

## COMMITTEE INQUIRY QUESTION

(Question No. 9)

Senator Rex Patrick asked the Department of Defence, upon notice, on 17 November 2021:

Senator Rex Patrick: Lockheed Martin had a number of companies in contract, I understand, that weren't announced, so just the companies that were actually involved or under contract from Lockheed Martin as part of the combat system program - the Australian companies? Can you take this on Notice?

Greg Sammut: Yes, Senator.

The Department of Defence has provided the following answer to the Senator's question:

Lockheed Martin Australia (LMA) awarded contracts to the following Australian companies:

- 3D at Depth (research and development contract)
- Acacia Research Pty Ltd (Approved Subcontractor to Safran Electronics & Defense Australasia Pty Ltd)
- Acacia Systems (ongoing capability research contract)
- Airspeed (research and development contract)
- AMC Search Limited (research and development contract)
- AMC Search Limited (engineering services for mast wake signatures)
- Australian Marine and Offshore Group Pty Ltd (Subcontractor to Indal Technologies)
- Biofouling Solutions (research and development contract)
- BlueZone Group (research and development contract)
- Curtin University (ongoing capability research contract)
- Daronmont Technologies Pty Ltd (Approved Subcontractor to SEA)
- Datacom Systems SA Pty Ltd (TacDEV ICT design and infrastructure services)
- elmTEK Pty Ltd (research and development contract)
- elmTEK Pty Ltd (IR and visible non-acoustic modelling)
- EM Solutions (research and development contract)
- Flinders University (research and development contract)
- Innovations for Humanity (research and development contract)
- IPACS (research and development contract)
- L3Harris Mission Systems Australia (research and development contract)
- Logistic Engineering Services Pty Ltd (Subcontractor to Indal Technologies)
- Molino, Zhang and Associates (research and development contract)
- Phasor Innovations Pty Ltd (radar cross section and non-acoustic modelling)
- RMIT (research and development contract)
- Saab Australia (research and development contract)
- Saab Australia (Engineering services in support of FSP Combat System Integration)

- Safran Electronics & Defense Australasia Pty Ltd (Key Approved Subcontractor to LMA)
- Sentient Visions Systems (ongoing capability research contract)
- Shoal Group Pty Ltd (systems engineering support)
- Solinnov (research and development contract)
- Sonartech Atlas Pty Ltd (Approved Subcontractor to LMA)
- Sonartech Atlas Pty Ltd (Approved Subcontractor to Atlas Elektronik)
- Swinburne University of Technology (research and development contract)
- Thales Australia (research and development contract)
- Thomas Global Systems Australia Pty Ltd (Approved Subcontractor to Safran Electronics & Defense Australasia Pty Ltd)
- University of Adelaide (research and development contract)
- University of Melbourne (research and development contract)
- University of Newcastle (research and development contract)
- University of South Australia (research and development contract)
- University of Tasmania (research and development contract)
