LAW COURTS BUILDING

Susan Cardell  
Committee Secretary  
Joint Committee of Public Accounts and Audits  
Parliament of Australia

Dear Ms Cardell

**Submission to New inquiry based on ANAO Report No. 19 (2017-18) *Australia Government Procurement Contract reporting***

I refer to your submission invite dated 14 December 2017 requesting contract reporting data and information on consultancies, non-consultancy services and on-hire labour contractors covering the past five financial years (that is 2012-13, 2013-14, 2014-15, 2015-16 and 2016-17).

In the 2015-2016 Budget, the Government proposed reforms that the corporate services functions of the Family Court of Australia and the Federal Circuit Court be merged with those of the Federal Court of Australia to form a single administrative body with a single appropriation. The merge commenced on 1 July 2016 and from that date there has been one prescribed entity for the purposes of the *Public Governance, Performance and Accountability Act 2013*.

In response to the Submission invite, the Federal Court has provided data covering the top 3 categories and expenditure for each of the past five financial years, as requested. The data has been presented in a consolidated form for the Federal Court, Family Court and Federal Circuit Court for each of the requested periods. We wish to also note that some financial years do not have 3 categories that apply to the reporting requirement.

Data in response to your request is provided as follows:
