2018. As the issues being raised at the Hansard forum were becoming more editorially focussed, forum members discussed combining the Hansard forum with the editors community of practice (COP) meetings.

Under this arrangement, forum issues would be a standing item at the COP with a corresponding standing item at monthly Hansard section meetings where the COP report back to all staff, including the Hansard management team.

This approach should allow more staff to be directly involved in identifying issues and suggesting and implementing improvements in Hansard. Forum members agreed to trial this approach during 2019.

Previously completed and non-accepted recommendations

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
1. Visitor Numbers and Profile	1a. Visitor Counting: Contradictions in the available visitor data make the task of developing strategies to grow visitation more difficult, particularly in terms of setting sales and marketing strategies and measuring outcomes. Visitor counting needs to be supplemented with additional data collection to allow better segmentation of data and understanding of motivators, needs and wants.	Accepted	Complete. DPS has developed a more accurate method of counting visitors through the main entrance due to adjustments with magnetometers and a process of removing pass swipes from the visitor count. In August 2015, new visitor cards were implemented to obtain more accurate and timely visitor satisfaction results, particularly across the three areas of general visitors, school tours and DPS events/tours.
1. Visitor Numbers and Profile	1b. Origin Markets: An accurate understanding of the market of origin of visitors is needed to allow strategic decisions to be made on sales, marketing and promotional activity and spend. Ongoing and accurate data collection needs to be incorporated across the available visitor touch points.	Accepted	Complete. Postcodes are currently collected from visitors through the visitor cards and customers of The Parliament Shop. The new Shop point-of-sale (POS) system will include a basic customer research program which will record customer postcodes. The operator can ask the customer questions such as their Australian postcode or country of residence for foreign visitors when they are purchasing items. Customers can choose to not to provide this information. The POS system is due to be in place by mid-2016. The POS system was implemented in June 2016. Collection of postcode data has commenced.
2. Overall Visitor Experience	2b. 	compelling and memorable experience.		The tours will continue to be linked to the events, collections and exhibition program.
2. Overall Visitor Experience	2c. Children’s Content: Developing child friendly content is essential for engaging families. The existing resources of the PEO, as well as the current schools tour content, should be used to develop authentic and meaningful content for a child friendly experience.	Accepted	<p>Complete.</p> <p>The Magna Carta family role play tour was trialled successfully in early 2015, and the new tour has run since June 2015 to coincide with Magna Carta 800th anniversary celebrations.</p> <p>A new family self-guide activity trail map based on Magna Carta has been available since mid-October 2015. The PEO has provided advice on the development of the Magna Carta role play tour and the trail map.</p> <p>DPS is collaborating with the PEO on a learning research project being undertaken by the National Capital Educational Tourism Project and the University of Queensland, with data collection to be completed by the end of 2015. Analysis of data was completed in April 2016 with a final report presented in May 2016. DPS will continue to develop and monitor the tours it offers to school groups.</p>
2. Overall Visitor Experience	2d. Queens Terrace Café: Quality of the offering, service and ambiance of The Queen’s Terrace Café should be improved, and the Terrace area leveraged better for day-time visitors and night-time events to unlock significant value from this venue, as part of the visitor experience and as a generator of revenue.	Accepted in principle	<p>Complete.</p> <p>The APH Catering Team has run the Café from January 2017. DPS is working to position the Café as a destination of choice in the ACT. The Café now offers an improved range of food and beverages showcasing products of the local region; the coffee is from Lonsdale Street Roasters, a local Canberra provider. Staff are focused on providing courteous and customer-focused service.</p> <p>Opportunities for future events at Parliament House will be considered by the new team on an ongoing basis.</p>
2. Overall Visitor Experience	2e. Parliamentary Shop: The Shop should be a place where officially licensed and authentic gifts and meaningful mementos can be purchased (onsite and online) to properly integrate it into the visitor experience and unlock commercial value.	Accepted	<p>Complete.</p> <p>Since 2013 the Shop product mix has been reviewed with new products being offered that have a much stronger link to the APH experience. A range of stock is directly linked to the Australian Parliament House collections and exhibition program – whether that be postcards featuring the art collection, exhibition catalogues, tea towels or jigsaw puzzles featuring the building or collection objects. The Parliamentary Library provides expert advice to select most of the publications for the Shop.</p>

