

Dear Sir/Madam,

I am writing this mail in concern of very serious matter "migration amendment (visa Capped) 2010".

I have completed master of professional accounting and last month I had applied for permanent residence (GSM 885). I got individual 7 bands in IELTS. I qualify all criteria's what DIAC wants for PR.

But yesterday i got this sad news that senate is passing a bill to stop all the applications for residency. I had spend my 2 ½ years studying in Australia. These are the years when person makes his career and wants to settle in his life. I wanted to start a new life that's why I came here on student visa. I had paid \$30,000 as fees for my course. Studied about Australian laws, taxation etc... so that I can peruse my career here. These 2 ½ years were very precious to me. I am never involved in any illegal activity, paid my tax, lived like a good countrymen and worked in a good company.

If government will stop residency than my future will be gone. This is unfair for me.

I want to be a good citizen and want to work as an accountant in Australia.

Please look into this matter and don't take any decision which can affect our whole life.

Thanking you
