Subject: Submission: Inquiry into the 2022 federal election
Date: Tuesday, 6 September 2022 4:14:18 PM

Dear Committee Members,

The last two federal elections saw an individual spending an inordinate amount of money on advertising, obviously intending to further their business interests. I believe we should be looking at urgently implementing a spending cap on parties and individuals to prevent this type of activity which is clearly anti-democratic and dangerous to the integrity of our voting system.

Yours sincerely,
Shane Sullivan
