

QUESTION ON NOTICE / Spoken

002 – Public Hearing – 13 April 2021

Topic: Myanmar - consultations

Mr Julian Hill MP

Question

Mr HILL: I've just got two final questions. There are lots of other topics, but I'm conscious we need to share the call around. You mentioned a couple of times, in your opening remarks and just now, that the foreign minister has made 20 phone calls. I think you said that you had been involved in 30 calls at senior official levels.

Mr Jadwat: Senior officials within the department, including the secretary and deputy secretary.

Mr HILL: Up, down and roundabout. Could you take on notice and provide us with advice as to who the foreign minister has spoken to and who senior officials have been talking with?
