3	Community	WA	City of Fremantle	Construct Fremantle Leisure Centre Pool Roof	Improvements to community facilities – re-sheeting of pool roof at Fremantle Leisure Centre. The original sheeting was damaged during storms which required the entire roof sheeting to be removed as a safety precaution to protect patrons. The existing steel frame is to be treated for any corrosion and painted ready to receive new cladding. The structure has been assessed by the original design engineers, Airey Taylor and deemed fit to receive new cladding. The facility caters for approximately 100,000 patrons annually with the enclosed structure catering for swimming lessons during the school holidays, leisure activities for younger age groups and fitness/squads throughout the year. The roof provides UV protection year- round and thermal insulation during the heat of summer and cool of winter which helps provide a temperate atmosphere for patrons. The roof also provides protection from wind and rain in the cooler months. The addition of skylights, translucent wall sheeting and clear blinds together with new, efficient LED lighting, provides illumination to code requirements at a fraction of the cost of conventional lighting. The roof also aids in reducing evaporation and water loss with vastly improved running costs. The new roofing and cladding will provide patrons with a comfortably optimum environment to undertake their activities, whether leisure, fitness or lessons, protected from the elements and UV. The City of Fremantle owns the asset (the Leisure Centre and the Leisure Centre Pool roof).	Complete	\$587,804	Jul-22	Oct-22

3	Combination	WA	City of Rockingham	Stan Twight – Car park upgrade and extension	Off-road Car Parks - Such as off-road car parks at sporting grounds or parks Project involves the upgrade and extension of an existing car park including drainage and landscaping to service the growing number of sporting group and general community users of this significant District level reserve. Parking has been identified as a major issue for all users and adjoining residents. The lack of available car parking results in cars parking on the verges of the reserve and adjoining homes. This creates safety and amenity issues as footpaths become blocked and lines of sight on the adjoining roads are reduced. The expansion and upgrade of the car parking will further support the future redevelopment of the clubroom facilities on the reserve and increase the accessibility of the site to people of all abilities with hardstand connection improvements. Consultation and preliminary design have been completed to confirm the projects suitability and feasibility to be delivered under the LRCI Phase 3 grant.	Complete	\$583,617	Mar-23	Dec-23

3	Community	WA	Shire of Bruce Rock	Bruce Rock Supermarket. Corner of Johnson and Bath Street, Bruce Rock, WA.	<p>OTHER. The only supermarket in the Bruce Rock townsite burnt down as a result of arson in March 2020. The Shire of Bruce Rock seek to construct a new supermarket building to ensure our residents have access to a secure food supply. This is especially important for vulnerable members of our community who are unable to travel 40km to the next town for grocery shopping and lack a support system who could do this for them. At present, the Shire are operating a temporary supermarket out of the Town Hall, which was not designed for this purpose and has resulted in the hall being unavailable for community events and sporting activities. After engaging a retail consultant, it was determined that the Shire of Bruce Rock would be extremely unlikely to attract a retailer to operate a grocery store if the retailer had to construct a building as well. The Shire intend to build the supermarket and fit it out, and then lease it to an independent retailer. Constructing a new supermarket will contribute to the local economy by creating jobs during the construction phase and ensuring the continued future of the local retail economy. At present, many retail businesses in Bruce Rock have been negatively impacted by people travelling out of town for grocery shopping, as the temporary supermarket is unable to stock all the stock lines they need/desire, and then completing the rest of their retail shopping in the other town for conveniences sake. Specific components of the construction of the Supermarket Phase 3 funding will be used for the superstructure (column, roof, external & internal walls, windows, external & internal doors).</p>	Complete	\$1,052,604	Jan-22	Jun-23

