1	Road	QLD	Tablelands Regional Council	Bridge Works	Investigation of the bridge in August 2021, recommended a 13.5T load limit and a 5km/h speed limit be imposed (previously 40T load limit), owing to rotten/split timber girders, and termite activity where the girders fix to the abutments. This means empty trucks can still access the quarry at very low speed, but the loaded trucks are not able to legally cross the bridge to exit the site. The 13.5T load limit effectively prohibits quarry cartage operations.	Complete	\$59,736	Nov-21	Dec-21

1	Road	SA	City of Adelaide	Road resurfacing of Chesser Street and pavement surfacing (DuraTherm) upon entrance to Coromandel Place	<p>The Historian Precinct consists of three public roads that operate mainly in a one-way direction. Motorists enter Coromandel Place from Pirie Street, turn right onto French Street, right onto Chesser Street and exit out onto Pirie Street. The Grenfell Street end of both Coromandel Place and Chesser Street has bollards to prevent entering or exiting the precinct. These bollards are removable to allow for two-way vehicle movement under traffic control during special event road closures. This section operates under two-way conditions for motorists parking/unparking and those entering/exiting private property. All three streets have kerbs however the narrowness of these and bin placement forces pedestrians, etc. to use the road. On-street parking consists of 17 x Loading Zones as follows;</p> <ul style="list-style-type: none"> • Coromandel Place consists of two spaces between Pirie and French Streets and five between French and Grenfell Streets, • There is one space on French Street, and • Chesser Street consists of five spaces between Grenfell and French Streets and four spaces between French and Pirie Streets. <p>The narrowness of the streets, particularly Chesser, forces motorists manoeuvring around a parked vehicle to mount the kerb which poses a significant risk to pedestrians exiting the properties on the east side between French and Pirie Streets. It is recommended that approval be sought from Department of Planning, Transport and Infrastructure for the introduction of a Shared Use zone.</p> <p>In principle support for the Shared Use zone has already been received. This support is based on ensuring that changes are made to all three streets to ensure that a motorist is aware of the differing environment.</p> <p>These changes are the removal of parking on Coromandel Place and Chesser Street between Pirie and French Streets and installation of planter boxes to create a chicane effect to assist in slowing of motorists.</p>	Complete	\$88,067	Nov-20	May-21

Extension of existing Shared Use Path along Alma Tce from Nicholls Tce corner to the pedestrian access to Albert Park train station. New landscaping and tree planting along Nicholls Tce and Alma Tce verges.	The suburb of Woodville West is undergoing significant urban renewal as a result of a State Government initiated project to renew an area with a high concentration of social housing into an area with a broad mix of housing types and new public spaces. While the new development is progressing well, Council has received a number of complaints from residents in the interface area with the new development about the quality and appearance of existing assets and the public realm and a desire for Council to invest in the upgrade of these assets to be more consistent and sympathetic to the evolving urban renewal area. This funding presents an opportunity for Council to bring forward some works already identified in our Asset Management Plans and Strategic Plans for delivery within the next 4yrs and action some of the concerns raised by the local community. 1	Combination	SA	City of Holdfast Bay	Harrow Road / Esplanade Somerton Park It is proposed to support the existing retaining wall by placing rock seawall in front of the retaining wall to match the adjoining seawall. This would then prevent the wall from failing. WE propose to extend the stormwater pipe to the edge of the new rock wall.	The retaining wall / stormwater headwall located between the beach and the Esplanade path and road has been identified as high risk of failure. This would result in loss of a section of the coast path and adjoining road, and potential safety issues for those on the coast path and on the beach.	Complete	\$263,003	Mar-21	Jun-21
1	Community	SA	City of Holdfast Bay	Somerton and Glenelg Beaches Installation of three new sand groynes to reduce sand loss, increase beach width, improve access at high tide to enhance recreation and tourism, and protect dunes and seawall infrastructure. 1	Community	SA	City of Mount Gambier	Review of existing lighting levels across the City of Mount Gambier compared to Australian Standards, including modelling the improvement in lighting that will be achieved through the installation of LED lights.	Improving lighting levels and safety in the streets of the City of Mount Gambier. <ul style="list-style-type: none"> Improved safety due to higher lighting levels provided by LEDs. Council's energy consumption and carbon footprint would therefore be considerably reduced; the incidence of reported Street Lights Out should reduce. This will reduce operating costs; LEDs have a lower lumen depreciation than HID lamps. This means that approaching the end of life a LED output is higher than that of a HID lamp; Disposal and/or recycling or refurbishment of LED luminaires will be more efficient than disposal of lamps containing higher levels of mercury; LED luminaires are smart ready. That is, they can facilitate control systems such as remote reporting (of parameters such as temperature, noise and air quality), control and dimming, should it be required; A variety of existing luminaire and lamp combinations can be replaced with one LED type, with white light, which is the preferred option for P category (minor road) installations; and Some HID light sources (e.g. Low-Pressure Sodium lamps and Mercury Vapour lamps) are no longer available. This requires the replacement of whole luminaires with an alternative replacement. LEDs meet this need 	Complete	\$486,995	May-22	Nov-22

1	Community	SA	City of Tea Tree Gully	Waterworld - replace the existing boilers with two larger high efficiency boilers	The existing boilers which have reached the end of their serviceable life. The new system will provide for increased reliability as the condensing boilers will be far more reliable than the existing style of system. This is because the boiler heats non-pool water and the heat is then transferred to the pool water via a separate titanium plate heat exchanger. This removes a large portion of the corrosion from the boiler itself.	Complete	\$250,000	Apr-21	Jun-21
1	Community	SA	City of Victor Harbor	Railway Goods Shed Address building access and maintenance issues connected to this publicly available building. Works to include installing a lift, upgrade of toilets, upgrade building insulation and building comfort, adjusting foyer area to support the consolidation of the Visitor Information Centre and SA Whale Centre that improves the visitor experience.	The building has a number of access related issues. Council resolved in mid-July 2020 to consolidate the Visitor Information Centre and SA Whale Centre into one facility to improve operational efficiencies and direct resources into digital and online visitor servicing measures. This decision was not planned for in the 2020/21 budget. This requires a significant upgrade to the building to support the integration. Improvements to building and merger of services will allow Council to invest savings into online destination marketing efforts.	Complete	\$355,740	Dec-20	Mar-22

1	Community	SA	Corporation of The City of Unley	Landscaping of an important walking and cycle corridor, following path widening to be undertaken by the State Government. The works involve vegetation clearance, soil improvements, irrigation and extensive planting of shrub, grasses and ground covers, as well as advanced trees. In addition to the corridor greening, improved way finding signage and upgrade LED path lighting will be installed.	The Mike Turtur is the most popular off-road cycle route for daily commuters into the CBD. Over time, the popularity has placed increased pressure on the path width and its capacity to accommodate increased cyclists and pedestrians. The State Government has chosen to increase the path width to improve the safety and efficiency of the route, between Musgrave Street, Goodwood and King William Road, Wayville. The Bikeway runs parallel to the existing tram corridor and adjoining side and rear fences of residential homes. To enable the construction of a wider path, extensive vegetation clearance is required. Much of the existing planting is old, self-seeded and overgrown, and inappropriate along the bikeway due to sightlines, CPTED, form or seed drop. The LRCI Program allows Council to invest in a new corridor landscaping to improve the safety, amenity and biodiversity for all users, and adjacent residents. A sustainable palette of predominantly native plants will be carefully chosen to ensure long term sightlines are maintained along the corridor, support the Council's long term tree canopy growth targets, and increase local biodiversity. Once established, the Council will take the longer term maintenance responsibility of the bikeway and corridor greening.	Complete	\$340,054	Feb-21	Jun-22

Local Roads and Community Infrastructure Program - Projects approved for funding (as at 14 May 2024)

Phase	Infrastructure Type	State	Funding recipient	Project Name	Problem Description	Status	Program Funding	Start Date	End Date
1	Community	SA	The Berri Barmera Council	The revitalisation of Berri's Colin Jennings Apex Park (Apex Park) will incorporate improvements including an upgrade of the previous BMX track to a versatile pump track which can be used by bike riders, skateboarders and scooter riders of all abilities. Complimenting this will be an off-grid solar BBQ shelter and associated amenities so park users can spend extended time enjoying this space and the additional play equipment that will accompany it. Concrete connecting footpaths, that double as a junior scooter track meander through the native vegetation to connect the different zones of the park. Finalising the upgrades is new fencing for the current dog park, bringing the whole area together to deliver a unique and enjoyable public open space that provides positive health and wellbeing opportunities for the Berri and wider Riverland community.	The Berri township does not currently have a suitable community open space that provides adequate facilities for people to connect and enjoy together, while meeting the needs for families that are transport disadvantaged and unable to access other facilities within the district. Additionally, Berri has no free active public facilities for older age groups (pre-teens and teens) such as a skate park. This project will provide a pump track (amongst other infrastructure) which caters for a variety of ages and wheeled users. This is a community facility that is not currently provided by any of the other Riverland Councils and will be a distinctive point of difference for the park. The space currently has ad-hoc infrastructure including; a dog park, two small pieces of playground equipment, asphalt multi-use court and shaded gazebo. The existing layout lacks connectivity between the current facilities which reduces the appeal of the area. By teaming the pump track up with dedicated concrete connecting footpaths, that double as a junior scooter track, provides the safe connectivity required for the individual areas and is the perfect combination for families with children of varying ages. To ensure that the new features of the park are fully maximised, complimentary facilities such as; a fully solar BBQ, solar lighting, seating and drinking fountain will be installed to enable visitors to extend their time and utilise all that the park has to offer leading to enhanced positive health and wellbeing for our residents and other users.. Given that much of the groundwork is already in place within the site, the additional enhancements will enable the Berri Barmera Council to provide a quality green space which offers a range of passive and active opportunities for our community which differ from the traditional playground layout. 1	Community	SA	Town of Gawler	Install shade sails over four playgrounds: Fifth Street, Hemafood Grove, Willaston Nature and Apex Park	At present, there is no protection from sun, UV and wet weather conditions at playgrounds. Children get burns from hot play equipment and from playing in the sun on hot days. The lifespan of play equipment will be reduced with fading and cracking that can happen from sun exposure over time. These issues will be addressed by installing shade sails over playgrounds and it is widely recognised shade provides beneficial outcomes for the community to encourage active play at times when they may not have played due to hot weather conditions. Council has three existing other playgrounds with shade sails over them, and due to these beneficial outcomes, is seeking to expand these over more playgrounds as part of this community infrastructure program.	Complete	\$155,562	Apr-21	Oct-21

1	Community	TAS	Central Coast Council (TAS)	Ulverstone Skate Park Redevelopment Major redevelopment of c.1970s existing skate park to provide modern activity hub with the adjacent, new MTB pump'n'jump courses. Includes new 'street' style skate elements, with proper zoned design to allow all-ages and wheelchair access, separate parkour obstacle area, new outdoor ball arena (half-court basketball and footsal), and refurbishment of existing picnic shelter area, including new bicycle parking.	Existing skate park facility is aged (c.1970s) and near end of serviceable life. Current layout and design reflects age, with style and zoning of elements not suitable for all-ages/all-skills use. Current surface and layout is not suitable for wheelchair access and use. Shape and design of some current ramps is not as safe as modern design. Existing ball court is too small (less than 3-point arc) for even casual use. The location is a popular active recreation area, particularly for youth and teen activities. It is adjacent a new mountain bike pump and jump track, at the end of a popular regional coastal parkland with various playgrounds, and only 100m from local surf club and amenities. The redevelopment project will help consolidate the zone as a regional destination for active recreation, particularly among youth and teenagers.	Complete	\$361,000	Aug-21	Dec-21

1	Road	TAS	Dorset Council	Carisbrook Lane Legerwood between the Junction of Tasman Highway and McDougalls Road upgrades to cater for heavy vehicles	The current carriageway is narrow and uneven with areas of pavement failure which creates increasing safety and operator cost issues. The road is classified as 'Heavy Rural' and while it is a gazetted HML/HPV route it does not currently meet the required geometric standards. Carisbrook Lane is used extensively by B-Double and Hi Production Combinations as well as 9 axle Articulated Vehicles transporting close to 200,000T of products into and out of the region. It is also the local school bus route. The prohibitive costs of an upgrade and conflicting demands on resources has meant that short term annual maintenance fixes have been required to be utilized to ensure ongoing safety compliance. This project will enable investment into the much needed longer term solution of a reconstruction and ensure an increased standard of safety for both heavy vehicle operators and the local community. 1	Community	TAS	Hobart City Council	Queens Domain The project consists of the complete development of a whole new cycleway along with car park and associated infrastructure. The cycleway will be constructed on a steep gradient of land by the side of the old Tas rail line which is currently unused. The project rectifies many ongoing issues/complaints about the surface of the car park and road ways in this area.	The project brings together the "missing link" the missing connection of cycleway between the Regatta grounds car park and the Macquarie point development. Currently the cycleway ends requiring riders and other users to travel through an active car park and thoroughfare to the water. The potential conflict for users currently poses significant risk to public safety. The lack of connectivity to the new cycleway at Macquarie point often causes confusion throughout the cycling community and this is often addressed through our network / stakeholders meetings with cycling groups as a major area for improvement. The project will allow you to enter the cycleway throughout Glenorchy providing a continuous, safe path away from traffic directly into the heart of the Hobart central district.	Complete	\$685,131	May-21	Feb-22

