Response to letter dated 25 February 2020 relating to Senate Finance and Public Administration Legislation Committee's Inquiry into the Public Governance, Performance and Accountability Amendment (Tax Transparency in Procurement and Grants) Bill 2019

We thank the Committee for this opportunity to respond to the remarks made by CICTAR in its submission of 12 February. We note that the remarks made by CICTAR in its submission of 12 February pertaining to Oracle are essentially the same as those made in its submission of 25 November to the Senate Legal and Constitutional Affairs Committee which is referenced in footnote 1 of CPSU's submission of 3 February.

In this regard, the submissions from CPSU of 3 February and CICTAR of 25 November and 12 February have already been considered in our letter of 20 February.

Again, we appreciate the work of the Committee in promoting tax transparency and assure the Committee that Oracle is committed to being fully compliant with all tax laws, regulations and published practices of the Australian government and the Australian Tax Office, as well as those of other governments and tax authorities.

Yours sincerely,

Dianne Hester
