Dear Committee Secretary

Having reviewed the transcript of the evidence for the Inquiry into the independence of regulatory decisions made by the APVMA hearing in Canberra on 20 November 2018, I would like to make the following correction.

I wish to advise the committee that on page 10, I mistakenly responded 'correct' to the question by Senator O'Sullivan.

**Senator O'Sullivan:** But, if my understanding of the evidence at estimates is correct, you wouldn't have been in the process at the time the fired occurred.

**Ms Gaglia:** Correct

I would like to clarify my response that the request for information by JLL Corporate Solutions was released on 15 September 2016 and closed on 7 October 2016.

Thank you for the opportunity to provide clarification on the above point.

Yours sincerely

Julie Gaglia