3	Road	WA	Shire of Capel	Hasties Road Footpath, Drainage and Kerbing Upgrade	<p>Hasties Road is the principle entry road to the Gelorup townsite. The road has inconsistent edge treatments with some sections kerbed and other areas underbed. This leaves the impression that the road is unfinished or unimportant. Steep verges contribute to considerable surface runoff during heavy rain events. This has resulted in excessive erosion and deposition of sand and gravel onto the roadway - generally near the Bussell Highway. Stormwater drainage along Hasties Road is limited, resulting in flooding of the road. The proposal includes additional pits and soakwells to address this issue. The installation of embayed parking spaces along Hasties Road will provide formal parking during community events and will provide quick turnover parking for users of the adjacent community centre. The proposed path alongside the embayed parking will provide safe universal access between the parked vehicles; the existing path network and the community facilities. The scope of works involves construction of stormwater drainage, reshaping of verge, construction of 716m of kerb, realignment of existing footpath, construction of 215m of footpath and construction of 11 embayed parking bays.</p>	Complete	\$271,622	Dec-22	May-23
3	Road	WA	Shire of Capel	Peppermint Grove Beach School Bus Turnaround	<p>The Peppermint Grove Road car park was originally built in early 1980's. Currently the school bus drivers use the car park as a turnaround area. Turning in the car park area is difficult. When some of the car parking spaces are occupied, it is near impossible. Moreover, there is an existing safety issue where children are being picked up and dropped off in a live carpark. The Shire has received many complaints from residents/parents to improve this safety issue. This project will provide safe pick up and drop off for school buses and provide better storage of runoff during storms and minimize nuisance flooding of the road and adjacent property. The scope of works involves construction of formal asphalt roundabout, allowing buses to turn around away from the carpark with a central drainage basin, construction of sealed bus pull in bay, construction of 45m of new footpath, replacement of 54m of footpath, relocating existing soakwells, installation of new bus shelter, and install line marking and signage.</p>	Complete	\$281,949	Sep-22	Jan-23
3	Community	WA	Shire of Carnamah	Carnamah Recreation Centre 3 Niven Crescent Carnamah	<p>Refurbish change rooms and install air-conditioning in function room. 3	Community	WA	Shire of Carnamah	Carnamah Swimming Pool 3 Niven Crescent Carnamah	Construction of shed for storage of chlorine and other chemicals, repairs to pool bowl, provision of BBQ facilities and other improvements. Currently the Shire purchases liquid chlorine in 200L drums which are kept in the existing plant room. The only access to room is across a grassed area which makes it very difficult to handle the drums safely. The Shire proposes to build a shed behind the existing plant room which will allow 1000L shuttles of chlorine to be placed using a fork lift without the need for manual handling. The pool bowl itself appear to be lower on one side that the other resulting in lack of water circulation in that corner. It proposed to lower the drainage channel on that side to rectify this circulation issue. Its proposed to construct a BBQ area in on corner of the pool grounds to provide a facility for the community to socialise. These items will reduce the risk of injuries to staff and provide a safer workplace as well a meeting point for the community	Complete	\$100,000	Oct-22	Jun-23

3	Community	WA	Shire of Jerramungup	Fishery Beach Boat Ramp and Jetty Construction	Construction of a 2 new boat ramps and jetty. The ramps and jetty are now more than 25 years old. The jetty is narrow, corrosion of steelwork and damage to fenders and ladders is evident, timber kerbing is subject to marine growth, and numerous concrete ramp units have been displaced with degradation to the running surface. The structures have exceeded their intended design life the jetty does not meet current standards and the ramps are in very poor condition. The predominant benefit of this project is ensuring that Bremer Bay continues to have recreational boat access to its waters. A widened Jetty will provide safer access for the Volunteer Marine Rescue Service to access and egress their boat having noted that it is very difficult to carry a stretcher along the existing jetty. A widened jetty will also provide universal access of which the existing facility currently restricts. Bremer Bay’s attractiveness as both a destination and as a place to live is largely attributed to the marine environment and a reliable recreational boat launching facility is a fundamental part of this. 3	Community	WA	Shire of Moora	Moora Weir	Moora Water Security, Climate Resilience and Drought Proofing Programme. The project addresses the town's dependency on reducing aquifer supplied water and significant limitations on the availability of secondary water supplies. This involves the construction of a 1-1.5 gegalitre weir to collect seasonal flood water from the Moore River via two sluice gate-controlled channels which direct into the weir, some of the high floor water that passes the town each wet season. The project also involves the redesign of existing storm water mains to capture and direct storm water to the weir via three pumping stations and collector reservoirs. This project will provide the town with greater water certainty – last year, the town's secondary water supply contained 2 days water supply when May rains arrived. The reservoir will reduce demand on the town's aquifer fed water supply.	Complete	\$400,000	Feb-22	Mar-23
