Regarding the Health Insurance Amendment (Medicare Funding for Certain Types of Abortions) Bill 2013 tabled by Senator John Madigan.

I wish to show my complete support for this bill on the following grounds.

Sex selection abortions are in no way any type of medical condition. The woman in question is not suffering in any way or at any risk of illness if the pregnancy were to continue. I as one tax payer object to my tax money going to pay for convenience killing of babies.

Medicare is a public safety net designed to ensure that everyone has access to health services not a money dispatching machine for people who didn't get what they wanted.

Regards Ron McMillan.