1	Combination	TAS	Waratah-Wynyard Council	Installation of new virtual fencing to stop Tasmanian Devils (among other animals) crossing the road in the Rocky Cape National Park environmentally sensitive area. Virtual Fencing is an active electronic protection system that alerts animals before crossing the road when a vehicle is approaching between dusk to dawn. It is proven to be extremely effective in preventing wildlife-vehicle collisions in Australia and around the world. The device is triggered by vehicle headlights and emits a buzzing sound and flashing light to warn nearby wildlife of approaching vehicles. The devices are not visually intrusive and are currently used in Tasmanian National Parks such as Cradle Mountain.	Reducing the amount of wildlife killed on council roads is an action in council's recently adopted Integrated Community Environmental Plan and supports the Tas. Govt. Save the Devil Program. 1	Road	VIC	Baw Baw Shire Council	Improving access to the new Early Learning Centre co-located at Warragul Primary School by upgrading and sealing the road pavement, improving drainage with new kerb and channel, improved footpaths and car parking in the existing road reserve.	To meet the needs of our rapidly growing community an Early Learning Centred was co-located at Warragul Primary School and the increased traffic has resulted in access and safety issues for parents and children, increased damage to existing unsealed road surface, access and amenity for local residents, and parking challenges. This project is supported by the Council Plan under the following initiatives: - Quality community focused services, facilities and infrastructure to support a growing community - Develop a coordinated approach to the planning and delivery of early years services to support Baw Baw's growing population - Parking provisions are also key to providing a safe and sustainable environment for our communities and residents	Complete	\$240,174	Mar-21	Jun-21

1	Road	VIC	Baw Baw Shire Council	changeover existing inefficient old street lighting in Baw Baw Shire with the most energy efficiency LED Street lighting available currently. The shovel ready program covers the replacement of 1,230 old and inefficient street lights which includes high-pressure sodium vapour and high wattage mercury vapour to the most energy-efficient LED lighting.	The changeover program will generate local employment, improve community safety, reduce impact on our environment and save money for our local community. Energy Efficient street LED lighting are up to 60 percent more energy efficient than traditional high pressure sodium bulbs or mercury vapour and can last 15 to 20 years. LED lights are free of all harsh chemicals and therefore minimise impact on our environment. LED lights are also 100% recyclable and can significantly reduce your carbon footprint. LED street lighting potentially make public transportation easier, as well as improving visibility on roads.	Complete	\$575,027	Feb-21	Jun-21
1	Road	VIC	Baw Baw Shire Council	Tanjil River Road Bridge - Bridge Works	Southern abutment of bridge has dropped approximately 70mm across the entirety of the bridge width due to the failure of one of the four timber piles. After a structural engineers assessment of 8 of the piles, approximately half of these are displaying signs of localised decay including splitting and segmenting as well as loss of pile diameter, which is a major concern for Council. These works will provide a quicker outcome and provide bridge access to property owners which is a priority. This will provide T44 loading conditions for a further 10-15 year life span.	Complete	\$60,000	Feb-21	Mar-21
1	Road	VIC	Bayside City Council	Replacing all Category P Mercury Vapour street lights	As the effects of climate change continue to impact our community, Council has become carbon neutral and declared a Climate Emergency. There is a continued need to reduce energy use and greenhouse gas emissions, to deal with the impacts of climate change, and to support a secure electricity grid into the future. As street lighting represents significant energy use for Council, addressing this issue is paramount.	Complete	\$250,000	Apr-21	Aug-21
1	Road	VIC	Bayside City Council	Marriage Rd - Re-sheeting	Marriage Road is a sub-arterial road carrying significant traffic volumes and axle loads. 1	Combination	VIC	City of Port Phillip	Rotary Park, St Kilda Foreshore	The playground at Rotary Park was removed during the construction of The Stokehouse restaurant – which used this space as a building site. The playground is in a high tourism visitation area on St Kilda Foreshore, an area that attracts over 2m people each year. The playground is a high priority for reconstruction given there are no other playgrounds in the area. The project has strong support from the community and Rotary Club of St Kilda, who originally created the park and have been advocating for improvements. Upgrading the full park enhances the gateway to the foreshore and creates more usable public space, through improvements to pathways, access points, infrastructure and through safety improvements such as upgrades to lighting. The park has been identified for critical security upgrades to minimise the danger of unauthorised vehicle access to the foreshore.	Complete	\$277,686	Mar-22	Jun-22
1	Community	VIC	City of Warrnambool	Pertobe Road The project involves the reconstruction and formalisation of an existing car park off Pertobe Road. The works will include reconstruction and strengthening of the car park pavement, formalisation of the parking areas and creation of safe pedestrian pathways and walkways to the Lake Pertobe public open space adjoining the car park.	Failing car park surface and informal parking areas creating a safety risk to users and pedestrians.	Complete	\$425,024	Aug-21	Nov-21
1	Community	VIC	City of Wodonga	refurbishment of the old Wodonga Council's Visitor Information Centre (VIC) to enable its re-purposing as a top-end venue to attract visitors to the Gateway Island precinct - the subject of an extensive master planning project approximately 12 months ago. The works will include insulation to the building, specialist installation of heating and cooling, upgraded and DDA toilets and consideration of an elevator to the second-floor facilities.	This Council-owned building has had a multitude of tenants over the past years - but is in need of significant refurbishment if it is to become the centre-piece of visitor attraction. Its current condition can be described as a somewhat deteriorated asset, in need of major works.	Complete	\$541,000	Nov-20	Nov-21
1	Community	VIC	Colac Otway Shire Council	Construction of pedestrian and cycling bridge and paths	In 2016 a pedestrian bridge that forms part of the Barongarook Creek Shared Trail was washed away by flood waters. The bridge connection forms a critical off-road link for users of the Barongarook Creek shared trail and, once completed, will provide a continuous, 1.3 kilometre off-road walking and cycling connection from the Coles on Bromfield Street and the Visitor Information Centre on the corner of Murray and Queen Streets, via picnic/toilet facilities and a recently constructed Traditional Owner memorial space to Lake Colac. If the bridge is not replaced, pedestrians, wheelchair users and cyclists are diverted 360 metres via a car park, up to busy Murray Street (Princes Highway) and must cross at traffic lights and journey along Murray Street to arrive at the continuation of the shared path.	Complete	\$390,000	Apr-21	Sep-22

Phase	Infrastructure Type	State	Funding recipient	Project Name	Problem Description	Status	Program Funding	Start Date	End Date
1	Road	VIC	Colac Otway Shire Council	Sealing of 700m of road	The main benefit this project will deliver is improved safety by providing all weather access constructed to a higher standard, for adjoining property owners and other road users in general. It will provide an attractive alternative access route for residents in the Swan Marsh community. It will provide a viable option for heavy vehicle access (milk tankers, stock trucks, quarry vehicles) into and out of the Swan Marsh district. It will provide an attractive alternative access point for emergency responders (Fire Safety Victoria, etc.), both into and away from the Swan Marsh district. Safety at night or in foggy circumstances will be greatly improved through road side delineation, the advantage of a sealed surface, and through the addition of solid edge lines. Routine maintenance of the unsealed surface (maintenance grading) will be substantially reduced – shoulders will still require periodic maintenance.	Complete	\$325,000	Mar-21	Mar-22
1	Community	VIC	Colac Otway Shire Council	Construct footpath in Birregurra (and associated crossing treatments)	There are currently no all weather connections or dedicated pedestrian crossing points to the train station. This station provides a connection to the major centres of Geelong (45 mins journey) and Colac (30mins journey), and is used as a sustainable transport connection to jobs and services.	Complete	\$160,895	Mar-21	Feb-22
1	Community	VIC	Colac Otway Shire Council	Construction of concrete footpaths in multiple locations	Many key connections that link schools, shopping precincts, tourist destinations, community facilities, open space and off road shared paths do not have existing hard surface, accessible paths on either side of the road. This limits access to recreational and community destinations for many residents and visitors, particularly for the elderly and mobility impaired and in high rainfall areas such as Gellibrand, Lavers Hill and Apollo Bay.	Complete	\$403,700	Sep-21	Feb-22
1	Community	VIC	Colac Otway Shire Council	Construction of new play space	Residents of the Petjuli Street park catchment do not currently have access to a playground within walking (500m) distance, with the nearest playground being more than a kilometre away. The park is currently undeveloped with some trees and park benches. This development will create a social destination for the many children, families and carers in the area, activities for a range of age groups and access to these facilities with the creation of a hard surface path connecting to the existing footpaths.	Complete	\$110,000	Mar-21	Sep-21
1	Road	VIC	Colac Otway Shire Council	Construction of new kerb and channel, and associated drainage	In 2019 Colac Otway Shire adopted a masterplan for Forrest Common Reserve, the main community park servicing the Forrest township. The plan identified that road run-off from Station Street was causing damage to the reserve, particularly the playground and car park. High volumes of stormwater sheet across the reserve carrying debris and spreading playground softfall into the car park, creating slippery surface	Complete	\$63,319	Apr-21	Jun-21
1	Road	VIC	Colac Otway Shire Council	Road repairs at main entry and emergency entry and nearby roundabout at Colac Hospital	The roundabout and section of Connor Street are heavily used for everyday access to Colac Hospital, Bulla Factory, and various medical centres. Repair of this road will improve the safety of the road surface for users, especially ambulances and other medical vehicles entering the hospital and people visiting the various medical services in this area. The asphalt works will also assist in reducing traffic noise for aged care residents and patients who are situated in hospital wards and wings adjacent to this roadway. Undertaking rehabilitation works now will avoid the need for full road reconstruction when the road fails. If a full reconstruction were required it would cause substantial disruption in the area and interrupt hospital access.	Complete	\$193,334	Feb-21	Apr-21
1	Community	VIC	Colac Otway Shire Council	Resurfacing two tennis courts and one netball court	The condition of the existing asphalt surface of these courts has reached a point where it is no longer safe to play. There are cracks with weeds and during rainfall, water pools on the surface causing slipperiness and poses a risk to the users. The courts are used by the Apollo Bay Netball club, casual and social tennis players from the townships of Apollo Bay, Skenes Creek and Marengo and visitors to the adjacent camping ground.	Complete	\$39,416	Nov-20	Dec-20
1	Road	VIC	Colac Otway Shire Council	Installation of speed humps outside school	Speeding vehicles currently pose a safety risk to children accessing the Specialist School in Wilson Street, Colac. Students aged 5-18 with special needs and their carers currently use the crossing daily during school term. Cars and heavy vehicles use this local road as a short-cut between the C155 (Colac-Lavers Hill Road) and Queen Street (north south collector road). The installation of speed humps either side of the crossing aims to slow vehicles and deter heavy vehicles, generally improving pedestrian safety in this area.	Complete	\$17,536	Nov-20	Dec-20
1	Community	VIC	Corangamite Shire Council	This project will see an upgrade to the existing clubrooms to provide an inclusive design and provide improved functionality for users.	The current facilities are ageing and require ongoing and increasing maintenance. 1	Community	VIC	Corangamite Shire Council	This project will see an upgrade to the existing netball infrastructure, including court lighting, shelters and inclusive design change rooms for players, officials and spectators.	The upgrades have been identified as a priority to improve the safety for participants, increase the chances of clubs attracting and retaining participants and to increase access and usage. These works are identified as a priority in the Great South Coast AFL, Netball and Cricket Strategy and are supported by the Recreation Reserve Committee of Management, Cobden Football Netball Club and Cobden Tennis Club. In addition, there is a demand for female facilities at the Cobden Recreation Reserve with the establishment of an under 18's female football team. If funding can be secured through this program, it is expected that there will be an increase in the number of females participating at the reserve. Currently, there are three under 18 female football teams across the Corangamite Shire. The upgrade allows Cobden Recreation Reserve to become a venue for further female teams including the development of female senior sides.	Complete	\$300,000	Feb-21	Jun-22
1	Community	VIC	Corangamite Shire Council	This project will provide all abilities access to the War Memorial in Camperdown and streetscape infrastructure upgrades in Finlay Avenue between Pike Street and the War Memorial.	Camperdown's War Memorial does not currently enable all abilities access. 1	Community	VIC	Manningham City Council	Ruffey Lake Park is a Council reserve, 66 hectares in area. The proposed works include the sealing of paths between the boardwalk at the main carpark, The Boulevarde public toilets and picnic shelters. Marking of a new DDA parking bay in The Boulevarde off road carpark. Installation of solar powered lights along this path to the toilets. Construction of footpath connections, in several cases to residential park interfaces including Victoria Street and King Street, including associated landscaping and works.	Council is in the process of completing improvements to The Boulevarde public toilet block, to in part achieve DDA compliance. Council commissioned a Building DDA Inspection report for the public toilets and the recommendations included sealing of existing gravel paths to access the toilets, lighting improvements and the provision of an additional DDA compliant parking bay in closer proximity to the toilets. The previous Council project scope was limited to the public toilet improvements. This project also seeks to improve access to Ruffey Lake Park, by providing further pedestrian linkages to abutting streets.	Complete	\$141,402	May-21	Jun-21
1	Community	VIC	Manningham City Council	Sealing of existing granitic sand carpark with asphalt, construction of kerb and channel and a footpath along the northern boundary, construction of a footpath connection to George Street and line marking of the carpark including the marking of pedestrian islands between George Street and the proposed northern footpath.	There is no safe, defined pedestrian access path through the carpark to the Athletics Track or for pedestrian visitors entering the site from George Street. The maintenance demand associated with the existing granitic sand carpark pavement is excessive. Under traffic the ride quality of the granitic sand is poor particularly after rain, when large numbers of potholes develop.	Complete	\$345,859	Apr-21	Jun-21