3	Community	WA	Shire of Moora	Moora Shire Administrative Complex, Padbury Street, Moora	Early Childhood Development Centre. The project addresses the paucity of specialist early childhood development services in region. Currently, families either travel considerable distances to Perth or relocate from the region to Perth to access specialist services. This project will link major teaching hospitals, specialists and facilities with a regional centre of clinical expertise. The Centre will incorporate a specialist Indigenous child health unit to serve the significant indigenous population of the region. Construction involves the construction of a brand new 55 place childcare centre and a separate early childhood development centre that provides specialist medical and clinical services. The early childhood development centre will be the only facility of its type outside Perth. It will provide specialist services medical and clinical services to address childhood issues such as physical, developmental, behavioural, mental health, hearing, visual, gastrointestinal, orthopaedic and skin disorders. The facility will be linked to the Perth Children's Hospital, Telethon Children's Institute, Joondalup Health Campus, Moora Regional Hospital and private practitioners. The current 28 place day care centre building is very old, has substantial cracking due to deep flooding and requires regular treatment to manage mould infestations following major flooding. 3	Community	WA	Shire of Quairading	Shire Hall / Admin / Works Depot Carpark	The project consists of the realigning, resurfacing and landscaping of a dated carpark area which will provide improved access to multiple Shire facilities including the Quairading Town Hall, the Shire Administrative Centre and the Shire's Works Depot. It will provide compliant access and parking facilities for individuals with disabilities.	Complete	\$362,193	Jul-22	Dec-22
3	Community	WA	Shire of Quairading	Community Park Nature Playground	The Shire will be constructing a new multi-generational friendly nature playground in the centre of the town. This will consist of playground infrastructure, an illuminated cultural engagement centre, picnic and BBQ facilities as well as 24/7 universal access ablutions.	Complete	\$213,724	Feb-22	Sep-22
3	Road	WA	Shire of Quairading	McLennan Street – Footpath (Wood to Heal St)	McLennan Street footpath – Wood to Heal Street (increase width of footpath, renew surface concrete, depth 100mm, including 2 drainage structure upgrades). Shire had previously scheduled the upgrading of paving along McLennan Street over a number of financial years, separated into 4 phases. With the grant funding opportunity provided by LRCIP, Phase 3 and 4 were brought forward but spread over two rounds of the LRCIP program (Round 2 & Round 3). Phase 3 (Harris Street to Stacey Street: 550m) will be funded by LRCI 2 and Phase 4 (Heal Street to Wood Street 250m) will be funded by LRCI 3	Complete	\$73,920	Apr-22	Jun-22
3	Road	WA	Shire of Quairading	Mt Stirling Road – from 22.07 km to 28.77 km	Gravel Resheeting to 8m width and 100mm thick (compacted)	Complete	\$136,857	Apr-22	Jun-22
3	Community	WA	Shire of Ravensthorpe	53-55 Morgans Street, Ravensthorpe: Landscaping Improvements	Landscaping improvements and improved accessibility of community facilities and areas: Improving park safety through fencing of the playground in its entirety and also the community native garden area from the main thoroughfare through town. The upgrade of the playground will include new equipment to current standards with inclusive and accessible access and equipment and appropriate shelter. Creating pathways and that are more accessible. Complete renovation of gardens to native and endemic vegetation to fit in with the Fitzgerald Biosphere and Shire strategic planning and agreed outcomes. Addition of an amphitheatre to allow outdoor community events	Complete	\$594,635	Mar-22	Mar-24
3	Community	WA	Shire of Ravensthorpe	30-32 Dunn Street: off-road carpark	Creation of a new asphalted carpark to service the new community precinct building currently under construction and to accommodate RVs, cars and new accessible car parking. The car park area will accommodate up to 9 cars and include an EV charger station and 2 disabled bays, with parking for 6-7 RVs.	Complete	\$310,000	Feb-22	Mar-24
