Response to Senator Canavan Request

The following information is provided in relation to the Domestic Aviation and Reform Division and the International Aviation, Technology and Services Division in response to Senator Canavan's request in correspondence to the Department for the following programs:

- Western Sydney Airport
- Managing PFAS at Australian Airports
- Regional Airports Program
- Regional Airports Screening Infrastructure (Enhanced Regional Security Screening)
- Emerging Aviation Technologies Programs
- Remote Airstrip Upgrade

Not all requested data is captured by the Department, or captured in an easily reportable, reliable, and consistent format.

In the Program overview tables below:

- Budget figures align with the 2023-24 Portfolio Additional Estimates Statements.
- Contracted, committed but not yet contracted and unallocated figures are as at end of 14 May 2024.
- Figures in the tables below are dollars with rounding.

Underspends go back into an unallocated pool to be committed. The total unallocated pool is managed at a program level within the financial year allocations, how individual underspends get repurposed is not tracked.

Additional project level information is included at:

- Regional Airports Program project-level listings are detailed at **Attachment A**.
- Managing PFAS at Australian Airports project-level listings are provided at **Attachment B**.
- Remote Airstrip Upgrade Program project-level listings are detailed at **Attachment C**.
- Emerging Aviation Technologies Programs project-level listings are detailed at **Attachment D**.

Note: Excludes appropriation across 2021/22 – 2022/23, total Administered funding commitment to the Program equals \$95,750,000. Contracted, committed but not yet contracted and unallocated figures are as at end of 14 May 2024. Note that a reduction in the “contracted” figure in any year compared to previous reports relates to project delays which have resulted in project milestone payments being deferred to future years.

Managing PFAS at Australian Airports (PFAS) (Departmental funding)

Appropriation	2023-24	2024-25	2025-26	2026-27	2027-28	Total

Unallocated	1,079,987	-	-	-	-	1,079,987

Note: Excludes appropriation across 2021/22 – 2022/23, total Departmental funding commitment to the Program equals \$34,742,000. Contracted, committed but not yet contracted and unallocated figures are as at end of 14 May 2024. Note that a reduction in the “contracted” figure in any year compared to previous reports, and equivalent increases to the “unallocated” figure, relates to projected underspends in program departmental funding. “Unallocated” amounts in the current financial year remain available to the department to support Program delivery requirements.

Regional Airports Program (RAP)

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed). All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments. Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget. The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs). Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update. Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years. Completed projects are included where final payments are to be made (awaiting project closure report). Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed). All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments. Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget. The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs). Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update. Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years. Completed projects are included where final payments are to be made (awaiting project closure report). Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
 Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments.
 The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
 All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
 Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.
 The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
 Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
 Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
 Completed projects are included where final payments are to be made (awaiting project closure report).
 Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

