ISSUES

- Mandatory grants approval obligations: When you approve a grant, you must comply with FMA Regulations 9 and 12—i.e. you must record the terms of the grant approval, and on what basis you are satisfied that the proposed expenditure will make efficient, effective and ethical use of the public money and that it is not inconsistent with the policies of the Commonwealth.
 - To inform your decision making, the attachments to this minute include individual eligibility assessments and panel decision sheets (individual score sheets) for eligible applicants.
