Breaking thru barriers, creating futures.

to help me with my disability and in this  
same decade. I had 2 fail marriages,  
3 years jail term and many broken relationships  
including with my close family.

At breaktime I have met with my case  
worker AMANDA. and thanks to her caring  
personality, her passion for her work and  
passion for humanity. She recognizes that  
that something was really wrong.  
She was very professional about how to  
recognize this and how to help me understand  
this. without making me feel that I was  
disabled.

I am and my family specially my mum  
very glad that I have met amanda at  
this stage of my life and we thank GOD  
to give us this opportunity to meet Amanda.

There is no word how to describe  
how grateful we are.

~~Only~~ Only thing I can say is  
if it wasn't for Amanda I was still not  
diagnosed and was loose in the community  
as a loose cannonball.

One day if Amanda runs for the  
office of Prime Minister of Australia  
I and all my family definitely

Vote for Her.

Thank You AMANDA
