**Submission from the Tax Justice Network Australia to the inquiry
into the *Taxation (Multinational – Global and Domestic Minimum
Tax) Imposition Bill 2024*
19 July 2024**

The Tax Justice Network Australia (TJN-Aus) welcomes the opportunity to make a submission on the *Taxation (Multinational – Global and Domestic Minimum Tax) Imposition Bill 2024* and related Bills. We support the Bills that implement key aspects of Pillar 2 of the Two-Pillar Solution. We urge that the Committee recommend the passage of the Bills through the Parliament.

We would have preferred that the global minimum tax rate to apply to multinational enterprises with global revenue of at least €750 million of 20 or 25%, rather than 15%. However, we realise that it would not have been possible to achieve an agreement between the governments involved if the rate had been set higher than 15%.

Background on the Tax Justice Network Australia

The Tax Justice Network (TJN) is an independent organisation launched in the British Houses of Parliament in March 2003. It is dedicated to high-level research, analysis and advocacy in the field of tax and regulation. TJN works to map, analyse and explain the role of taxation and the harmful impacts of tax evasion, tax avoidance, tax competition and tax havens. TJN's objective is to encourage reform at the global and national levels.

The Tax Justice Network believes our tax and financial systems are our most powerful tools for creating a just society that gives equal weight to the needs of everyone. But under pressure from corporate giants and the super-rich, our governments have programmed these systems to prioritise the wealthiest over everybody else, wiring financial secrecy and tax havens into the core of our global economy. This fuels inequality, fosters corruption and undermines democracy. We work to repair these injustices by inspiring and equipping people and governments to reprogram their tax and financial systems.

The Tax Justice Network Australia (TJN-Aus) is the Australian arm of TJN.