There are currently 6 projects in the corridor and an unallocated item: -M1 Pacific Motorway Upgrade Program - Gateway Motorway / Pacific Motorway Merge -M1 Pacific Motorway Upgrade Program - Mudgeeraba to Varsity Lakes Upgrade; -M1 Pacific Motorway: Eight Mile Plains to Daisy Hill -M1 Pacific Motorway - Varsity Lakes to Tugun -M1 Pacific Motorway Upgrade Program - Exit 41 and Exit 49, -M1 Pacific Motorway Upgrade Program - Exit 45 - M1 Pacific Motorway Unallocated
QLD	M1 Pacific Motorway - Varsity Lakes to Tugun	Investment Roads	M1 Pacific Motorway																	Under Construction	Gold Coast City Council	The project will upgrade the 10km section of the Pacific Motorway between Varsity Lakes (Exit 84) to Tugun (Exit 95) from four to six lanes on both the north and southbound lanes. It will also include ramp upgrades with ramp controls, auxiliary lanes, bridge improvements, pavement reconstruction works, and better active transport connectivity between centres. These works will be undertaken under construction packages, A, B and C of the project.
QLD	M1 Pacific Motorway Unallocated	Investment Roads	M1 Pacific Motorway																	Future Project	Not applicable / allocated	Unallocated.
QLD	M1 Pacific Motorway Upgrade Program - Exit 41 and Exit 49	Investment Roads	M1 Pacific Motorway																	Under Construction	Gold Coast City Council	The project will include development and delivery activities for the upgrade of Exit 41 on the M1 Pacific Motorway, including the upgrade of two existing roundabouts on Cuthbert Drive and Lahrs Road into signalised 4-way intersections, active transport and signalised pedestrian crossings, implementation of smart motorways technology on on/off ramps. The Computer Road Overpass will be duplicated and include two traffic lanes, cycle lane, and shared cycle / pedestrian footpath. The project will also include development and delivery activities for the upgrade of Exit 49 on the M1 Pacific Motorway, including the upgrade of two existing roundabouts on both sides of the motorway into signalised 4-way intersections to accommodate existing and future traffic volumes, the upgrade of on and off-ramps with smart motorways technology, and the duplication of the over-bridge to include four traffic lanes, cycle lane and a shared cycle / pedestrian footpath.
QLD	M1 Pacific Motorway Upgrade Program - Exit 45	Investment Roads	M1 Pacific Motorway																	Completed	Gold Coast City Council	This project will upgrade the southbound off-ramp at Exit 45 on the M1 Pacific Motorway. The project will include: construction of a new southbound off-ramp to Lahrs Road, removal of the southbound off-ramp leg from the eastern roundabout, construction of a new signalised intersection at Lahrs Road and Zupp Drive, provision of a two-metre bicycle lane on the eastern side of Lahrs Road, duplication to four lanes between the intersection of Lahrs Road and Zupp Drive (including an auxiliary left-turn lane into Zupp Drive), and new signalised metering for the Creek Street, Eggersdorf Road and Lahrs Road approaches to the eastern roundabout.
QLD	M1 Pacific Motorway Upgrade Program - Gateway Motorway / Pacific Motorway Merge	Investment Roads	M1 Pacific Motorway																	Completed	Brisbane City Council, Logan City Council	The project involves a major upgrade of the southbound lanes of the section of the M1 Pacific Motorway where it merges with the southbound lanes of the Gateway Motorway. The project will also include provision of a new bus only ramp from School Road running under a new bridge at Underwood Road and merging with the Pacific Motorway south of Underwood Road with managed motorway infrastructure including closed circuit television and vehicle detection installed on on-ramps and off-ramps.
QLD	M1 Pacific Motorway Upgrade Program - Mudgeeraba to Varsity Lakes Upgrade	Investment Roads	M1 Pacific Motorway																	Completed	Gold Coast City Council	The Project will widen 5.7km of the motorway from two lanes to three lanes in each direction, including a central median and safety barriers for the entire project section. The Project will also upgrade entry and exit ramps to meet current design standards and to accommodate the installation of managed motorway systems. The northbound Mudgeeraba Creek and Mudgeeraba Creek overflow bridges are to be reconstructed and a new bridge to be constructed at Stapley Drive. An auxiliary lane will be provided in the northbound direction between the Robina entry ramp (Exit 82) and Link Way exit ramp (Exit 80) to increase safety and capacity to accommodate weave movements on the motorway.
QLD	M1 Pacific Motorway: Eight Mile Plains to Daisy Hill	Investment Roads	M1 Pacific Motorway																	Under Construction	Brisbane City Council, Logan City Council	This project will upgrade 8.5 kilometres on the section of the Pacific Motorway between Eight Mile Plains and Daisy Hill, which includes widening the motorway from six to eight lanes with further auxiliary lanes, ramp consolidation, managed motorways technology, extending the busway to Springfield, and better active transport connectivity between centres. This will include the construction of southbound motorway works to Carol Avenue (including the southbound Logan Road bridges) and the northbound motorway works from Carlyle Street.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed). All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments. Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget. The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs). Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update. Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years. Completed projects are included where final payments are to be made (awaiting project closure report). Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2024-25 Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect information and profiles as at the 2024-25 Budget, and implementation is subject to discussions with states, territories and local governments. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed). All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments. Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors) and the 2024-25 Budget. The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs). Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update. Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years. Completed projects are included where final payments are to be made (awaiting project closure report). Where Local Government Area (LGA) information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

