

The Committee Secretary:

This may be too late to place on the agenda of gambling reform but I feel it has such widespread implications that somewhere it warrants investigation.

I could imagine the outcry if a bookmaker had such intimacy with GRSNW (Greyhound Racing New South Wales) which is a controlling body for greyhound racing in that state which should be above reproach..

Whilst sponsorship is largely the domain of the race clubs, GRSNW does have a number of sponsorship properties and events that it conducts throughout the year that are supported by a loyal group of sponsors and partners of GRSNW. These include our principal wagering partner tab.com.au who is the exclusive wagering partner of the Dogs TV, Betfair who is the official betting exchange of NSW greyhound racing as well as the naming rights sponsors of the Greyhound of the Year Awards and the Blue Paws Breeders and Owners Incentive Scheme, Sportingbet Australia who continues to support the Super Stayers series and K.S Black & Co who sponsors the Country Challenge Showdown. I thank these organisations for their ongoing support.
