**Dear Honorable Members of Senate Finance and Public Administration
Committees,**

As a father of three wonderful daughters and a grandfather of three beautiful granddaughters as well as five handsome grandsons, I am writing to urge you to prevent and oppose any payments from Medicare for gender-selective abortions. Such practices are inhumane, damaging to society and family life. They can be only regarded as gendercide which is to be totally rejected. To pay for such abortions from Medicare is an immoral misuse of good money that can be used to provide help to those who have genuine health problems.

**Please do not allow any such things to happen. Thank you.
Nickolai Porublev**