1	Road	WA	Shire of Broomehill-Tambellup	Tambellup townsite - Installation of new kerbing at multiple locations	Damaged sections to be removed and new kerbing installed which will alleviate water pooling and drainage issues.	Complete	\$21,000	Dec-20	Dec-20
1	Community	WA	Shire of Bruce Rock	Johnson Street, Bruce Rock - Parklet upgrades	Before Council installed the temporary parklets, there were no attractive outdoor seating and dining options on the main street, especially near operating food businesses. The temporary parklets have made our main street more vibrant and have been deemed a great success. The parklets make it obvious to passing travellers that the food businesses are open, and encourage them to stop and spend, which boosts our local economy. Making the parklets permanent will increase all these benefits and ensure we can continue to reap them well into the future.	Complete	\$126,003	Apr-21	Oct-21
1	Community	WA	Shire of Bruce Rock	Bruce Rock Caravan Park, Dunstall St - Various upgrades	The existing ablution facility is very old and is well and truly due for an upgrade. When Council investigated costings it was deemed more cost-effective to demolish the current facility and build a new structure rather than renovating. The current facility does not have adequate equal accessibility, which will be rectified in the new building.	Complete	\$333,674	Feb-21	Jun-21
1	Community	WA	Shire of Bruce Rock	Bruce Rock Recreation Centre, Dunstall St - Installation of power	Currently the cricket shed has no power, which has resulted in the local Cricket Club having to use a generator to run equipment including ball machines and lighting for their training sessions, club days, and fixtures night matches. The installation of power will prevent the carting of a generator to the facility each week, and makes the facility more user friendly.	Complete	\$4,500	May-21	Jun-21
1	Community	WA	Shire of Bruce Rock	Railway Dam, off Bruce Rock East Road - Improvements to water catchment system	The project will improve the water catchment system as well as increase the capacity of the catchment, which will allow us to retain more water during rainfall events. In previous years where poor weather conditions have occurred, Council has had to purchase water to keep our oval and gardens alive. This project will not only save Council funds in the future, but makes our town attractive to tourists, and allows our sporting clubs to still be able to participate in their sporting activities.	Complete	\$62,125	Feb-21	Jun-21
1	Combination	WA	Shire of Capel	Ramsay Road, Stratham Rehabilitation and Widening of Ramsay Road, including provision for construction of new pedestrian footpath	Significant pavement deformation in isolated areas, poor cross sectional design, narrow seal	Complete	\$429,394	Jan-21	Jun-21
1	Community	WA	Shire of Carnamah	Install and wire an electrical device to allow an external generator to be connected to the Carnamah Recreation Centre so that in the event of an emergency it can be utilised as a evacuation centre/command post	Provide emergency power when the Western Power supply is down	Complete	\$6,683	Feb-23	Feb-23
1	Community	WA	Shire of Carnamah	Carnamah Recreation Centre - roof and exterior The recreation centre was built in the early 1980s and has served the community well, however due to its age is in desperate need of major repairs / improvements.	Due to the age of the roof the sheets and gutters are showing signs of rusting and will eventually lead to further water damage to the facility. The exterior of the building needs repainting.	Complete	\$149,783	Mar-21	Jun-21
1	Community	WA	Shire of Carnamah	Carnamah Town Hall The hall flooring is comprised of the original tongue and groove wandoo boards and has now been sanded down so many times that the edges of the boards are splintering. It's proposed to lay 14mm select grade Jarrah boards over the top of the existing wandoo boards.	The hall is used regularly for children's dancing and gymnastic classes and these activities have to be restricted to a certain section of the hall to prevent participants getting splinters	Complete	\$84,636	Feb-21	Jun-21
1	Community	WA	Shire of Carnamah	Carnamah Recreation Centre The recreation centre was built in the early 1980s and has served the community well, however due to its age is in desperate need of major repairs / improvements.	The parquet flooring in the stadium includes a small section with sustained water damage along with several spots with chips or indentations. The parquet floor area in the function room has sustained water damage. The floors will be sanded back, damaged sections repaired, new lines marked where required and resealed with MVP waterborne polyurethane timber sports seal. Carpeted area in the function room has also suffered from water damage and needs to be replaced. Remedial work will be undertaken to prevent water ingress	Complete	\$49,317	May-21	Jun-21
1	Community	WA	Shire of Carnarvon	Blowholes Camping Area - Upgrades	Site is increasing in popularity particularly with "Grey Nomad" travellers. Camp areas at the reserve are poorly defined with bookings managed on first come first serve basis. Opportunity is being missed to accommodate planned longer term visitors. Camp fee collection requires a 2 hour round trip from Carnarvon for Shire Rangers and fees are likely being missed. There is little or no signage in place to assist and direct visitors. No full time caretaker onsite during peak season - inadequate caretaker accommodation. Traditional owners have requested some sort of cultural recognition facility (such as a meeting place) to recognise their association with the site.	Complete	\$160,000	Mar-21	Jun-22
1	Community	WA	Shire of Carnarvon	Fascine Park - Picnic Shelter and BBQ	Lack of picnic shelters and BBQ's at southern end of Fascine Park for visitors and residents.	Complete	\$77,500	Mar-21	Jun-22

Phase	Infrastructure Type	State	Funding recipient	Project Name	Problem Description	Status	Program Funding	Start Date	End Date
1	Community	WA	Shire of Carnarvon	Coral Bay Visitor Information Bays - Multiple Locations	Coral Bay experiences high visitor number peaks. Limited accommodation availability results in caravans and RV's entering the township without a booking. This is creating severe traffic congestion in the township at peak times. New signage at the information bay will be designed to advise visitors of periods of limited accommodation availability and redirect visitors with no booking to alternative locations and provide parking holding location site for visitors waiting for checkout.	Complete	\$25,000	Feb-21	Jun-22
1	Community	WA	Shire of Carnarvon	Tramway Bridge, Carnarvon Fascine Waterway - Remediation Project	Poor amenity for pedestrians and cyclists. Tram rails are safety hazard to pedestrians and cyclists. Painted railings dilapidated. Existing steel shelter beyond economic repair.	Complete	\$22,500	Mar-21	Jun-22
1	Community	WA	Shire of Carnarvon	Various Locations - General amenity upgrades	Council are seeking to improve the general amenity across various areas of the Carnarvon Township. The focus is visual and physical amenity improvement for both residents and visitors. The intent is to encourage visitors to spend more time in Carnarvon itself rather than using it as a stopover point to attractions further north.	Complete	\$319,041	Jun-21	Jun-22
1	Community	WA	Shire of Carnarvon	Carnarvon Airport - Asset Maintenance and Amenity Improvement	General dilapidation of airport presents a poor image at key entry point to community for visitors and tourists.	Complete	\$120,000	Feb-21	May-22
1	Community	WA	Shire of Carnarvon	Town Beach Kiosk Carnarvon upgrade	Existing Town Beach kiosk is unused and has never been occupied. Facility is not lined, has no ceiling and no services. This is an impediment for use as commercial facility.	Complete	\$20,000	May-21	Apr-22

1	Community	WA	Shire of Carnarvon	Carnarvon artificial reef project	Attracting and retaining visitors to the Carnarvon township. The new artificial reef will provide new fishing experiences in close proximity to Carnarvon creating an attraction and retention feature for visitors and a boost the local economy.	Complete	\$25,000	Dec-20	Jan-21
1	Road	WA	Shire of Chapman Valley	Widen existing road shoulders in Parkfalls Estate	The Parkfalls Estate is a rapidly growing peri-urban area within the Shire, which is resulting in public exercising (walking) throughout the precinct. The current shoulder width is not wide enough, resulting in people having to walk on the road bitumen surface (i.e. mixing with vehicular traffic). Widening shoulder will alleviate the unsafe pedestrian/vehicular mix.	Complete	\$105,000	Oct-20	Jun-21
1	Community	WA	Shire of Chapman Valley	Replace asbestos cladded storage shed at Yuna Golf Club	Existing asbestos cladded shed is dilapidated and dangerous. Needs removing totally from the site	Complete	\$15,000	Mar-21	Jun-21
1	Road	WA	Shire of Chapman Valley	Build new road into Yuna Refuse Site/Transfer Station	As the Yuna Refuse Site/Transfer Station is an unmanned site where there has been a history of illegal dumpings of materials (e.g. asbestos, tyres, chemicals, etc.). The existing road into the site is winding and makes it difficult to monitor those accessing site. The CCTV will help in identifying illegal use.	Complete	\$24,360	Oct-20	Jun-21
1	Community	WA	Shire of Chapman Valley	Renovate and Upgrade Nabawa Community Centre Kitchen	Kitchen is decades old and dysfunctional. Badly needs renovations and upgrade works undertaken.	Complete	\$22,000	Mar-21	Jun-21
1	Community	WA	Shire of Chapman Valley	Renovate Kindergarten Building to house Nabawa Library	Currently the Nabawa Library is located within the Shire Administration Building meaning it is distanced from the Chapman Valley Primary School, making it less accessible to the students. The Shire office hours also restricts public use as most residents cannot get to Library during their normal work hours. Relocating to Library and having this more accessible to students and public is a more practical solution. The State Library Board has formally endorsed the proposed Library relocation.	complete	\$22,000	Nov-20	May-21
1	Community	WA	Shire of Chapman Valley	Resurface Tennis Courts	Existing tennis courts are at the point of not being able to be used. Sub-base needs removing and reconstructed, then new court surface installed.	complete	\$75,377	Feb-21	May-21

1	Community	WA	Shire of Kondinin	Tolland Road, Hyden - Sandpipe Controller	At the moment the Shire has a number of community water sites and unlike all surrounding Shires does not charge for water use. The two water tanks at Tolland Road are currently accessed by connecting straight into the tank for agricultural and emergency purposes. In this current scenario there is no way of tracking who is using the water or how much water is being used each day. By installing a standpipe controller will enable the Shire to monitor the use and user of the water and also establish a user pay system through the swipe cards. This will ensure that the Shire can manage a more equitable water use system accessible to the local community.	Complete	\$27,182	Feb-21	Apr-21

1	Community	WA	Town of Claremont	Claremont Aquatic Centre works Renewal of the Town's aquatic centre disabled change room and toilet facility and the addition of a family change room, improvements to the associated universally accessible access ramp, and the retaining and landscaping of the surrounding garden area.	The existing disabled facilities at the aquatic centre are in a poor condition and require renewal. The original aquatic centre complex was constructed in 1960. The change rooms and toilets that are still in use today were constructed in 1971 without dedicated disabled facilities. Around 2004 a demountable disabled toilet and change room was added to the south of the change rooms with a short access ramp connection provided. Having originally been constructed as a temporary measure, this disabled toilet and change facility is still in use today and is in urgent need of renewal. The disabled access path to this area is also in need of enlargement and improvements. Due to the vertical grades of the site, retaining of the land will be required to accommodate this work. The community facility also lacks a dedicated family change room with some patrons instead using the disabled change room in this capacity. New family change rooms will be added adjacent to the disabled facilities. All proposed renewals and upgrades will be designed to comply with universal access requirements in accordance with the Town's Disability Access and Improvement Plan.	Complete	\$104,010	Jul-20	Jun-21

2	Road	NSW	Lake Macquarie City Council	The Weir, Barnsley – replacement bridge Weir Road, Barnsley. Bridge works	The existing Weir Road crossing over Cockle Creek is a single lane, two-way concrete causeway constructed in the 1920's. Barnsley Weir is closed to all traffic and freight vehicles during moderate rainfall events. The alternative route of 13.5km includes a number of signalised intersections and adds considerable travel time and costs to residents and businesses. The proposal is to construct a new bridge to address safety issues regarding the approach on both sides of the creek to the bridge. This plan will provide increased safety and ability for residents to use Weir Road to travel between local centres. The project will improve freight routes in the west of Lake Macquarie, supporting local jobs and underpinning economic growth. It will also enable all in the community to reach their destination safer and sooner.	Complete	\$2,771,018	Aug-21	Mar-23