NT	Barkly Highway Upgrades	Northern Australia Roads Program - State	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	Upgrade priority sections of the Barkly Highway with works involving pavement strengthening, widening, resealing and surface correction.
NT	Berrimah Road Duplication - Stuart Highway to Tiger Brennan Drive	Investment Roads	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	The Project will duplicate the Berrimah Road to a dual carriageway between the Stuart Highway and Tiger Brennan Drive.
NT	National Network Highway Flood Resilience Upgrades	Investment Roads	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	Upgrade priority sections of the Stuart, Victoria and Barkly Highways vulnerable to flooding
NT	Northern Territory National Network Highway Upgrades (Phase 2)	Investment Roads	Stuart, Victoria and Barkly Highways																	Under Construction	Coomalie Community Government Council, Katherine Town Council, Litchfield Council, Victoria Daly Regional Council, MacDonnell Regional Council, Barkly Regional Council, Roper Gulf Regional Council, Central Desert Regional Council	The project will upgrade priority sections of the Stuart, Victoria and Barkly Highways in the Northern Territory with works involving pavement strengthening, widening and resurfacing to upgrade deteriorating sections of road, and upgrades to address identified road safety and fatigue management issues that contribute to vehicle crashes. Specific packages of works will be delivered on a rolling basis based on ongoing investigations, assessments and analysis of road conditions and vehicle accident data, and community consultations.
NT	Northern Territory National Network Highway Upgrades (Phase One)	Investment Roads	Stuart, Victoria and Barkly Highways																	Under Construction	MacDonnell Regional Council, Barkly Regional Council, Central Desert Regional Council	The project will upgrade priority sections of the Stuart, Victoria and Barkly highways in the Northern Territory with works involving pavement strengthening, widening and resurfacing to upgrade deteriorating sections of road, and upgrades to address identified road safety and fatigue management issues that contribute to vehicle crashes. The upgrades will provide a better quality and more efficient road network, allowing for growth in traffic volumes, as well as improving road safety. This will support industry and business by providing better freight links, and enhance social equity by providing a more efficient, safe and reliable means for Territorians to access key essential services such as education, health and time-critical emergency services. Specific packages of works will be proposed on a rolling basis by the Northern Territory Government based on ongoing investigations, assessments and analysis of road conditions and vehicle accident data, and community consultations.
NT	Roystonea Avenue Duplication - Terry Drive to Lambrick Avenue	Investment Roads	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	Extend the existing four-lane, dual carriageway on Roystonea Avenue from Terry Drive to Lambrick Avenue
NT	Stuart Highway - Road Safety and Fatigue Management Upgrades	Investment Roads	Stuart, Victoria and Barkly Highways																	Completed	Coomalie Community Government Council, City of Palmerston, City of Darwin, Litchfield Council, Roper Gulf Regional Council	Upgrades to roads on the Alice Springs to Darwin road corridor involving road safety and fatigue management works.
NT	Stuart Highway - Schwarz Crescent Intersection Upgrade	Investment Roads	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	Upgrade the intersection at the Stuart Highway and construct a three-legged roundabout to connect the Stuart Highway to Schwarz Crescent and Anzac Hill Road
NT	Stuart Highway / Katherine Cotton Gin Intersection Upgrade	Investment Roads	Stuart, Victoria and Barkly Highways																	Under Construction	Katherine Town Council	This project includes an intersection upgrade on the Stuart Highway at the Cotton Gin north of Katherine.
NT	Stuart Highway Strengthening and Widening (Regional)	Investment Roads	Stuart, Victoria and Barkly Highways																	Under Construction	MacDonnell Regional Council, Central Desert Regional Council	Upgrades to four priority sections of the Stuart Highway in regional areas of the Northern Territory, including pavement strengthening and widening and pavement rehabilitation, at: approximately between chainages 598km and 600km; Renner Springs; Elizabeth River to Jenkins Road; and approximately between chainages 1437km and 1439km (North of Tropic of Capricorn).
NT	Stuart Highway Upgrade at Coolalinga	Investment Roads	Stuart, Victoria and Barkly Highways																	In Planning	Litchfield Council	The project will upgrade the Stuart Highway at Coolalinga, which is 29km from Darwin, to address problems related to the efficiency of traffic flow and road safety. The project will improve the management of traffic by: - Constructing two new fully signalised intersections on the Stuart Highway, including two signalised pedestrian crossings, to provide safe access and egress to the new commercial and residential developments located on either side of the Highway. - Upgrading and extending the service roads on both sides of the Stuart Highway at Coolalinga. - Constructing a new link to the Coolalinga Shopping Centre. - Closing the existing median break which currently provides access to the service roads. - Extending Henning Road to Virginia Road, and constructing a new link from Henning Road to the southern service road.
NT	Stuart Highway Upgrades	Northern Australia Roads Program - State	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	Upgrade priority sections of the Stuart Highway with works involving pavement strengthening, widening, resealing and surface correction.
NT	Stuart Hwy - Safety improvements	Investment Roads	Stuart, Victoria and Barkly Highways																	Completed	Barkly Regional Council	The package will deliver various safety improvement works along the Stuart Highway.

Black Spot Program

☑ Eligible proponents - State, Territory or Local Government Entities.

☑ Scope: Black Spot Projects approved since 2021-22. Data is as reported by jurisdictions as at 14 May 2024

☑ Program Objectives: The Black Spot Program provides up to \$2 million per project in Australian Government funding for the treatment of road locations where known vehicle crashes are occurring or at risk of occurring.

☑ Eligible projects include traffic signals, roundabouts, turning lanes, safety barriers and lighting.

☑ Nominations for Black Spot locations are invited from state and territory governments, local councils, community groups and associations, road user groups, industry and individuals.

☑ On receipt of a completed Black Spot nomination form, the relevant state and territory transport agency will examine the nominated site's eligibility for funding.

☑ Eligible projects are then assessed by a Consultative Panel. Each state and territory have their own Consultative Panel. The Panels consists of representatives drawn from community and road user groups, industry, Australian and local government, and state road and transport agencies.

☑ Only projects that have been recommended for funding by a Consultative Panel are provided to the Minister for funding approval

Bridges Renewal Program

Eligible proponents - State, Territory or Local Government Entities.

Scope: Approved projects since 2015, as at 14 May 2024.

Caveat: Construction start and end dates are the most recent as provided by the proponent

Program Objectives:

The Bridges Renewal Program funds the upgrade and replacement of bridges to enhance access for local communities and facilitate better vehicle access leading to higher productivity.

Eligible projects include bridge replacements, bridge upgrade proposals and new bridges replacing an existing water crossing.

New project selection:

- Applications undergo a four stage process within the Department including: eligibility assessment, merits assessment, input from states and territory road authorities (for council-led projects) and a quality assurance process.
- Only proposals which are eligible and demonstrate good value for money are recommended to the approving Minister for Australian Government funding.
- Ministers do not approve recommended proposals in their own electorate / jurisdiction.

Heavy Vehicle Safety and Productivity Program

Eligible proponents - State, Territory or Local Government Entities.

Scope: Approved projects since 2015, as at 14 May 2024

Caveat: Construction start and end dates are the most recent as provided by the proponent

Program Objectives:

The Heavy Vehicle Safety and Productivity Program funds infrastructure projects that improve the productivity and safety outcomes of heavy vehicle operations across Australia.

Eligible projects include rest areas, parking/decoupling bays, technology trials, road enhancements, livestock vehicle effluent collection and treatment facilities.

New project selection:

- Applications undergo a four stage process within the Department including: eligibility assessment, merits assessment, input from states and territory road authorities (for council-led projects) and a quality assurance process.
- Only proposals which are eligible and demonstrate good value for money are recommended to the approving Minister for Australian Government funding.
- Ministers do not approve recommended proposals in their own electorate / jurisdiction.

Heavy Vehicle Rest Area initiative

Eligible proponents - State, Territory or Local Government Entities.

Scope: Approved projects since initiative began, as at 14 May 2024

Caveat: Construction start and end dates are the most recent as provided by the proponent

Program Objectives:

The Australian Government has committed \$140 million over 10 years for the Heavy Vehicle Rest Area (HVRA) initiative, which is currently delivered under the Heavy Vehicle Safety and Productivity Program (HVSP).

The initiative aims to provide rest areas that improve the productivity and safety outcomes of heavy vehicle operations across Australia, and includes the delivery of new and upgraded formal rest areas, informal rest areas and signage.

New project selection:

- Applications undergo a four stage process within the Department including: eligibility assessment, merits assessment, input from the HVRA Steering Committee and states and territory road authorities (for council-led projects), and a quality assurance process.
- Only proposals which are eligible and demonstrate good value for money are recommended to the approving Minister for Australian Government funding.
- Ministers do not approve recommended proposals in their own electorate / jurisdiction.

1	Community	NSW	Bega Valley Shire Council	Renewal of the Berrambool footbridge and construction of an off road connecting path	Berrambool sporting complex is one of Council's major sporting facilities and is currently disconnected from the CBD via any means of continual active transport options. There is currently a carpark, skate park clubhouse and a small footpath network within the sporting facility. There is a footbridge over the creek that is in desperate need for renewal but not connected to a path network. The bridge was built by community volunteers many years ago and is a warranted piece of infrastructure that needs to be renewed. By extending the path network from the existing path along the service lane to the existing path at the Berrambool Sporting complex we will be closing a vital missing link in our active transport network.	Complete	\$500,000	Mar-21	Dec-21
1	Combination	NSW	Bega Valley Shire Council	New public carpark at what is known as the former Plumb Motors site in Bega	The Plumb Motors site is an unsealed informal parking area in the business district of Bega adjacent to the Bega Sporting Complex. Runoff from the site flows through the adjoining buildings and carparks. There is a need for more, improved and safer parking in Bega for the general public as well as associated with the Bega sporting complex. This project will improve amenity, drainage, safety, capacity and accessibility of parking for the community.	Complete	\$158,983	Feb-21	Aug-21
1	Community	NSW	Bega Valley Shire Council	Building repair works to the Tathra Beach Kiosk	The Tathra Beach Kiosk is tenanted facility well patronised by both locals and visitors to the Shire dating back to the 1950's. Due to it's age the kiosk building is in dire need of repair works to bring it up to a standard to be re-let and ensure the ongoing structural viability of the building. These works will rebuild the kiosk's iconic status to the community otherwise the building will remain closed to the community.	Complete	\$336,782	Aug-20	Jul-21

1	Community	NSW	Bland Shire Council	Construction of a new hangar at West Wyalong airport	Current and potential new users of the West Wyalong Airport have identified a lack of hangar space as a major stumbling block to further development of the West Wyalong airport.	Under Construction	\$453,730	Oct-20	Jun-24
1	Road	NSW	Bland Shire Council	Raising and widening of the Ungarie School Bridge (Mackrell Street Bridge)	The existing bridge/culvert known locally as Ungarie School Bridge (Mackrell Street bridge) regularly floods, cutting off access from the main township to Ungarie Central School and a number of other properties and parts of Ungarie. Council commissioned an independent Ungarie Floodplain Risk Management Study which identified the raising and widening of the Mackrell Street bridge as a key mitigation strategy to reduce the impact and potential damage caused by the regular overflow of the adjacent Humbug Creek.	Complete	\$350,000	May-21	May-23
1	Road	NSW	Bland Shire Council	Gravel resealing program in the townships of West Wyalong and Wyalong	Bland Shire Council has the second longest road network in the state. With a large area to cover and limited available funding, Council has previously been unable to identify appropriate funding programs for urgently needed resealing work throughout the major Shire population centres of West Wyalong and Wyalong. This program will address this need and provide a smoother, safer and more positive experience for local residents and visitors to West Wyalong and Wyalong.	Complete	\$860,807	Apr-21	Mar-22
1	Community	NSW	Bland Shire Council	West Wyalong Tennis Club Clubhouse modification	The existing clubhouse was originally a school building before being transported to the existing site more than 60 years ago. The clubhouse is in urgent need of major repairs or replacement. Those who are no longer able to participate in tennis but would like to attend as a spectator and experience the social aspect of the sport are severely restricted at the current location. The new location, facilities and amenities will open up the area to ensure they are practical accessible for all.	Complete	\$103,401	Oct-21	Jan-22
1	Community	NSW	Bland Shire Council	Refurbishment and rejuvenation of internal and external areas within the Bland Community Care Centre.	Since being built in the late 1990's the Community Care Centre has not had any refurbishments, updates or major maintenance works carried out. The decor and furniture is old, worn and past its used by date, the gardens are in urgent need of replacement and major improvements are required to make the outdoor part of the facility accessible and user friendly for clients. The project will create a modern, accessible facility which can be enjoyed by all ages for several years to come. The updated decor, furniture and fittings will facilitate a modern space which will help attract additional visiting services to take up available office space within the precinct.	Complete	\$81,889	Mar-21	Sep-21
1	Road	NSW	Blayney Shire Council	Newbridge Road works	The proposed works location is a narrow road (> 6.5m) with a failed bitumen surface that generates poor lane positioning for motorists on approach to a number of sharp bends, and approaches to the existing railway underpass on the Main Western Railway. 1	Community	NSW	Bogan Shire Council	Lower Bogan River Development	Although the Bogan River flows through Nyngan it has not been recognised by previous town planners as a feature for tourists and residents. In recent years Bogan Shire Council has been gradually developing this area, building a pontoon and a pathway. It has been well received and is a popular exercise and meeting area. Council would like to further develop this area to provide more alternatives for recreation and leisure and to capitalise on the Bogan River. It would also add a new tourism opportunity to the Shire.	Complete	\$130,000	Nov-20	Mar-22
1	Community	NSW	Bogan Shire Council	Frank Smith Oval - Upgrades	Frank Smith Oval is used for senior and junior cricket and touch football in summer and soccer in winter. The main pitch does not have a boundary fence which means for cricket a boundary has to be made from rope or poly pipe before the games. There is currently no all weather shelter at the oval which means players and spectators must sit in their cars or gather under trees in the typically hot summer. There are no existing cricket sight screens on the oval. There is currently no designated pathway through the scrub between the oval and the nearby Dandaloo Street. An all weather designated path will be used as a regular walking track as well as an access route.	Complete	\$101,332	Mar-21	Nov-21
1	Community	NSW	Bogan Shire Council	Upper Bogan River Development	The upper weir area is a popular location for fishing, birdwatching, walking and camping. The site is undeveloped with no amenities. It requires tidying up the existing overgrown vegetation and repairs to the gravel access road. The installation of a toilet block, picnic table, seats, garbage bins and a bird watching platform will make the destination a more attractive and hygienic place for residents and visitors. It will also provide a free of charge option for recreation close to the township.	Complete	\$97,507	Nov-20	Nov-21
1	Community	NSW	Bogan Shire Council	Hermidale Park - Upgrade	The village of Hermidale is located between Nyngan and Cobar on the Barrier Highway. It is 50km from Nyngan. The playground and park are very old and the equipment is broken and unsafe. The existing wire fencing is not in good order. This is the only play equipment available for the village children.	Complete	\$30,000	Jun-21	Nov-21
1	Community	NSW	Bogan Shire Council	Coolabah Village - Toilets	There is currently no public toilet in Coolabah. This toilet would be built near the coach stop on the highway where it is needed.	Complete	\$30,000	Feb-21	Sep-21
1	Community	NSW	Bogan Shire Council	Swimming Pool - Water Slide	Nyngan in western NSW has long hot summers, and like many rural and regional towns there is a lack of recreational options for children and youth. Bogan Shire Council would like to install a slide at the pool to enhance the experience for children and youth and to encourage them outside during the summer. Council installed the stage 1 of a water splash play at the pool in 2019 to cater for very small children to make the pool attractive to young families. This project will comprise stage 2 of that with the purchase and installation of four aquatic water play features which can be attached to existing fittings.	Complete	\$200,000	Jan-21	Jul-21

1	Community	NSW	Dubbo Regional Council	Dubbo Aquatic Leisure Centre - Upgrades	<p>The Dubbo Aquatic Leisure Centre (DALC) is a well-loved community recreation facility, however it is aging facility and is in need of an upgrade. Recent audits of the Centre's security, lighting and pump room facilities, as well as a number of security breaches that have occurred have highlighted major deficiencies in the safety and security of the site.</p> <p>As previous upgrades have been completed in an ad-hoc manner, parts of the existing lighting and security infrastructure are obsolete and do not meet current environmental standards.</p> <p>Lighting: A December 2020 audit of lighting at the DALC highlighted a safety concern for after-hours use of the Centre. At least half of the current floodlights are inoperative and there is no lighting directed at the public car park, staff car park, splash park or waterslide. No lighting exists outside the entrance to the DALC's new foyer and the current floodlights directed at the 50m pool are insufficient for evening events and carnivals.</p> <p>Replacing the existing Metal Halide Flood Lights with LED Flood Lights will reduce the existing energy use by up to 70% and reduce operational costs - every \$100 it costs to run the existing metal halide lights will be reduced to \$30 if replaced by an LED equivalent. Maintenance costs will be significantly reduced as the proposed LED fittings have a three year replacement warranty excluding labour and have a life span of approximately 35,000 hours.</p> <p>2. Security: A November 2020 audit of security at the DALC, as well as two concurrent break-ins, theft and damage to the centre, highlighted major gaps in the current security measures. The audit found that the facility has insufficient, incompatible and outdated security systems, with major sections of the facility (such as the club room and outdoor spaces) lacking even the most rudimentary alarms or monitoring.</p> <p>An integrated, comprehensive and custom-installed security system would protect property and infrastructure, alleviate the risk associated with unauthorised trespassers drowning or injuring themselves, allow improved access for Council staff and reduce the cost of ongoing maintenance and replacement of keys and locks.</p> <p>3. External Smart Digital Signage Digital signage would boost visitors to the facility, allow promotion of upcoming events and carnivals and allow customers to see whether the facility is open for business.</p>	Complete	\$150,000	May-21	Aug-21

1	Road	NSW	Gilgandra Shire Council	Undertaking erosion restoration works, including batter and bed scour protection which will improve stability of the area. This project supports stabilisation of Biddon Creek banks, contributing to natural resource management outcomes. Public safety outcomes will also be achieved through stabilisation of the eroded area, which is encroaching on the power lines located in close proximity to Biddon Creek. The project is in addition to Council's existing work schedule for 2020/21. The proposed expenditure items under the LRCI funding include labour costs and material to complete the works, which are all eligible expenditure items.	Biddon Creek at Biddon is a location where heavy rainfall and flood events cause significant damage to the creek channel. Stabilisation of the area will reduce the potential for recurrent erosion issues to occur. A number of power lines in close proximity to the creek are also at risk of falling over, creating a safety concern.	Complete	\$150,717	Jan-21	Jun-22

The proposed works are in addition to Council's existing work plan for 2020/21. This project supports improved road safety outcomes through improved access for road users on an existing unsealed road. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items.	Doorroombah Road is currently unsealed and is impacted during periods of heavy rainfall and prolonged wet weather. The existing culvert is continually being washed away, preventing access for road users. Construction of concrete causeway over the culvert will improve stability of the area, along with improving accessibility, conditions and overall safety for road users.	Complete	\$90,000	Apr-21	Jun-22
1	Community	NSW	Gilgandra Shire Council	The project will deliver Stage 2 upgrades to the Armatree War Memorial Precinct within the Armatree Village. The proposed upgrades include soft landscaping, signage board and lighting at the Big Armatree sculpture, along with pathways linking the key elements within the Precinct. The proposed works are in addition to 2020/21 work plans. Expenditure items under the LRCI funding include labour costs, materials to construct the walkway, establish landscaping, installation of lighting and interpretive signage board which are all eligible expenditure items.	Armatree is a small village located approximately 5km off the Castlereagh Highway, north of Gilgandra. Stage 1 of the upgrades to the War Memorial precinct are nearing completion, which includes development of History Boards and the Big Armatree Sculpture in close proximity to the existing War Memorial. LRCI funding will be used to deliver Stage 2 which addresses the lack of wayfinding signage and connectivity between the precinct elements, ultimately creating a circuit for visitors to engage with and learn about the village and district's history. Community safety and sense of place will also be enhanced through improved lighting and soft landscaping features.	Complete	\$72,727	Apr-21	Jun-22

