4	Community	VIC	Moyne Shire Council	Mortlake Avenue of Honour –Replacement Memorial Trees WW1 Section – Hamilton Highway, Mortlake, VIC, 3272.	The project will see the replacement of WW1 Monterey cypress trees that comprise the heritage listed Mortlake Avenue of Honour. Eighty WW1 cypress trees are to be replaced with Holm Oaks. The replacement trees are currently under cultivation to ensure they are of the correct height under heritage permit requirements. Works will include removal of remaining WW1 memorial trees stumps, ground and irrigation preparation for new replacement trees, and planting of new trees and ancillary works. Eighty Monterey cypress tree avenue were planted over 100 years ago as a memorial to local personnel who served during WW1. The Mortlake Avenue is the second longest in the State after Ballarat’s Avenue of Honour. The Monterey cypress trees have now reached end of life with many having been removed due to cypress canker, limb and branch safety issues for vehicles along the adjacent highway, or because of storm damage. The Avenue is a significant feature of the town and is highly valued by the community and visitors and is a significant part of the heritage and history of the region. The replanting program will see the continuation of this important memorial for future generations.	Complete	\$42,000	Mar-24	Jul-24
4	Community	VIC	Moyne Shire Council	Port Fairy Football Netball Club Sport Lighting Project – Bourne Avenue, Port Fairy, VIC, 3284.	The project will see the replacement of the football oval and netball court lighting to enable training and matches to code standards. The project will include supply and installation of 8 lighting towers – 4 at the netball courts and 4 at the oval – of 200 lux lighting capacity, engineering and foundation works, electrical connection works, and site landscaping. The football oval and netball court lighting towers need to be replaced following removal of the two netball court towers and one football oval tower in February 2022 due to significant structural safety issues. The netball club have been left with no permanent lighting to their two courts. During the 2022and 2023 seasons, the netball club have hired temporary portable lights with volunteers making two trips a week to Warrnambool (70km round trip) for collection and return of hired lights. This is having a significant impact on volunteer time and resourcing and is not a sustainable solution to the lack of court lighting at the facility. The football club are able to use the three remaining towers but will be unable to continue training and games should a further tower need to be removed given that the remaining towers and lights are at end of life having been installed an estimated 30+ years ago and are due for replacement. Installation of new lighting at PFFNC Gardens Oval Precinct would result in some quite significant and positive outcomes, these include but are not limited to: <input type="checkbox"/> Enables the club to play night games. <input type="checkbox"/> Allows all teams including juniors to play on same day. <input type="checkbox"/> Families that have children playing on Saturdays and on Sundays will also not be stretched across 2 days. <input type="checkbox"/> Will attract more spectators providing revenue streams for club. <input type="checkbox"/> Become a focal point for night activities within the community. <input type="checkbox"/> Other organisations may expand their usage of night opportunities such as the sheep dog trails. <input type="checkbox"/> Medivac emergency helicopter that uses the oval for emergency landings. <input type="checkbox"/> Lighting would be compliant to the relevant standards. <input type="checkbox"/> Player and volunteer safety	Complete	\$360,000	Feb-24	Jul-24

4	Community	VIC	City of Wodonga	Hot House Theatre, Painting/Improvements to community facilities, Lincoln Causeway Gateway Island	•Redevelopment of Foyer •Green Room Redevelopment •Backstage Redevelopment •Office Redevelopment • Store Room Redevelopment • Dress Room Toilet Redevelopment •Toilets Redevelopment • Painting •Electrical and Lighting upgrades • Plumbing Upgrades Wodonga Council seeks to undertake a series of internal renovations to the Butter Factory Building at Gateway Village to increase & improve access to event and activity spaces for Regional VIC community members and creatives artists. Several barriers have been identified preventing effective & sustainable work practice within this building. Primarily, access to: collaborative workspaces, suitable preparation spaces for performances and access to a flexible performance space. The proposed refurbishments will overcome these barriers to provide increased access to collaboration, skills development, and creative development & production pathways for regional artists and Wodonga Community groups. This infrastructure project increases and improves access to creative spaces by maximising access to performances spaces for community members and by providing upgraded toilet facilities. The project will deliver welcoming and well-equipped spaces with a redevelopment of the foyer and registration areas, green rooms and back stage areas. This will not only increase usability and create a safer and more accessible area but create spaces that will be more attractive and functional to visiting theatre groups and ensembles. This in turn will unlock creative collaboration opportunities that have been otherwise inaccessible in the region. HotHouse Theatre, the current lease holder of the facility, has been in active talks with Wodonga Tafe and Latrobe University to address the skills shortage on the border and are looking for ways to increase professional capacity in the region. These infrastructure upgrades will provide new opportunities for HotHouse to be a training provider for regional creatives and designers who do not want to leave the region. This will be a direct benefit to community through increased skills development, employment opportunity and increased creative opportunities. This infrastructure program will facilitate the needs of new and diverse performance forms catering to a greater audience and expanding on capacity to deliver independent programming, which has become a growing segment of the theatres core audiences. 4	Community	VIC	Baw Baw Shire Council	Downton Park Pavilion Upgrade, Yarragon Address: Market St, Yarragon VIC 3823 Work Category: Sporting and recreation facilities	Downton Park Pavilion upgrade including female friendly player and official change/amenities. The pavilion upgrades will provide: <ul style="list-style-type: none"> • Two players amenities areas • Two trainers' areas • One home team change area • One away team change area • The two players change areas are to be separated by an operable wall • The two players change areas are to include fixed bench seating • Two umpires change areas • One first aid room • One platform lift to timekeepers area • One timekeeper's area • Kitchen flooring level to be unified • Public toilet block • Veranda areas as documented Downton Park is the main recreational and sports facilities for the township of Yarragon. It is home to the Yarragon Football Netball Club, Yarragon Cricket Club and Yarragon Junior Football Club. The reserve is also utilised by the neighbouring Yarragon Primary School and by the wider community. The change rooms at Downton Park Pavilion do not provide adequate facilities for female players and official. This is a hindrance to female participation. By upgrading this pavilion, it will be more accessible and equitable for all people that would like to make use of this community facility. 	Under construction	\$1,795,027	Jan-24	Jun-25
4	Community	VIC	Benalla Rural City Council	Benalla Art Gallery Exhibition Lighting Upgrade	Upgrade the exhibition lighting in the Ledger and Bennet Gallery's to LED lights to enable precise observance of LUX levels required for collection and loaned works. These lights are also more energy efficient. Existing lights do not allow for proper exhibition lighting and lacks control over the LUX required to exhibit many loaned collections. Limits our ability to attract exhibitions and increase visitation to the gallery and Benalla.	Under construction	\$120,000	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	Benalla Art Gallery CCTV Upgrade	Installation of modern CCTV to replace analogue system. The upgrade will see the installation of a new CCTV system with circa 40 cameras. Current system cannot be expanded and does not provide cover to all the areas of the public space within the gallery. CCTV is vital for improved security monitoring by staff in this building.	Under construction	\$80,000	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	Electronic Community Notice Boards	Install two double sided electronic signs – one near the Visitor Information Centre and the other in the CBD of Benalla. Permanent digital signs would allow us to modernise the way in which we communicate to the community as this technology would allow real-time messaging as well as pre-programmed. Key community information, and emergency messaging would be possible on these screens. The signs are being proposed for pedestrian traffic not vehicular.	Under construction	\$140,055	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	All Ability Playground	Incorporate up to two all ability playgrounds into existing playgrounds. This initiative would allow for dedicated all ability equipment to be situated alongside existing playground equipment.	Under construction	\$100,000	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	Native Tree/habitat Planting	Project to support native vegetation and habitat regeneration. It is difficult to determine a defined m ² of vegetation being planted as it will not be targeted for a single mass planting. An approximate number of trees which will be planted is 2,000 trees (1 hectare). Would be used to support seedlings for National Tree Day that is run as a community event.	Under construction	\$10,000	Dec-23	Jun-25
4	Combination	VIC	Benalla Rural City Council	Town Hall Basement Upgrade	Convert unused basement area of the Town Hall so that it can be used for meetings, gatherings and by the community. Can also be used as a night shelter for the homeless throughout the year. Carpet, partition walls, painting, lighting and install kitchenette. Benalla does not have a suitable venue to host a night shelter or community space that is in a safe and secure location.	Under construction	\$35,000	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	New Fence Botanic Gardens Cricket Ground	Contribution to a community fence renewal project. The length of fence is approximately 450 mtrs. Under construction	\$15,000	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	Denny Street Carpark Upgrade	Eastern side of the Denny Street carpark to have existing pavement removed and replaced with an asphalt seal and new line marking. Area to be resealed is approximately 2,900m ² . Current carpark is uneven with the current seal in poor condition. The carpark is operated by the Council and does not generate any income.	Under construction	\$170,000	Dec-23	Jun-25
4	Road	VIC	Benalla Rural City Council	Electronic Community Signage	Install two single side electronic signs at the entry points to Benalla. Permanent digital signs would allow us to modernise the way in which we communicate to the community as this technology would allow real-time messaging as well as pre-programmed. Key community information, and emergency messaging would be possible on these screens. These signs are being proposed for viewing by the driving public not pedestrian traffic.	Under construction	\$60,000	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	Flagpoles	Install 4 new flagpoles outside the Benalla library. This precinct is often utilised for community events, and it has been requested to install the flagpoles that can have flags flying permanently and during special occasions such as Australia Day. The flagpoles will be incorporated into an overall precinct redevelopment adjacent to the library. Landscaping around the base of the flagpoles will also be a key beautification aspect of the project.	Under construction	\$15,000	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	Roadside Bicycle and Walking Paths	Additional roadside bicycle and walking paths. Total length of new paths 1,100mtrs. This funding will allow additional areas to have either new or upgraded bicycle and walking paths installed adjacent to the following roads – Witt Street, Deas Street, Kent Street, Clarke Street, and Perth Street.	Under construction	\$150,000	Dec-23	Jun-25
4	Community	VIC	Benalla Rural City Council	Solar Panel Installation – Customer Service Centre	Provide for circa 70kw of solar panels to the Customer Service Centre. Final design should allow for approximately 100 panels to be installed. The installation will reduce our reliance on fossil-fuel burning to produce electricity as we transition to our net zero target.	Under construction	\$80,000	Jun-24	Jun-25
4	Community	VIC	Buloke Shire Council	Watchem Lake Treatment Plant Upgrade	Replacement of existing septic system with an aerated treatment plant and associated effluent field involving earthworks, plumbing and electrical installation. The existing septic system is unable keep up with current peak demand. The new treatment plant will cater for existing amenities and allow for additional cabin accommodation in the future. The toilet and shower facility serviced by the existing septic system is the only publicly accessible facility at the lake and is open to the public year round. The ongoing operation of this facility is critical for the continued enjoyment of the lake by residents of Buloke Shire Council for social and recreational activities such as boating, fishing and camping. 4	Community	VIC	Hepburn Shire Council	Wombat Hill Botanic Gardens – Pioneer Tower Strengthening Project	The project includes epoxy/cementitious injections to cracks around the tower to limit future water ingress. Further to the injections, rendering of the tower will also occur to provide protection over the cracks and any exposure structural steel. The works are to the top 75% of the structure which stands at approximately 12-15m tall. With visible cracks currently showing around the tower, extensive repair works will ensure structural safety and long-term stability of the Tower. This will ensure use of the Pioneer Memorial Tower will continue into the future to allow elevated views of the surrounding gardens and the town of Daylesford itself. 4	Community	VIC	Mildura Rural City Council	Mildura Sporting Precinct Stage 2 684 Deakin Avenue, Mildura VIC 3500	Additional car parking, landscaping treatments & indoor stadium seating. The Mildura Sporting Precinct value managed the above items during the tender process in order to meet budget and funding requirements. With the LRCI funds, it allows the project to complete the precinct. On an average weeknight the car park is overflowing, by more than doubling the existing car park with an additional 381 parks, we will be able to provide a safe path of travel for users to access the facilities. Landscaping improvements will allow spectators a comfortable space to enjoy the various sports. Landscaping improvements include spectator mounding to the 4 outdoor beach volleyball courts, spectator mounding to the second AFL oval, landscaping adjacent to the cricket practice enclosure and landscaping at the rear of the stadium connecting the two main ovals, allowing an easy and accessible connection between each side of the precinct. Procurement of a 500-seat indoor retractable grandstand will allow a greater number of spectators for indoor sporting matches. With the inclusion of this system, the stadium would be able to hold up to 1,000 spectators. This will allow the precinct to host large scale state and national sporting events. 4	Community	VIC	Moir Shire Council	Numurkah Northern Levee project	This project will allow Council to complete construction of the first stage of the Numurkah flood mitigation strategy, which is a levee on the northern bank of the Broken Creek. The levee will be constructed to the one percent annual exceedance probability design flood level plus 300 mm freeboard. The final embankment will be approximately 4.5 kilometres long and consist of earthen embankments, concrete walls and sealed permanent elevated vehicle crossing places. The project also includes the infrastructure needed to manage controlled movement of runoff from outside the levee during storms and into the waterway. The construction of the northern levee reduces existing flood disaster risk. Numurkah will be better prepared for and resilient to flood and the impacts of floods. Benefits of the project are not restricted to monetary outcomes. Intangible or social aspects of community vulnerability (personal wellbeing, stress and mental health etc) are recognised as being potentially as costly as the tangible costs (The cost of natural disasters: Australian experiences. Australian Business Roundtable for Disaster Resilience & Safer Communities 2016). The project directly reduces the risk of more than 90 families within the Numurkah community suffering the mental harm associated with potential loss of family goods, livelihood, pets, and treasured possessions	Under construction	\$1,614,000	Aug-24	Jun-25
4	Community	VIC	Moir Shire Council	Pedestrian Enhancement Program	The project will deliver a combination of 2.5-metre shared paths and 1.5 metre footpaths constructed of concrete. Focussing initially on the townships of Cobram, Katamatite, Nathalia, Numurkah, Picola, St James, Tungamah, Wunghnu, and Yarrawonga, works will include DDA compliant crossings, and footpath construction to the Council adopted Infrastructure Design Manual standard drawings. Where required, design will be undertaken to tie into existing infrastructure. This will commence following desktop assessments, site visual assessment and engagement with affected and adjacent land holders. Construction sites will be adequately protected for community safety and traffic management will be in place as required. Where required, coordination of relocation of third-party assets will be undertaken. Moira Shire Council firmly believes that pedestrian infrastructure's connectivity and accessibility significantly contribute to a liveable, sustainable, and prosperous communities. A robust pedestrian network contributes to benefits for health, social cohesion, inclusion, and offers viable alternatives to traditional transport methods, creating a safer and more harmonious municipality. The pedestrian enhancement program objectives align with Council's vision for a better future, aiming to enhance connectivity by identifying and filling missing pedestrian links throughout the municipality. By doing so, residents will enjoy improved accessibility to essential services, recreational areas, education precincts, retail precincts, and transport hubs, promoting walking as a preferred mode of transport. The project's components include pedestrian infrastructure upgrades and new footpath construction, prioritised around our school precincts, urban areas and frequently used routes by our vulnerable community members. The project is backed by Moira Shire Council's 10-year capital plan for pedestrian infrastructure and is ready for delivery.	Under construction	\$930,893	Aug-24	Jun-25