2	Community	NSW	Strathfield Municipal Council	Fragrant Garden Strathfield District Park Mitchell Street, Strathfield	Community – Landscaping Improvements Community Infrastructure – other The Strathfield District Park is an area that was formerly a golf course and is being converted to meet the active and passive recreational needs of residents and visitors from surrounding areas. The Park is surrounded by medium and high density housing. To date, the community needs for active recreation are being met through walking and bicycle routes through the park, extensive parkland areas that allow for personal exercise and “workouts” and it is planned that in the future, there will be a number of hard courts constructed for mainly ball sports. The park also adjoins Council’s Golf Driving range that is constantly patronised. In terms of areas for passive recreation such as family gatherings there are extensive lawn and BBQ areas, a feature lake and currently under construction with Federal funding support is an amenities facility that will allow for extended stays. For children with disability and their carers Council is constructing a Maze and play area that will be available to all children, regardless of their abilities. The missing component of this park is an area for singular, quiet passive recreation that would appeal to older residents or those needing to access a peaceful and stimulating area. The Fragrant Garden will provide this space and allow Strathfield District Park to respond to the health and wellbeing needs of all residents	Complete	\$801,335	Sep-21	Apr-22

2	Road	QLD	City of Gold Coast	Path Improvements Galleon Way Currumbin Waters	Construction of a missing section of path on the eastern side of Galleon way from the existing path at Merv Craig Recreational Park to the existing path adjacent to Beaumont Court. Length 690m, width 2.5m. There is no existing facility. Council is proposing to swap the 'Shared Path Gilghai Road' project with this Galleon way project, as there is a current development approval adjoining the location of the proposed footpath along Gilghai Road. Commencement of construction of the proposed development is unknown. Should the Gilghai Road footpath be constructed, it is likely that it will be demolished as part of the proposed development infrastructure works. The Galleon Way works will be in-situ for many years to come once constructed and is not as vulnerable to new development. The Galleon Way project can be constructed before the end of December 2021.	Complete	\$431,997	Jul-21	Dec-21

Assessment of the road condition has identified Napper Road, Arundel as being at intervention for renewal, requiring reconstruction works to restore the asset to current target levels of service.	Complete	\$1,220,149	Jul-21	Oct-21
2	Road	QLD	City of Gold Coast	New Proposed Project Ron Penhaligon Way, Robina (Cheltenham Dr to Manly Dr)	The Road Rehabilitation and Reseal Program is the primary renewal program to address surface renewal demand. This program identifies roads in accordance with the Traffic Assets Management Plan and the Sustainable Road Pavement Management Plan. Preventive maintenance is the single most influential component in the network strategy that allows the Council to manage pavement condition. It creates the ability to postpone costly reconstruction or rehabilitation activities, by extending the remaining service life of the original pavement. The effectiveness of long-term preventive maintenance and rehabilitation is based on asset life cycle performance, asset rehabilitation program and life cycle costing. A significant benefit of a comprehensive pavement preservation and proactive maintenance program is that it manages future network condition and funding requirements, thus reducing whole of life pavement construction and management costs. Condition assessment undertaken in March 2019 on a 375-metre section of Ron Penhaligon Way, Robina identified heavy ravelling, wheel path cracking and rutting with an average PCI of <5. Given this result and applying the prioritisation criteria detailed above, this road is priority for immediate intervention. The proposed section for rehabilitation is between Cheltenham Drive and Manly Drive, is 10m in width with two active traffic lanes and a small width shoulder. Ron Penhaligon Way is a residential collector road and facilitates a bus route. The proposed rehabilitation scope is 4,250m2 of asphalt consisting of a 50mm structural layer and a 50mm wearing course (total depth 100mm).	Complete	\$331,247	Oct-21	Oct-21

2	Road	QLD	Townsville City Council	Hammond Way Culverts (73A)	Drainage: Construct new concrete wingwalls required to maintain the integrity of culvert to mitigate safety risks. Upon a routine site inspection of construction works at 73A Hammond Way, several defects were noted on the culvert legs. This warranted further investigation and consultancy Premise were engaged to undertake a structural assessment of the culverts. Results of this assessment revealed the culvert legs were overstressed and nearing the end of their serviceable/design life. Specific defects include lack of horizontal reinforcement in the culvert legs, horizontal cracking, corrosion of exposed reinforcement, blocked weepholes and insufficient cover. Given the age and condition of the culverts at 58 & 73A, Premise recommend that TCC replace the existing culverts with a new structure in the near future. With the additional scope of replacing the culverts, identified non-compliant guardrail and unstable embankment, to maintain budget constraints, TCC request to remove all work related to 58 Hammond Way from the scope and utilise the remaining budget toward complete rectification of 73A Hammond Way. Construction of 58 Hammond Way never commenced, and the structure remains untouched. A design will be completed for replacement of the culverts at 58 Hammond Way with construction to commence in future financial years. With the additional scope of custom cast culverts, compliant guardrail in the approach and departure lanes, embankment stabilisation due to steep batters, new road, asphalt and line marking, combined with a third La Nina event, TCC would like to design and construct the project in FY23/24. 2	Community	SA	District Council of Streaky Bay	Lions Park Development	Wells Street Road Realignment as part of the Lions Park Upgrade Landscaping Improvements. The reserve development will aim to redevelop a partially developed reserve that has high community value and this was emphasised through the recent community consultation process. The Park is a 9500m2 reserve that is underutilised with very little activation, there is existing tree canopy that is nearing its end of useful life, along with play equipment and a toilet facility that are at the end of life. The proposed development is to activate the space with landscaping, seating, pathways, vegetation and stormwater management. The overall beautification of the site will provide safe passage for pedestrians, play space for local children, a connection between the eastern entrance to the CBD of Streaky Bay. The reserve shall consider stormwater mitigation measures such as swales and rain gardens. It will provide a valued recreational space that is currently unavailable to residents on the Eastern section of town and as a key to a welcoming entrance and place to gain bearings for visitors coming into the township. Phase	Infrastructure Type	State	Funding recipient	Project Name	Problem Description	Status	Program Funding	Start Date	End Date
2	Combination	SA	Wattle Range Council	Penola to Coonawarra Walking / Cycling Track	The concept of a walking and cycling trail from Penola to the Coonawarra was developed following investigations into a regional trails network that was completed in 2015. With the increasing awareness of the value of outdoor recreation in relation to health and wellbeing, and the Coonawarra Wine Region being acknowledged as an excellent tourism attraction, the development of a multi-use walking and riding trail would add strongly to the region. A well planned and constructed trail network in this area would cater to a range of users including recreational walkers and runners, cyclists, and tourists wanting to visit wineries and other destinations. The section of trail proposed for development runs for approximately 16km (excluding links to wineries and tourist attractions) from the town of Penola through several vineyards and wineries to Coonawarra. Additionally, Naracoorte Lucindale Council is currently developing a 16km connecting the Naracoorte township and the world-heritage listed Naracoorte Caves to strengthen the high-quality visitor experiences offered in the region. This Stage 2 of the project, to link the caves to cabernet via a shared-use rail trail, will be managed directly by the Naracoorte Lucindale Council.	Complete	\$736,052	Oct-21	Mar-22
2	Community	SA	Wudinna District Council	Eyre Highway Landscaping in Wudinna SA 5652, within the township limits - a distance of approximately 2.0 kilometres.	The project works compromise of the installation of landscaping and irrigation to create a "green oasis" that ultimately will improve the amenity of the township. The streetscape will create visual interest as well as important greening around key nodes to encourage people to stop and enjoy what our district has to offer. Currently the area is very dry and barren with no visual interest. There is no shade and the streetscape does look as though it is not maintained.	Complete	\$357,319	Mar-21	Jun-21
2	Community	SA	Yalata Anangu Aboriginal Corporation	Community admin building flooring	Flooring in Community Admin building is lifting and extremely worn due to excessive foot traffic. This building is a central access point for all community members to collect their mail and hub for support services like Centrelink, Housing SA and to use public computers/internet. 2	Community	SA	Yalata Anangu Aboriginal Corporation	Fencing	New Fencing to be built to block off staff dwellings from Driver Revive/Roadhouse site. Fence to extend from the end of the existing fence and travel east. Total length 120m This will create privacy and increased safety for residents	Complete	\$17,048	May-22	Jun-22
2	Combination	SA	Yorke Peninsula Council	Coastal Management Strategy Projects. Edithburgh (x2), HD Melville, HD Warrenben, Marion Bay, HD Moorowie, HD Wauraltee, Port Victoria, Balgowan (x2), HD Tiparra, Wool Bay (x3), Stansbury (x2), Port Vincent, Ardrossan, Category: Improved Accessibility of Community Facilities and Areas	Implementation of works identified in the Coastal Management Strategy to manage community access to key coastal locations, including fencing, bush camping toilet amenities, installation of traffic and pedestrian signage, and vehicle and pedestrian access works (such as car park formalisation, and walkway/access upgrades).	Complete	\$175,281	Mar-21	Jun-22
2	Road	SA	Yorke Peninsula Council	Spoon Drain Replacement Program. Maitland, Yorketown, Stansbury, Warooka, Edithburgh, Port Vincent, Curramulka, & Coobowie. Category: Drainage.	Replacement of spoon drains. Works involve civil works to remove existing spoon drains and replace with new concrete spoon drains and kerbing. The problem being addressed is the spoon drains have reached their functional capacity and require upgrade to ensure appropriate drainage.	Complete	\$225,000	Mar-21	Jun-22
2	Road	SA	Yorke Peninsula Council	Patch Sheeting. Bussenschutt Road and Moorowie Station Road. Category: Sheeting/re-sheeting.	The patch sheeting methodology is utilised to remedy small sections of lower use roads. 5 segments (14,400sqkm) of Bussenschutt Road and 3 segments (14,000 sqkm) of Moorowie Station Road will be remedied. The works will improve rideability and minimise hazards for road users. The patch sheeting model also increases the useful life of the road.	Complete	\$225,000	Mar-22	May-22
2	Community	SA	Yorke Peninsula Council	Warooka Standpipe Upgrade. Section 54 White Hut Road. Category: Painting /Improvements to community facilities	Modernisation of standpipe infrastructure to allow for an electronic payment system for water supply. The filling station (standpipe) provides a water supply to those that do not have access to water. The upgraded station will remove the current usage booking system and occurrence of water theft. It is expected usage will increase due to improved ease of access, along with an increase in supply to travellers (who currently are not accessing due to the booking system).	Complete	\$55,000	Aug-21	Apr-22
2	Community	SA	Yorke Peninsula Council	Stansbury Institute Maintenance. 6 Weaver Street, Stansbury. 2	Community	SA	Yorke Peninsula Council	Marion Bay Desalination Plant Improvements. 1 Willyama Drive (Plant) & 73 Slow Street (beach well erosion area), Marion Bay. Category: Painting /Improvements to community facilities.	Marion Bay does not have mains water supply and hence a Desalination Plant was built to support residential properties and the caravan park. This project will see desalination plant water quality improvements and measures to address beach well site erosion problems undertaken. The beach well supplies water to the plant and due to seawater level rising and winter storms, beach well infrastructure is now under threat from the ocean; if not addressed flooding of the beach well infrastructure and electrical controls will stop water production. In addition, water quality is shortening hot water infrastructure life to the caravan park and supply network.	Complete	\$65,000	Feb-21	Dec-21
2	Community	SA	Yorke Peninsula Council	Black Point Water Supply Storage Tanks. Lot 3014 Black Point Drive, Black Point. Category: Painting /Improvements to community facilities	Removal of old leaking concrete water storage tank and installation of new poly tank and required plumbing. This will address water loss and supply restrictions to the nearby Black Point community.	Complete	\$30,000	Jan-21	Dec-21

2	Community	VIC	City of Greater Shepparton	Vibert Reserve Pavilion Stage 3 Redevelopment, 290-300 Archer Street, Shepparton Victoria 3630	<p>The redevelopment of the Vibert Reserve Pavilion will see a large extension to accommodate the South Shepparton Community Centre who will relocate from their current facility. This part of the project has already been approved to be funded under the LRCI Phase 1 allocation.</p> <p>The balance of the project, will see the sports clubhouse extended and upgraded to facilitate appropriate sports club social use for the 3 main sports clubs and other casual use clubs that currently utilise this pavilion. The new social club space will also provide for further opportunities within this South Shepparton community to utilise this space for community gatherings and meetings. The extension works will now be part of the overall Vibert Reserve Pavilion Stage 3 redevelopment including new car parking, with security lighting, relocated and upgraded playground, landscaping and improved accessibility for neighbourhood house users and the sports club users. Plans are available and can be provided if further clarification is required on the extent of this project, and the 2 stages of works that can be completed with both Phases of funding. There is significant benefit in completing this project as a single contract and approval to include this under Phase 2 will see the project more efficiently delivered under one contract as opposed to a staged approach.</p>	Complete	\$1,901,060	Jul-21	Dec-22

