

Why should the government use the intervention against a people.

Who has been asking for a fair share in the wealth of their [land.in](#) instead the government has use this intervention as a tool to force the owner off their land. to move or to sell

Its plain to see the wealth of this country is the first nations people of the land

There must be away to stop this blood sucking system

This same system has murder over and over again

Death in custody goes to where ever the british has set up illegal rule. africa. India.n fareast here in australia

Farward one humanity
