2.

- a. Yes issuing a s159 notice to an applicant adds time to the assessment period for the first notice that is issued. If additional s159 notices are issued, these do not further extend the time.
- b. The amount of time an assessment timeframe is extended varies from 2 months for a non-technical assessment to 7 months when a full assessment is required. The extended assessment period for an application is the period mentioned in column 3 of the table in clause 2.1 of Schedule 6 of the Agvet Code Regulations.