Complete	\$701,470	Aug-21	Dec-22
2	Community	VIC	City of Greater Shepparton	Victoria Park lake Power Upgrade [NEW PROJECT]	It is proposed to install permanent power supply boxes to the open space area at Victoria Park Lake, Wyndham Street, Shepparton. Costs to Council's Events Team for electrical/generator/electrician services and hire were \$90,094.86 over the past 5 years. This does not include community and private event company costings and having in excess of 18 annually events where they all have to source power, there is a need to address and implement improved infrastructure for availability, consistency, and safety of all users. Having this upgrade in place will also improve the capacity for the location to be marketed appropriately to a broader range of events organisers and companies as this area will have the capacity to deliver event needs without the requirement of temporary infrastructure inclusions, which all come at a cost to either Council or event organisers, thus giving the site improved capabilities and attractiveness for events and reducing the outlay for temporary infrastructure. 2	Community	WA	Shire of Bruce Rock	Bruce Rock Supermarket. Corner of Johnson and Bath Street, Bruce Rock, WA.	The only supermarket in the Bruce Rock town site burnt down as a result of arson in March 2020. The Shire seeks to construct a new supermarket building to ensure residents have access to a secure food supply. This is paramount for vulnerable community members who are unable to travel 40km to the next town for grocery shopping with no support system present. Currently, the Shire are operating a temporary supermarket from the Town Hall, resulting in the hall being unavailable for community events and sporting activities. A retail consultant determined that the Shire of Bruce Rock would be extremely unlikely to attract a retailer to operate a grocery store if the retailer had to also construct a building. The Shire intend to build the supermarket, fit it out, and lease it to an independent retailer. Building a new supermarket contributes to the local economy by creating jobs during construction and ensuring the continued future of the local retail economy. At present, many retail businesses in Bruce Rock have been negatively impacted by people travelling out of town for grocery shopping, as the current supermarket is unable to stock all the stock lines they require. Specific components of the construction of the Supermarket Phase 2 funding will be used for include: substructure, trenching and conducting for Electrical and Communication Services, and power supply head works. 3	Community	IOT	Shire of Christmas Island	Foreshore Precinct, Christmas Island, -Lingiari Electorate NT	Project Name: Foreshore Artwork - Category: Painting / Improvement to Community Facilities - Brightening up the 40m blank wall looking over the Foreshore Padang Park area with colour, creativity and community stories. The Shire has just completed a successful public art program 'Our Streets Are Our Museums' which featured 7 walls around the township depicting images from local history. We were looking to continue this public art theme with the LRCI grant by beautifying the Foreshore Padang, which is a leisure and recreation precinct of some size on the Foreshore. The site used to be an outdoor cinema in the past, so we were looking at some creative documentation of that in the artworks to interpret that history onsite. It is also the precinct where the historical Chinese Literary Association resides. Thus the artist will be given a brief to not only make the art fit a rec/leisure precinct, but to also add the dimension of local history and culture to the place.	Complete	\$40,000	Nov-22	Dec-22

3	Combination	NSW	Carrathool Shire Council	Vegetation Clearing Yoolaroi Water Scheme Project locations: - Stackpoole Rd, Boorga NSW 2652 - Wollarma Rd, Goolgowi NSW 2652 - Youngs Lane, Goolgowi NSW 2652 - O'Donnells Rd, Goolgowi NSW 2652 - Back Hillston Rd, Goolgowi NSW 2652 - Melbergen Rd, Merriwagga NSW 2652 Work category: Other	Council operates four Rural Water Supply Schemes throughout the Shire. These Schemes equate to hundreds of kilometres of pipelines that supply raw water to rural properties in the Shire. Some of these Schemes have been providing this service for over 40 years. An inspection of the waterlines across the Yoolaroi Scheme revealed that 54 kilometres of waterlines require vegetation management. Vegetation has grown along the top of the existing waterlines covering the maintenance track. The Scope of Works consists of approximately 54km of vegetation clearing across the Yoolaroi Water Supply Scheme. Rehabilitation of the maintenance track will allow for the necessary machinery to travel along the waterline and provide maintenance to the underground pipeline when required. Accessibility to the pipeline remains a necessity as it delivers water to the rural members of the community for stock and domestic services.	Complete	\$162,038	Jul-22	Dec-22

3	Community	NSW	Carrathool Shire Council	Refurbishment of Hillston Water Tower Project location: 197 High Street, Hillston NSW 2675 Work category: Other	Hillston Water Tower provides water to the regional community of Hillston. The water tower has exhibited vertical and horizontal cracking which has led to a leak, approximately three quarters of the way up the tower. To alleviate the leak, the tower has been set to not fill past the leak which has resulted in a noticeable loss of pressure in the water distribution network. To rectify the issue and to prolong the effective life of the water tower, the Scope of Works consists of high-pressure water blasting of the interior surfaces, sandblasting of the cracks, the application of relining material and sealing of the interior of the water tower. These rehabilitation works are essential in ensuring the continued operation of this critical water infrastructure component in the Hillston community. Council would like to request a following variation. In addition to the abovementioned works, the contractor has determined that additional essential repairs are needed in order to preserve the water tower and ensure its usability in the future. The additional essential works include replacing damaged pipework, removing internal and external access ladders and fixing the roof structures to prevent any future water contamination. 3	Community	NSW	Lachlan Shire Council	Companion Animal Surrender Cages at Lake Cargelligo	Surrender cages for stray animals. - Community facilities other. The project involves the establishment of cages which members of the public can access to surrender animals. The Lachlan Shire Council Local Government Area covers an area of 14,965 square kilometres. The main administration office is located in Condobolin and the village of Lake Cargelligo is located approximately 94km from Condobolin. Council's regulations officer (ranger) works primarily from the main administration office in Condobolin. Council proposes to construct Companion Animal Surrender Cages at Lake Cargelligo to ensure that animals that are surrendered or found by members of the public are housed appropriately until such time that Council's regulations officer can attend to the animals and return them to Council's main animal shelter located in Condobolin. The cages will be Council owned and located on Council owned land and will be accessible to the general public. The project will provide a suitable location for animals to be surrendered and the facility will be appropriately designed to ensure that the animals that are surrendered are housed under appropriate conditions that ensure their health and welfare, providing a benefit to the community by ensuring that animals are not at large within the community and are housed appropriately until Council's regulations officer can attend to them. 3	Combination	NSW	Lord Howe Island Board	Depot pavement renewal	Lord Howe Island is a remote island in the south Pacific with the local Authority being the Lord Howe Island Board (LHIB) and a community population of around 400 people. LHIB manages numerous Civil Infrastructure Services streams from its operational depot and well as providing community mechanics services from the same space. LHIB depot pavement area is in immediate need of renewal and requires hard stand and resealing to make safe for depot operations – enabling various service delivery streams to operate from this facility such as civil infrastructure reconstructions, maintenance works and vehicle maintenance services. Large failures in the pavement area have expanded over time causing the area to become difficult to manoeuvre machinery such as forklifts in a safe and efficient manner as well as other mobile plant such as cranes, excavators and general light vehicles – all used to delivery works for the local community. The depot is used to house numerous materials and equipment to enable delivery and construction of community assets such as facilities, roads and walkways across the island. It is also used to store both public and private and community building materials that would otherwise be exposed to harsh marine conditions. Other works undertaken at the depot include providing community services such as car registration checks and community vehicle maintenance works - LHIB is the only vehicle registration mechanic operating on the island servicing the populations’ vehicle and machinery maintenance needs. If the depots pavement area is not treated soon it may pose safety risks to the local community users. The depot is a multi-purpose facility that without it operating effectively a reduction in infrastructure delivery and maintenance service delivery across the island could occur rapidly. The project proposed consists of designing a treatment option for the existing depot pavement area to increase hardstand area as well resealing its existing aged flexible pavement. An adjoining section of road and community carpark is also planned to be resealed as part of the works.	Complete	\$102,858	Jul-22	Jun-23

3	Road	NSW	Orange City Council	Southern Feeder Road (Stage 4 – Anson St to Pinnacle Rd)	The Southern Feeder Road (Stage 4 - Anson St to Pinnacle Rd) is the next stage in a six stage process to develop Orange's Southern Economic Development Corridor, a strategic east-west link to, from and around the city. The Corridor is vital to Orange City's future economic growth and regional strength. The Southern Feeder Road (Stage 4), will increase freight and traffic efficiencies. Safety, connectivity and productivity for the city and region more broadly will be improved. The road will take traffic off indirect and inefficient routes through residential streets or the heavily congested Mitchell Highway/main street. It will improve access and connection to key employment precincts and the city's newest 1800-lot residential suburb.	Under Construction	\$1,241,618	Apr-23	Jun-25

3	Community	NSW	Orange City Council	Glenroi Oval playground -	Council is creating a district level playground within Glenroi Oval. In line with a district level playground, the equipment has been selected to provide a variety of play options across a wide range of age groups. This places the Glenroi Oval playground at the same level as the popular facilities at Elephant Park and Gosling Creek Reserve. The materials used in the design are generally more robust than standard play equipment so we certainly hope that the playground will be able to withstand a lot of the vandalism that occurs in our parks from time to time. We have included rubber softfall in higher wear areas (e.g. under swings and slide exits) to reduce maintenance requirements. Total investment for supply and install is \$170K. Council is contributing \$120k to the project.	Complete	\$50,000	Jul-22	Dec-22
3	Community	NSW	Orange City Council	Community cycleway / Footpath extension at Glenroi Oval	Community cycleway / Footpath extension north to connect to existing infrastructure at Glenroi Oval. 3	Community	NSW	Singleton Council	OOSH Building Roof Replacement (Withdrawn from LRCI Phase 2)	The roof sheeting on the OOSH building is to be replaced and improvements be made to the roof structure to prevent ongoing issues. Council's Out of School Hours (OOSH) Building is currently utilised by Hunter Prelude and Singleton Council's OOSH services. The building was constructed in 1984 and is now 36 years old. The original roof structure is still in place and has deteriorated due to its age. In addition, the roof was originally constructed with a low pitch and building extension works have been undertaken, both have impacted on the capacity of the roof to effectively discharge stormwater. As a result, there have been significant and continual incidents of water ingress during storm events resulting in damage to the ceiling, flooring and walls and disruption to staff.	Under Construction	\$410,000	Feb-23	Jun-24
3	Community	NSW	Singleton Council	Singleton Rugby League – Clubhouse Development – New Amenities and Function Area	Improving the clubhouse facilities are desirable to support both the functional requirements of the game as well as enhancing the player, member, supporter, and sponsor experience. The key outcome of the development extension is not only social but economic. The social benefits are derived from the improved involvement of women in the sport of Rugby League in Singleton, the Clubhouse amenities extension development will be ready to welcome growth in not only the club but the surrounding community. The development for the ground floor facilities will introduce an additional female change facility as well as a female officials' room. Developing female change rooms will continue the encouragement of more women in Rugby League. The upgrade will not only allow for female ground-level change room facilities but also for an upstairs function/meeting room, which will consist of a fully functional and sustainable meeting/function room. The development will pioneer the way for additional female involvement and increased registration in the sport of Rugby League and the overall clubhouse upgrade will incorporate many other requirements and desirability's for the club in the long term. 3	Road	NSW	Transport for NSW	MR428 – Mutawintji Rd Gravel Re-sheeting 6km	Sections of Mutawintji Rd are in poor condition with little to no gravel left on the road. As a result, these sections are susceptible to becoming impassable during periods of wet weather, cutting off remote communities' access to the regional centre of Broken Hill. This project looks to address this issue by reshaping the formation and gravel resheeting 6km of the in the poorest condition sections of the Mutawintji Rd. This will significantly reduce the length of time that communities are cut off from the regional centre. 6km of resheeting work will complete on Mutawintji Rd.	Complete	\$1,819,538	Feb-23	May-23
3	Road	NSW	Transport for NSW	MR81 – Silverton Rd drainage improvement	A twin cell culvert is damaged and reached end of useful life. It needs to be replaced so it functions as designed. The culvert is of the on the western edge of the Silverton township. These works include replacing the culvert and the associated headwall along with providing erosion for the inlet and outlet of the culvert.	Complete	\$50,000	Feb-23	Feb-23
3	Road	NSW	Transport for NSW	UR40 – Waterbag Rd Rehabilitation of Floodway 120 m in length	Floodway is currently in a poor condition and susceptible to rutting, washout and damage becoming impassable during periods of wet weather. This results in the road needing to be closed for long period of time even after small rain events. The works will address this by provide a solid pavement for vehicles using the floodway. These works include add granular material, reshape, stabilising the 120m of pavement through the floodway. Furthermore, surface drainage will be reinstated where required.	Complete	\$70,000	Jan-23	Jan-23
3	Combination	NSW	Tweed Shire Council	Animal rehoming facility	Design and Construction of a new Animal Re-homing Facility (Pound) allowing Council to manage animals either seized, abandoned, stray or surrendered. The facility provides for public drop off of surrendered animals, public viewing and purchase of animals through the "Re-homing" process. The new facility will create veterinary and animal husbandry services for animals, office space for Council's rangers and the volunteer organisation "Friends of the Pound" who operate the Animal rehoming facility. The works shall consist of Detailed design and documentation to obtain development approval and construction certificate. 3	Community	NSW	Tweed Shire Council	Anchorage Island Retaining Wall and Boardwalks	Public access to various areas of the Anchorage Island Harbour is via walkways located immediately adjacent to the existing boulder retaining wall on an approximately 2.0m wide strip of community land behind private properties. This wall, approximately 600m in length, is in a very poor condition which has resulted in the deterioration of the public access way. This deterioration has reached such an extent that Council has been forced to close a considerable portion of the access due to safety concerns. Further, the timber boardwalks and access structures located over the harbour are in poor condition and requiring of considerable works to bring them into a reasonable state of repair. It is intended that this project will serve to replace the existing boulder retaining wall with a rubble revetment which will allow for the stabilisation of the footpath and reinstatement of public access as well as the renewal of the existing timber structures which serve to provide the general public with access around the harbour and local areas. These works are primarily aligned with the Bicycle and Walking Paths Work Category.	Complete	\$1,867,500	Mar-22	Dec-22