3	Community	WA	Shire of Ravensthorpe	28 Dunn Street: improved accessibility of community facilities and areas	New accessible ramp and entries to the community arts building. This building will become the central arts area for the town with the RaveAbout Arts, Ravensthorpe Regional Arts Council and Dunn Arts groups combining to use the facility as a gallery space and works shop area for events, showings and workshops. The buildings current design and layout is not amenable to contemporary access to premises and with the new carpark, and accessible parking as well as new pathways to the area through the landscaping upgrades, the opportunity to address access through entryways will be facilitated.	Complete	\$121,605	Jun-23	Mar-24
3	Community	WA	Shire of Sandstone	Sandstone Caravan Park extensions	This project is for the purchase of two 2-bedroom x 1 bathroom fully self-contained accommodation units for placement in the Shire caravan park. It differs from Project I which is withdrawn, in that these units will not require construction. These are good quality prebuilt units and can meet the conditions of the grant and ensure project completion by 30/06/2024. Accommodation is difficult to acquire in Sandstone especially for some of our residents who live remotely on cattle stations. Their homes are quite distant from the townsite and when visiting the town for medical, dental or other services they use this accommodation rather than drive home at night. The shire also has various medical dental and trades services that visit the town. If we can't provide accommodation for these people they will not come to Sandstone. This directly affects our residents as they are then deprived of essential services, very concerning for our elderly residents.	Under Construction	\$295,000	May-24	Jun-24
3	Community	WA	Shire of Sandstone	Street Beautification	This project involves the pruning of approximately 40 trees, removal of approximately 20 dead trees and purchasing and planting of 50 new trees Brachychiton Bella Pink (native Kurrajong). It also includes the planting of approximately 60 small flowering shrubs.	Under Construction	\$88,000	May-24	Jun-24
3	Community	WA	Shire of Sandstone	Town Bore Pump	This project involves the purchase and installation of a new solar/electric bore pump 110volt 1,000w, solar panels, piping of approximately 2 kms plus the cost of travel, accommodation and labour for a plumber to install the system. The watering system will connect the bore to the town watering system - the Caravan Park, the Shire oval and to the parks within the town. The improved water supply will enable the oval to be used for community members to use, for sports, exercising, dog walking and for children to play on. Our parks are popular with the community, but poor water supply has seen the gardens deteriorating and not attracting the community as before. People will be able to enjoy the shade, the BBQ facilities and the general ambience much more than at present.	Under Construction	\$15,000	May-24	Jun-24
3	Community	WA	Shire of Sandstone	Community Centre	The Shire plans to increase the usage of its Community Centre for local residents by providing more BBQ nights, drinks and light entertainment year round. The local hotel recently closed down and we lost our popular gathering place. The Community centre is now our only place for people to get together, socialise and share meals. As our nearest supermarket is 150 kilometres away it is necessary to bulk buy foods, especially meats. To cater for the increased use of the centre this project is to purchase and install new commercial grade fridge/freezers to store a sufficient quantity of meats and other foods and ensure the health standards of food storage are met. Having these fridges reduces the times we have to travel that 150 kms to the supermarket. Community members will have full access to the fridges and will be able to use the facilities as and when they wish. Its expected there will be a minimum of 4 days a week when the Centre will be fully occupied. On the other 3 days the Centre will be accessible to and likely used by individuals or small family groups by acquiring the key from the Shire office, as they do now when they want to use the sporting equipment. Fortunately we live in a very safe community and people know if they leave their meats and salads in the fridges with their name on the packs, it will be safe.	Under Construction	\$25,000	May-24	Jun-24
3	Road	WA	Shire of Sandstone	Installation of whoa boys on Wiluna Road	This project involves the application of new gravel, grading, rolling the road surface, repairing floodways and the creation of whoa boys on the road. Spoon drains are then constructed at the site of the whoa boys. The whoa boys are like speed humps and they prevent an accumulation of water flow travelling downhill and scouring the road making it hazardous and often impassable. The whoa boys slow the water speed and the spoon drains feed the water off onto the surrounding land.	Under Construction	\$220,584	May-24	Jun-24