Local Roads and Community Infrastructure Program - Projects approved for funding (as at 14 May 2024)

Phase	Infrastructure Type	State	Funding recipient	Project Name	Problem Description	Status	Program Funding	Start Date	End Date
1	Community	NSW	Gilgandra Shire Council	<p>The project involves the following elements:</p> <ul style="list-style-type: none"> * redevelopment of the CHC car park area * relocation of the old visitor information building and existing BBQ shelter to the recreation area out the back of the CHC and fronting the Castlereagh River * establish driveable access linking the CHC to the nearby Rural Museum * installation of irrigation system and soft landscaping. <p>The proposed works will improve connectivity and accessibility between the CHC and Rural Museum, linking these two culturally significant spaces and encouraging community interaction and enjoyment of the facilities. The upgraded car parking spaces will be located on the northern side of the CHC, where visitors will be able to clearly observe and experience some of the main upgrade features such as the outdoor deck and Aboriginal garden.</p> <p>The proposed LRCI activities are in addition to Council's 2020/21 work plan and will enhance the overall CHC upgrades. The CHC upgrade project will result in improved functionality of the building and exhibition opportunities, incorporation of our Aboriginal Heritage, and improved accessibility and appreciation of the natural surroundings and view of the Castlereagh River.</p> <p>The proposed expenditure items are all eligible under the LRCI funding including:</p> <ul style="list-style-type: none"> * labour costs * material to construct the car parking spaces, establish driveable access, landscaping and irrigation systems. 	<p>The proposed project will address the inadequate available parking at the CHC and establish linkages between the CHC and Rural Museum as key elements of Gilgandra's Cultural precinct. The existing carpark space will be enhanced considerably, creating designated caravan parking spaces on the western side of the CHC along with car parking spaces on the northern side of the carpark. The CHC and Rural Museum are currently not directly linked, meaning visitors and locals alike are not invited or encouraged to explore past their immediate stopping point. Establishing driveable access and landscaping connecting the two spaces will enhance the general aesthetics and linkages between these two culturally significant facilities. Freedom camping opportunities are currently being explored for Cooee Oval, located between the CHC and Rural Museum, which will enhance the overall opportunities for the Precinct.</p>	Complete	\$200,000	Oct-21	Jun-22
1	Road	NSW	Gilgandra Shire Council	<p>Rehabilitation and sealing a section of the existing unsealed Leeches Creek Road at the intersection of Berida-Innisfail and Leeches Creek Road. This section of road is regularly impacted by local floodwaters during periods of heavy and persistent rainfall. This project supports improved road safety outcomes through improved access for road users during times of wet weather, as the section of road becomes inundated and is unsafe for vehicles to drive through the water. The proposed works are in addition to Council's 2020/21 work plan. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items.</p>	<p>Targeted area is regularly inundated by local floodwaters, restricting access for road users and impacting on road conditions.</p>	Complete	\$250,000	Apr-21	Jun-22

The current road surface in in very poor condition and in its current condition, is not meeting traffic demand. The sub-standard condition has resulted in increased maintenance, which has a flow on effect of increased cost to Council. In addition, the poor road surface provides rough and uneven driving conditions for road users. This impacts on CBD aesthetics and results in decreased willingness to access the CBD which can be assumed impacts on business economics for CBD businesses. Failure to receive project approval will result in further road degradation which may increase vehicle wear and tear and result in increased safety issues over time. 1	Community	NSW	Parkes Shire Council	Parkes CBD smart pole banners	The traditional banner systems which Council has installed on existing lighting poles in other sections of the street, requires the procurement of a suitably qualified contractor to undertake the changing of the banners each time a new event or campaign is in market. This includes time and cost in the development of traffic management plans, safe work method statements, machinery hire and staff time in terms of procurement and supervision. Because of these time and cost factors (up to \$10,000 annually), along with disruption to commerce on the main street during changeover, Council can only change these promotional banners twice a year.	COMPLETE	\$30,000	Nov-20	Jun-21