3	Community	QLD	Central Highlands Regional Council	Tip Shop external roof	Painting/Improvements to Community Facilities Construct a roof over the outside storage area of the tip shop. The tip shop is a facility that allows the region to recycle their own household goods. The roof will be put in place to protect these items for resale. The tip shop is a community facility that has an operational lease and runs as a loss for Council. The objective of the facility allows the region to recycle their own household goods as Council strives for greater sustainability in our region. The roof is necessary to provide greater storage capability of second-hand goods as otherwise goods must be disposed of, preventing Council from achieving a more sustainable operation.	Complete	\$19,326	Sep-22	Oct-22
3	Community	QLD	Charters Towers Regional Council	Miners Memorial Lot 9 on AP5088	The project will include five poppet head structure walk throughs with memorial signage, interpretative panels and a boardwalk connection from the Memorial to an existing carpark on Mosman Street. The area forms part of the larger Towers Hill and Walking Track Precinct. Problem being addressed is limited recreational facilities in Charters Towers whilst also promoting tourism. The benefit to the community is improved recreational opportunities, amenity to nearby residents and users of the existing Towers Hill and Walking Track precinct and equity of access. The project aligns to the following categories: Closed Circuit TV Bicycle and Walking Paths Improved Accessibility of Community Facilities and Areas Landscaping Improvements Sporting and Recreation Facilities Other – as it is based around the mining heritage of Charters Towers. Concept plan included. Support from MP included.	Under Construction	\$3,412,716	Oct-22	Jun-24

3	Community	QLD	City of Gold Coast	Safety Camera Network Urban Villages CCTV Project	Closed Circuit TV (CCTV) This project involves installation of 10 (ten) new CCTV cameras and supporting infrastructure to meet community needs in expanding urban villages, including Palm Beach and Robina. Project activities will also involve upgrades to existing CCTV equipment in urban villages across the city, to enhance the overall effectiveness of the Safety Camera Network and respond to emerging safety issues and growth, including increases in activation. The project will provide for the introduction of new technology, increased reliability and connection to the City's optical fibre communications network where available.	Under Construction	\$320,000	May-23	Jun-24
3	Combination	QLD	City of Gold Coast	Tallebudgera Creek Boardwalk Renewal and Upgrade	Renewal and upgrade of boardwalk The project will renew and upgrade the boardwalk on the southern bank of Tallebudgera Creek which forms a connection between the Oceanway and the shared path that runs through the Tallebudgera Creek Park. Previous remediation works, involving replacement of the substructure, were undertaken 12 years ago to extend the life of the timber structure. In early 2021, temporary protection works were undertaken to protect part of the structure from scouring of the creek bank. Recent condition assessments have shown the structure is approaching the end of its useful life. The project will upgrade the boardwalk to a more suitable standard to improve its capacity and align with future works in the area, including the GC Light Rail off-corridor active transport projects. The replacement boardwalk will be widened from 2 to 4 metres and will include a viewing platform along part of the boardwalk to allow users to step to the side of the pathway to experience views of the creek, Burleigh Headland and the ocean. Permanent scour protection works will be installed at the location of the recent temporary works.	Under Construction	\$2,473,650	Feb-24	Jun-24
3	Road	QLD	City of Gold Coast	42 Marine Parade, Southport Footpath Renewal	Renewal of Footpath (including equitable access for all users) Renewal of the footpath directly outside the eastern frontage of Australia Fair shopping centre to address the asset's end of life renewal and accessibility standards. The project is 240 metres long along the full eastern frontage of Australia Fair Shopping centre and includes replacement of the hardstand that fills the full width of the verge, width varies from 2.5 metres to 5 metres. The path will comply with AS1428.1 for Access and Mobility to provide equitable access for all users. The existing brick pavement is in poor condition, presenting loose and cracked bricks which over time have become difficult for City Maintenance to replace when damaged. This asset does not meet current pathway standards and is not DDA Complaint, limiting access and use for those with a disability.	Complete	\$1,200,000	Apr-23	Apr-24
3	Community	QLD	City of Gold Coast	Tallebudgera Creek Park Accessibility Upgrade	Improved Accessibility of Community Facilities and Areas Picnic Shelters or Barbeque Facilities at Community Parks Funding is required to bring forward works to improve this popular foreshore park on the Tallebudgera Creek. A project to deliver an upgrade to the amenities which includes a Changing Places Facility will be delivered by the City, additional funding is required to deliver enhancements to the open space to improve disability access both to and from the foreshore and to and from the car parking areas. This funding will also deliver an upgrade to the playground at this location which will convert conventional play items with play items that cater for persons with a range of abilities. This project will enhance the parklands and will become a destination foreshore park for persons that require assistance with their mobility. This enhancement will also be welcomed by the local Surf Club who provide a beach wheelchair service at this location, and it responds to a number of community requests for improved facilities in this location.	Complete	\$950,000	Jul-23	Feb-24

3	Road	QLD	City of Gold Coast	Alexander Drive, Highland Park Footpath	Replacement of Footpath (including equitable access for all users) This project is to replace an existing non-compliant existing footpath. The current footpath is 1.5 metres wide and has a steep crossfall that makes use by people with mobility challenges or in wheelchairs challenging and potentially unsafe. The driver of this project is to correct the footpath crossfall to improve outcomes for equitable access along the southern side of Alexander Drive between Quigan Terrace and Cozens Way. The correction of the footpath crossfall requires modifications to the verge, parking lane and private driveways. The footpath carries significant pedestrian traffic towards William Duncan School and nearby Medical Facilities. The path will comply with AS1428.1 for Access and Mobility to provide equitable access for all users.	Complete	\$1,600,000	Dec-22	Dec-23
3	Community	QLD	City of Gold Coast	Runaway Bay Precinct East Soccer New Lighting Project	Sporting and recreation facilities (Sports Lighting) Funding is required to bring forward this new lighting project due to an increase in community demand & growing membership rates due to population growth. This lighting project will provide additional junior playing space for night time use. Council has funded preliminary design studies and gained Land Use approval for the new lighting infrastructure however there is no budget identified to deliver these works. If funding is provided, construction will be able to commence immediately after the Winter season.	Complete	\$500,000	Mar-23	Jul-23
3	Community	QLD	City of Gold Coast	Pedestrian Access from Pimpama Sports Hub Overflow Carpark	Improved Accessibility of Community Facilities and Areas Funding is required to bring forward the establishment of an accessibility pedestrian footpath from a completed overflow car park (approximately 300 car spaces, with 140 sealed) at the soon to be completed Pimpama Sports Hub. Currently the car park is not able to be safely accessed directly from within the parklands with access having to be managed under traffic control down Bull Road (local road). Minor Change to Conditions has currently been submitted and a concept plan has been developed by Landscape Architects Place Design. This project will support safe access to car parking for major events and activities in the new Regional Hub that is anticipated to have close to a million visitors a year once fully operational. Includes an allowance to formalise sealed car parking arrangements.	Complete	\$930,000	Jan-23	Jun-23
3	Community	QLD	City of Gold Coast	Burleigh Waters Community Centre Improvements	Improvements to Community Facilities The Burleigh Water Community Centre is City-operated to provide a range of hireable spaces for local community benefit. The facilities and finishes are reaching end of life resulting in high maintenance and cleaning costs as well as reduced visitor experience. The scope of work is to refurbish the kitchen and amenities, replace the flooring and repainting to extend the asset life and improve the customer experience. This project was identified to replace the Varsity Lakes Improvement project after the previously proposed project was found to have enhanced delivery risks due to the changed planning conditions (since the building was built) and the integrity of the building footings which could jeopardise completion within the program guidelines.	Complete	\$540,000	Jan-23	May-23
3	Community	QLD	City of Gold Coast	Parkwood & Arundel Community Centre Improvements	Painting/Improvements to community facilities The Parkwood and Arundel Community Centre was established in 2001 and is operated by a community organisation to provide a diverse range of activities and programs to the local community. The internal facilities are reaching end of life resulting in high maintenance and cleaning costs as well as reduced visitor experience. The scope of work is to refurbish the kitchen and amenities, replace the flooring and other minor upgrade works to modernise the centre, extend the asset life and improve the customer experience. 3	Community	QLD	Goondiwindi Regional Council	Texas Reservoir Mixer Installation Texas town reservoir, Stanthorpe-Texas Road, Texas	Installation of a WEARS reservoir mixing system and chlorine dosing system to the Texas town reservoir. During low demand periods, the treated water reservoir experiences very low turnover which leads to the degradation of treated water quality and causes difficulty in maintaining the residual chlorine concentration required to ensure effective disinfection and safe drinking water. Disinfection is currently achieved by dosing chlorine immediately downstream of the WTP filtration stage and prior to treated water entering the town reservoir. Because of the need to ensure adequate chlorine residual in water leaving the reservoir during low demand periods, chlorine is dosed at a higher rate than would otherwise be required. This leads to potential consumer complaints during high demand periods, when the chlorine rapid reservoir turnover means that water with higher than usual chlorine concentration can enter the reticulation system, as well as the increased potential for the formation of disinfection by products during low turnover periods, and increased cost due to excessive chlorine consumption.	Complete	\$175,000	Jan-22	Aug-23
3	Community	QLD	Goondiwindi Regional Council	Inglewood Reservoir Mixer Installation Inglewood town reservoirs	Installation of a WEARS reservoir mixing system and chlorine dosing system to the Inglewood town water reservoirs. The combined storage capacity of Inglewood's two reservoirs is 2.45 ML and serves a population of approximately 850, with an average daily water demand of approximately 420 kL/day. During low demand periods, the treated water reservoirs can experience very low turnover, leading to a degradation of the stored treated water quality and causing difficulty in maintaining the residual chlorine concentration required to ensure effective disinfection and safe drinking water. Disinfection is currently achieved by dosing chlorine at the WTP, immediately downstream of the point where filtered surface water and bore water are blended. Because of the need to maintain chlorine residual in the potable water rising main and ensure adequate chlorine residual in water leaving the reservoir during low demand periods, chlorine is dosed at a higher rate than would otherwise be required. This leads to potential consumer complaints during high demand periods, when the chlorine rapid reservoir turnover means that water with higher than usual chlorine concentration can enter the reticulation system, as well as the increased potential for the formation of disinfection by-products during low turnover periods, and increased cost due to excessive chlorine consumption. 3	Community	QLD	Goondiwindi Regional Council	Goondiwindi Airport Electrical Cabling Upgrade Goondiwindi Aerodrome, Cunningham Hwy Goondiwindi	This project involves upgrading the 60 year old underground runway lighting cable at the Goondiwindi Airport. The electrical cabling is a critical component of the airport infrastructure, which is regularly used by small fixed wing and other aircraft, including the Royal Flying Doctor Service. This project will improve the electrical safety and reliability of the facility.	Complete	\$275,000	Jan-22	Jun-23
3	Community	QLD	Goondiwindi Regional Council	Inglewood Rising Water Main Replacement Corner of Chilcott and Callandoon Streets, Inglewood	The project is to replace a non-serviceable existing potable water rising main which is one of a pair connecting the Inglewood WTP with the storage reservoirs, and the storage reservoirs with the reticulation system. The replacement potable water rising main will be 680 m in length, constructed from 250 mm HDPE and will be bored under Macintyre Brook. The project will significantly reduce the major risk of water supply interruption due to failure of the single remaining main; as well as allowing GRC to pump to the reservoirs and release to reticulation simultaneously, addressing GRC's current limited ability to maintain supply under high demand conditions or to meet firefighting demand if required. 3	Community	QLD	Goondiwindi Regional Council	Hunter St Footpath 1-10 Hunter St, Goondiwindi	<p>This project involves an installation of a reinforced concrete footpath between Frideswide Street and Delacy Street on Hunter St in Goondiwindi to connect a missing link in the local path network.</p> <p>Incidents involving pedestrians with motor vehicles are a concern in all communities. Footpaths are a solution to reducing crash risk by providing space to separate vehicles, pedestrians and cyclists.</p> <p>The major benefit of this project is the increased safety for pedestrians, as well as providing greater accessibility for residents to utilise the nearby Goondiwindi CBD shopping and services district. The addition of the footpath will also encourage residents to consider walking and which has significant personal health benefits, as well as positively contributing towards environmental considerations through encouraging less use of motor vehicles.</p>	Complete	\$50,000	Jan-22	Feb-23
3	Community	QLD	Goondiwindi Regional Council	Wild Dog Check Fence Replacement As per coordinates	<p>This project is to replace sections of the wild dog check fence in key strategic locations within the Goondiwindi Region. Our local economy benefits from a diverse agricultural sector, and invasive animal pests have a wide variety of impacts on the economy, the environment and society. The Goondiwindi area has witnessed increasing agricultural losses because of vertebrate pests such as wild dogs.</p> <p>The Wild Dog Check Fence is strategic infrastructure which is pivotal in protecting our Landholders from the potential impacts of Wild Dogs. It gives them the confidence to still run small stock in our region, adding to the diversified nature of our agricultural sector. The ongoing maintenance costs associated with the check fence's deteriorating condition is increasing, along with the risk of wild dogs breaching the fence line. This will result in significant impact to local livestock producers.</p>	Complete	\$381,106	Jan-22	Jan-23