3	Community	WA	Shire of Shark Bay	Denham Recreation Centre	Sporting and Recreation facilities; Bicycle and walking paths. Creation of accessible access ways into the recreation precinct. Creation of accessible access ways into the recreation precinct. There is currently no accessible access ways directly into the Recreation Precinct. This project will install 2 access ramps and create a small pathway along the side of the current carpark to enable safe access for those with wheelchairs or other mobility devices. The access ways will also be useful to parents with pushers and prams.	Under Construction	\$30,000	Jan-24	Jun-24
3	Community	WA	Shire of Shark Bay	Denham Townsite	Installation of five additional fixed cameras and upgrade of aged equipment. Four additional cameras will be installed at critical points along the Denham foreshore to provide complete coverage of the popular main street and beach access areas. One additional camera will also be installed in the 24 hours unstaffed community gym to ensure full coverage for patron safety in all public areas of the gym.	Under Construction	\$73,795	Feb-23	Jun-24
3	Community	WA	Shire of Shark Bay	Denham Foreshore Children’s Playground (Knight Terrace)	Playgrounds and skate parks. Purchase and installation of hard shade structures over children’s play equipment to create shaded summer play areas.	Complete	\$45,000	Jan-24	Mar-24
3	Community	WA	Shire of Shark Bay	Denham Town beach (Knight Terrace)	Other - Beach accessibility project. Purchase and installation of matting and beach wheelchair to allow beach/water access for those living with a disability. There is currently no access at the Denham Town Beach for wheelchairs. A floating beach wheelchair is a wheelchair that has specialised wheels and large armrests that become stable floatation devices, meaning the wheelchair can be pushed into the water. The Shire has received many requests from our older residents to improve beach access and they currently find it difficult to get to the water (ABS statistics show that 45% of Denham’s population is aged 50 or over). This wheelchair will allow those with disability and the elderly to access the water (via the matting which will be installed from the footpath to the water) so older residents and people living with a disability can swim and experience water activities.	Complete	\$47,495	Sep-22	Mar-24

3	Road	WA	Town of Cambridge	Lake Monger Car Park South West	Off-road Car Parks: Lake Monger Reserve currently has four car parks located on its south side. Three of these have been servicing visitors to Lake Monger Reserve for the past 50 years. Their combined number of parking spaces is 64. In July 2021, the Town completed construction of a fourth car park on the south east side of Lake Monger Reserve. The three older car parks are ageing and require resurfacing work if they are continued to be utilised. Entry and exit points of each car park with Lake Monger Drive present safety issues with crossing the shared path that traverses Lake Monger lake and with traffic along Lake Monger Drive. It is proposed to construct a new car park (60-80 bays) in the south west area of Lake Monger Reserve (adjacent to the newly constructed all-inclusive playground). Once this car park has been opened, the three existing, ageing car parks will be removed and decommissioned. Consolidating parking for Lake Monger Reserve over two car parks will improve safety for pedestrians using the shared path, vehicles entering and exiting Lake Monger Drive, and assist with asset management in future. 3	Community	WA	Town of Claremont	Meals on Wheels Facility Refurbishment	Refurbishment including replacement of kitchen used for Meals on Wheels (MOW) services and as a community recreational club facility. The facility is a Council owned facility with a multipurpose room, toilets, and a large kitchen. It is for public use with bookings being made through application to the Town. It is often used for local clubs and not-for-profits meetings and gatherings. A user group of the facility is the Meals on Wheels team which is co-funded by the Town. This group prepares meals for vulnerable/at need community members, delivering them throughout the week. Unfortunately, the kitchen is approximately 50 years old, and although minor repairs and additional pieces of equipment have been organised over the years, the entire kitchen is in need of renewal. We intend to refurbish these rooms, replacing all fixtures and fittings with modern commercial type equipment while also undertaking other minor repairs and improvements to the fabric of the building.	Under Construction	\$120,000	Jul-22	Jun-24
