Community Affairs Legislation Committee  
Naomi Bleeser  
Committee Secretary  
PO Box 6100  
Parliament House  
Canberra ACT 2600

Dear Ms Bleeser

**Re: National Health Amendment (Parliament Benefits Scheme) Bill 2010 Submission**

Thank you for inviting NPS to comment on the Community Affairs inquiry into the National Health Amendment (PBS) Bill.

NPS supports this Bill with the view that it will allow the sector to further concentrate on the quality and safety of prescribing.

Essentially we consider that the provisions for collection of under-co-payment data will provide a more complete picture of PBS medicine prescribing, dispensing and usage. This information will allow the sector to focus on the quality and safety of all medicine usage during every stage of the medication process.

In addition we believe the measures for statutory price reductions and price disclosure will not only allow for the financial viability of the PBS, but also through this stability and dependability enable the sector to bring quality and safety of prescribing to the forefront.

NPS appreciates the opportunity to participate in the Committee's inquiry. If you have any questions please contact Kerren Hosking, Manager Corporate Affairs & Strategy on (02) 8217 8796 or email [khosking@nps.org.au](mailto:khosking@nps.org.au).

Yours sincerely

Dr Lynn Weekes  
Chief Executive Officer
