

**Response to a question on notice from National Pro Bono Resource Centre:**

CHAIR: Are you aware of the potential fees in that case? What was the application fee or the fee being sought to be waived?

Mr Corker : It is a filing fee in a migration matter. I cannot put an exact dollar figure on it.

CHAIR: Perhaps you could take that on notice. I am interested in that figure in relation to the \$4,000 in assets that the refugee had.

Mr Corker : Yes.

On checking my records I advise that the fee in question was a setting down fee of \$534 where the Registrar declined to approve the fee waiver application.