3	Community	SA	City of Port Adelaide Enfield	Barker Inlet Tidal Gates Upgrade	Drainage/Other/Improved accessibility to community facilities: The Barker Inlet Wetland receives stormwater from the approximately 50% of the City of Port Adelaide Enfield Council area as well as water from City of Charles Sturt, City of Prospect and City of Salisbury Councils. The wetlands are a crucial piece of infrastructure which provides habitat for flora and fauna, walking paths, bike paths and also provides stormwater flood storage. The tidal gates form an integral part of the sea wall between the Barker Inlet Wetlands and North Arm Creek and allow stormwater out and limit the ingress of seawater. Currently the tidal gates are in extremely poor working condition and require significant upgrade works. Due to the inability to operate the tidal gates the wetlands are currently holding an additional 300mm of water. This has meant that the Northern Connector shared use path and the internal walking paths are often under water and unable to be used. With sea levels rising there is also significant concerns that rising water levels will also increase flooding in the commercial/industrial areas of Wingfield and Dry Creek. This project requires the replacement of the dilapidated tidal gates including automation and upgrade of the access ways to ensure the gates can be maintained and operated within work health and safety guidelines. This will ensure better stormwater management and protection of councils infrastructure including bike, pedestrian paths and significant vegetation.	Under Construction	\$2,100,000	Oct-22	Jun-25

3	Community	SA	District Council of Robe	Robe Street, Robe	Street Lighting/ Off car Parks: Installation of 2 solar powered LED lights in the main off street carpark on the corner of Robe and Victoria streets. After sunset this carpark is dark and difficult to negotiate due to the distance from mains street lighting, Equipment Lighting Robe. Street carpark. These works align with our Disability Access and Inclusion Plan 2020	Under Construction	\$18,000	Apr-24	Jun-24
3	Combination	SA	District Council of Robe	Victoria Street, Robe	Traffic Improvement/ Improved Accessibility of Community Facilities and Areas/Council will establish parking through and off the main street in Robe through the realignment and line marking of existing parking In the main street we will replace carparks with 2 seasonal loading zones (there aren't any currently) Currently main street parking is at capacity and delivery vehicle double park and block the street. This work will create additional parks. These works align with our Disability Access and Inclusion Plan 2020	Under Construction	\$41,534	Apr-24	Jun-24
3	Community	SA	District Council of Robe	Town Beach - Lake Butler Marina, Robe	Bicycle and Walking Paths/ Improved Accessibility of Community Facilities and Areas/ Resealing: The Foreshore walks in Robe are very popular. At the town beach the existing old and dilapidated path does not reach the main street and public toilets, meaning people who need wheels, or a smooth walking surface can access these areas. A new section of path will be built where it is required (65m) and the old path will be resealed from the new section all the way from the foreshore to Marina entrance (412m) & Marina entrance to Arthur Fennell Way boardwalk (300m) and a (32m) new path from Arthur Fennell Way to boat ramp carpark. These works align with our Disability Access and Inclusion Plan 2020	Complete	\$73,000	Jun-22	Sep-22
3	Community	SA	District Council of Robe	Seafarers Crescent, Robe	Sealing/Bicycle and Walking Paths/ Improved Accessibility of Community Facilities and Areas/ Street lighting equipment: Sealing of the Drain L to Seafarers Crescent walking trail 1,114m long and installation new solar lighting for safety. This popular walking trail has historically been limestone road base and dirt and is responsible for an increasing number of injuries and issues, along with silt and soil erosions in the waterway. Providing a sealed connection from the large, long beach residential area, beaches and parks is a key action in the Disability Access and Inclusion Plan 2020. Currently people who are not fit and able bodied need to walk in the bicycle lanes of the Department of Transport's main road to access town. The lack of seal on the path means children, families pushing prams, children on small bikes and people who use disability aids can't enjoy a safe and scenic walk.	Complete	\$230,000	Jun-22	Sep-22
3	Combination	SA	District Council of Robe	Esplanade, Robe	Reconstruction/Off Road carparks/Traffic Improvement/ Improved Accessibility of Community Facilities and Areas: Existing carparks along the Esplanade are short, which means users are standing on the road when unloading and loading vehicles from the rear. This was identified as a risk in the 2020 traffic study. 50 Carparks are being deepened by encroaching 3m into the grass on the Long Beach park. A section of parallel parking is also being realigned to 10 90 degree parks to match the rest. Significant usability, safety improvements will be the result. Carparks can now also accommodate the length of a motorhome.	Complete	\$20,000	Jan-22	Mar-22
3	Combination	SA	District Council of Streaky Bay	Streaky Bay – Bay Road Streetscape Development	Landscaping Improvements. The Bay Road (reserve development) will aim to develop an undeveloped nature reserve that runs adjacent to Dodgson Drive and Bay Road (between Wallshutzky and Centenary Road) in Streaky Bay. The reserve is a 30m wide x 600m wide nature reserve with existing tree canopy and stormwater catchments. The proposed development is to activate the space with landscaping, seating, pathways, vegetation and stormwater management. The overall beautification of the site will provide safe passage for pedestrians, play space for local children, a connection between the southern entrance to the CBD of Streaky Bay. The reserve shall consider stormwater mitigation measures such as swales, rain gardens and physical infrastructure that will alleviate flooding that is sometimes prevalent in the area.	Complete	\$618,416	Apr-23	Mar-24
3	Community	SA	District Council of Streaky Bay	Streaky Bay Township Entrance Statements	Landscaping Improvements. The township of Streaky Bay currently does not have in place any kind of welcoming or identity branding into the township. The project would involve design of a number of concepts, followed by community consultation to ensure the design meets the need of the community. The entrance statements to be located at each entrance to the township will include reference to local traditional custodians, whilst also providing the entire community with an entrance that provides them with a place of identify and welcoming. Entry statements can grow tourism, attract investment and even become a destination on their own right. Then entry signs will showcase the region, convey the vibrancy of the local culture and maintain a strong harmony with the surrounding environment. In total there will be two (2) entrance statements constructed. The entrance statements will be permanent fixed structures.	Complete	\$150,000	Apr-23	Feb-24

3	Community	SA	District Council of Streaky Bay	Wirrulla Oval Playground Development	Playgrounds and Skate parks (including all ability playgrounds). The existing playground has become outdated and in need of replacement. The playground will be replaced with a new built to standard, modern, fit for purpose facility and equipment. The Playground is located at the Wirrulla Oval Sporting Precinct and is regularly utilised by the community and visitors. The Wirrulla Oval is the major recreational precinct for the district and the main play space location. The grounds supports netball, football, tennis, social gatherings and community events. The nearest play facility of this nature is located in Streaky Bay a 65km drive. The development will provide a space for members of this remote community to gather whilst also continuing to support its recreational and sporting activities.	Complete	\$35,000	Mar-23	Dec-23
3	Community	SA	District Council of Streaky Bay	Streaky Bay Youth Precinct Development	Playgrounds and Skate parks (including all ability playgrounds). The current skate park facility is dated, limited to a certain demographic of users and reaching its end of useful life and is need of repairs. There are limited facilities at the site including no toilets. The scope of the works is to complete landscape the site, refurbished and expanded skate park, shelters, seating, BBQ, greened areas, nature play space, pump track and toilets installed. Concept planning has been completed. The revised concept will provide a safe and inclusive community youth precinct where the youth of the district and our visitors can play, engage and connect with each other. 3	Community	SA	Yorke Peninsula Council	Arthurton Main Street beautification. Category: Bicycle and Walking Paths	Arthurton's main street features an impressive sporting complex that hosts a variety of sporting and recreational activities, as well as the fast-growing Arthurton Pop-up Markets, which are this year nominated for our region's Event of the Year. This section of the main street has a sealed footpath, but it does not continue down to where the actual businesses are. The poor condition of the unsealed footpath in this section means visitors often track mud and dirt in to the markets, making a mess of the courts and indoor clubrooms. This project proposes to create a sealed footpath from the current footpath site along to the main street businesses. Arthurton Progress Association, a volunteer group working to improve the town, also plans to beautify the section with some lawn and planter boxes, although that will be funded from the community and not the LRCIP.	Under Construction	\$129,789	Jul-22	Jun-24

3	Community	SA	Yorke Peninsula Council	Ardrossan – Playground. Category: Playgrounds and Skate parks (including all ability playgrounds)	Cliff top playground equipment upgrade and associated works to ensure continued community use. Works to upgrade the existing playground include purchasing and installing new play equipment including platforms, tube nets, cubby houses, a wobble walker, a pod crossing, hand grips, a curved slide, a wave slide and numerous swings. This will replace old equipment, much of which has been removed due to posing a hazard in its ageing condition.	Under Construction	\$70,000	Jul-22	Jun-24
3	Road	SA	Yorke Peninsula Council	Port Julia - Campground road upgrade. Category: Reconstruction	Rebuilding of gravel circuit loop road, drainage improvements and associated works, to improve vehicle passage and manage stormwater runoff.	Under Construction	\$19,945	Jul-22	Jun-24
3	Community	SA	Yorke Peninsula Council	Various Coastal Management Strategy Projects. Category: Painting/Improvements to community facilities	Implementation of works identified in the Coastal Management Strategy to manage community access to key coastal locations, including fencing, installation of traffic and pedestrian signage, and vehicle and pedestrian access works (such as car park formalisation, and walkway/access upgrades). The walkway access upgrades include stairs at Magazine Bay - Point Turton, and beach access (either paths, fenced access or dutch ladders) at Goldsmiths Beach, Parara, Sheoak Flat, and Pitts Cutting.	Under Construction	\$156,045	Apr-22	Jun-24
3	Community	SA	Yorke Peninsula Council	Edithburgh – Jetty. Category: Off-road Car Parks	The car park at the Edithburgh Jetty is bordered by a historic stone seawall that requires repairs to ensure vehicles can park safely.	Under Construction	\$17,727	May-22	Jun-24
3	Community	SA	Yorke Peninsula Council	Marion Bay – User pays system upgrade - Desalination Plant. Category: Painting/Improvements to community facilities	Modernisation of desalination water supply infrastructure to allow for an electronic payment system for water supply. The township does not have a water supply other than rainwater and the desalination plant. The desalination plant provides water to those that do not have access to, or are low on, rainwater. The upgraded system will remove the current usage booking system and occurrence of water theft. It is expected usage will increase due to improved ease of access, along with an increase in supply to travellers (who currently are not accessing due to the booking system).	Under Construction	\$44,499	May-22	Jun-24
3	Community	SA	Yorke Peninsula Council	Various Southern Yorke Peninsula Water Tower Upgrades. Category: Bicycle and Walking Paths	Installation of recycled plastic interpretive signage near each water tower. These signs will feature information about the individual murals including key aspects relating to each town, and the recovery effort from the '19 bushfires which spawned the mural trail project. The community benefit will be added interest for tourists (increasing the tower visitation experience, with added visitors more likely to result in spending in towns) and preserving local history (background of project/bushfires etc.) for improved community connectedness. The signs will be fixed in place and complement the towers which are our biggest non-coastal tourism drawcard.	Under Construction	\$3,631	May-22	Jun-24
3	Community	SA	Yorke Peninsula Council	Bulbacowie & Wool Bay -Southern Yorke Peninsula water tower extension project. Category: Painting/Improvements to community facilities	Painting of water tower and tank with murals and associated works that include car parking, pathways, fencing, and signage to extend the Water Tower Mural Trail and offer further tourism benefits. This project will continue Yorke Peninsula Council's Southern Yorke Peninsula Water Tower Mural Trail project. This is community/public art as part of a project that has already proven to bring tourism to the region and boost community pride (https://www.ypct.com.au/news/towering-project-officially-launched and https://www.ypct.com.au/news/tours-of-port-vincent-water-tower-mural-1). The artwork will be viewable to all and help attract visitation to Bulbacowie/Minlacowie as well as Wool Bay. The exact artwork will be dependent upon community consultation and artist EOI concepts, but will continue the theme established by the existing tower and tank murals of showcasing the region and, when possible, the township itself. Please see https://yorke.sa.gov.au/discover/things-to-do/southern-yorke-peninsula-mural-trail-yorke-peninsula-art-trail/ which details the process undertaken to ensure the community directed the artwork concept and how it represents their town/local area. 3	Community	SA	Yorke Peninsula Council	Port Vincent – Institute. Category: Improved Accessibility of Community Facilities and Areas	Institute improvements with main works consisting of upgrades to disability access to improve access for individuals with a disability and ensure continued community use. The Port Vincent Institute has an external entrance to the main hall facing south which is used on a frequent basis as it is conveniently on even floor/ground level. However due to the frequent severe weather and wind that is experienced at Port Vincent, Council in conjunction with the Port Vincent Progress Association is seeking to build a Breezeway to facilitate an entry protected from the weather and an additional emergency exit access. The breezeway will also provide disabled access to the building. It is anticipated the breezeway will be approx. 2.4 x 1.9 metre fully covered enclosed and stand approx. 3.6 metre in height with an access ramp (leading to the entrance from the footpath) which will require concreting and footings etc.	Under Construction	\$36,200	Jul-22	Jun-24