4	Community	VIC	Moyne Shire Council	Port Fairy Play and Skate Build Project – James Street, Port Fairy, VIC 3284.	The Port Fairy Play and Skate project will see the development of a new district level play space and the construction of a new skate park to replace the decommissioned skate park in the town. Works will include site preparation, groundworks, drainage installation, skate park construction, installation of play equipment to a district level playground standard, Softfall, fencing, connecting and site footpaths, site landscaping, and provision of site amenities such as outdoor furniture. Port Fairy is Moyne Shire's main population centre and national and international visitor destination, but has limited play spaces and no operational skate park facilities. Existing play areas are either associated with Council / commercial caravan parks that are not easily accessible by residents, or are small local play spaces that do not meet the play experience expectations of residents and visitors. The project will provide for much needed active recreation opportunities for a range of ages and abilities, and add value to the visitor experience in this major tourist destination. The project will directly address gaps in the provision of play and skate facilities experiences in the town, improve the opportunity for people to engage in social recreation at no cost, and will help enhance people's health and wellbeing, social connections, and support more active lifestyles for all ages. 4	Community	VIC	Northern Grampians Shire Council	North Park pedestrian safety improvements	The price includes to construct removable bollards and relocation of hydrant. This project will improve pedestrian safety through managed access during events to effectively vehicle traffic through the reserve. The issue stems from the requirement of an access road through the middle of the precinct which separates active recreation spaces such as ovals with the main amenities, changerooms and canteen infrastructure. At major events such as athletics carnivals, soccer and AFL (training and games), school sports (local and regional) there is a need for young children to cross the internal road/cars parked or moving to access amenities. To manage safe access this project will deliver removable bollards to manage traffic and access throughout the reserve that is targeted at a pedestrian safe zone.	Under construction	\$21,429	Aug-24	Jun-25
4	Community	VIC	Northern Grampians Shire Council	Market Square Restrooms	Construction of fully accessible public amenities Market square is a busy space for families and the precinct includes playground, BBQ, shelters and open green space for music/market events. The square also is adjacent to a large and busy car park that separates safe access to public toilets that are currently a distance from the precinct. Most families have multiple children, varying ages and needs and therefore require the family to pack up to take one child to use toilet facilities. To cater for safe access to amenities including meeting child safe standards the proposal is to locate accessible public toilets on site at Market Square that meets the needs of the community, keeping them together, safe and in view. 4	Community	VIC	Swan Hill Rural City Council	Nyah Community Centre Change Room Renewal, River Street, Nyah, VIC 3594	Sporting and Recreation Facilities There are no facilities in the main pavilion in which females can change or shower following or prior to sporting activity. The existing facilities have not received any renewal treatment for over 50 years. The plumbing and amenity infrastructure is worn out, leaking, difficult to clean, unsafe and unhygienic. The sporting nature of the precinct and the proximity of the netball courts close to the pavilion lends itself to the inclusion of female change facilities in the main pavilion. Refurbishment and a re-layout of this facility will provide fair and equitable access to change and amenity facilities for both sporting and leisure activity. More holistic usability for community facilities while refurbishment will make them pleasant, easy to use, hygienic and safe.	Under construction	\$501,412	Dec-24	Jun-25
4	Community	VIC	Swan Hill Rural City Council	Solar Panels for Leisure Centres, 21 Pritchard Street, Swan Hill, VIC 3585 and 75 Latje Road, Robinvale VIC 3549	Net Zero The Leisure Centre facilities in the Municipality both have large roof spans yet do not have the solar power. The installation of up to 100kW of solar power on each of the Swan Hill and Robinvale Leisure Centre's will result in a proactive approach to self-sustainable energy production along with a reduction in energy costs to Council. Self-sufficient and sustainable production of energy and cost savings to ultimately benefit the community.	Under construction	\$220,000	Jan-24	Jun-25

4	Community	VIC	Swan Hill Rural City Council	Robinvale Skate & Nature Play Shade Implementation, Centenary Park, Robin Street, Robinvale VIC 3549	Playgrounds and Skate parks (including all ability playgrounds) New Nature Play and Skate Park zones are being developed in the Robinvale Township. They will be highly popular destinations for locals and visitors with the expectation that the play spaces are activated for year round use. Shade is fundamental to the activation of the space and shade structures in the form of sails, tree plantings and fixed shelters will be implemented to provide shade. The provision of shade increases the ability for more of the community to use play spaces on warmer/hotter days. It also helps to reduce sun stroke, skin cancer and reduces dehydration. 4B	Road	VIC	Mansfield Shire Council	Buttercup Road Reconstruction	Reconstruction of existing sealed road which is in bad condition. Construction will be designed to withstand high traffic. The scope of works for the Buttercup Road is from chainage 125 – 1420. -Profiling the existing road surface for the designed depth with cement treatment -Compacting the profiled road surface and putting a temporary emulsion seal -Putting spray seal on top of the road -Defining the existing drainage -Cleaning out the drainpipes, crossover pipes, and culverts Existing sealed road is in bad condition. This project will improve road safety and provide better access.	Complete	\$130,000	Nov-23	Jun-24
4B	Road	VIC	Mansfield Shire Council	Township Sealing Program - Goughs Crescent, Catherine St (Goughs Bay)	The scope of works for Goughs Crescent is from chainage 0 – 425. The scope of works for Catherine St is from chainage 0 – 280. Goughs Crescent and Catherine Street in Goughs Bay has relatively high traffic volume and is currently unsealed and in bad condition. It also has some drainage issues. This project's objective is to fix the drainage issues, reconstruct and seal the road to make it safer and extend its longevity. The scope of works will include: -Increasing the size of the existing crossover pipes -Installing new drainage pipes -Installing grater pit to reduce the water going into the road -Defining the existing drainage and adding gabion rocks to slow down the flow of water -Adding Class 3 FCR and compacting it to 100mm thickness -Spraying a coat of bitumen spray seal with 7mm gravel -Line marking where required Current crossover pipes are too small. By upgrading this, the water will remain inside the drain without affecting the road or properties. In addition, sealing the road will make it easier for residents to access their properties and improve safety.	Complete	\$140,000	Nov-23	Jun-24
4B	Road	VIC	Mansfield Shire Council	Kerb and Channel at Hunter St, Mansfield	Fixing the drainage issue by replacing the existing kerb and channel. Improving roadside drainage to increase the longevity of the pavement and road seal. -Reconstruction of B2 barrier kerb and channel including excavation, concreting, asphaltting, root removal/cutting. Total length of barrier curb 63m -Reconstruction of M2 spoon drain including excavation, concreting, asphaltting, root removal/cutting. Total length of spoon drain is 44m Existing kerb is in bad condition (cracked and sinking), which creates issues with both stormwater and road surface management. This will improve access for both pedestrian and road users.	Complete	\$25,000	Nov-23	Jun-24
4B	Road	VIC	Mansfield Shire Council	Kerb and Channel at Kitchen St, Mansfield	Fixing the drainage issue by replacing the existing kerb and channel. Improving roadside drainage to increase the longevity of the pavement and road seal. -Reconstruction of B2 barrier kerb and channel including excavation, concreting, asphaltting, root removal/cutting. 4B	Road	VIC	Mansfield Shire Council	Improvement on Coster St, Woods Point	Improving safety around the turnaround point at Coster St by widening the road. -Earthworks will include reshaping the road by lowering high point by 300mm and widening by 1.0m using excavated material to re-shape lower point in road and widening road -Supply, place and compact Class 4 40mm Crushed Rock to road area to a depth of 100mm, 80 x 4m. The length of pavement is 80m. -Supply and install signage including mirror to improve site visibility and guideposts -Include 8m of guardrails The following will be included as an optional item for the Woods Point Transfer Station: -Pavement - supply, place and compact Class 4 40mm Crushed Rock to bin area to a depth of 150mm -Rail/Gates – weld hinges back on, test and make good The existing unsealed two-way road currently only allows one vehicle to travel either direction. There are reports of drivers speeding from the downhill section to the rise and continuing their travel towards the town centre. This poses a safety concern due to the lack of sight distance for drivers to spot oncoming traffic and ensure that there is enough braking distance to avoid going down the cliff. These works will improve safety for all road users.	Complete	\$31,244	Nov-23	Jun-24

4B	Road	VIC	City of Wodonga	Reconstruction Roundabout, Intersection Lawrence & Chapple Street Wodonga	<ul style="list-style-type: none"> Demolition of existing concrete including footpath and kerb Demolition and removal of existing pavement Construction of new kerb and roundabout apron Construction of new road pavement Installation of new drainage including subsurface drainage Line marking of roundabout and approaches <p>The proposed upgrade will transform the roundabout from a single lane to a dual-lane configuration, aligning it with the two-lane arterial road approaches. Additionally, the project will include the construction of a safe, off-road path for cyclists to negotiate their way through this busy intersection, ensuring they have a dedicated space, separate from heavy vehicle traffic. The current single-lane roundabout at the intersection of Chapple Street & Lawrence Street, is on a critical arterial road in our network, and is insufficient to handle the growing traffic volume. With two-lane arterial approaches, the single-lane roundabout creates a bottleneck, leading to congestion, especially during peak hours. Additionally, the absence of dedicated cycle facilities poses a safety risk for cyclists, who must share the road with heavy vehicles, including B-doubles, which frequently use Chapple Street. This situation not only impedes traffic flow but also raises concerns about the safety of vulnerable road users.</p> <p>This enhancement will improve traffic flow, reducing congestion and wait times for all road users. This dedicated cycle path will improve safety and encourage more sustainable transportation options.</p> <p>The upgrade will provide multiple benefits to the community. It will enhance traffic flow, reducing congestion and travel time for all road users, including those commuting or transporting goods via Chapple Street. Second, by improving safety for cyclists, the project supports healthier and more sustainable transportation options, potentially increasing cycling as a mode of transport. Third, the upgrade will ensure that heavy vehicles can navigate the intersection more efficiently, reducing the likelihood of accidents.</p>	Under construction	\$312,107	Nov-24	Apr-25

4B	Road	VIC	Macedon Ranges Shire Council	Mt Gisborne Road project	Pavement rehabilitation of the road section of length 1300m, through in-situ stabilisation and a new bitumen spray seal. The geotechnical investigation has resulted in Mount Gisborne Road requiring better methodology for pavement course stabilisation. Therefore, as recommended by the geotechnical investigation, foamed bitumen stabilisation treatment is used to stabilise the pavement course in lieu of cement/lime stabilisation. This pavement construction methodology has resulted in increased cost to the project. Road pavement is in poor condition and proposed upgrade will enhance the following; <ul style="list-style-type: none"> •Improved road safety for all road users •Improved connectivity to other parts of our Shire and economic growth •Improved amenity and overall wellbeing to the residents adjacent to these roads •Meeting community expectations •Improved ride ability 	Under construction	\$831,325	Jan-25	Apr-25

4B	Road	VIC	Moira Shire Council	Loofs Road, Naring	Road Sealing, Widening and Drainage works to maintain the functionality of the road surface, 2.4 km of table drain cleaning will be done. Between Benalla-Tocumwal Road and McPherson Road, replace the road shoulder pavement to a compacted depth of 200 mm. The replacement should span 4800 metres, with 2400 metres on each side of the highway to a width of 1.3 metres. Preparing and boxing out the current shoulder material, loading and repositioning it, making sure it doesn't tip on sealed roads, and forming and compacting fresh material at the ideal moisture content are all part of the task. Within 10 kilometres of the site, existing material must be removed and transported to a prearranged place. Currently the road is failing to meet demand or to support our emerging agribusinesses. Sealing the road and widening the shoulder not only supports improved supply chains, but also improves road safety for all of our road users, which is important at this location because the road is an important rural link road. 1	Community	WA	Town of Claremont	Claremont Aquatic Centre works Renewal of the Town's aquatic centre disabled change room and toilet facility and the addition of a family change room, improvements to the associated universally accessible access ramp, and the retaining and landscaping of the surrounding garden area.	The existing disabled facilities at the aquatic centre are in a poor condition and require renewal. The original aquatic centre complex was constructed in 1960. The change rooms and toilets that are still in use today were constructed in 1971 without dedicated disabled facilities. Around 2004 a demountable disabled toilet and change room was added to the south of the change rooms with a short access ramp connection provided. Having originally been constructed as a temporary measure, this disabled toilet and change facility is still in use today and is in urgent need of renewal. The disabled access path to this area is also in need of enlargement and improvements. Due to the vertical grades of the site, retaining of the land will be required to accommodate this work. The community facility also lacks a dedicated family change room with some patrons instead using the disabled change room in this capacity. New family change rooms will be added adjacent to the disabled facilities. All proposed renewals and upgrades will be designed to comply with universal access requirements in accordance with the Town's Disability Access and Improvement Plan.	Complete	\$104,010	Jul-20	Jun-21

1	Community	WA	Shire of Bruce Rock	Johnson Street, Bruce Rock - Parklet upgrades	Before Council installed the temporary parklets, there were no attractive outdoor seating and dining options on the main street, especially near operating food businesses. The temporary parklets have made our main street more vibrant and have been deemed a great success. The parklets make it obvious to passing travellers that the food businesses are open, and encourage them to stop and spend, which boosts our local economy. Making the parklets permanent will increase all these benefits and ensure we can continue to reap them well into the future.	Complete	\$126,003	Apr-21	Oct-21
1	Community	WA	Shire of Harvey	Brunswick Recreation Ground - additional parking	Inadequate off road parking on the site at present.	Complete	\$72,000	Jul-21	Oct-21

1	Community	WA	Shire of Nannup	Nannup skate park upgrade	Current surveillance at the skate park is limited as the lighting off the street does not provide enough illumination to make the park safe in the evenings when many young people congregate there. During the summer months the park is over exposed to the sun.	Complete	\$65,000	May-21	Oct-21
1	Community	WA	Shire of West Arthur	Darkan Railway Reserve - Shelter. Council has had a decrease in scope of works for Project 13 and will be no longer installing the BBQ shade shelter in the Darkan Railway Reserve.	The existing facilities are over 20 years old and in dire need of upgrading. The existing shelter does not address the current needs of the community and is big enough for one group to use at a time. It is proposed that the shelter will cover 3 BBQs, picnic tables and other seating. The shelter will be designed as a feature which will showcase some of the Shire's history and community story. It will be constructed closer to the centre of the reserve which will allow improved access to the public toilets and closer to the existing War Memorial for use on ANZAC Day and Remembrance Day events. This is the only community BBQ facility in Darkan. Upgrade of dilapidated BMX track into a pump track. Council has had a decrease in scope of works for Project 13 and will be no longer installing the BBQ shade shelter in the Darkan Railway Reserve.	Complete	\$55,725	Aug-21	Oct-21

1	Combination	WA	City of South Perth	Thelma Street, Como - Installation of a new red asphalt bicycle path	Cyclists currently have no protection when traveling from the lanes to the path.	Complete	\$134,405	Oct-21	Mar-22
1	Combination	WA	City of South Perth	South Perth Esplanade, Cycle path upgrades	This segment of cycle path is part of the top priority actions in the City's Joint Bike Plan 2018 because the adjacent road has the highest number of recorded cycle crashes of any City-managed road. The road caters for high volumes of recreational cyclists and a wide range of path users, which introduces potential conflicts. This project will provide a safe dedicated cycle path to reduce crashes. The works will form part of a regionally significant bike path that, once fully constructed, will provide a continuous red asphalt cycle path for all the parklands on the popular bridge to bridge trail enabling safe cycling between Perth City and the City of South Perth.	Complete	\$102,380	Oct-21	Mar-22
1	Road	WA	Shire of Boddington	Days Road, Boddington - Rehabilitation	Maintenance, dust and loose surface issues with section of road to be sealed providing an all-weather surface, undermining of floodway, vegetation growth narrowing running surface of road creating vehicle passing hazards. 1	Community	WA	Shire of Denmark	Ocean Beach Coastal Protection - Refurbishment of Timber retaining wall and Armour Rock Placement	The Shire of Denmark had a 2018 CHRMAP of Ocean Beach completed. Due to significant storm erosion in 2021, the coastal hazard lines were revised. The main implication of revising the coastal hazard lines is that the main surf club building is now within the 10yr hazard line. This asset was already classified as "high risk" in the 2018 CHRMAP. This structure is reliant on the maintenance of the timber retaining wall, and the longer-term slope geotechnical stability of the structure on the steep coastal dune.	Complete	\$169,000	Apr-22	Apr-22

2	Community	WA	Shire of Bruce Rock	Bruce Rock Supermarket. Corner of Johnson and Bath Street, Bruce Rock, WA.	The only supermarket in the Bruce Rock town site burnt down as a result of arson in March 2020. The Shire seeks to construct a new supermarket building to ensure residents have access to a secure food supply. This is paramount for vulnerable community members who are unable to travel 40km to the next town for grocery shopping with no support system present. Currently, the Shire are operating a temporary supermarket from the Town Hall, resulting in the hall being unavailable for community events and sporting activities. A retail consultant determined that the Shire of Bruce Rock would be extremely unlikely to attract a retailer to operate a grocery store if the retailer had to also construct a building. The Shire intend to build the supermarket, fit it out, and lease it to an independent retailer. Building a new supermarket contributes to the local economy by creating jobs during construction and ensuring the continued future of the local retail economy. At present, many retail businesses in Bruce Rock have been negatively impacted by people travelling out of town for grocery shopping, as the current supermarket is unable to stock all the stock lines they require. Specific components of the construction of the Supermarket Phase 2 funding will be used for include: substructure, trenching and conducting for Electrical and Communication Services, and power supply head works. 3	Road	WA	Town of Claremont	Leura Ave Roundabout	Reconstruction of damaged roundabout. The existing roundabout was originally constructed using rubber materials and since installation the road network usage has intensified significantly due to developments occurring within the Town inclusive of a new public bus terminal and the Metronet Project. Unfortunately, the intensification in use has seen the existing roundabout materials break up and fall apart leaving it in a very poor condition. We intend to reconstruct the roundabout using more durable materials inclusive of reinforced concrete and kerb.	Complete	\$88,020	Jul-22	Sep-22
3	Community	WA	City of Bayswater	Gibbney Reserve Upgrade	Redevelopment of Gibbney reserve to improve the amenity, facilitate passive and recreational use including landscaping, new play equipment, park infrastructure and ecozoning.	Complete	\$252,000	May-22	Oct-22
3	Community	WA	City of South Perth	Neil McDougall Park - new wetlands to improve drainage of the surrounding road network and treat stormwater entering the lake.	Rezoning as part of the Canning Bridge Activity Centre has resulted in an increase of impermeable surfaces in the catchment of Neil McDougall Lake. The lake is at capacity and further development will exacerbate flooding of the road network and parkland. The stormwater is also high in pollutants and needs to be filtered it enters the lake to improve the overall greenspace. This project involves the construction of new culverts and drainage outflows and new wetlands that will improve drainage by increasing the water holding capacity of the drainage system. The project also involves landscape improvements as the new wetlands will be planted with additional trees to increase shade and will improve the overall greenspace with native planting and cleaner water.	Complete	\$601,032	Apr-22	Oct-22
3	Community	WA	Shire of Donnybrook Balingup	Balingup Footpaths	Upgrading and provision of new footpaths and associated infrastructure. The existing asphalt paths in Balingup are nearing the end of their useful life due to age, ground movement and tree roots intrusion and are unsightly, unsafe and inhibit the use of gophers, wheelchairs etc. which has implications for access and inclusion. In consultation with key community stakeholders, the Shire has planned to replace these paths with new concrete paths, to provide better connectivity and all ability access to existing Shire infrastructure and local businesses. Approximately 250m of path will be replaced/upgraded by this project.	Complete	\$132,644	Apr-22	Oct-22
3	Community	WA	Shire of Jerramungup	Fishery Beach Boat Ramp and Jetty Construction	Construction of a 2 new boat ramps and jetty. The ramps and jetty are now more than 25 years old. The jetty is narrow, corrosion of steelwork and damage to fenders and ladders is evident, timber kerbing is subject to marine growth, and numerous concrete ramp units have been displaced with degradation to the running surface. The structures have exceeded their intended design life the jetty does not meet current standards and the ramps are in very poor condition. The predominant benefit of this project is ensuring that Bremer Bay continues to have recreational boat access to its waters. A widened Jetty will provide safer access for the Volunteer Marine Rescue Service to access and egress their boat having noted that it is very difficult to carry a stretcher along the existing jetty. A widened jetty will also provide universal access of which the existing facility currently restricts. Bremer Bay's attractiveness as both a destination and as a place to live is largely attributed to the marine environment and a reliable recreational boat launching facility is a fundamental part of this.	Complete	\$874,680	Mar-22	Oct-22
3	Community	WA	Shire of Wagin	Lighting of Giant Ram & Pathway	Improvements to community Facilities: Upgrade to lighting at Giant Ram and pathway. Scope of works includes upgrading the lighting of the Giant Ram and the pathway leading to the Ram that is used on a daily basis, making it safer for all users. The current lighting of 'Bart' does not provide enough light for a night time user and with multiple news stations frequently identifying Bart of a night, this lighting will make the landmark of Wagin even more visible.	Complete	\$1,346	Sep-22	Oct-22

3	Community	WA	City of Fremantle	Construct Fremantle Leisure Centre Pool Roof	Improvements to community facilities – re-sheeting of pool roof at Fremantle Leisure Centre. The original sheeting was damaged during storms which required the entire roof sheeting to be removed as a safety precaution to protect patrons. The existing steel frame is to be treated for any corrosion and painted ready to receive new cladding. The structure has been assessed by the original design engineers, Airey Taylor and deemed fit to receive new cladding. The facility caters for approximately 100,000 patrons annually with the enclosed structure catering for swimming lessons during the school holidays, leisure activities for younger age groups and fitness/squads throughout the year. The roof provides UV protection year- round and thermal insulation during the heat of summer and cool of winter which helps provide a temperate atmosphere for patrons. The roof also provides protection from wind and rain in the cooler months. The addition of skylights, translucent wall sheeting and clear blinds together with new, efficient LED lighting, provides illumination to code requirements at a fraction of the cost of conventional lighting. The roof also aids in reducing evaporation and water loss with vastly improved running costs. The new roofing and cladding will provide patrons with a comfortably optimum environment to undertake their activities, whether leisure, fitness or lessons, protected from the elements and UV. The City of Fremantle owns the asset (the Leisure Centre and the Leisure Centre Pool roof).	Complete	\$587,804	Sep-22	Dec-22

3	Community	WA	Shire of Moora	Moora Shire Administrative Complex, Padbury Street, Moora	Early Childhood Development Centre. The project addresses the paucity of specialist early childhood development services in region. Currently, families either travel considerable distances to Perth or relocate from the region to Perth to access specialist services. This project will link major teaching hospitals, specialists and facilities with a regional centre of clinical expertise. The Centre will incorporate a specialist Indigenous child health unit to serve the significant indigenous population of the region. Construction involves the construction of a brand new 55 place childcare centre and a separate early childhood development centre that provides specialist medical and clinical services. The early childhood development centre will be the only facility of its type outside Perth. It will provide specialist services medical and clinical services to address childhood issues such as physical, developmental, behavioural, mental health, hearing, visual, gastrointestinal, orthopaedic and skin disorders. The facility will be linked to the Perth Children's Hospital, Telethon Children's Institute, Joondalup Health Campus, Moora Regional Hospital and private practitioners. Automatic doors will remove another barrier to participation in recreation activities for residents with mobility issues and enhance the buildings inclusive access. There has been a \$10,000 savings for the Swimming Pool project so this money has been re-allocated across the other projects within this Phase 3 LRCI Work Schedule.	Complete	\$20,000	Jul-22	Jan-23
3	Road	WA	Shire of Capel	Peppermint Grove Beach School Bus Turnaround	The Peppermint Grove Road car park was originally built in early 1980's. Currently the school bus drivers use the car park as a turnaround area. Turning in the car park area is difficult. When some of the car parking spaces are occupied, it is near impossible. Moreover, there is an existing safety issue where children are being picked up and dropped off in a live carpark. The Shire has received many complaints from residents/parents to improve this safety issue. This project will provide safe pick up and drop off for school buses and provide better storage of runoff during storms and minimize nuisance flooding of the road and adjacent property. The scope of works involves construction of formal asphalt roundabout, allowing buses to turn around away from the carpark with a central drainage basin, construction of sealed bus pull in bay, construction of 45m of new footpath, replacement of 54m of footpath, relocating existing soakwells, installation of new bus shelter, and install line marking and signage. 3	Community	WA	Shire of Donnybrook Balingup	Donnybrook Arboretum	The Arboretum is a key reserve which forms an entry statement at the entrance to the Donnybrook townsite and contains a range of historical trees (over 100 years old) and vintage timber milling machinery which was established in the 1970s as an interpretive heritage display. The reserve has been neglected in recent years, however the Shire has formed a coalition with a local volunteer group to restore the historical machinery display and rejuvenate the reserve through providing a low-key rest stop for visitors. New infrastructure will include picnic tables, an information bay, footpaths, provision of bins and interpretive signage. The local community has a strong attachment to the reserve and the project will foster civic pride and create an attractive entry statement for the Donnybrook town.	Complete	\$32,000	Mar-22	Jan-23
3	Road	WA	Shire of Donnybrook Balingup	Newlands Rd	The project involves the upgrading of the final gravel section of Newland Road (approx. 500m) to a sealed standard. 1km of Newlands Road was upgraded to a sealed standard under Phase 1 of the LRCI funding, and this Phase 3 project continues from where the Phase 1 project finished. As part of the Phase 3 project, a second coat seal is applied to the 1km upgraded in Phase 1. The upgrading of this gravel road to a sealed standard was planned as it was identified as a high priority road for sealing.	Complete	\$140,000	May-22	Jan-23
3	Community	WA	Shire of Donnybrook Balingup	Balingup Avenue of Honour	This is a small project to be delivered following consultation with local members of the RSL. 3	Community	WA	Shire of Moora	Moora Weir	Moora Water Security, Climate Resilience and Drought Proofing Programme. The project addresses the town's dependency on reducing aquifer supplied water and significant limitations on the availability of secondary water supplies. This involves the construction of a 1-1.5 gigalitre weir to collect seasonal flood water from the Moore River via two sluice gate-controlled channels which direct into the weir, some of the high floor water that passes the town each wet season. The project also involves the redesign of existing storm water mains to capture and direct storm water to the weir via three pumping stations and collector reservoirs. This project will provide the town with greater water certainty – last year, the town's secondary water supply contained 2 days water supply when May rains arrived. The reservoir will reduce demand on the town's aquifer fed water supply.	Complete	\$400,000	Feb-22	Mar-23

3	Road	WA	Shire of Capel	Hasties Road Footpath, Drainage and Kerbing Upgrade	Hasties Road is the principle entry road to the Gelorup townsite. The road has inconsistent edge treatments with some sections kerbed and other areas underbed. This leaves the impression that the road is unfinished or unimportant. Steep verges contribute to considerable surface runoff during heavy rain events. This has resulted in excessive erosion and deposition of sand and gravel onto the roadway - generally near the Bussell Highway. Stormwater drainage along Hasties Road is limited, resulting in flooding of the road. The proposal includes additional pits and soakwells to address this issue. The installation of embayed parking spaces along Hasties Road will provide formal parking during community events and will provide quick turnover parking for users of the adjacent community centre. The proposed path alongside the embayed parking will provide safe universal access between the parked vehicles; the existing path network and the community facilities. The scope of works involves construction of stormwater drainage, reshaping of verge, construction of 716m of kerb, realignment of existing footpath, construction of 215m of footpath and construction of 11 embayed parking bays.	Complete	\$271,622	Dec-22	May-23
3	Road	WA	Shire of Chapman Valley	Coronation Beach Road	Reconstruction & Reseal: Coronation Beach Road. Remove/trim/clear vegetation to extent of clear zone, repair failing pavement, reconstruction of unsealed shoulders, localised seal widenings where failing and on crests/ bends, reseal existing remaining surfacing. Reinstatement of Centrelines and RRPM's after sealing. Infill and reshaping of shoulder material will have a moderate impact in drainage of the road and prevent damage from future rain events. Estimated distance of 4.2km x 7.2m. From SLK 0.00 to SLK 4.20 (i.e. 30,240 sqm of bitumen surface). Shoulders (both sides of road) 8.4km x 2m = approx. 16,800sqm. The actual area completed is obviously contingent upon cost of contractor services and materials so this may differ.	Complete	\$313,453	Nov-22	May-23

3	Road	WA	Collie Shire Council	Gastaldo Road Gastaldo Road : Road Widening	Widen and seal shoulders with full reseal and audible line marking (4km). Road provides access to a major work place with high traffic. Works will improve road safety by making the surface and pavement of road wider with audible edge marking to reduce road run off. Gastaldo Road is a public road accessible by the community and links to the state forest areas and to the major local employer Worsley Alumina plant. The proposed treatment is known to reduce or eliminate run off road crashes and will deliver and support improved road safety outcomes. In the proposed treatment area, this road has an average of +1400 vehicles per day and between 300 to 550 vehicles during morning and afternoon peak hour traffic. Reducing road trauma and crashes on regional roads is an enormous benefit to the local community and aligns with the Australian and State Government long term goal of eliminating road crashes as a major cause of death or serious injury. 3	Community	WA	Shire of Carnamah	Carnamah Swimming Pool 3 Niven Crescent Carnamah	Construction of shed for storage of chlorine and other chemicals, repairs to pool bowl, provision of BBQ facilities and other improvements. Currently the Shire purchases liquid chlorine in 200L drums which are kept in the existing plant room. The only access to room is across a grassed area which makes it very difficult to handle the drums safely. The Shire proposes to build a shed behind the existing plant room which will allow 1000L shuttles of chlorine to be placed using a fork lift without the need for manual handling. The pool bowl itself appear to be lower on one side that the other resulting in lack of water circulation in that corner. It proposed to lower the drainage channel on that side to rectify this circulation issue. Its proposed to construct a BBQ area in on corner of the pool grounds to provide a facility for the community to socialise. These items will reduce the risk of injuries to staff and provide a safer workplace as well a meeting point for the community	Complete	\$100,000	Oct-22	Jun-23

3	Combination	WA	City of Rockingham	Stan Twilight – Car park upgrade and extension	Off-road Car Parks - Such as off-road car parks at sporting grounds or parks Project involves the upgrade and extension of an existing car park including drainage and landscaping to service the growing number of sporting group and general community users of this significant District level reserve. Parking has been identified as a major issue for all users and adjoining residents. The lack of available car parking results in cars parking on the verges of the reserve and adjoining homes. This creates safety and amenity issues as footpaths become blocked and lines of sight on the adjoining roads are reduced. The expansion and upgrade of the car parking will further support the future redevelopment of the clubroom facilities on the reserve and increase the accessibility of the site to people of all abilities with hardstand connection improvements. Consultation and preliminary design have been completed to confirm the projects suitability and feasibility to be delivered under the LRCI Phase 3 grant.	Complete	\$583,616	Mar-23	Jul-23

3	Community	WA	Shire of Bruce Rock	Bruce Rock Supermarket. Corner of Johnson and Bath Street, Bruce Rock, WA.	OTHER. The only supermarket in the Bruce Rock townsite burnt down as a result of arson in March 2020. The Shire of Bruce Rock seek to construct a new supermarket building to ensure our residents have access to a secure food supply. This is especially important for vulnerable members of our community who are unable to travel 40km to the next town for grocery shopping and lack a support system who could do this for them. At present, the Shire are operating a temporary supermarket out of the Town Hall, which was not designed for this purpose and has resulted in the hall being unavailable for community events and sporting activities. After engaging a retail consultant, it was determined that the Shire of Bruce Rock would be extremely unlikely to attract a retailer to operate a grocery store if the retailer had to construct a building as well. The Shire intend to build the supermarket and fit it out, and then lease it to an independent retailer. Constructing a new supermarket will contribute to the local economy by creating jobs during the construction phase and ensuring the continued future of the local retail economy. At present, many retail businesses in Bruce Rock have been negatively impacted by people travelling out of town for grocery shopping, as the temporary supermarket is unable to stock all the stock lines they need/desire, and then completing the rest of their retail shopping in the other town for conveniences sake. Specific components of the construction of the Supermarket Phase 3 funding will be used for the superstructure (column, roof, external & internal walls, windows, external & internal doors). 3	Road	WA	Town of Cambridge	Lake Monger Car Park South West	Off-road Car Parks: Lake Monger Reserve currently has four car parks located on its south side. Three of these have been servicing visitors to Lake Monger Reserve for the past 50 years. Their combined number of parking spaces is 64. In July 2021, the Town completed construction of a fourth car park on the south east side of Lake Monger Reserve. The three older car parks are ageing and require resurfacing work if they are continued to be utilised. Entry and exit points of each car park with Lake Monger Drive present safety issues with crossing the shared path that traverses Lake Monger lake and with traffic along Lake Monger Drive. It is proposed to construct a new car park (60-80 bays) in the south west area of Lake Monger Reserve (adjacent to the newly constructed all-inclusive playground). Once this car park has been opened, the three existing, ageing car parks will be removed and decommissioned. Consolidating parking for Lake Monger Reserve over two car parks will improve safety for pedestrians using the shared path, vehicles entering and exiting Lake Monger Drive, and assist with asset management in future. 3	Community	WA	Shire of Ravensthorpe	28 Dunn Street: improved accessibility of community facilities and areas	New accessible ramp and entries to the community arts building. This building will become the central arts area for the town with the RaveAbout Arts, Ravensthorpe Regional Arts Council and Dunn Arts groups combining to use the facility as a gallery space and works shop area for events, showings and workshops. The buildings current design and layout is not amenable to contemporary access to premises and with the new carpark, and accessible parking as well as new pathways to the area through the landscaping upgrades, the opportunity to address access through entryways will be facilitated.	Complete	\$121,605	Jun-23	Jun-24
3	Community	WA	Shire of Sandstone	Sandstone Caravan Park extensions	This project is for the purchase of two 2-bedroom x 1 bathroom fully self-contained accommodation units for placement in the Shire caravan park. It differs from Project I which is withdrawn, in that these units will not require construction. These are good quality prebuilt units and can meet the conditions of the grant and ensure project completion by 30/06/2024. Accommodation is difficult to acquire in Sandstone especially for some of our residents who live remotely on cattle stations. Their homes are quite distant from the townsite and when visiting the town for medical, dental or other services they use this accommodation rather than drive home at night. The shire also has various medical dental and trades services that visit the town. If we can't provide accommodation for these people they will not come to Sandstone. This directly affects our residents as they are then deprived of essential services, very concerning for our elderly residents.	Complete	\$291,229	Apr-24	Jun-24
3	Community	WA	Shire of Sandstone	Street Beautification	This project involves the pruning of approximately 40 trees, removal of approximately 20 dead trees and purchasing and planting of 50 new trees Brachychiton Bella Pink (native Kurrajong). It also includes the planting of approximately 60 small flowering shrubs.	Complete	\$84,317	Jun-24	Jun-24
3	Community	WA	Shire of Sandstone	Community Centre	The Shire plans to increase the usage of its Community Centre for local residents by providing more BBQ nights, drinks and light entertainment year round. The local hotel recently closed down and we lost our popular gathering place. The Community centre is now our only place for people to get together, socialise and share meals. As our nearest supermarket is 150 kilometres away it is necessary to bulk buy foods, especially meats. To cater for the increased use of the centre this project is to purchase and install new commercial grade fridge/freezers to store a sufficient quantity of meats and other foods and ensure the health standards of food storage are met. Having these fridges reduces the times we have to travel that 150 kms to the supermarket. Community members will have full access to the fridges and will be able to use the facilities as and when they wish. Its expected there will be a minimum of 4 days a week when the Centre will be fully occupied. On the other 3 days the Centre will be accessible to and likely used by individuals or small family groups by acquiring the key from the Shire office, as they do now when they want to use the sporting equipment. Fortunately we live in a very safe community and people know if they leave their meats and salads in the fridges with their name on the packs, it will be safe.	Complete	\$23,038	Jun-24	Jun-24
3	Road	WA	Shire of Sandstone	Installation of whoa boys on Wiluna Road	This project involves the application of new gravel, grading, rolling the road surface, repairing floodways and the creation of whoa boys on the road. Spoon drains are then constructed at the site of the whoa boys. The whoa boys are like speed humps and they prevent an accumulation of water flow travelling downhill and scouring the road making it hazardous and often impassable. The whoa boys slow the water speed and the spoon drains feed the water off onto the surrounding land.	Complete	\$245,000	Jun-24	Jun-24
3	Community	WA	Shire of Shark Bay	Shark Bay World Heritage Discovery and Visitors Centre (Knight Terrace)	Improvements to community facilities. Upgrade to air conditioning for the Theatre, Gallery and Museum	Complete	\$151,709	Aug-22	Jun-24

4	Community	WA	City of Stirling	Yokine Accessible Toilet, Coolbinia Oval Playground-Public Toilet provision	Remove/relocate existing toilet block. Make good of the current toilet area. Build a two-way public toilet which integrates into the barbecue/playground fence line but has access to the park outside of the fence line (outward facing). One toilet accessible from playground, two unisex toilets and one UAT accessible from car park side. Better location that addresses community concerns regarding proximity to the coffee van which has good surveillance. Removal of hedge required to accommodate proposed location of this option. Possible relocation of grass tree. P&S team have been consulted on this proposed action. New public toilet facility that has contemporary amenity with possibility of a privacy screen at the front. Construct a new concrete footpath to park side and roof cover to car park side. Crime Prevention Through Environmental Design outcomes and good access to park /recreational users. Include change facilities suitable for babies and young children. Hooks inside the toilet stall so handbags, nappy bags and other items can be kept off the ground. Well-lit or bright internal toilet space. Facilities for people with disability and seniors given high use of the adjacent coffee van - Location which maintains line of sight and natural surveillance. Install dog tie and bowl outside the toilets. Earlier opening times in summer to accommodate morning users. Improve the way finding around the toilet block and construct a new concrete footpath apron. The new built will provide an improved area to meet the current and future functionality needs of the residents and users. The toilet cubicles will increase from two to four toilets, two accessible and two UAT toilets. The upgraded fixtures and fittings provide appropriate use for any user group such as park users as well as families with kids. This option will also improve accessibility for less able community members. The proposed position is close to the coffee van and visible from the playground. The location is also well suited for food truck events in the reserve. An improved appearance of the new toilet block with user friendly facilities including baby change table, external handwashing basins and dog bowl are likely to be well received and utilised by the community. The location will provide an increased level of amenity and capacity for peak times and will reduce the need for general park users to access the play space area unnecessarily. It does not require any trees removed and is located close to building services for the barbecue area. The location helps to manage anti-social activity by way of maximum passive surveillance. 4	Community	WA	City of Rockingham	Safety Bay Pump Track	Bike pump track and supporting infrastructure within Safety Bay/Shoalwater Area, Apex Reserve. Playgrounds and Skate parks (including all ability playgrounds) The Safety Bay Pump Track project was initiated by members of the public and will meet the need for an outdoor, risk-learning recreation facility for the City's youth demographic. The Rockingham Youth Centre team consulted with young people aged 9 – 13 years to establish the need and scope of a pump track in the Safety Bay/Shoalwater communities. All of the young people who participated in the consultation live and/or attend school in the project location. Youth Centre Staff asked the young people to tell them more about what has been happening with unauthorised pump tracks and why the community have been advocating for a pump track. Comments from young people included: •We got into trouble for making our own tracks, it is frustrating to move on all the time •Some of the locations where we built tracks or where there were some already built were unsafe and had hazards and strange adults hanging around. Currently the local youth are creating unauthorised jumps within a Class A Reserve. The delivery of a dedicated bike pump track will ensure the Youth have a safe area to practise their jumps and allow for the Class A reserve	Complete	\$150,000	Nov-23	Nov-24

4	Community	WA	City of Karratha	Kevin Richards Memorial Oval Redevelopment, Playing Surface Lighting and Pole Upgrade Address: Lot 3896 Balmoral Road, Millars Well WA 6714	<ul style="list-style-type: none"> The scope of work includes the design, engineering, supply, installation, testing, commissioning, performance testing and warranty of new enhanced sports lighting to the football and cricket community sporting playing surface at the District Level, Kevin Richards Memorial Oval. The sports lighting and pole upgrade shall complement the newly constructed Change and Club Room and also be energy efficient and cost effective to operate. The procurement, fabrication, and installation of the sports oval lighting system shall include concrete footings, installation of four lighting tower poles, trenching and electrical cabling services, a lighting control system, new and repurposed luminaires, and all fixtures necessary to complete the installation. The removal of the existing six lighting poles and forty-two (42) luminaires shall be replaced with the four new lighting tower poles. The new 38 metres high lighting tower poles and cross arms will reuse the existing floodlights and require additional floodlights with an average horizontal illuminance of 500 lux. The new pole circuits shall be installed in new trenches to AS 3000 with new conduits, including compaction, backfill, and making good of all surfaces. Council adopted the Kevin Richards Memorial Oval Master Plan in 2020 as a proposed to be a seven-year staged delivery. The completion of Stage One included the new Play Space in 2022, the northern Car Park and the Change and Club Room completed in 2023. Following an audit undertaken by Focus WA Consulting the City has planned the replacement the existing lighting system, including some rectifications to general lighting required due to non-compliances and existing assets reaching the end of their practical life. An initial upgrade of the existing luminaires occurred in 2020 following damage from the impact of the event of Tropical Cyclone Damien. This resulted in the existing halogen luminaires being replaced with efficient light emitting diode (LED) proprietary luminaires, from the manufacturer Musco Sporting Australia. This initial upgrade significantly increasing the lux level to some 300-lux utilising the existing light poles on site. The sports lighting upgrade is an integral part of the Precinct redevelopment. The Precinct currently has approximately 900 people utilising the oval and supporting infrastructure each month, participating primarily in Australian Rules football (AFL), cricket and other community-based sporting activities. 4	Community	WA	Shire of Murray	Pinjarra Suspension Bridge	Replace bridge fencing and secure vertical suspension cables The Pinjarra Suspension Bridge is an iconic pedestrian heritage structure and warrants ongoing management to ensure its structural integrity and safety, these works will complete the current staged approach of renewal to ensure the fencing upgrades incorporate additional options for the securing of the vertical suspension cables.	Under construction	\$135,000	Feb-25	Apr-25
4	Community	WA	Shire of Murray	Pinjarra Footpath Link (Pinjarra)	Realign and increase path width from the Rail Crossing toward the Pinjarra Town Centre to improve pedestrian safety The Shire is completing the upgrade to the path network from the rail crossing to North Pinjarra, it has been identified that further works are required within Pinjarra to add value to these works and provide increased pedestrian safety and accessibility. The area is quite constrained and warrants additional path width and associated safety improvements.	Not Started	\$200,000	Mar-25	Apr-25
4	Community	WA	Shire of Plantagenet	Mount Barker Hill Infrastructure Project	Undertake infrastructure works at Mount Barker Hill (Pwackenbak). This will specifically include an upgraded sealed carpark with kerbing, installation of a new accessible fixed permanent toilet that will comply with building act and the Shire of Plantagenets Disability Access and Inclusion Plan providing a much-needed resource at this local meeting point. The yarning circle consisting of shelter (undercover area), inclusive seating (will cater for all ages and abilities), informative and interpretive signage and landscaping improvements that tie in with the natural landscape of the area. All infrastructure where possible will be supplied and installed by local contractors, using local and imported materials. The carpark upgrade will be a single coat of 100m2 seal, with formal line marking completed to the AS.1742.2:2009. There will be an installation of a kerbed island to route runoff into the existing drainage onsite. With this upgrade there will be an implementation of a one way road which will create for a safe driving access road for all vehicles and pedestrians at this location. This is a culturally significant site to for our local indigenous community and currently does not cater to all ages and abilities of our community. There are no ablutions on site, there is no seating, no signage or sheltered areas for our community and visitors to attend and sit and enjoy the area. There is a small area onsite that currently pools and collects water which is damaging the existing carpark and creates an inaccessible route for wheelchairs, walkers, prams etc to the lookout. The carpark is unsafe as it is difficult for large and towing vehicles to turn and park safely. Through upgrading this space, it will be able to be a warm and inviting space for our local indigenous community and visitors who wish to learn more about the heritage of First Nations people in the Shire of Plantagenet. The upgrade of the carpark will fix and further prevent damage to the area and formally line marking will create designated parking areas and a safer driving route on site. 4	Community	WA	Shire of Shark Bay	Upgrade Denham foreshore toilets	Toilet Blocks – upgrade interior of the George Wear Park public toilets on the Denham foreshore. The George Wear Park public toilets are accessible toilets and are open 24/7. Recently Council upgraded the exterior of the toilet block, but the interior is also in need of an upgrade. This project will see new cisterns and new hand basin installed, as well as upgrades to the interior floor and wall finishing's.	Under construction	\$14,062	Feb-25	Apr-25
4	Community	WA	Shire of Victoria Plains	Bolgart Footpath Network – Corner George and Albert St to Poincare St	Repair and width extension of footpath network – Albert St Bolgart Existing footpath is cracked and uneven, width is inadequate for foot traffic to Bolgart Hotel enhancing safety, promoting physical activity, fostering social connections, and supporting environmental sustainability. These pathways create a more connected, accessible, and vibrant community, contributing to the overall quality of life for residents. Main foot traffic path to the Bolgart Hotel.	Under construction	\$10,000	Feb-25	Apr-25
4	Community	WA	Shire of Victoria Plains	Shire of Victoria Plains Boundary Entry Signage	Replacement of Welcome to the Shire of Victoria Plains boundary signs Have reached the end of their useful life. Community benefits include enhancing local identity, fostering pride and engagement among residents. These signs not only serve as navigational aids but also as symbols of the Shire's culture, values, and aspirations. Through thoughtful design and placement, they can contribute to economic growth, community cohesion, and a positive perception of the Shire both within and beyond its borders.	Under construction	\$41,412	Sep-24	Apr-25
4	Road	WA	Shire of Williams	Brooking Street Culvert Replacement and Reseal.	Brooking Street Culvert Replacement Demolition of existing culvert Preparation of new base Installation of 35 new precast bases and 1200mm x 1200mm RCB New cast in-situ headwalls 200mm 40 mpa concrete road deck and footpath 50m of AR30 handrail Additional box added to increase water flow. PROBLEM ADDRESSED: There are stress fracture cracks beginning to form on the bridge. The bridge has been there a long time and even though it is weight restricted, the bridge isn't designed for the amount and weight of vehicles that are currently using it. If there is a closure on Albany highway, this floodway becomes the main detour for all vehicles. COMMUNITY BENEFIT: Brooking St is one of the main entries into the Williams Townsite. Every year during winter this floodway goes under water and closes the road for days to weeks at a time. The replacement of the culvert will have another box installed, allowing more water to flow under the bridge, minimising the amount of time that the flood way is underwater.	Under construction	\$152,929	Sep-24	Apr-25
4	Road	WA	City of Greater Geraldton	Sanford Street Resurfacing	Profile existing surface by 40mm, prime seal, supply and install 40mm 10/75 DG asphalt, reinstate linemarking, pavement markers, black tactiles and traffic loops for pedestrian crossing. Works to be undertaken as Nightworks. Sanford Street between Cathedral to Durlacher Streets displays various surface defects that may worsen over time and may increase the risk for road users. Providing a well-maintained road network reduces the likelihood of accidents or damage to vehicles, minimising impact on general road users and businesses that rely on them and contributes to safer roads for commuters. Sustained road networks contribute significantly to the community's social well-being, allowing community members to undertake commercial and social activities.	Not Started	\$230,000	Mar-25	May-25
4	Community	WA	City of Greater Geraldton	River Valley Road New Footpath	Construct new concrete path to connect missing section from Brierley Court to Melaleuca Drive (450m x 2m) New pathway will complete the missing section of path network and provide safe access to school bus stop. Well maintained and connected path networks provide safer pedestrian access allowing community members to undertake social activities and connectivity.	Not Started	\$197,012	Mar-25	May-25

The area is undulating and there is no connectivity between the community facilities. Safety and accessibility will be addressed with installation of these pathways. The pathways will complete the previously funded LRCI Phase 3 projects with linkage.	Under construction	\$43,175	Jan-24	May-25
4	Community	WA	Shire of Cranbrook	Wingebellup Road Carpark median strip and surrounds landscaping installation. Frankland River	Landscaping to the newly installed Wingebellup Road carpark median strip, to incorporate reticulation, soil, plantings, and mulch. Completion of the Frankland Rover Playground outer surrounds landscaping, including extension and upgrade of community garden, and drinking fountain. The community will benefit from this project by means of beautifying the entrance to showcase, promote and entice visitors and residents to the newly installed Playground and Pump Track within the Frankland River Play Space. The project will complete and make safe the areas surrounding the playground. The expansion and upgrade of the community garden will provide the community by means of food, community involvement, learning and educational experiences and life skills.	Under construction	\$20,000	Sep-23	May-25
4	Community	WA	Shire of Cranbrook	Cranbrook Community Hub - Daycare/Playgroup Shade Shelter, Dunn Street, Cranbrook	Design, build and construct a suitable shade shelter to connect with the Cranbrook Community Hub Building. The shade shelter will enable the current groups utilising the facilities, an area to have outside access throughout the year. Outdoor play activities for 0-4 year olds are a critical learning tool, and the shelter would enable this to occur increasing moto skills and play opportunities. This will solce space concerns for the Daycare operator along with the not-for-profit playgroups. Health benefits with providing shelter with the variations of weather for the community, including sun cancer prevention. The continuation of having a Daycare business within this small rural community is a huge benefit to the community.	Under construction	\$41,026	Jan-24	May-25

4	Road	WA	Shire of Dardanup	Eaton Drive/Cudliss Street Intersection Improvement	As part of overall proposed traffic signals upgrade of the Eaton Drive/Glenhoun Boulevard Intersection this project will deliver: 1.Reconstruction: Closure of Eaton Drive/Hand Avenue intersection; Inadequate left turn braking lane length between Eaton Drive/Hamilton Road Roundabout and existing Eaton Drive/Hands Avenue intersection makes left turns entry and right turn exit from Hands Avenue hazardous. Community will benefit from safer access to Eaton Drive for both vehicular and pedestrian traffic.	Under construction	\$149,312	Feb-25	May-25
4	Community	WA	Shire of Donnybrook Balingup	Yabberup Hall - UAT	The hall is of historic value but also suffers from what would be non-compliant facilities if built today. The works include a new universal access toilet (UAT) that will be incorporated into the building footprint adjacent to existing amenities. The access and UAT will provide for non-ambulant / disabled persons. This UAT will improve access for non-ambulant / disabled persons, and supports our community disability access and inclusion aspirations.	Under construction	\$35,000	Dec-23	May-25
4	Road	WA	Shire of Gingin	Cullalla Road – re-sheet existing formation – Part A	Widening to 10m and re-sheeting 3.1km length of road (2.78SLK – 5.88SLK). Improve road condition and drainage to deteriorated section of road comprising pot holes and water pooling to provide safer road surface for road users.	Not Started	\$335,775	Apr-25	May-25
4	Road	WA	Shire of Jerramungup	Jerramungup Sports Club Carpark – 95 Derrick Street, Jerramungup	Removal of asphalt, correct drainage issues, level area and seal part of the carpark. Seal other section of the carpark that is currently gravel. 3880 square metres of sealing works required for the carpark. Existing carpark seal has failed with holes and water pooling in the area. The carpark requires reconstruction which will involve reshaping, correcting drainage and resealing.	Under construction	\$437,340	Dec-24	May-25
4	Community	WA	Shire of Lake Grace	Jam Patch Walkway	Install a walkway at the high water level across the lake to allow viewing and access to the other side of the Lake. 4	Community	WA	Shire of Mukinbudin	Cruickshank Road Aquatic Centre - Changeroom & Chlorination System Upgrade	The ongoing enhancement of the Mukinbudin Aquatic Centre involves upgrading its changerooms, a significant part of the facility. Following the extensive \$1.8 million refurbishment in 2014 that revitalised the pool built in the 1960s into a contemporary and appealing space, the next phase involves modernizing the changerooms. This upgrade will encompass installing a new roof structure and revamping the toilet facilities, including updated flooring, toilets, showers, and changing booths. The upgrade to the chlorination system will enable a shift from a tablet-based to a liquid chlorine system. This transition will enable in-house maintenance, reducing downtime and eliminating the necessity of outsourcing maintenance to qualified tradespersons located over 300 kilometers away. ADDITION TO SCOPE OF WORKS Construction of additional storage facility (shed) to meet compliance obligations and increase storage capacity for equipment. Improvements to community sporting and recreation facilities, whole community, and public benefit.	Under construction	\$215,000	May-24	May-25
4	Combination	WA	Shire of Nannup	Jalbarragup Road	Improve drainage by replacing the old wooden box culverts (10 in total), reinstate guideposts (20) and traffic signage (2). 4	Road	WA	City of Joondalup	RDC2030 – Moolanda Boulevard Pdestrian Footbridge	The previous Moolanda Footbridge was a three-span timber structure removed in 2022 due to excessive weathering and subsequent risk to the community. The City is proposing to replace the footbridge with a fabricated three-span steel structure that will serve as a high-quality link over Moolanda Boulevard. The footbridge will re-establish the popular Robertson Road Cycleway as an uninterrupted bike boulevard reconnecting the Principal Shared Path (PSP) along the Mitchell Freeway with the Lake Goollelal pathway networks. The Moolanda Footbridge is a key component of the Robertson Road Cycleway which links the Principal Shared Path (PSP) along the Mitchell Freeway with the Lake Goollelal pathway network. A Footbridge along a route such as the Robertson Road Cycleway is particularly important considering the number of schools that the route connects, providing parents with the confidence to support their kids in walking and riding to school. A new footbridge is critical to accessible and inclusive networks that feel comfortable and welcoming to people of all ages and ability – key to Access and Inclusion Strategies, as well as Local Bike Plans	Under construction	\$719,927	Feb-25	Jun-25
4	Community	WA	City of Joondalup	MPP2081 – Duncraig Adventure Hub	The new playground at the Sensory Monster Regional Playground, which is part of the Percy Doyle Outdoor Youth Facility project (now called the Duncraig Adventure Hub). List of equipment to be installed includes; Retaining Walls, Chainlink fencing, rubber softfall, custom swing shelter, custom skate shelter, nature play products puppet theatre. Nature play products including; steppers, searope balance, sand play table, sand pulley, waterplay fountain timed push button, water channel, organic water play trough, combat ramp, story telling log chair, timber post looking glass. Custom combo unit, swings, book stand, giant chimes, 4 note drum set, speaking ports, shake rattle and rool, water wall, sandstone monster. The 2023 State of the Nation Report highlighted that more than one in five young people report that they often or always feel lonely - higher than any other age group. Loneliness is not just a mental health problem; research shows that loneliness is as bad for your physical health as a smoking a pack of cigarettes a day. Curtin University have developed research backed framework to improve mental health outcomes and connect people. The framework is called Act Belong Commit. By providing a regional sensory playspace driven by Act Belong Commit principles, we can encourage everyone to keep active, connect with others and do something meaningful, which will improve the community's mental health and wellbeing. The project also has global ambitions. By creating a high-profile project that has a measurable improvement to community wellbeing, we can encourage others around the world to incorporate Act Belong Commit principles in community infrastructure projects. The Sensory Monster Playground teaches parent and children about the 13 sensory profiles through play items, library programs and storytelling	Under construction	\$719,928	Feb-25	Jun-25

4	Community	WA	City of Kalamunda	Hartfield Park Master Plan Stage 2 – Colocation of Tennis & Bowls Clubs	<p>Refurbishment and expansion of existing Bowls Club to provide new dedicated Tennis Pavilion facilities with a collocated common area of change rooms, storage and club spaces. Both Tennis and Bowls Clubs are constrained by the lack of suitable amenities within their Club buildings necessitating expansion. This is especially telling where facilities for females in sport are not of the same standard or capacity as those that have been developed in the past for male participants.</p> <p>The City and the Clubs have consulted closely to determine that a collocation strategy is the most appropriate manner to resolve the lack of amenity issue rather than construct two larger and separate buildings at an overall higher cost that is unaffordable.</p> <p>This project satisfies the Project Eligibility Requirements in that it provides 'direct use and benefit' to wider public to participate in the sports of lawn bowls and tennis through the increased ability of these clubs to provide amenities for new members.</p> <p>The provision of storage spaces are necessary such that playing equipment, training equipment and similar can be properly managed and secured. This benefits the community and wider public in providing suitable amenities for the participation in this sport.</p>	Not Started	\$153,333	Apr-25	Jun-25

4	Community	WA	City of South Perth	City of South Perth - Pump Track Community Infrastructure Project George Burnett Park, Manning Road, Karawara, Western Australia	<p>Pump track at George Burnett Park along with complementary park infrastructure & landscaping. A pump track is a wheeled sport/cycling facility comprised of a circuit of rollers (small mounds or bumps in the track), banked turns (berms) and features designed to be ridden completely by riders ‘pumping’ (generating momentum by up and down body movements), rather than pedalling or pushing. Pump tracks were originally designed for BMX and mountain bikes, but they can also be used by skateboards and other wheeled sport equipment and are accessible to wheelchairs. Pump tracks are simple to use and can be used by all ages, skill levels and abilities.</p> <p>Project Background: The City of South Perth has been planning to provide a pump track for the local community for many years, but has been unable to deliver it due to the high cost. The project site is called George Burnett Park and is located in Karawara, Western Australia, which is approximately 10km from the Perth CBD. Karawara has one of the highest levels of social disadvantage in the Perth metropolitan area, which is evidenced by its low SEIFA Index score of 970. The local population experiences high unemployment, low-income levels, low education levels, low skilled occupations and poor English proficiency.</p> <p>Community Issues/Problems to be Addressed: The City’s pump track project will address various local community issues/problems, including: anti-social behaviour; social isolation; and childhood obesity. There are no pump tracks in the local area and there are minimal outdoor recreational facilities suitable for children and youth.</p> <p>Community Benefits of the Project:</p> <ul style="list-style-type: none"> • Increased social connectivity - by facilitating new opportunities for children and youth to undertake sport & recreation to create a more connected community. • Enhanced community safety - through increased activation of local public open space/eyes on the street. • Improved community health and wellbeing - through increased participation in physical activity. • Economic Benefits – the project will create jobs and generate expenditure within the local economy i.e. “Every \$1 spent on sporting and recreational facilities generates approximately \$6 in economic benefits by value”. Under construction	\$400,000	Jul-23	Jun-25
4	Community	WA	Mt Magnet Shire Council	Mount Magnet Refuse Site	Installation of Weighbridge and assorted infrastructure at Refuse Site Works to include Civil Construction of access roads weighbridge septic and services connections to allow better control of waste division and end user disposals area will be fenced compound 360m2 Commercial operators have traditionally taken advantage of the unmanned local refuse site to illegally deposit waste products they would be required to pay to dispose of in larger centres. This has caused the local community concerns in regard to dealing with potentially hazardous and illegal deposits. Changing this site to a transfer station which is manned at all times allows the community security and confidence that the site will not be set alight and emitting hazardous fumes across the townsite, as has often occurred in the past. The weighbridge provides the means for the transfer station to support itself in measuring waste from external commercial enterprises ensuring the community does not bear the burden of correct disposal of waste such as tyres, oils and sewerage.	Under construction	\$241,374	Jul-24	Jun-25
4	Community	WA	Shire of Nannup	Preschool Building repairs and upgrade	Remove existing asbestos and install new flooring. Replace rusted guttering, and repair structural defects. 4	Community	WA	Shire of Nannup	Nannup Pump Track Refurbishment	Reconstruct features within the pump track area by way of a redesign of the roller and jump features with additional gravel. A more suitable refurbishment with additional tree lopping has been enabled with savings from other projects. This includes lopping of more than 10 large established trees (to reduce falling limbs on the pump track as the existing trees are currently classified as dangerous). The sustainable rebuild now allows for a skilled contractor to coordinate the rebuild with community input and volunteers. Machinery can now be utilised in the redesign to provide a more sustainable and user friend pump track. Supportive infrastructure for Trail Town accreditation. Progressive jumps and rollers to improve rideability of the pump track for all ages and skill levels. An attraction for school groups, the Nannup Mountain Bike Club and its 100 members, local youth and visitors coming to Nannup.	Under construction	\$35,616	Jan-25	Jun-25
4	Community	WA	Shire of Nungarin	Footpath Construction – Danberrin Road	Construction of 280m’s of footpath along Danberrin Road once the current road re-construction is complete. The new footpath construction will provide a designated and safe area for pedestrians, separating them from vehicle traffic. This will reduce the risk of accidents and injuries, making the community safer for everyone, especially children and the elderly. Footpaths will ensure that people with mobility challenges can move around the community with greater ease. This will promote inclusivity and equal access for all residents.	Under construction	\$50,000	Nov-23	Jun-25
4	Community	WA	Shire of Nungarin	Shire of Nungarin Refuse Site Upgrade – Knungajin Rd	The refuse site upgrade will allow better waste containment services. The current site containment fence has deteriorated to the extent that it does not contain blowing materials. The Council has a long term plan to develop a transfer station at this site and make landfill redundant. Preliminary site works will enable transition. There is approximately 500m’s pf fencing that requires replacing. A new fence will ensure that waste material does not escape the refuse site during high winds. The proposed site works will provide a far better service area for users, particularly elderly residents, who will be able to deposit waste at a central point rather than the current “cell” deposit.	Under construction	\$50,000	Nov-23	Jun-25
4	Community	WA	Shire of Perenjori	Community Supermarket	Construction and installation of a Community Supermarket to facilitate a supermarket for the community. The Community Supermarket will be operated by the Shire in the Shire owned building on Shire owned land. The building will be 20metres by 20metres. Perenjori does not have a supermarket in the town as the original one sustained fire damage and the owners did not reopen. The Shire purchased the site of the original shopfront and demolished the building. Community members have to travel out of town for their shopping. We have a rising population of elderly members in our community and do not have the availability to travel out of town for their supplies. The Community Supermarket will benefit all the community especially the elderly making their standard of life much higher and enabling them to remain in their homes aging in place. The building will also be able to display our community indigenous art work.	Under construction	\$571,756	Jul-24	Jun-25
4	Community	WA	Shire of Pingelly	Youth Precinct, cnr Pemberton & Queen Streets, Pingelly	Park and youth facility building (modifications to the toilets and kitchenette, conversion of storage rooms to offices, internal painting) and grounds upgrades (landscaping works to integrate with adjacent park) and construction of pump track (3 interconnecting loops totalling 60m in length, landscaping) Youth disengagement/lack of youth facilities. Project will provide a central point for youth to meet and support services to be provided alongside youth activities including the pump track. This will re-engage young people and ensure that they do not cause issues within the community.	Under construction	\$267,597	Nov-24	Jun-25

