

# SUBMISSION

1. The role and effectiveness of our Government was horrifically impaired by (our local politicians relayed to us at rallies) 250,000 'extreme twitts online' immediately the "one White woman / ABC4 Corners one-side-only " dubious old footage aired.

## INVESTIGATION of these 2 backyard abattoirs should have been immediate! Animals depicted were NOT AUSTRALIAN-SIZE DEMANDED by Indonesia 15 months ago & the ONE ANIMAL showing AACo. Eartag ID was in a RACE! NO SUCH INFRASTRUCTURE EXISTS WHERE one White woman went !

ASTOUNDINGLY AT THIS PRECISE TIME – IN ALL WA NEWSPAPERS - "trained competent authorised & approved export auditors & inspectors" !

Effective leadership from our Government should have had these Officers ON-SITE at feedlots that take Australian cattle before 'the extreme-green & Brown' could even pronounce BAN

Consider this SUBMISSION our ONLY avenue of being heard; after our emails were twice blocked with memo to forward to yet another Government 'social media arena' !

As taxpaying cattle families right across northern Australia despaired – Government played a role; requesting OUR INPUT.  
Here it is:

USE YOUR ALREADY CREATED TRAINED COMPETENT EXPORT AUDIT INSPECTORS ONSITE AT INDONESIA'S AUSTRALIAN CATTLE LOTFEEDS; THEIR ACCOUNTABILITY TO YOU OUR GOVERNMENT BEING THAT OUR CATTLE GO ONLY TO THOSE IDENTIFIED BENCH-MARK KILLING FACILITIES ! And look to investing (with MLA, Livecorp & relevant industry bodies) in more if needed !

## 2. The above practical solution hinges on this Government's effective appeasement of 240 million muslim near neighbours. As of now this Green/Labour Government has handed Indonesia control of all of Australia's SUSTAINABLE BILLION-DOLLAR INDUSTRIES (cattle, sheep, noodle-grain) & it's their call whether our country ECONOMICALLY SURVIVES OR DIES !

COMPENSATION IS NOT AN EFFECTIVE ECONOMIC TOOL !

So your only other solution may be to arm "the Brown/White & Greens" with pistols and thousands of rounds of ammunition; send them to all stations that cannot feed their beautiful cattle and let them show ALL AUSTRALIANS that ANIMAL WELFARE is ALSO the heart & soul of their existence !