3	Road	WA	Town of Claremont	Leura Ave Roundabout	Reconstruction of damaged roundabout. The existing roundabout was originally constructed using rubber materials and since installation the road network usage has intensified significantly due to developments occurring within the Town inclusive of a new public bus terminal and the Metronet Project. Unfortunately, the intensification in use has seen the existing roundabout materials break up and fall apart leaving it in a very poor condition. We intend to reconstruct the roundabout using more durable materials inclusive of reinforced concrete and kerb.	Complete	\$88,020	Jul-22	Sep-22

4	Road	ACT	Transport Canberra and City Services Authority	Road resurfacing – Urban – Tuggeranong Parkway	Works include resealing and preparatory work as relevant (e.g., patching). Asphalt overlay and asphalt mill and fill treatments are both in scope for different segments (~50,000m ²). These treatments are not considered to be rehabilitation in the ACT. Asphalt resurfacing treatments don't return a road asset to its original standard (i.e., treatment don't reinstate strength of the road, which is likely due to structural issues with the base and/or sub-base layer/s). Asphalt will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB). Shoulder treatments, through lanes and treatment over bridge structures may be different. E.g. AC14PMB for through lane, AC10PMB for shoulder and AC14PMB over bridge structures. The majority of the works will be focused on the south-bound carriageway. Approximate location is between Cotter Road and Canberra Centenary Trail. See Magenta section in the figure below. Sites with extensive crocodile cracking rutting or roughness due to structural strength issues that may be candidates for rehabilitation are thoroughly investigated and then designed through a separate initiative and are not included in this work schedule.	Under Construction	\$3,500,000	Dec-23	Jun-25
4	Road	ACT	Transport Canberra and City Services Authority	Road resurfacing – Urban – Hindmarsh Drive	Works include resealing and preparatory work for asphalt mill and fill treatments. Asphalt mill and fill will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB) + DGA20 HD. Deep lift treatments may be provided on bus stopping pockets with 70mm AC20HD. Approximate locations for works include intersections of Hindmarsh Dr/Dalrymple St/Mugga Ln, Hindmarsh Dr/Palmer St, Hindmarsh Dr/Botany St and Hindmarsh Dr/Ball St.	Under Construction	\$950,000	Dec-23	Jun-25
4	Road	ACT	Transport Canberra and City Services Authority	Road resurfacing – Urban – Adelaide Ave	Works include resealing and preparatory work as relevant (e.g., patching). This includes asphalt overlay treatments. Asphalt overlay will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB). Approximate location is between State Circle and Cotter Road.	Under Construction	\$3,168,750	Dec-23	Jun-25
4	Road	ACT	Transport Canberra and City Services Authority	Road resurfacing – Urban – Majura Road	Works include resealing and preparatory work as relevant for asphalt mill and fill treatments. Asphalt mill and fill will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB) + deep lift with 70mm AC20HD on turning lane into Majura road from Fairbairn Avenue. Approximate location for works in proximity to Fairbairn Avenue.	Under Construction	\$350,000	Dec-23	Jun-25
4	Road	ACT	Transport Canberra and City Services Authority	Road resurfacing – Rural – Uriarra Road	Works include resealing and preparatory work where relevant (e.g., patching). Works will be focused on reseal using chipseal (14/7 aggregate & S45R bitumen) double seal. Approximately 10% preparatory patching has been anticipated to be required prior to resealing. An example of preparatory works includes removing coldmix from a pothole and undertaking heavy patching prior to reseal treatment. Approximate location for works in proximity: From: 3.7 km from Brindabella Rd Int TO: Uriarra Crossing, From Uriarra Crossing TO 7.67 km from Brindabella Rd Int, From 9.11 km from Brindabella Rd Int TO: 10.9 km from Brindabella Rd Int. 4	Road	ACT	Transport Canberra and City Services Authority	Road resurfacing – Rural – Fairlight Rd	Works include resealing and preparatory work where relevant (e.g., patching). Works will be focused on reseal using chipseal (14/7 aggregate & S45R bitumen) double seal. Approximately 10% preparatory patching has been anticipated to be required prior to resealing. Approximate location for works in proximity to Uriarra Crossing to NSW border. The estimated distance of resealing includes ~2.2km or 11,000m ² .	Under Construction	\$200,000	Dec-23	Jun-25