4B	Road	WA	City of Kwinana	Colchester Avenue, Orelia	Pavement Rehabilitation - pavement stabilisation and resurfacing - 210m Section between SLK 0.4 to SLK 0.61 – Length 210m – Area 1,535 sqm Colchester Road is in a state of disrepair, exhibiting numerous cracks and potholes. The existing pavement is insufficient to handle the growing volume of traffic. This road functions as a local distributor, facilitating significant traffic flow within the local road networks and connecting to the state road network. Additionally, it serves as a designated bus route for public transport. Considering these factors, it is imperative to reconstruct the current pavement to accommodate the increased traffic volume effectively. By doing so, we can ensure the road’s durability, safety, and its ability to support the continuous movement of vehicles, including buses, thereby enhancing overall transportation efficiency. WORK CATEGORY: TRAFFIC IMPROVEMENT/WIDENING: To Widen the road to create a layby on Railway Rd, Harrismith, WA to provide access to toilets and amenity block. The construction of sealed layby area near the recently installed toilet facility in Harrismith, which will include an upgrade to the adjacent pathway. Currently there is no sealed access to the toilet facilities on Railway Road, Harrismith, WA. A layby will allow traffic to stop for a short period of time to access the facilities – this will improve road safety as the road is used for traffic travelling to and from Perth. This will not be a long term parking area.	Complete	\$50,000	Dec-23	Jan-24
4B	Road	WA	Shire of Bridgetown Greenbushes	Lake View Crescent	Install 180m of subsoil drainage to intercept and redirect groundwater. Reconstruct failed road subgrade and 10mm chip seal road pavement from SLK 0.08 to SLK 0.21 The ground in the vicinity of Lake View Crescent is saturated throughout most of the year due to near-surface underground streams. The road subgrade is also saturated which has compromised the road structure causing it to breakup. This has created a significantly substandard pavement for motorists and pedestrians which is also affecting the amenity of the urban environment.	Complete	\$140,000	Feb-24	Feb-24
4B	Road	WA	Shire of Bridgetown Greenbushes	Somme Street	Cul-de-sac head will be widened by relocation of a 10sqm section of concrete footpath and expansion of the existing 10mm chip seal by 50 sqm. Historical Cul-de-sac is not to current standard and requires widening to allow service vehicles to safely turn around. Service providers have indicated that they will discontinue services to the residents on Somme St unless a safe turnaround is provided. The works are therefore needed to ensure the residents of Somme St continue to receive basic services such as kerbside rubbish collection.	Complete	\$10,000	Feb-24	Feb-24
4B	Road	WA	Shire of Bridgetown Greenbushes	Mirimiri Street, Apex Grove, Riverview Close & Carnegie Close	30mm Asphalt overlay to be applied to cul-de-sac heads of the four streets listed. Total area is 1200 sqm. Prior to asphalt application, sections where subbase has been exposed will be spray sealed and corrector applied. Existing standard 2-coat chip seal is being constantly broken up due to turning vehicles, particularly from service trucks. Performance of the road pavement is badly compromised, and amenity of the location is also significantly impacted.	Complete	\$50,638	Feb-24	Feb-24
4B	Road	WA	Shire of Bridgetown Greenbushes	Phillips Street	Full width (6.8m) 30mm asphalt overlay from railway bridge SLK 0.9 to Spencer Street SLK 0.615. 4B	Road	WA	City of Kwinana	Matson Street, Medina - Resealing	Resurfacing of road including kerb replacement and footpath replacement - 470m Section between SLK 0.0 to SLK 0.47 – Length 470m, Area 3,260 sqm The surface of Matson Street is old and deteriorated, with numerous cracks, potholes, and damaged kerbs. It serves as a local access road that connects Brownell Crescent and Bingfield Road East. Despite its designation as a local access road, a section of Matson Street between Hewison Road and Brownell Crescent is also utilised as a designated bus route, providing connectivity to other local areas. However, this particular section of Matson Street lacks a pedestrian footpath, posing safety concerns for road users. To enhance safety, it is necessary to improve the road surface with asphalt and construct a new pedestrian footpath. By doing so, we can ensure the safety and convenience of pedestrians and road users alike.	Complete	\$207,286	Mar-24	Apr-24

4B	Road	WA	Shire of Capel	Barlee Road (upgrade) – Section Forrest Road to the Capel School Carpark SLK 0.17 - 0.32	The Scope of Works is to upgrade the road to an urban standard to include: -wider footpaths -new asphalt seal -street trees -on road parking -compliant vehicle crossovers -flush kerb, and; -new drainage infrastructure. Problem addressed: Upgrade of an access road that currently does not meet the minimum standards in accordance with "Liveable Neighbourhoods" as a compliant and functional urban street, noting that it is missing key elements such as wide footpaths, compliant vehicle crossovers and pavement seal that is suitable for pedestrians, cyclists and vehicles (including vehicle movements and parking), to reduce street noise, improved access to adjacent properties and access for all users to commute directly to the nearby school. Community Benefit: Improved community access/egress, reduced vehicle noise and asset design and installation that meets the minimum design standard for urban trafficability and connectivity infrastructure. Functional use is also improved through improved parking and supporting signage installations to support the overall design and use of this infrastructure. Aesthetically, this also raises this high use precincts visual appeal and so doing creates community pride in local area expenditure which indirectly improves community and Shire relationships/interactions through shared vision and deliverables being achieved as part of the Community Strategic Plan outcomes. 4B	Road	WA	City of Karratha	Coolawanyah Road and De Witt Road Intersection Upgrade and Widening Address: Coolawanyah Road and DeWitt Road, Karratha LIA 6714	The scope of work includes widening the existing intersection of Coolawanyah Road and De Witt Road to accommodate the swept path of Tandem Drive Network 10 Restricted Access Vehicles (RAV). The works include, but are not limited to, the following key elements: a)Widening of the intersection including supply and construction of new embankment, pavement structures and seal. b)Resurfacing of existing seal. c)Supply and installation of new streetlights. d)Removal and disposal of existing seal within extent of work. e)Demolition and disposal of existing culvert under Coolawanyah Road. f)Supply and installation of three (3) new barrels of 900x600mm reinforced box culverts. g)Realignment of existing drains located north of Coolawanyah Road and west of De Witt Road. h)Supply and installation of rock pitching. i)Supply and installation of new traffic island on Coolawanyah Road. j)Supply and installation of road signage and line marking •The intersection of Coolawanyah Road and De Witt Road is located at the entrance to the Karratha Light Industrial Area (LIA) Karratha, Western Australia. The intersection has a RAV Network 10 classification. It is one of the two (2) main entrances to the industrial area providing access to all the major businesses located within the LIA. •The intersection has had several reported vehicle crashes and there has been an increasing concern from community members and truck drivers about safety of the intersection. •Road Safety Audits completed in 2014 and 2021 identified the existing geometry to be non-compliant for RAV 10 swept paths. A few of the key safety issues identified in the Road Safety Audit were the lack of adequate line marking and signage, insufficient street lighting, culvert headwalls being located within the clear zone, unsuitable give-way line setback. These issues were identified to be the main contributing factors to the increased risk of crashes at the intersection. •The Project shall address the main issue on geometry by widening both sides of Coolawanyah Road and formalising the western apron of De Witt Road. In addition, safety is to be improved by the installation of new lighting, traffic signage, line marking and traffic islands. •The intersection upgrade will address non-conformances and provide safer travel and traffic movement	Complete	\$348,504	Aug-24	Nov-24

4B	Road	WA	Shire of Koorda	Koorda Truck Bay Parking	To replace rock edging with concrete kerbing and apply asphalt to the area to better facilitate parking for local trucks and traffic. The current positioning of garden beds on the site creates confusion and a lack of clarity between designated parking areas for trucks and caravans. This often results in inefficient use of space and potential conflict among users. Furthermore, trucks and oversize traffic currently park on the side streets near key local businesses, such as the Koorda Hotel, IGA, and Post Office, which obstructs traffic visibility at the main intersection and poses a safety risk. The proposed works aim to resolve these issues by replacing the rock edging with concrete kerbing and applying asphalt to create a clear and functional parking area that better caters to both farming and industry trucks and local traffic. By providing an attractive and practical parking solution, the project seeks to encourage local truck drivers to utilise the designated space, improving traffic safety. 4B	Road	WA	Shire of Koorda	Footpath and kerbing repairs	Repairing various sections of footpath and kerbing around town. The proposed repairs to the footpath and kerbing network address the safety and accessibility issues caused by uneven surfaces and damage from tree roots. Uneven footpaths create trip hazards, particularly for senior residents, and hinder accessibility for mobility scooters and prams. By removing and repairing these damaged sections, the project will enhance the safety and usability of the footpath network, ensuring a more inclusive and comfortable environment for all community members. The repairs to damaged kerbing will further improve the functionality and aesthetics of the area, supporting a safer and more enjoyable experience for pedestrians throughout the town. 4B	Road	WA	Shire of Williams	Brooking Street Reseal.	Brooking Street Reseal – 400m - Remove bitumen and asphalt, and unsuitable material; - Subbase Layer treatment with 1.2% Hydrated Lime + 1.2% Cement. Hydrated lime keeps the moisture out and the cement gives it strength; - New imported (replaced) basecourse layer stabilised with 1.2% cement; - Treating 150mm thick layers due to the fact that we cannot use vibration compaction, due to the nearby old buildings; PROBLEM ADDRESSED: The existing road on Brooking Street is subject to pavement failure, and with several repairs over the years. COMMUNITY BENEFIT: Brooking St is one of the main entries into the Williams Townsite. Every year during winter this floodway goes under water and closes the road for days to weeks at a time, causing the pavement to fail. The resealing of the pavement will improve road safety with wider culvert crossing and eliminate the sections of pavement failure.	Under construction	\$134,358	Sep-24	Apr-25
