

---

Hi Kathleen and team,

Kathleen, thank you again for your time on the phone this afternoon. As discussed, unfortunately it appears the a breakdown of the number of skilled, semi-skilled and unskilled workers in the Australian aquaculture sector workforce does not currently exist. We have exhausted a number of lines of inquiry in the hope of pinpointing this information, but we were unable to. However, those we spoke with did indicate this would be a valuable resource and perhaps could be an action that falls out of the inquiry.

I'm sorry we were unable to locate this information for the committee, however we would like to again thank them for their time in hearing from the industry, and from SIA.

Should we be able to assist further please let me know.

I look forward to hearing from you and seeing the committee's report.

Best wishes,  
Jessica