4	Road	ACT	Transport Canberra and City Services Authority	Road resurfacing – Rural – Corin Road	Works include resealing and preparatory work where relevant (e.g., patching). Works will be focused on reseal using chipseal (14/7 aggregate & S45R bitumen) double seal. Approximately 10% preparatory patching has been anticipated to be required prior to resealing. Reseal works are focused on addressing the condition parameters of cracking and skid resistance. Cracking allows water ingress and is associated with the development of potholes, which damage vehicles and pose safety concerns for road users. Poor skid resistance also poses safety concerns for all road users.	Under Construction	\$1,100,000	Dec-23	Jun-25

4	Community	QLD	City of Gold Coast	Federation Walk Littoral Rainforest – Seaworld Drive Main Beach Project Work Category – Landscaping Improvements	The Federation Walk Coastal Reserve Littoral Rainforest project is a key outcome of The Spit Master Plan (May 2019). This funding will provide for the expansion of the irrigation system to an additional 15 hectares of rainforest which requires connection to mains power. It will also contribute to the funding of park management, which includes fencing and boundary security upgrades to protect the rainforest revegetation site from illegal 4WD access and maintenance of internal management tracks along with ecological restoration activities (biodiversity plantings) associated with the establishment of the littoral rainforest. Works will include:- -Expansion of the irrigation system to a further 15 hectares of rainforest. To facilitate this expansion and enhance the sustainability of the project the leasing of the temporary diesel generator will cease, and the pump station infrastructure will be connected to the local electricity grid. To connect to mains power, approximately 350 metres of trenching/undergrounding of power and switchboard upgrades are required. -Significant biodiversity plantings to increase the species richness of the existing mature forest in the south of Federation Walk Coastal Reserve – plantings will be undertaken in areas identified as disturbed and low in species richness (this is the Southern section, approximately 19.5 hectares) -Boundary security upgrades to protect the rainforest revegetation site from illegal 4WD access and will include maintenance of internal management tracks that provide for both nature-based recreation opportunities as well as maintenance of the park and the rainforest project. Existing trail networks within reserve are approximately 5km. The general public will continue to have access to the reserve. Contractors are to provide safety and traffic/pedestrian management plans prior to commencement of works within the reserve to ensure the public have safe access to the reserve during works. 4	Community	QLD	City of Gold Coast	Helensvale Pedestrian Tunnel Safety Improvement Project – Gold Coast Highway, Helensvale Community – Closed Circuit TV (CCTV)	The Helensvale Pedestrian tunnel is a heavily utilised accessway connecting two major shopping centres as well as being adjacent to the Helensvale heavy and light rail stations. This project will involve installation of 4 permanent CCTV cameras, as part of the City's Safety Camera Network public safety program, along with an urban art mural which will prevent graffiti and improve amenity. The mural has been proposed as part of this project as a complementary community safety measure, alongside the installation of the CCTV cameras. Monitored CCTV cameras, public art (mural) and associated signage is a combined strategy to strengthen community safety outcomes near and in the Helensvale Pedestrian Tunnel. The installation of a mural will further enhance safety by facilitating community pride and ownership and reduce crime in the space including graffiti vandalism. The tunnel is a connection point from the Helensvale area to public transport including bus, and heavy and light rail. Residents along with visitors to the city are likely to travel through the space to access the public transport options. A mural will support positive perceptions of safety and enhance City reputation supporting community wellbeing. The Queensland Police Service are supportive of safety improvements in this location. 4	Community	VIC	Swan Hill Rural City Council	Robinvale Skate & Nature Play Shade Implementation, Centenary Park, Robin Street, Robinvale VIC 3549	Playgrounds and Skate parks (including all ability playgrounds) New Nature Play and Skate Park zones are being developed in the Robinvale Township. They will be highly popular destinations for locals and visitors with the expectation that the play spaces are activated for year round use. Shade is fundamental to the activation of the space and shade structures in the form of sails, tree plantings and fixed shelters will be implemented to provide shade.	Under Construction	\$129,746	May-24	Sep-24
