Dear Senate,

We are writing regarding  
Live animal transport to Indonesia and  
the middle East. We are appalled that  
this trade has been resumed.

Our government has double standards,  
while on one hand saving the whales  
on the other endorsing the cruelty  
meted out to our livestock  
by overseas trade, it sickens us  
and we will not support you, Ever!  
on the strength of your endorsements  
We have become vegetarians and  
many of our friends too have followed  
our lead. It's all about the mighty  
\$ dollars. Foreigners do not treat  
humans humanely, so animals rate  
even less. We fare disgusted.

Yours

G. Weetman & M. Weetman