The project will box out, stabilise and reseat this section.	Complete	\$35,000	Apr-22	Jun-22
3	Road	TAS	Glamorgan Spring Bay Council	Triabunna	Relocate School Crossing. This project addresses safety issues associated with the location of an existing school crossing. Residents and the school have lobbied council to relocate the crossing to a location further down the street to clear driveways and the intersection it is currently very close to.	Complete	\$31,000	May-22	Jun-22
3	Community	TAS	Glenorchy City Council	Eady St & Cadbury's Park sports ground lighting	The installation of lighting would increase ground usage and satisfy part of the increasing demand for outdoor playing fields, improve night game safety and satisfy the need for additional ground availability.	Complete	\$255,072	Mar-23	Oct-23
3	Community	TAS	Glenorchy City Council	Construction of Montrose Skate Park	This Project has 2 phases, one for design and the second for the construction phase. These additional funds are for the construction phase for a project. The majority of the project is already grant funded, but a shortfall has been created by Covid-19 cost escalations and a poor sub-base. The construction work being carried out in connection with the development of the new skate park located within Montrose Foreshore Community will include: -Initial set out of the area including the confirmation of services. - Excavation and shaping of an area, which will cover approximately 700sqm – this is completely within Council owned land. - Installation of drainage lines which will be connected to various locations / features within the final skate park e.g. the 'bowl' - Importation of structural sub-base material to form a stable base – the present ground has through geotechnical assessment been assessed as unstable. - Following the importation of stabilizing material, a base layer of concrete will be laid, this will form the initial foundation on which the skate park will be constructed. - Form work forming the features as showing in the design along with final connection to drainage system. - Concrete pours and installation of exposed steel elements - Apply the finishing concrete across the site (this is fine grained coating which is designed to withstand the impact of skaters)- The whole of the skate park is then treated with an anti-graffiti coating. - Re-instatement of the surrounding ground / landscaping works. -Addition funds are required to stabilize the area prior to construction – the unstable nature of the site was identified during the geotechnical investigation as part of the design process.	Complete	\$120,000	Feb-22	Aug-23
3	Community	TAS	Glenorchy City Council	Glenorchy Mountain Bike Park Trail Renewal	The upgrade and renewal of the existing trails within the mountain bike park will improve safety within the park and satisfy the part of the increasing demand for open trails within the community. 3	Combination	TAS	Hobart City Council	New Town Retail Precinct Upgrade - Cross Street and Salvation Army Zones. - Reconstruction; Bicycle and Walking Paths; Other (Bus Shelter), Landscaping Improvements.	Streetscape upgrade of New Town retail precinct to create a more vibrant, inviting and accessible local shopping area along New Town Road. The project scope has been developed through an extensive community participatory planning (co-design) process to promote a sense of local ownership amongst community and business stakeholders in the evolving, mixed use main-street environment. Improvements to pedestrian access, safety and amenity are prioritised. Anticipated health and wellbeing benefits and the improved local business environment delivered by the project, will enhance local community resilience in a post COVID-19 context. The Project will: Deliver improved active travel outcomes, especially walking, further enhancing connectivity throughout New Town, with a focus on pedestrian safety, access and amenity. -Enhance liveability of the precinct with greening including a new 'pocket urban park', and new trees and ground level plantings, which will support the growing population. -Upgrade mobility and public transport support infrastructure, including bicycle lanes, improved bus shelters and lighting. - Improved digital connectivity future proofing. -Feature engaging and enduring public artwork that reflects the identity of the area. - This zone will reinvigorate New Town's heart at the junction of Cross and Valentine streets with a flexible, traffic calmed space that will improve pedestrian safety and can also be used for temporary events, markets and other community activities. This area will feature: - a raised pedestrian threshold, new footpaths and reconfigured intersection to calm traffic and improve pedestrian access. - Removable bollards will allow for occasional community events. -Raised pedestrian thresholds on side streets to assist pedestrian access and safety. - A high quality public bus shelter and landscaping adjacent to the new 'community hub' on New Town road, delivering improved DAA access, lighting, weather protection and safety outcomes for bus passengers. - Addition of greening and amenity with new trees, plants, art and street furniture. - Complementing the above works and funded separately will be a new pedestrian crossing facility on New Town Road with kerb buildings and median island, North of Cross Street. See below**) - A landscaped 'pocket park' with public art, planting and seating for community use on New Town Road in front of the Salvation Army complex. -Renewed footpaths in the area.- Complementing the above will be a separately funded pedestrian crossing facility on New Town Road near the Salvation Army complex. 3	Community	TAS	King Island Council	Currie Lighthouse – replace heritage items	Painting/Improvements to Community facilities Council recently undertook the repainting of the heritage lighthouse at Currie Harbour. During the course of the work it was identified the ladder and supporting ring used to access the roof of the structure had corroded beyond repair. Funding is sought to replace these items in a manner that preserves the heritage value of the facility. The Currie Lighthouse is one of the major tourist attractions in King Island.	Complete	\$20,000	Sep-22	Jun-23
3	Road	TAS	King Island Council	Second Seal Programme	Sealing. The project involves placing the second seal on approximately 13.5 kilometres of road. These roads were previously gravel roads and had a first seal applied circa 2017. In accordance with good road construction practice a second seal should be applied to complete the works. This usually takes place some after the initial seal and this work is now overdue to be completed. The roads involved are Old Grassy Road, Cape Wickham Road and South Road. A significant difference with this project and other projects undertaken by Council is that it will be utilising external contractors who will bring machinery and workforce to the island. This approach is due to the scale of the works involved and the resulting efficiency that they can achieve with their equipment resources. Also, to attract contractors to the island there has to be a substantial body of works to make it attractive to them at a reasonable price. Smaller projects are able to be undertaken by the Council utilising its internal resources	Complete	\$599,062	Jan-22	Jan-22

3	Community	TAS	Launceston City Council	Albert Hall Renewal Project	Improved Accessibility of Community Facilities and Areas - The Albert Hall Renewal Project is a major renewal and upgrade of the Albert Hall, which is one of the only remaining 2 exhibitions Halls in the Southern Hemisphere. The purpose of the project is to establish a cultural destination for the communities of Northern Tasmania and increase tourism to the region. This purpose will be achieved by: 1). Enhance the users and communities experience of the Albert Hall 2). Increase flexibility of the various spaces within the Hall, including increasing accessibility and inclusivity 3). Retain the heritage significance of the Hall 4). Create a more sustainable asset for the City of Launceston. The project is broken down into three key stages, broadly captured as follows: Stage 1: Mechanical upgrades to the existing Hall. Stage 2: Accessibility, internal fit out to existing Hall. Stage 3: New foyer and café area.	Under Construction	\$1,000,000	Jun-22	Jun-24

3	Community	TAS	Launceston City Council	Asbestos Removal	Other - Removal of asbestos from community facilities, updating of asbestos registers as required. Preliminary investigations indicate that building structures within the St Leonards Sports Precinct, and several Memorial Halls within the municipality contain asbestos. Whilst compliance checks have indicated the sites are compliant, Council would like to reduce any risk to negligible by removing the asbestos. Updating asbestos registers are a legislative requirement. The final outcome will mean any future renewal or maintenance works can be completed with a higher degree of certainty and be more cost effective to execute. The resultant risk of exposure to users will be negligible as the asbestos will no longer be present. The nominated locations are: 1. Dilston Memorial Hall 2. Soldiers Memorial Hall 3. Royal Park Rugby Change Rooms	Under Construction	\$83,000	Sep-22	Jun-24

3	Community	VIC	Cardinia Shire Council	Officer District Park – dog off leash area Lansell Avenue, Officer Work category: Playgrounds and Skate parks (including all ability playgrounds)	Fully fenced dog off leash area with agility equipment, landscaping, pathways, seating and quiet dog area With the support of the Victorian Government’s New and Upgraded Dog Parks Program the quality and scope of the Officer District Park Dog Off Leash area will be significantly increased. The proposed new design will include an increase in the size of the dog off leash area by almost a third from 2,125 square metres to 3000 square metres whereby the main area would be approximately 2,300 square metres and the quiet dog area would be approximately 700 square metres. It will also include more paths, large areas of compacted granitic sand, rocks and logs for the dogs to explore, sensory elements like a dry creek bed, some shelters, extensive garden beds, canopy tree planting, digging areas for the dogs, agility equipment, additional seating, sculptural dog art, an additional drinking fountain with dog bowl and an expansion of the associated public toilet facility. The upgraded version of the Officer District Park dog off leash area will much better incorporate cooling, shading and greening into the project design. The enhancement of the off leash area will include an extensive increase in planting of both lower level grasses and shrubs as well as canopy trees. The design will also incorporate 2 additional shelters and shaded seating underneath. The additional canopy trees will encourage dog owners to move around the site with their dog as they will provide shade over the proposed path network. The expansion in size of the dog off leash area will also allow for the design to incorporate a planted embankment area where dogs can explore amongst rocks, shrubs, grasses and logs. Whilst there will be extensive planting within the site, the human height sight lines will be mostly open and they will have a clear view of the whole DOLA. There will be no visually secluded areas to ensure people feel safe moving throughout the site and to discourage potential anti-social behaviour.	Under Construction	\$320,000	Oct-23	Dec-24

3	Road	VIC	City of Greater Shepparton	Fryers Street / Thompson Street Upgrade	The key focus of this project is to improve the safety of the intersection and this comes hand in hand with increasing the capacity of the intersection and the flow of traffic. The traffic modelling report completed by Stantec (2021) demonstrates that the existing T intersection will hit capacity due to the increase in traffic in 2022. Therefore, a new roundabout on the eastern side of the railway has been recommended to bring significant traffic flow and safety benefits. Without the intersection improvements the northeast approach will perform very poorly, resulting in long queues and motorists trying to turn into smaller gaps in the oncoming traffic flow, challenging geometry for vehicles, limited queuing space, level-crossing and introduction of the SCC. All these factors, demonstrate that this project will provide a crucial safety upgrade and will reduce risks of accidents occurring in the future.	Complete	\$1,000,000	Jul-22	May-23

3	Community	VIC	East Gippsland Shire Council	Old Slipway, Lakes Entrance	The Old Slipway is a historic site situated on the Esplanade in Lakes Entrance and overlooks the stunning Cunninghame Arm waterway. It is a high-profile site but has remained largely unused for the past 15 years due to it being inaccessible and unsafe for public use. This project will redevelop the iconic Old Slipway site in Lakes Entrance by constructing a flexible public open space in the form of a 600 square meter terraced deck and staging area atop the existing slipway surface. The deck will create a community area that is enjoyable, safe, and universally accessible. It will enable the Old Slipway site to become an idyllic waterfront location for events, gatherings and recreation.	Under Construction	\$400,000	Sep-22	Jun-24