			<p>The Parliament Shop has become a signatory to the Indigenous Art Code to ensure that all products featuring indigenous content are sourced ethically.</p> <p>DPS will continue to review the products for the Shop and to link these with the APH experience.</p> <p>DPS has enhanced the structure of The Parliament Shop by upgrading and recruiting for the position of Shop Manager, and establishing a new non-ongoing position of Merchandise Manager to improve the product offering.</p>
3. Guided Tour Experience	3a. Management and Staffing: Based on the final recommendations of the completed review there will need to be an assessment of the appropriateness of the current structure, resourcing levels and capabilities to ensure that the new direction can be delivered to required standards.	Accepted	<p>Complete.</p> <p>DPS is currently implementing a new staffing model for the VSOs which has increased staffing from 14.1 to 16.7 FTE. This model includes a mix of full-time and part-time VSOs supported by casual staff. The model aims to ensure there are sufficient resources to manage all visitors to APH and to offer a varied program of high quality experiences, especially more guided tours.</p> <p>Recruitment for the 8 new full time positions is completed. New VSOs commenced in December 2015 and January 2016.</p> <p>The Visitor Experience section has commenced the assessment of the new structure. The assessment is expected to be complete by 30 June 2016.</p>
3. Guided Tour Experience	3c. Tour Quality: Scripting of content and standardised key messages should be supported by training VSOs to ensure that they are able to deliver approved content while retraining and utilising their individual flair and personality. This should be reinforced through ongoing staff assessments as part of the formal performance review process.	Accepted, but noting that tours are not fully scripted.	<p>Complete.</p> <p>Up-skilling staff through specialised training in customer service and interpretation has been implemented; agreed content and routes for tours are in place; and training for VSOs to deliver new tours and programs is ongoing. There is an assessment mechanism in the VSO performance framework as well as mentoring and peer assessment from the VSO cohort. Evaluation of new tours is ongoing.</p> <p>Tours are not fully scripted but all tours have approved content and routes. There is some scope to vary the script depending on the interest of the tour group, access due to parliamentary sittings and the knowledge strengths of the VSO.</p>
3. Guided Tour Experience	3d. Meeting Demand: A future model for guided tours will need to find a better	Accepted	<p>Complete.</p>

	balance of meeting customer demand, controlling costs through efficiency, and delivering a quality visitor experience.		<p>Tour averages vary throughout the year due to fluctuations in visitation influenced by the sitting calendar, school tour demand and school holiday periods. During high visitation periods during the middle of the year the VSO staff can undertake eight public tours, four private tours and 20 tours for school groups on a typical day. Three of the public tours are paid themed tours which are linked with events, collections, significant anniversaries and the exhibition program. Visitor satisfaction with APH and tours is currently very high.</p> <p>The number and nature of tours will continue to be assessed on an ongoing basis.</p>
3. Guided Tour Experience	3e. Meeting Visitor Needs: There needs to be a closer match between visitor needs and expectations and the tours being delivered. Different languages, interest and desire for engagement should be drivers of new experience development.	Accepted.	<p>Complete.</p> <p>DPS constantly monitors the overall visitor experience and regularly exceeds targets for visitor satisfaction for visitors, tours and events and school groups. Parliament House was rated ninth in the 2016 TripAdvisor top 10 Australian landmarks. A redeveloped Visit APH website was released on 16 November 2016 which features more detailed information for visitors, including a section on the Parliament House Art Collection and upcoming exhibitions and events.</p> <p>New foreign language maps were made available in August 2016 in nine foreign language brochures: Arabic, Chinese, French, German, Hindi, Japanese, Korean, Italian and Spanish. While tours in foreign languages are not part of the regular offering, when possible, special interest tours are matched with VSOs who have language skills, increasing the positive feedback and engagement with the visitors. In January 2017, DPS partnered with the Canberra Convention Bureau to provide in-language tours for over 1200 Chinese visitors. Feedback from the operation of these tours will be incorporated into future delivery of visitor services both at Parliament House and online.</p>
4. Self-guided Experience	4b. Changeable Content: A new visitor experience needs to find the balance between the activity of sitting days and the need for additional interaction at other times. Creating the optimal visitor experience for both periods is key.	Accepted	<p>Complete.</p> <p>Eight public tours are scheduled each day. Three of the public tours are paid themed tours which are linked to the collections, events, significant anniversaries and the building's heritage. During non-sitting periods these paid tours include behind-the-scenes content which provides an opportunity for visitors to have a different valuable experience. Tour content is also varied to reflect special events—for example, courtyard tours during Floriade and Unconformity tours during Enlighten.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
5. School Tours	5a. School Tours: The confusion which some schools are experiencing as a result of the lack of coordination strongly suggests that one body should control and coordinate the entire schools programme and that the coordinating body should be the PEO. The PEO should be moved into the Parliamentary Experience Branch of DPS to take control of all aspects of school tours.	Accept in part	<p>Complete.</p> <p>DPS' response to this recommendation was deferred pending consideration of any recommendations arising from the inquiry by the Joint Standing Committee on Electoral Matters into electoral education. However this Inquiry lapsed at the end of the 44th Parliament. While the Committee has been appointed by the 45th Parliament; to date (Feb 2017) the Committee has only one inquiry and it does not cover electoral education.</p> <p>DPS agrees that there should be a stronger coordination for schools' visits to APH. DPS now works closely with the PEO in the Department of the Senate and the Serjeant-at-Arms (SAA) to improve coordination of school tours through the new booking system implemented by the Chamber Departments and also the interaction between tours offered by the two groups. This includes demonstrations of sessions by operational staff with a view to ensuring tour groups receive a consistent experience.</p> <p>DPS and the PEO met to discuss directions and shared objectives for visiting school groups on 31 January 2017 and are working closely together on shared communications to schools.</p>
6. Exhibitions and Community Engagement	6a. Exhibitions: Exhibitions and public displays should be integrated into the broader visitor experience and critical to this is the consolidated control of content curation and experience delivery.	Accepted	<p>Complete.</p> <p>This has been implemented with the formation of an integrated program of exhibitions, events and programs since early 2014 which includes specific exhibitions and displays for NAIDOC and Reconciliation Weeks.</p> <p>DPS Art Services has been rebranded as DPS Art Collection & Exhibitions and this section has assumed responsibility for the development, curation and delivery of exhibitions and displays within the public areas.</p> <p>DPS Products & Programs staff are responsible for curation of an accompanying suite of events and public programs and content for the Parliament Shop.</p>
6. Exhibitions and Community Engagement	6b. Public Programming: The feasibility of developing a programme of public events should be explored as a vehicle of greater community engagement.	Accepted	<p>Complete.</p> <p>This has been implemented with the formation of an integrated program of exhibitions, displays, events and programs, including for Floriade, Enlighten, the Magna Carta 800th anniversary, the Centenary of ANZAC, NAIDOC and Reconciliation Weeks and the Heritage</p>

6. Exhibitions and Community Engagement	6c. Volunteers: The feasibility of utilising volunteers as a means for community engagement and outreach should be explored.	Not accepted	DPS proposes to have the VSOs continue to deliver tours.
7. Marketing and Promotion	7b. On-line & Social: To provide an online welcome, and to stage a dialogue with visitors via social media, the marketing and communications plan should incorporate the development and management of a Visit Parliament House micro-site and social media strategy.	Accepted in part. The creation of a Visit Parliament House micro-site is not accepted.	Complete. The new Visit Parliament website was launched on 16 November 2016. The Visit Parliament website, as an addition to the APH website, has included updates with useful and topical information on services, tools and things to do and see at Parliament House. More development of social media is being explored and linked to the Visit Parliament pages. Social media updates on events or interesting facts about Parliament House or activities happening at APH are now ongoing. The Department has recently commenced marketing and communications through social media channels and will integrate these with the proposed Visit Parliament website in 2016.
7. Marketing and Promotion	7c. Tourism Industry: A tourism industry engagement strategy will be central to maximising the benefit derived from Parliament House and developing a world class visitor experience and making it the flagship of ACT Tourism.	Not accepted. There will not be development of a separate tourism industry engagement strategy.	DPS will address the spirit of this recommendation in the marketing strategies developed for each major event or program. Engagement with tourism bodies, including ATEC, NCAA and Visit Canberra, is underway and ongoing. A new APH promotional brochure was distributed to ACT tourism outlets in July 2015 and reprinted and redistributed in November 2015. APH participated in the Visit Canberra social media promotional Human Brochure and 101 Humans. Also APH activities continue to be aligned with festivals and major events e.g. Floriade, Enlighten, Canberra and District Heritage Festival.

This will require working closely with the other departments to provide an appropriate level of input but ensure consistency form, content and brand delivery.	Accepted.	<p>Complete.</p> <p>The Parliamentary Experience Branch was created to facilitate this work and to work closely with the other parliamentary departments. The Chamber Departments, Library and the PEO are consulted and provide input during the creation of new content for visitor experiences.</p>
