

Committee Secretary
Senate committee for Superannuation Schemes Bill 2010

Dear Sir/Madam,

I am writing to voice my strong objection to the proposed merger of Military Super into the Commonwealth Superannuation Corporation. I believe this merger is not in the best interests of Military members and therefore the Bill should be rejected.

My main concern is that the proposed Bill does not allow sufficient Military representation on the board of Directors. Military service allows for the freedom of Democratic process, this process should extend to all Military Superannuation members by form of vote on whether this merger should go ahead.

I strongly urge you to reject this Bill.

Sincerely

Angus Campbell