4	Community	VIC	Swan Hill Rural City Council	Nyah Community Centre Change Room Renewal, River Street, Nyah, VIC 3594	Sporting and Recreation Facilities There are no facilities in the main pavilion in which females can change or shower following or prior to sporting activity. The existing facilities have not received any renewal treatment for over 50 years. The plumbing and amenity infrastructure is worn out, leaking, difficult to clean, unsafe and unhygienic. The sporting nature of the precinct and the proximity of the netball courts close to the pavilion lends itself to the inclusion of female change facilities in the main pavilion. Refurbishment and a re-layout of this facility will provide fair and equitable access to change and amenity facilities for both sporting and leisure activity.	Under Construction	\$501,412	Nov-23	Jun-24

4	Community	WA	Shire of Goomalling	Goomalling Town Hall – Box Gutter Replacement	The project will replace the existing Box Gutters in the Goomalling Town Hall where, after a recent extraordinary rain event, it was found that the gutters have reached a point where they no longer serviceable to keep up with heavy stormwater from such events. Approximately 100 metres of internal box guttering will be installed and upgraded.	In Planning	\$50,000	Jul-24	Jun-25
4	Community	WA	Shire of Goomalling	Memorial Pool Upgrade	Project is to replace tiling of the pool which in recent times has started to come away from the pool surfacing. The pool being an original War Memorial pool is 33 and a third size, with remedial action to 60sqm2 of the pool including waterproof membrane and tiles as required.. Other improvements to the kids pools including surface corrections/upgrades will be undertaken to improve safety. The pools water integrity is critical along with prevention of sharp edges. The tiles that are being replaced represent the bulkhead water level, along with inspection of substructure once tiles are fully removed to ensure no further degradation.	In Planning	\$165,000	Jul-24	Jun-25
4	Community	WA	Shire of Goomalling	Recycled Water facility upgrade	Upgrade of the recycled water treatment plant to reduce salinity in the water which is used exclusively for the watering of our recreation facility. This will include the installation of an ozone generator to help reduce the reliance on chlorine. Along with a study to look at possible water reduction measures. Being in a rural setting we are in talks with providers (Dino and Aquatronics) to understand the volumes that are achievable and meets required targets approximately 25000lts per day of higher quality water. During this process evaluation of the parametric measures used will be undertaken.	In Planning	\$56,061	Jul-24	Jun-25
4	Road	WA	Shire of Goomalling	Konnongorring West Road realignment	<p>Reprofiling of approximately 200m of road the intersects with Northam Pithara Road. The works will reprofile the road to reduce the approach angle from an elevation perspective as there is currently a steep grade to the approach.</p> <p>The work will include gravel works to change the gradient (reprofile) and slightly widen the road, construction works to seal the section of road and the insertion of a lane splitter to separate heavy traffic at this intersection, and appropriate line markings, signage and drainage works to complete the project.</p> <p>100% Design sign-off by MRWA is nearing completion and the project is likely to commence in May or June of this year.</p> <p>Council has already paid for the upgrade of the rail crossing at this site and the moving of Watercorp assets at significant cost. The works listed here have not commenced as the design is not yet complete and signed of by appropriate stakeholders.</p>	In Planning	\$156,354	Jul-24	Jun-25

118843-21NSW-RTR	NSW	Council of the City of Shellharbour	Ocean Beach Drive, Shellharbour	Pre construction works include service locating and geotechnical investigations to inform rehabilitation profile. Based on experience a 70/30 slag lime 2% mix at 300mm deep is a sufficient treatment for a road of this nature, to be confirmed after investigative works. Rehabilitation will be for the travel lanes only, and an AC10 wearing course will be for both the travel lanes and parking lanes. Line marking included after civil works are complete.	\$436,794	\$1,099,009	Dec-22	Jun-24
114029-20NSW-RTR	NSW	Council of the City of Shellharbour	Old Bass Point Road, Shellharbour	Pavement investigations have found that defects can be attributed to the quality of the base material, inadequate pavement thickness and soft subgrade. Proposed improvements include excavation of existing road material to 270mm, in-situ stabilising 350mm of subgrade with 4.5% hydrated lime, replacement of existing road material and in-situ stabilisation with 1% 70/30 slag/lime and a 30mm AC10-AR450 wearing course. This would be supplemented with kerb and gutter replacement along both sides of the road.	\$566,516	\$566,516	Aug-21	Sep-22
