Topic: Senate Select Committee on COVID-19 - Crisis Accommodation

Question reference number: SQ20-000578

Senator: Rachel Siewert

Type of Question: Written. Hansard Page/s:

Date set by the Committee for the return of answer: 04 September 2020

Question:

Can the Dept provide a record of the number of additional crisis accommodation places that have been made available since March 2020?

Answer:

State and territory governments (states) are primarily responsible for delivering housing and homelessness services, including crisis accommodation. The Australian Government supports them by providing around \$1.6 billion per year through the National Housing and Homelessness Agreement (NHHA). This includes \$129.1 million in dedicated homelessness funding in 2020-21 and states must match this funding.

Under the NHHA, states determine local priorities along with the type and locations of services funded.
