Dear Senator Pratt

Committee Hansard – 7 November 2022

I am writing to correct something I mentioned during my appearance at the committee's estimates hearing on Monday. When I was discussing the intersection between parliamentary privilege and the work of royal commissions I incorrectly said that a private senator's bill on the subject was before the committee.

Of course, I should have noted that the bill is before the Legal and Constitutional Affairs Legislation Committee.

Yours sincerely

(Richard Pye)