1	Road	NSW	Parkes Shire Council	Parkes East School - pedestrian safety upgrades	Currently parents are either stopping in the middle of a busy regional road link to drop off and pick up students or causing near misses to park their cars at the edge of the school which is without a proper parking area.	COMPLETE	\$200,000	Jan-21	Apr-21
1	Community	NSW	Parkes Shire Council	Alectown Cemetery - fencing, memorial wall and seating	There is no current 'fit for purpose' space in which cremated remains can be interned. Meaning that people who choose cremation over burial are unable to be interned within their own community but rather at either the Peak Hill cemetery (to the north) or the Parkes cemetery to the south. The erection of a fence and Memorial Wall will alleviate both issues	COMPLETE	\$30,000	Sep-20	Mar-21
1	Community	NSW	Parkes Shire Council	Woodward Oval tennis courts - stormwater drainage improvements	Currently storm water is unable to leave the court area quickly in rain events, causing it to run back over the courts causing damage to the surface and subsurface. The most severely affected courts are being resurfaced, so this work is a priority to protect the new asset of resurfaced courts.	COMPLETE	\$66,613	Jan-21	Mar-21
1	Community	NSW	Parkes Shire Council	Cooke Park - Improvements	Cooke Park is Parkes' premium event Park. One of the challenges that we face during events is if there has been rain the Park can be very wet and we have had to bring in bark chip in the past to allow events to go ahead. Improving the storm water drainage across the park will help alleviate the problem. Additionally the irrigation system in the park is nearly 20 years old, the aging infrastructure is prone to leaks and breakages and is not as water efficient as it could be. Additionally Council is constructing a new Multipurpose stage facility in the Park which will create the opportunity for water to be captured off the roof and reused in the Park. It is timely that Council upgrades the irrigation system to minimise water usage in the park and allow for the preparation of events in the Park (including the Parkes Elvis Festival) but also help with the recovery of the park after events.	COMPLETE	\$80,000	Sep-20	Feb-21

1	Community	NSW	Wingecarribee Shire Council	<p>The Mittagong SES Volunteer Centre building repair and refurbishment project is to replace roofing, address structural issues, improve storm water drainage and construct a retaining wall to restore the centre.</p> <p>NSW SES members work closely with residents to build stronger, more resilient communities to reduce the impact from natural disasters. The volunteers in the Wingecarribee SES have for several years regularly conducted community resilience programs. These public programs have included local initiatives such as the award winning "Get Ready Girls" program that builds confidence in local women and their resilience skills along with the "SES Youth Forum" a program informing youth on safety measures in times of emergencies.</p> <p>The local SES have in the past have made their training room available to Council, Police and other emergency services for bookings as well as local community organisations. It is also an alternate Emergency Operations Centre available for use by the by the Local Emergency Management Committee.</p> <p>The community service provided by the Mittagong SES Volunteers cannot be understated. They have responded to an average of 473 requests for assistance per year over the past 4 years related to floods and storms. The Wingecarribee Shire residents rely on the SES volunteers for emergency response.</p> <p>Due to water intrusion and mould issues as well as structural</p>	Due to stormwater and drainage issues for the building and site, water ingress has resulted in mould contamination to several rooms within the centre. 1	Road	QLD	Gympie Regional Council	Rocks Road (Pie Creek)	A combination of high speeds, substandard horizontal and vertical curves, inadequate sight distance, narrow road seal width with unsealed shoulders contribute to the factors that cause run off road crashes along this section of Rocks Road. The existing road seal width is insufficient for two cars to pass forcing vehicles to use the unsealed portion of the carriageway. These factors are amplified when road conditions are adverse e.g. rain or heavy fog. Additionally, there are sections where heavily vegetated areas are within the clear zone and also reduce visibility.	Complete	\$455,000	Mar-21	Jun-21
1	Road	QLD	Gympie Regional Council	Eel Creek Road	A combination of high speeds, high volume, heavy vehicles, narrow road seal width with unsealed shoulders contribute to the factors that cause issues along this section of Eel Creek Road. The existing road seal width is insufficient for two heavy vehicles to pass forcing vehicles to use the unsealed portion of the carriageway. These factors are amplified when road conditions are adverse e.g.. rain or heavy fog.	Complete	\$350,000	Apr-21	May-21
1	Road	QLD	Gympie Regional Council	Amamoor Creek Road	The section of road experiences a high volume of traffic that travels between the townships of Amamoor and Dagon (471 vpd in 2019). The road is a narrow bitumen sealed road that experiences continual shoulder wear. The existing road seal width is insufficient for two cars to pass forcing vehicles to use the unsealed portion of the carriageway. These factors are amplified when road conditions are adverse erg. rain or heavy fog. Additionally, once a year the road experiences high tourist traffic attending the Gympie Country Music Muster at Amamoor State Forest (2,000-5,000 vpd).	Complete	\$153,162	Feb-21	Apr-21
1	Community	QLD	Gympie Regional Council	Excelsior Road Footpath	The section of grassed verge experiences a high volume of foot traffic that goes between bus stop and local shopping centre, to the local Community Centre. A number of users are within motorized wheel chairs and experience issues with the current grassed verge (wet slippery grass, uneven ground). The path will complete a missing link and provide accessible connection along the eastern side of Excelsior Road. The route provides access to the Gympie Community Hub via Dent Lane. A local access advisory committee has previously raised the issue with Council.	Complete	\$17,491	Nov-20	Apr-21
